DUAL CREDIT FACULTY REVIEW AND APPROVAL PROCESS

The process for identifying prospective Dual Credit Faculty, submission of a complete application, supporting documentation, review by the departmental chair/committee, and final review by the Office of Human Resources are outlined in the steps below:

STEP 1 - IDENTIFICATION AND INITIAL REVIEW OF PROSPECTIVE DUAL CREDIT FACULTY

High school principals will identify high school instructors with the minimum credentials* to teach college-level courses, and those instructors may submit their transcripts to STC's Dual Credit Programs for initial review as prospective Dual Credit Faculty. School Districts and/or Campus Administration seeking to offer dual credit courses which require a lab component, must have the lab equipment inspected and approved by the appropriate Department Chair prior to application submission.

** minimum required credentials are a combination of degree requirements, teaching experience, certification, and skills determined by respective program chair approved by STC Office of Human Resources*

Due Dates and Documents for Submission:

- **Due Dates for Fall Semester (April 1) and Spring semester (Oct 1)**
- **Documents:** A copy of transcripts and signed **Review Outcome Notification Acknowledgment Form** must be submitted to STC's Dual Credit Programs before the initial review can begin.

Initial Review – STC's Dual Credit Programs:

- The STC's Dual Credit Programs will conduct the initial review to determine whether or not the credentials meet the minimum requirement. If the prospective applicant does have the minimum required credentials, then the prospective applicant and principal will be notified to proceed with submitting the application.
- The department chair will notify the respective STC division dean and STC's Dual Credit Programs staff of the initial review outcome.
- If the prospective applicant does not have the minimum required credentials, then the prospective applicant and principal will be given written notification that the prospective applicant does not meet the minimum requirement to teach at STC.
- The department chair will notify the respective STC division dean and STC's Dual Credit Programs staff of the initial review outcome.

STEP 2 - SUBMISSION OF APPLICATION TO SOUTH TEXAS COLLEGE

A high school teacher who is approved to proceed with the application process will be instructed to submit an electronic copy of the STC application packet, in PDF format, that will include a copy of their transcript(s) (undergraduate and graduate transcripts), and all documents required by Human Resources, to STC's Dual Credit Programs.

STEP 3 - REVIEW BY DEPARTMENTAL CHAIR AND COMMITTEE

Department Chair Review:

The respective department chairs examine the applicant's application packet to review and confirm that the applicant's academic credentials meet *STC Board Policy #4151: Academic and Professional Credentials of Faculty* and schedule a day and time for conducting interviews before a committee.

The review process and standards for approving an applicant as Dual Credit Faculty to teach a Dual Credit course will be the same standards used to assess any faculty hired by STC to teach college-level courses. Merely having the credentials to teach college courses is no assurance of approval into the program. The department chair has the authority to interview and to make the decision regarding the approval of faculty teaching courses for STC in the high schools based on credentials, teaching experience, presentation, subject knowledge and other instructional factors related to the subject

matter. On average 60% of prospective Dual Credit Faculty applicants are recommended.

Departmental Committee Review:

Department Chair has the option to use a division /department standing committee (a standing committee will have up to three faculty members who teach in that discipline and one faculty from outside of the department). When a standing committee is used, the applicant will be asked to meet with the committee for an interview and to demonstrate teaching proficiency. If this option is selected by the chair, the committee will conclude their activities and provide the outcome of review process (Recommended or Not Recommended) to the Division Dean and STC's Dual Credit Programs within one week after the conclusion of the interviews.

For **qualified Fall semester applicants**, all interviews will be completed and the outcome submitted to Dual Credit Programs.

For **qualified Spring semester applicants**, all interviews will be completed and the outcome submitted to Dual Credit Programs.

Exceptions, as allowed by the STC's Dual Credit Programs and STC chair, are only for the replacement of a current DCF who has left the program after this deadline. Departmental committee will utilize the following assessment criteria during the interview:

- **Interview Assessment Criteria:** Based on *Faculty Duties & Responsibilities* listed in the *Faculty Handbook* and on the procedures described in the *Dual Credit Programs Instructional and Quality Standards Manual*; the committee will evaluate, but not limit to the following:
 - Teaching Experience: Years and Grade levels
 - Presentation: Communication, interpersonal, and organizational skills
 - Subject Knowledge: Mastery of the subject matter
 - Other Instructional factors
 - Evaluation of student learning at college level
 - Commitment to a college philosophy of education
- **Informing Applicants:**
 - Department chair will notify STC's Dual Credit Programs and Division Dean of the outcome of the interviews (Recommended or Not Recommended).
 - The STC's Dual Credit Programs will provide written notification to each applicant and the high school principal to inform them of the outcome of the interview (Recommended or Not Recommended).
 - Please note; the Dual Credit Program office cannot disclose further information regarding reason for recommendation or non-recommendation from respective department chair and/or hiring committee.

