South Texas College is conveniently located near your home with three campuses in McAllen, one in Weslaco and one in Rio Grande City. There are also three teaching centers offering evening classes, one in McAllen, another in La Joya, and a third in Pharr. This means you do not have to travel far for a quality education at an affordable price. The College is proud of its numerous accomplishments throughout the years and honored to serve more than 31,000 students per semester.

If you find that your current lifestyle keeps you from attending classes on campus, the College’s eSTC Virtual Campus allows you to take courses anytime, anywhere, from the comfort of your home or office, or even at the beach. You can select from more than 500 courses in a wide variety of subjects that may apply to earning one of 20 degrees or certificates available to earn all online. Our Virtual Campus offers all of the same services as our traditional campuses including advising, career placement, counseling, library services and so much more.

As you browse through the catalog, you will find that South Texas College offers more than 112 degree and certificate program options for your consideration in a variety of allied health, business, liberal arts, math, nursing, science, social sciences and technology pathways that lead to high-wage, and rewarding careers. Dedicated students can earn certificates in as little as one year or an Associate’s degree in less than two years, gaining skills that lead to direct entry into the job market.

South Texas College is also very proud to be one of three community colleges in the state of Texas accredited to offer the Bachelor of Applied Technology degree. Students can pursue a degree in Technology Management, Computer and Information Technologies, Medical and Health Services Management, and a new Bachelor of Applied Science in Organizational Leadership.

For those life-long learners who wish to simply refresh their current skills or acquire new skills, you can enroll in one of the College’s many continuing and professional education classes. South Texas College also offers workforce training and first-class customized training in response to the needs of businesses and industries in our area.

A wide array of services are offered at the College to ensure your success. These services include advisement, counseling, disability assistance, dual enrollment, financial aid, tutoring in most every subject, as well as student life activities, just to name a few.

South Texas College is the best choice for your higher education and career preparation. More information about the College is within your fingertips at www.southtexascollege.edu. I look forward to seeing you on our campus.

Best regards,

Shirley A. Reed, M.B.A., Ed.D.

South Texas College was created on September 1, 1993, by Texas Senate Bill 251 to serve Hidalgo and Starr counties. It was the only community college in Texas to have been established by the Texas Legislature. A confirmation election, held on August 12, 1995, established a taxing district for the college. Seven districts, based on population, were also approved for single-member representation on the Board of Trustees. A community leader from each of the seven districts was originally appointed by Governor Ann Richards to serve on the founding Board of Trustees. Since then, an election process has been established and all board members are elected for six year terms.

In December of 2004, South Texas College was awarded membership from the Southern Association of Colleges and Schools, Commission on Colleges as a Level II-Baccalaureate Degree granting institution to offer the Bachelor of Applied Technology Degree. Today, the college offers three Bachelor of Applied Technology degrees, one in Computer and Information Technologies, another in Medical and Health Services Management and a third in Technology Management. A Bachelor of Applied Science in Organizational Leadership is now also offered.

South Texas College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the Baccalaureate and Associate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of South Texas College.

South Texas College's offerings are approved by the Texas Higher Education Coordinating Board. It is also approved for veteran’s educational training in Certificate and Associate of Applied Science Degree programs by the Texas Education Agency.

An enrollment of 1,000 students in 1993 has increased to more than 30,000.

Pursuant to Texas Penal Code §46.03(a), South Texas College permits the following two exceptions to the prohibitions of Texas Penal Code §46.03:

Firearms which are:
• in the lawful possession of faculty, staff, and students participating in law enforcement training programs at shooting practice facilities that are not located on college property;
• being used for educational or training purposes as part of a credit or continuing education law enforcement program or course of study offered by the College; and
• of the caliber commonly used in the educational or training activity.

Batons and Tazers which are:
• in the lawful possession of faculty, staff, and students participating in law enforcement training programs; and
• being used for educational or training purposes as part of a credit or continuing education law enforcement program or course of study offered by the College.

Faculty, staff, and students participating in law enforcement training programs must obtain, and carry in their possession, advance written authorization from the Director of Security and the College President.

South Texas College prohibits a person from intentionally, knowingly, or recklessly possessing a firearm, illegal knife, club, firearm ammunition, or prohibited weapon listed in Section 46.05(a) of the Texas Penal Code, on the premises (as defined by law) or physical grounds of any campus or other property owned, leased, or controlled by the College, unless otherwise permitted by law.

The Director of Security is hereby authorized and directed to post appropriate notices on all College premises to notify all persons of this policy. The President of South Texas College is authorized to adopt guidelines reasonably necessary for the implementation of this policy.

