This year, South Texas college is celebrating the 25th Anniversary of Dual Credit Programs which has served over 11,000 students and saved Valley families \$425 million dollars in tuition costs to date. A national leader in Dual Credit, South Texas College has made it possible for students to graduate high school with two years of college completed. Today, many of STC dual credit graduates are serving their communities as educators, lawyers, doctors and business executives.

STC serves up to 30,000 students and has conferred more than 90,000 degrees and certificates since its inception in 1993. And although STC is one of the youngest colleges in the state, its growth has been exponential and is now a “Top 5” college in the nation for awarding the most associate degrees to Hispanic students.

With an attentive and supportive Board of Trustees and under the leadership of Dr. Ricardo Solis, South Texas College has recently undergone a successful rebranding, established countless new industry and community partnerships, grown apprenticeships including the first-in-the-nation Registered Nursing program, established an STC Education Foundation for fundraising of scholarships and financial gifts to help students cover basic necessities. Finally in a groundbreaking move, STC has launched a Valley Promise initiative that will eventually lead to free college for all Valley students.