If recommended to teach Dual Credit courses, then the applicant can proceed to the next step of review by the Human Resources Department.

STEP 4 - REVIEW BY THE OFFICE OF HUMAN RESOURCES

If the applicant receives approval from the division / department, the department chair submits the **Intent to Hire** form for the applicant to the South Texas College Human Resources (HR) Department.

Prospective DC Faculty must ensure that official transcript(s) from an accredited college or university where the degree was awarded are mailed directly to the STC Office of Human Resources (HR). The official transcript(s) must be received at HR before the start of the college semester.

The prospective DC Faculty can contact the STC Office of Human Resources with questions about the transcript submission procedures. The faculty may call (956) 872-3722 or visit the HR office located at 2501 W. Pecan, McAllen.

- **If Cleared by HR**
 - Applicant will complete the required paperwork and will be assigned an STC ID# and email account and will be classified as Dual Credit Faculty (DCF) by STC.
 - DCF will receive authorization from HR to begin teaching college dual courses when scheduled.
- **If not cleared by HR**
 - Applicant will be informed of the reasons by HR staff.

Continuation of High School Instructor as DC Faculty

After initial approval, a DC Faculty may continue teaching Dual Credit courses without the need to undergo the approval process again contingent upon the following two items:

- 1) Dual Credit courses being taught continuously each year in the same discipline and/or teaching area; and
- 2) Dual Credit Faculty teaching the course adequately meets all faculty evaluation requirements, departmental requirements, responsibilities, and procedures

Non-continuation of Dual Credit Faculty

Board Policy #4115 Personnel Appointments (rev. 6/27/17) states: “Adjunct, lecturer, and dual credit faculty are employed on an as needed, non-contractual, at will, basis with no expectation of continued employment or property rights beyond the assignment.”

Due Dates for Prospective Dual Credit Faculty Applications

April 1st	School Districts will identify prospective DC Faculty who could meet the credentialing criteria. Completed application packets must be submitted by April 1 st for Fall semester.
October 1st	School Districts will identify prospective DC Faculty who could meet the credentialing criteria. Completed application packets must be submitted by October 1 st for Spring semester.

TUITION & STUDENT FEES

When the School District provides the instructor, tuition and fees are waived and the DCF is paid a stipend that is currently \$350 per section, per semester. Payment is only issued upon the successful completion of the semester on the last business day of the month following the end of the semester or term.

When South Texas College provides the instructor, tuition and fees will be waived, provided the school district pays for the instructor’s cost and mileage. Residency status, as determined by the Office of Admissions, will be waived.

PROFESSIONAL DEVELOPMENT

South Texas College offers strong professional development programming for all faculty. Specific programs support STC faculty who teach at high school sites and DCF who teach college courses at their high schools.

Twice a year, faculty receive targeted professional development during designated days in the Fall and Spring Semesters. In the Fall, the **Adjunct and Dual Credit Faculty Conference** is held with sessions including effective teaching techniques, active learning strategies, and specific training on the College's course management systems and student portal systems. Instructional departments will also schedule discipline and course-specific professional development. In Fall 2015, OPOD launched a new academy for DCF. The **Developing Excellence in Learning and Teaching Academy (DELTA) Online** helps DCF and Adjunct faculty to become part of the South Texas College family. DELTA Online provides participants with support and guidance as well as information on faculty expectations, resources, policies, procedures, and creating a college environment.

In addition, each year, the “[Dual Credit Faculty Reference Guides](#)” is developed for South Texas College faculty who teach dual courses and for high school instructors that teach dual credit courses. The Reference Guides provides faculty with updated information that covers College and high school specific information. Furthermore, on a regular basis the needs of faculty who participate in the Dual Credit Programs are assessed, and specialized training is developed to address those needs.
