INTRODUCTION
The College is making available a plan of blanket accident and sickness insurance (hereinafter called “plan” or “Plan”) underwritten by Nationwide Life Insurance Company and administered by Student Assurance Services, Inc. This brochure provides a general summary of the insurance coverage; the Schedule of Benefits is not all inclusive of eligible benefits payable under this plan. Keep this brochure as no individual policy will be issued. This summary is not a contract; the Master Policy is issued to the College and available upon request. The Master Policy contains the contract provisions and shall prevail in the event of any conflict between this brochure and the Master Policy.

The insurance plan provides continuous protection, 24 hours a day, anywhere in the world during the period of coverage for which the proper premium has been paid. Coverage is not automatically renewed. Students must re-enroll when coverage terminates to maintain continuous coverage.

SUMMARY OF PLAN BENEFITS
• The policy maximum benefit is unlimited.
• The out-of-pocket maximum is $6,350 per person and $12,700 family.
• Benefits are subject to a $100 deductible per person, per condition.
• Students may use the hospital or physician of choice.

STUDENT ELIGIBILITY

All full-time students enrolled in classes for credit are eligible to enroll in the insurance plan.

Students who wish to enroll in the insurance plan must enroll by the enrollment period deadline date October 1, 2014. Completed enrollment forms and proper premium payments postmarked by the U.S. postal service after this date will only be accepted for new students and students who qualify for late enrollment. New students must enroll no later than 30 days from the first day of the term of coverage enrolling.

The following students are not eligible to enroll in the insurance plan: students enrolled exclusively in online courses or whose enrollment consists entirely of short-term courses; students taking distance learning, home study, correspondence, television courses, or courses taken for audit do not fulfill the eligibility requirements that the student actively attend classes. The online restriction does not apply to students who are completing their degree requirements while engaged in practical training.

Students must be physically and actively attending classes for at least the first 31 days beginning with the first day for which coverage is effective. Any insured student withdrawing from the College during the first 31 days after the effective date of coverage shall not be covered under the insurance plan and a full refund of premium will be made, minus the cost of any claim benefits paid by the Policy. Students who graduate or withdraw from the College after 31 days, whether involuntarily or voluntarily, will remain covered under the Policy for the term purchased and no refund will be allowed.

The Plan Administrator reserves the right to determine if the student has met the eligibility requirements. If the Plan Administrator later determines the eligibility requirements have not been met, its only obligation is to refund the premium.

COVERAGE FOR DEPENDENTS

Students who enroll in the insurance plan may also enroll their eligible dependents by the enrollment period deadline date October 1, 2014. Enrollment forms and premium payments received after this date will only be accepted for dependents who qualify for late enrollment. Dependents must enroll when the student first enrolls in the insurance plan.

TO ENROLL FOR COVERAGE

Students and eligible dependents can enroll in the plan any time prior to the coverage period effective dates through the end of the enrollment period deadline date. There are two options to enroll:

OPTION 1 – Enroll Online – Credit Card payment only. Students can complete an online enrollment form on the website www.sas-mn.com. The online form is available under “Find My School”.

OPTION 2 – Mail Enrollment Form and Payment
1. Students can complete the enrollment form or download and print an enrollment form on the website www.sas-mn.com.
2. Print all information legibly and indicate the coverage and options desired.
3. Enclose a check or money order payable to Student Assurance Services, Inc. or complete all credit card information.
4. Send the form and payment to:
   Student Assurance Services, Inc.
   P.O. Box 196 • Stillwater, MN 55082-0196

ID CARDS

An ID card will be mailed to the student’s address on file approximately 2 weeks after the enrollment form and premium payment are received. Students do not need an ID card to be eligible to receive benefits under the Policy. For lost ID cards, request an ID card from the website www.sas-mn.com.

PREMIUM

Payment of Premium/Due Date: All premium, charges or fees must be paid to Plan Administrator prior to the start of the term for which coverage is selected, or to the College collecting premium payments as agreed upon by the College and Plan Administrator. In no event will coverage become effective prior to the date of enrollment and before required premium is received.

Returned or Dishonored Payment: If a check or credit card payment for the premium is dishonored for insufficient funds, a reasonable service charge may be charged to the insured which will not exceed the maximum specified under state law. A dishonored check or credit card payment shall be considered a failure to pay premium and coverage shall not take effect.

Premium Refund Policy: A prorated refund, less any claims paid, will be issued only for the following situations below. Any refund provided may be subject to a $25 administration fee.

