

# How To Register

## for Students

You need to register to enter CourseCompass for the first time. After you register, you can log in to CourseCompass to use it.

Before you register, make sure you have:

- A **valid email address** that you check regularly
- The **course ID** for your CourseCompass course, which you receive from your instructor
- A **student access code**, a valid credit card, or a PayPal account

You can register in one of two ways:

- Using a student access code

Your new textbook contains an access code. The code might be in the textbook or on a separate card packaged with the book. If you did not buy a new textbook, you may be able to purchase an access code kit separately from your bookstore.

Note: Access codes can be used only once.

- Buying access online

You can buy access for some courses online during registration with a credit card or PayPal account.