- Students who withdraw from the College within the first 31 days following their effective date of coverage; or
- Students who have entered into full-time active duty military service for any country; or
- Students who are non-immigrant foreign nationals who have permanently left the North American Continent for their home country.

All premium refund requests must be made in writing and include any proof (such as airline ticket) and date of occurrence. Refund requests should be sent to:

Student Assurance Services, Inc.
P.O. Box 196 • Stillwater, MN 55082-0196

LATE ENROLLMENT

Students and dependents may enroll after the enrollment period deadline date only if there is a qualifying event. Qualifying events include involuntary loss of coverage under another insurance plan, marriage, birth of child, adoption of a child, or a step and foster child acquired after the insured’s effective date. The insured must notify the Plan Administrator immediately when eligible for late enrollment. Coverage is effective upon enrollment and receipt of premium.

Involuntary Loss of Coverage: If the insured chose not to enroll in the insurance plan when first eligible as a result of coverage under another insurance plan, the insured may enroll if the Plan Administrator is notified in writing and the enrollment and premium are received no later than 31 days after the involuntary loss of coverage under the other insurance plan. This does not apply if the other insurance plan was voluntarily terminated.

Newborn Children: An insured’s newborn child is automatically covered from the moment of birth until the child is 31 days old. Coverage for the child will be for sickness and injury, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care. However, the insured must notify the Plan Administrator in writing within 31 days of the birth date and pay the required additional premium, if any, in order to have coverage for the newborn child continue beyond such 31 day period.

Step-Child: Coverage for a step-child is effective on the date the insured marries the child’s parent. However, the insured must notify the Plan Administrator in writing within 31 days of the marriage and pay the required additional premium, if any, in order to have coverage for the child continue beyond such 31 day period.

Foster Child: Coverage for a foster child is effective upon the date of placement with the insured. Coverage will continue unless the placement is disrupted and the child is removed from placement. However, the insured must notify the Plan Administrator in writing within 31 days of such placement and pay the required additional premium, if any, in order to have coverage for the foster child continue beyond the 31 day period.

Adopted Child: Coverage for an adopted child is effective upon the earlier of the date of placement for the purpose of adoption or the date of the entry of an order granting the adoptive parent custody of the child for purposes of adoption. Coverage for such child will be for sickness and injury, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care. Coverage will continue unless the placement is disrupted prior to legal adoption and the child is removed from placement. However, the insured must notify the Plan Administrator in writing within 31 days of the adoption and pay the required additional premium, if any, in order to have coverage for the adopted child continue beyond the 31 day period.

Dependent Spouse: A dependent spouse is eligible for coverage on the date of marriage to the insured. However, the insured must notify the Plan Administrator in writing no later than 31 days from the date of marriage and pay the required additional premium.
Domestic Partner: A domestic partner is eligible for coverage on the date the domestic partnership begins. Enrollment and premium must be received no later than 31 days from the date the domestic partnership begins. Refer to the Definition section in this brochure for the eligibility criteria for a domestic partner.

**EFFECTIVE AND TERMINATION DATES OF COVERAGE**

Coverage becomes effective on the later of the following dates:

- The Master Policy effective date August 25, 2014, at 12:01 a.m.,
- The first day of the term for which the proper premium is paid;
- 12:01 a.m. following the date the proper premium is received by the Plan Administrator.

Dependent coverage under the Policy becomes effective on the same date as the insured student for which the proper dependent premium payment is received. Coverage will not be effective prior to that of the insured student.

Coverage will terminate on the earliest of the following dates:

- the Master Policy termination date August 24, 2015, at 11:59 p.m.;
- the last day of the term of coverage for which the proper premium is paid;
- the date a foreign national permanently departs for their home country;
- the date the insured enters into full time active military service;
- the date the premium for insurance coverage is due and unpaid.

Dependent coverage will not extend beyond the student’s termination date of coverage.

Coverage will continue for a handicapped dependent child who is not capable of self-support due to a mental retardation or physical handicap if:

1. The dependent child became incapacitated prior to the age at which coverage would otherwise have terminated;
2. The dependent child is primarily dependent on the student for support and maintenance;
3. Proof of such incapacity and dependence is given to the Plan Administrator by the attending physician within 31 days of the date the dependent child reaches the limiting age. Proof must also be given annually thereafter. Failure to provide such proof within 31 days of the request will result in the termination of the dependent child’s coverage under the Policy.

Coverage will continue as long as the dependent child continues to satisfy the requirements above, unless coverage is otherwise terminated in accordance with the terms of the Policy.

**IMPORTANT:** Coverage is not automatically renewed. Students are responsible for keeping the Policy in force.

**Extension of Benefits**

The coverage provided under the Policy ceases on the insured’s termination date, except for the following situation:

- The insured is hospital confined on the termination date from a covered injury or sickness for which benefits were paid before the termination date. The covered expenses for the injury or sickness will continue to be paid for a period of 90 days or until date of discharge, whichever is earlier.

**Note:** After the extension of benefits provision has been exhausted, all benefits cease to exist and under no circumstances will further benefits be paid.

EXPLANATION OF BENEFITS

BENEFIT PAYMENTS
Benefits are payable only for covered expenses incurred during the policy period. No benefits are payable for covered expenses incurred prior to or after the insured’s effective or termination dates respectively. Covered expenses are payable at the insurer percentage for the provider’s reasonable and customary charges. The Policy may contain benefit-level maximums for a covered expense, as outlined in the Schedule of Benefits. The insured is responsible for the deductible, copay, coinsurance and the balance of expenses not paid by the Policy.

PRECERTIFICATION AND REFERRALS
This insurance plan does not require pre-certification or referrals for emergency services, to obtain access to providers specializing in obstetrics or gynecology, or any covered service prior to the date the service is performed. Covered services will be evaluated for benefits when the claim is submitted to the Plan Administrator for payment. A verbal explanation of benefits does not guarantee payment of claims.

PAYMENT DEFINITIONS
Covered services payable under the Policy, are subject to the following payment provisions as described below.

Coinsurance is the insured’s share of the costs, calculated as a percentage, after the Policy pays the insurer percentage.

Copay is the fixed dollar amount the insured must pay for specified covered expenses, each time the covered service is received. The prescription drug copay is not paid at the pharmacy, but rather is subtracted from benefits when a claim is submitted by the insured for payment.

Deductible is the amount subtracted from covered expenses before benefits are considered. Each insured person or family must satisfy the deductible. A deductible may be required for each condition, once per policy period, or each time the covered service is received. Refer to the Schedule of Benefits.

Insurer percentage is the percentage of covered expenses the Policy pays, after the deductible or copay is satisfied. Refer to the Schedule of Benefits for the amount.

Out-of-Pocket Maximum is the amount the insured must satisfy before covered expenses are payable at 100% of reasonable and customary charges for remainder of policy period. The out-of-pocket maximum does not apply to non-covered medical expenses or elective services.

MEDICAL NECESSITY and MEDICAL APPROPRIATENESS DETERMINATION
The Company reserves the right to review claims and establish standards and criteria to determine if a covered service is medically necessary and/or medically appropriate. Benefits will be denied by the Company for covered services that are not medically necessary and/or medically appropriate. In the event of such a denial, the insured will be liable for the entire amount billed by that provider. The insured has the right to appeal any adverse decision as outlined in the Appeals and Complaint section of this brochure.

Covered Services are medically necessary if they are:
- Required to meet the health care needs of the insured; and
- Consistent (in scope, duration, intensity and frequency of treatment) with current scientifically based guidelines of national medical or research organizations or governmental agencies; and
- Consistent with the diagnosis of the condition; and
- Required for reasons other than the comfort or convenience of the insured or provider; and
- Of demonstrated medical value and medical effectiveness.

A covered service is medically appropriate if it is rendered in the most cost-effective manner and type of setting appropriate for the care and treatment of the condition. When specifically applied to hospital confinement, it means that the diagnosis or treatment of symptoms or a condition cannot be safely provided on an outpatient basis.
A treatment, drug, device, procedure, supply or service shall not be considered as Medically Necessary if it:
- is experimental/investigational or for research purposes;
- is provided solely for educational purposes or the convenience of the patient, the patient’s family, physician, hospital or any other physician; exceeds in scope, duration or intensity that level of care that is needed to provide safe, adequate and appropriate diagnosis or treatment and where ongoing treatment is merely for maintenance or preventive care;
- could have been omitted without adversely affecting the patient’s condition or the quality of medical care;
- involves treatment with or the use of a medical device, drug or substance not formally approved by the U.S. Food and Drug Administration (FDA). If the prescribed drug is recognized as safe and effective for the treatment of a sickness or injury by one or more of the Standard Medical Reference Compendia or in the medical literature, even if the prescribed drug has not been approved by the FDA for the treatment of that specific sickness or injury, coverage will be provided, subject to the exclusions and limitations of the Policy;
- can be safely provided to the patient on a more cost-effective basis such as outpatient, by a different medical professional, or pursuant to a more conservative form of treatment.

If the insured has other insurance and pre-certification is required, this coverage will consider the services authorized by the primary carrier as medically necessary and process the insured’s claim accordingly unless otherwise excluded under the Policy. If the insured has any questions or concerns about whether a particular service, supply, or treatment is medically necessary or medically appropriate, contact the Plan Administrator.
Unless specifically included, no Benefits will be paid for: a) loss or expense caused by, contributed to, or resulting from; b) treatment, services, or supplies for, at, or related to:

1. Eyeglasses, contact lenses, routine eye refractions, eye examinations except in the case of injury, prescriptions or fitting of eyeglasses or contact lenses, vision correction surgery or orthoptic therapy, visual training or radial keratotomy or similar surgical procedures to correct vision, except as provided in Schedule of Benefits.

2. Hearing Screenings or hearing examinations or hearing aids and the fitting or repairing or replacement of hearing aids, except in the case of accident or injury or as provided in the Schedule of Benefits.

3. Vaccines and immunizations (except as provided in the Schedule of Benefits): a) required for travel; and b) required for employment.

4. Treatment (other than surgery) of chronic conditions of the foot including weak feet, fallen arches, flat foot, pronated foot, subluxations of the foot, foot strain, care of corns, calluses, toenails or bunions (except capsular or bone surgery), any type of massage procedure on or to the foot, corrective shoes, and shoe inserts.

5. Cosmetic treatment, cosmetic surgery, plastic surgery, resulting complications, consequences and after effects or other services and supplies that the Company determines to be furnished primarily to improve appearance rather than a physical function or control of organic disease or for treatment of an Injury that is covered under the Schedule of Benefits. Improvements of physical function does not include improvement of self-esteem, personal concept of body image, or relief of social, emotional, or psychological distress. Procedures not covered include, but are not limited to: face lifts; sagging eyelids; prominent ears; skin scars; correction of breast size, asymmetry or shape by means of reduction, augmentation, or breast implants including gynecomastia (except for correction or deformity resulting from mastectomies or lymph node dissections); and rhinoplasty. This exclusion does not include reconstructive surgery when the service is incidental to or follows surgery resulting from trauma, Injury, infection or other diseases of the involved part.

6. Sexual/gender reassignment surgery, including, but not limited to, hysterectomy, salpingo-oophorectomy, vaginectomy, metoidioplasty, scrotoplasty, urethroplasty, placement of testicular prostheses, phalloplasty, orchietomy, penectomy, vaginoplasty, clitoroplasty, labiaplasty or any treatment of gender identity disorders, including hormone replacement therapy. This exclusion does not include related mental health counseling.

7. Treatment, service, or supply which is not medically necessary for the diagnosis, care or treatment of the sickness or injury involved. This applies even if they are prescribed, recommended or approved by the student health center or by the person’s attending physician or dentist.

8. Treatments which are considered to be unsafe, experimental, or investigational by the American Medical Association (AMA), and resulting complications.

9. Dental care or treatment of the teeth, gums or structures directly supporting the teeth, including surgical extractions of teeth, except as provided in the Schedule of Benefits, or except an individual who is unable to undergo dental treatment in an office setting or under local anesthesia due to a documented physical, mental, or medical reason as determined by the covered person’s physician or by the dentist providing the dental care.

10. Injury sustained while (a) participating in any interscholastic, intercollegiate, professional, semi-professional, contest, or competition; (b) traveling to or from such sport, contest, or competition as a participant; or (c) while participating in any practice or conditioning program for such sport, contest, or competition.

11. Injury sustained by reason of a motor vehicle accident to the extent that benefits are paid or payable by any other valid and collectible insurance whether or not claim is made for such benefits.

12. For injury resulting from travel in or upon: parachuting, hang gliding, skydiving, parasailing, scuba diving, speed contests, or bungee jumping.
13. Injury occurring in consequence of riding as a passenger or otherwise being in any vehicle or device of aerial navigation, except as a fare-paying passenger on a regularly scheduled flight of a commercial airline.

14. Reproductive/Infertility services, except as provided herein, including but not limited to: family planning treatment of infertility (male or female) including medication, surgery, supplies, and fertilization procedures rendered for the purpose or with the intent of inducing conception; premarital examination; impotence, organic or otherwise: sterilization reversal; vasectomy; vasectomy reversal. Examples of fertilization procedures are ovulation induction procedures, artificial insemination, embryo transfer or similar procedures that augment or enhance insured's reproductive ability.

15. Elective termination of pregnancy.

16. Services provided normally without charge by the health service of the policyholder or services covered or provided by a student health fee.

17. Services for the treatment of any injury or sickness incurred while committing a felony; or while participating in a riot; or fighting, except in self-defense.

18. Injury or sickness for which benefits are paid or payable under any workers' compensation or occupation disease law or act, or similar legislation.

19. War or any act of war, declared or undeclared; or while in the armed forces of any country.

20. Obesity treatment: Services and associated expenses for the treatment of obesity, except nutrition counseling specifically provided in the Policy, and any resulting complications, consequences and after effects of treatment that involves surgery and any other associated expenses, including, but not limited to: gastric or intestinal bypasses; gastric balloons; stomach stapling; wiring of the jaw; panniculectomy; appetite suppressants; surgery for removal of excess skin or fat.

22. Diagnosis and treatment of sleep disorders including but not limited to apnea monitoring, sleep studies, and oral appliances used for snoring, except treatment and appliances for documented obstructive sleep apnea.

DEFINITIONS

**Accident:** An event that is sudden, unexpected, and unintended, and over which the covered person has no control.

**Alcoholism:** Physical dependence on alcohol to the extent that stopping alcohol use will bring on withdrawal symptoms. Treatment, including rehabilitation and detoxification, must be provided by or under the clinical supervision of a physician or licensed psychologist. The services must be provided in one of the following:
- The physician’s or psychologist’s office;
- A hospital;
- A community mental health center or alcoholism treatment facility approved by the Joint Commission on Accreditation of Hospitals or certified by the State Department of Health.

**Ambulatory Surgical Center:** A facility which meets licensing and other legal requirements and which: 1) is equipped and operated to provide medical care and treatment by a physician; 2) does not provide services or accommodations for overnight stays; 3) has a medical staff that is supervised full time by a physician; 4) has full-time services of a licensed registered nurse (R.N.) at all times when patients are in the facility; 5) has at least one operating room and one recovery room and is equipped to support any surgery performed; 6) has x-ray and laboratory diagnostic facilities; 7) maintains a medical record for each patient; 8) and has a written agreement with at least one hospital for the immediate transfer of patients who develop complications or need confinement.

**Brand Name Prescription Drugs:** Drugs for which the drug manufacturer’s trademark registration is still valid, and who’s trademarked or proprietary name of the drug still appears on the package label.

**Company:** Nationwide Life Insurance Company.

**Confinement/Confined:** An uninterrupted stay following admission to a health care facility. The re-admission to a health care facility for the same or related condition, within a 72 hour period, will be considered a continuation of the confinement. Confined/confined does not include observation, which is a review or assessment of 18 hours or less, of a person’s condition that does not result in admission to a hospital or health care facility.

**Covered Charge or Covered Expense:** Means those charges for any treatment, services or supplies: (a) for network providers not in excess of the preferred allowance; (b) for non-network providers not in excess of the charges of the reasonable and customary expense therefore; and (c) not in excess of the charges that would have been made in the absence of this insurance; and (d) incurred while the Policy is in force as to the covered person.

**Covered Person:** A person who is eligible for coverage as the insured or as a dependent; who has been accepted for coverage or has been automatically added; for whom the required premium has been paid; and whose coverage has become effective and has not terminated.

**Custodial Care:** Care that is primarily for the purpose of meeting non-medical personal needs, such as help with the activities of daily living and taking medications. Activities of daily living include, but are not limited to, bathing, dressing or grooming, eating, toileting, walking, and getting in and out of bed. Custodial care can usually be provided by someone without professional medical skills or training.

**Dependent:** A person who is the insured’s:
- Legally married spouse, who is not legally separated from the insured and resides with the insured.
- Domestic/civil union partner who resides with the insured.
- Child who is under the age of 26.

The term child refers to the insured’s: 1) natural child; 2) stepchild (a stepchild is a dependent on the date the Insured marries the child’s parent); 3) adopted child, including a child placed with the insured for the purpose of adoption, from the moment of placement as certified by the agency making the placement. A child is considered to be the child of the insured if the insured is a party to a suit in which the insured seeks to adopt the child; 4) foster child (a foster child is a dependent from the moment of placement with the insured as certified by the agency making the placement); 5) a grandchild who is a dependent of the insured for federal tax purposes at the time application for coverage of the grandchild is made; 6) a child for whom the insured or group member must provide medical support under an order issued under Chapter 154, Family Code, or enforceable by a court in this state.
DEFINITIONS cont.

Domestic Partner: Two individuals who, together, each meet all of the following criteria set forth below:
1. Are 18 years of age or older.
2. Are competent to enter into a contract.
3. Are not legally married to, nor the domestic partner of, any other person.
4. Are not related by marriage.
5. Are not related by blood closer than permitted under marriage laws of the state in which they reside.
6. Have entered into the domestic partner relationship voluntarily, willingly, and without reservation.
7. Have entered into a relationship which is the functional equivalent of a marriage, and which includes joint responsibility for each other’s basic living expenses.
8. Have been living together as a couple for at least 6 months prior to obtaining the coverage provided under the Policy.
9. Intend to continue the domestic partner relationship indefinitely, while understanding that the relationship is terminable at the will of either partner.
A copy of the signed affidavit may be required upon enrollment.

Drug Abuse: Means any chemical component that one inhales, ingests, injects, or applies to one’s body for purposes of non-therapeutic use. Drug abuse does not include alcoholism or alcohol abuse.

Durable Medical Equipment: A device which: 1) is primarily and customarily used for medical purposes, is specially equipped with features and functions that are generally not required in the absence of sickness or injury and is able to withstand repeated use; 2) is used exclusively by the patient; 3) is routinely used in a hospital but can be used effectively in a non-medical facility; 4) can be expected to make a meaningful contribution to treating the patient’s sickness or injury; and 5) is prescribed by a physician and the device is medically necessary for rehabilitation.
Durable medical equipment and medical supplies include, but are not limited to, the following:
- Mechanical equipment and monitors necessary for the treatment of chronic or acute respiratory failure, (environmental items are excluded);
- Manual hospital-type beds and mattresses;
- Canes, crutches, walkers or standard wheelchairs;
- Oxygen and equipment for its administration;
- Commode items, i.e. - bedside handrails, shower bench;
- Electronic larynx and voice prosthesis buttons;
- Equipment and supplies for the management and treatment of diabetes (except medications);
- Ostomy/ileostomy supplies;
- Special pressure pads;
- Medical elastic stockings (limited to 2 per year);
- Pumps and supplies to deliver an external product.

Durable medical equipment does not include: 1) comfort and convenience items; 2) equipment that can be used by family members other than the patient; 3) health exercise equipment; and 4) equipment that may increase the value of the patient’s residence. Such items that do not qualify as Durable medical equipment include, but are not limited to: modifications to the patient’s residence, property or automobiles, such as ramps, elevators, spas, air conditioners and vehicle hand controls, or corrective shoes, exercise and sports equipment.

Effective Date: The date coverage becomes effective at 12:01 a.m. on this date. Coverage for dependents will never be effective prior to the insured’s coverage.

Elective Treatment: Those services that do not fall under the definition of essential health benefits. Medical treatment which is not necessitated by a pathological change in the function or structure in any part of the body occurring after the covered person’s effective date of coverage. Elective benefits are shown on the Schedule of Benefits, as applicable.

Emergency: An illness, sickness or injury for which immediate medical treatment is sought at the nearest available facility. The condition must be one which manifests itself by acute symptoms which are sufficiently severe that a reasonable person would seek care right away to avoid severe harm. Emergency does not include the recurring symptoms of a chronic condition unless the onset of such symptoms could reasonably be expected to result in the above listed complications.
DEFINITIONS cont.

Emergency Medical Transportation Services: A vehicle which is licensed solely as an ambulance by the local regulatory body to provide ground and air transportation to a hospital for emergency care or transportation from one hospital to another for those individuals who are unable to travel to receive medical care by any other means or the hospital cannot provide the needed care, if a physician specifies in writing that such transport is medically necessary. Charges are payable only for transportation from the site of an emergency to the nearest available hospital that is equipped to treat the condition.

Essential Health Benefits: Has the meaning found in section 1302(b) of the Patient Protection and Affordable Care Act and as further defined by the Secretary of the United States Department of Health and Human Services, and includes the following categories of covered Services: ambulatory patient services; emergency services; hospitalization; maternity and newborn care; mental health and substance use disorder services, including behavioral health treatment; prescription drugs; rehabilitative and habilitative services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care (in accordance with the applicable state or federal benchmark plan).

Expense Incurred: The charge made for a service, supply, or treatment that is a covered service under the Policy. The expense is considered to be incurred on the date the service or treatment is given or the supply is received.

Generic Drugs: A non-brand name drug, which is a pharmaceutical equivalent to a brand name prescription drug, sold at a lower cost.

Habilitative Therapy: Treatment or therapy that develops or attempts to develop a function that did not previously exist, but would normally be expected to exist. Treatment or therapy is considered habilitative if the function has achieved maximal or optimal improvement or is static, showing no progressive improvement with additional treatment.

Health Care Facility: A student health center, hospital, skilled nursing, sub-acute, or other duly licensed, certified and approved health care institution which provides care and treatment for sick or injured persons.

Home Health Care: Services and supplies that are medically necessary for the care and treatment of a covered illness or accidental injury and are furnished to a covered person at the covered person’s residence. Home health care consists of, but shall not be limited to, the following: 1) Physician-directed Home Health Care follow-up visits provided to a mother or newborn child within 72 hours after the mother’s or newborn child’s early discharge from an inpatient stay. The Provider conducting the visit must have knowledge and experience in maternity and newborn care; and 2) Care provided in a covered person’s home by a licensed, accredited home health care agency. This care must be under the direction of a physician and in conjunction with the need for skilled nursing care and includes, but is not limited to:

- skilled nursing (L.P.N., R.N.) part-time or intermittent care;
- medical social services;
- infusion services;
- part-time or intermittent certified nurse assistant services or home health aide services, which provide support in the home under the supervision of an R.N. or a physical, speech or occupational therapist. A visit of 4 hours or less by a certified nurse assistant or home health aide will count as 1 home health care visit. Each visit by any other home health agency representative will count as 1 home health care visit;
- physical therapy;
- occupational therapy;
- speech therapy.

Hospice: A coordinated plan of home and inpatient care which treats the terminally ill patient and family as a unit. It provides care to meet the special needs of a family unit during the final stages of a terminal illness and during the bereavement. Care is provided by a team of trained medical personnel, homemakers, and counselors. The team acts under an independent Hospice administration. It helps the family unit cope with physical, psychological, spiritual, social, and economic stresses.
DEFINITIONS cont.

Hospital: A facility which provides diagnosis, treatment, and care of persons who need acute inpatient hospital care under the supervision of physicians. It must be licensed as a general acute care hospital according to state and local laws. Hospital shall also include a psychiatric health facility for the treatment of mental or psychoneurotic disorders. Hospital also includes tax-supported institutions, which are not required to maintain surgical facilities. Facilities primarily treating drug addiction or alcoholism that are licensed to provide these services are also included in this definition. Hospital does not include an institution, or part thereof, which is other than incidentally a nursing home, a convalescent hospital, or a place for rest or the aged.

Infusion Services: Services provided in an office or outpatient facility, or by a licensed infusion or health care agency, including the professional fee and related supplies.

Injection Services: Services provided in an office or outpatient facility, including the professional fee and related supplies. Injection services does not include self-administered injectable drugs.

Injury: Bodily Injury due to a sudden, unforeseeable, external event which results independently of disease, bodily infirmity or any other causes. All injuries sustained in any one accident, including all related conditions and recurrent symptoms of these injuries, are considered a single Injury.

Insured: The covered person who is enrolled, and meets the eligibility requirements of the Policyholder’s school or dependents of the covered person.

Mental Condition(s): Nervous, emotional, and mental disease, illness, syndrome or dysfunction classified in the most recent addition of the Diagnostic and Statistical Manual of Mental Disorders (DSM IV) or its successor, as a mental condition on the date of medical care or treatment is rendered to a covered person.

Physician: A health care professional practicing within the scope of his or her license and is duly licensed by the appropriate state regulatory agency to perform a particular service which is covered under the Policy, and who is not: 1) the insured person; 2) a family member of the insured person; or 3) a person employed or retained by the policyholder.

Policy Year: The period of 12 months following the Policy’s effective date.

Premium: The amount required to maintain coverage for each eligible person and dependent in accordance with the terms of the Policy.

Prescription Drugs: Drugs which may only be dispensed by written prescription under federal law and is: 1) approved for general use by the U.S. Food and Drug Administration (FDA); 2) prescribed by a licensed physician for the treatment of a life-threatening condition, or prescribed by a licensed physician for the treatment of a chronic and seriously debilitating condition, the drug is medically necessary to treat that condition, and the drug is on the formulary, if any; and 3) the drug has been recognized for treatment of that condition by one of the standard medical reference compendia or in the medical literature as recommended by current American Medical Association (AMA) policies, even if the prescribed drug has not been approved by the FDA for the treatment of that specific condition.

The drugs must be dispensed by a licensed pharmacy provider for out of hospital use. Prescription drug coverage shall also include medically necessary supplies associated with the administration of the drug.

Preventive Services: Provides periodic health evaluations, immunizations, and laboratory services in connection with periodic health evaluations as specified in the Schedule of Benefits. Benefits are considered based on the following criteria:

1. Evidenced-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force;
2. Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the insured involved;
3. For infants, children, and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and
4. For women, such additional preventive care and screenings, not described in paragraph (a) above, as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

Cost sharing may apply to services provided during the same visit as the preventive services. For example if a covered preventive service is provided during an office visit and the preventive service is not the primary purpose for the visit, the cost sharing would apply to the office visit. Cost sharing may also apply for treatment that is not a covered preventive service, even if treatment results from a covered preventive service, or for any item or service that has ceased to be a covered preventive service. Reasonable medical management will be used to determine frequency, method, treatment, or setting for a preventive service.

**Reasonable and Customary (R&C):** The most common charge for similar professional services, drugs, procedures, devices, supplies or treatment within the area in which the charge is incurred. The most common charge means the lesser of:
- The actual amount charged by the provider;
- The preferred or negotiated rate, if any; or
- The fee often charged for in the geographical area where the service was performed.

The reasonable charge is determined by comparing charges for similar services to a national database adjusted to the geographical area where the services or procedures are performed, by reference to the 80th percentile of Fair Health Inc. schedules. The insured person may be responsible for the difference between the reasonable charge and the actual charge from the provider.

**Reconstructive Surgery:** Surgery performed to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors, disease, or accidental injury occurring while insured under the Policy to either: 1) improve function; or 2) create a normal appearance.

**Rehabilitative Therapy:** The process of restoring a person’s ability to live and work after a disabling condition by:
- Helping the person achieve the maximum possible physical and psychological fitness;
- Helping the person regain the ability to care for himself or herself;
- Offering assistance with relearning skills needed in everyday activities, with occupational training and guidance and with psychological readjustment.

**Sickness:** Illness, disease or condition, including pregnancy and complications of pregnancy that impairs a covered person’s normal functioning of mind or body and which is not the direct result of an injury or accident. All related conditions and recurrent symptoms of the same or a similar condition will be considered the same sickness.

**Skilled Nursing Facility:** A place (including a separate part of a hospital) which: regularly provides room and board for person(s) recovering from illness or accidental injury; provides continuous 24 hour nursing care by or under the supervision of a registered nurse; is under the supervision of a duly licensed doctor; maintains a daily clinical record for each patient; is not, other than incidentally, a place for rest, the aged, place of treatment for alcoholism or drug and/or substance abuse or addiction; and is operated pursuant to law.

**Sound Natural Tooth:** The major portion of the individual natural tooth which is present, regardless of filings and caps; and is not carious, abscessed, or defective.

**Sub-Acute Facility:** A free-standing facility or part of a hospital that is certified by Medicare to accept patients in need of rehabilitative and skilled care nursing.

**Termination Date:** The date a covered person’s coverage under this policy ends. Coverage ends at 11:59 p.m. on this date.

**Urgent Care Facility:** A hospital or other licensed facility which provides diagnosis, treatment, and care of persons who need acute care under the supervision of physicians.
COORDINATION OF BENEFITS
The coordination of benefits (COB) provision applies to the Policy when the insured has medical insurance coverage under more than one plan. The order of benefit determination rules govern the order that each plan will pay a claim for benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans do not exceed 100% of the charges incurred for covered services and supplies. The detailed COB provisions are in the Master Policy.

RESCISSION
The Plan Administrator may rescind your coverage if the insured or insured’s dependent commits fraud or makes an intentional misrepresentation of material fact. A notice will be provided at least thirty (30) calendar days before the coverage is rescinded. The insured may appeal any rescission.

CLAIM PROCEDURE
Usually the health care provider will file all necessary bills on the insured’s behalf. However, some providers may require payment at the time the service is provided or may send the bill directly to the insured. In these instances, the insured should file a claim and send all itemized medical or hospital bills to the address below.

PRESCRIPTION DRUG CLAIM PROCEDURE
To obtain reimbursement for a prescription drug, the insured will need to pay for the prescription drug at the pharmacy and submit a copy of the drug label with a claim form to the address below.

Bills must be submitted within 90 days after the date of the injury or sickness, or as soon as reasonably possible. Information to identify the insured must be provided and should include: student name, patient name, address, student ID number or social security number, birthdate, and name of the school.

A company claim form is not required, unless the itemized billing statements do not provide sufficient information to process the claim. The insured can print a company claim form or complete the online claim form from the website www.sas-mn.com.

Send claims or inquiries to:
Student Assurance Services Inc.
P.O. Box 196
Stillwater, MN 55082-0196