Sexual Harassment Policy
Sexual harassment in the workplace and schools is an illegal Practice under Section 703 of Title VII of the 1964 Civil Rights Act as amended, and Title IX of the Education Amendments of 1972. South Texas College complies with Section 703 of Title VII of the 1964 Civil Rights Act, as amended, and Title IX of the Education Amendments of 1972. Sexual harassment of employees or students at South Texas College is strictly forbidden and will not be tolerated in any division, department, or any work unit by any employee or student.

Any employee or student who is found to have engaged in such conduct shall be subject to appropriate disciplinary action, up to and including dismissal or suspension. This policy shall be applied without regard to the gender of the employee involved.

Smoke/Leaf Tobacco Free Environment
South Texas College, including all its facilities and grounds, is a smoke/leaf tobacco free environment except in designated smoking/leaf tobacco use areas and parking lots.

Persons violating this policy shall be subject to appropriate disciplinary action.

As of July 1, 2011, Federal Title IV regulations require all institutions of higher education to disclose completion and cost information about non-degree programs leading to gainful employment in a recognized occupation. Information about Gainful Employment programs is available at http://academicaffairs.southtexascollege.edu/ degreeplan/certificates.html.

**REQUIREMENTS**

Students are admitted to South Texas College through the provisions of this policy. General admission to the College does not imply admission to all programs of the College. Selective programs, which have additional requirements for admission, are also outlined in this policy. The College complies fully with the state mandated Texas Success Initiative (TSI) Rules as specified in Section 51.306 of the Texas Education Code. Effective September 1, 2003, all College academic students entering South Texas College will need to comply with new state-mandated Texas Success Initiative Rules (TSI) and STC Developmental Education Plan regarding testing requirements. Students who are TSI liable and who have not met the TSI requirements will be limited to 13 credit hours during the Fall or Spring terms and 7 credit hours during the summer terms. Such students wishing to enroll in a greater number of credit hours must obtain a waiver from the appropriate Division Dean based on the student’s declared major.

The College is committed to student success and to a quality education for all. No person shall be excluded from participation in, denied the benefits of, or be subject to discrimination under any program or activity sponsored or conducted by South Texas College on the basis of race, color, national origin, religion, sex, age, Veteran status, or disability. Any individual meeting any one of the following conditions may be admitted to the College:

**HIGH SCHOOL GRADUATION**

An official high school transcript indicating passing scores on the state-mandated test required for graduation from high school and the date of graduation must be submitted prior to enrollment. All high school graduates entering South Texas College without test scores from high school are subject to TSI requirements. Students who are unable to provide an official high school transcript by census date will have a registration hold placed upon their record.

**EXAMINATION**

Applicants who did not graduate from high school may be admitted by successfully completing the English version of the General Education Development Testing Program (GED). A copy of the GED scores or Certificate of High School Equivalency must be submitted to the Office of Admissions and Records. Students who have completed the GED in a language other than English may be admitted to the College but are limited to enrollment in English as a Second Language (ESL) coursework to enable them to make use of already existing knowledge, training, or skills. Admission to other program and courses requires completion of the Test of English as a Foreign Language (TOEFL) with a minimum score of 500. A copy of these scores must be submitted prior to registration for other than ESL coursework.

**INDIVIDUAL APPROVAL**

Students without a high school diploma or GED are strongly encouraged to complete their GED prior to applying to South Texas College. Students, however, who do not qualify for admission under either of the above conditions may be considered for conditional acceptance if they are at least 18 years of age and provide test scores from the TSI ASSESSMENT TEST, prior to enrollment. All applicants must submit an official transcript from the last high school attended prior to enrollment.

**TRANSFER FROM ANOTHER COLLEGE**

A student transferring from another accredited college or university is eligible for admission. Transfer students must comply with the Scholastic Progress Standards.

The following conditions apply regarding transfer from another college:

1. An official transcript from each institution previously attended must be submitted to the Office of Admissions and Records.
2. All new transfer students who have been accepted will have their college transcripts evaluated on a course-by-course basis and appropriate credit will be awarded. The student will then be notified by mail, within their first semester, of courses that transferred.
3. Credits for courses in which a passing grade of “C” or higher was earned may be transferred from any college accredited through one of the regional accrediting associations of the Association of Colleges and Schools. Developmental or other non-degree credit courses are not transferable and may not be used in the calculation of the transfer grade point average.
4. Credits completed at colleges outside the United States that are not accredited by one of the regional accrediting associations of the Association of Colleges and Schools should be evaluated by an AACRAO (American Association of Collegiate Registrars and Admissions Officers) approved transcript evaluation service. A list of such services is available at the Office of Admissions and Records.
5. An applicant for admission may seek to enter this institution pursuant to the state’s "academic fresh start" statute. If the applicant informs the Office of Admissions and Records in writing of his or her election under this statute, the institution will not grant academic course credits or grades earned by the applicant 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant who makes the election to apply under this statute cannot receive any course credit for courses taken 10 or more years prior to enrollment.
6. Out of state transfer students who have not taken the TSI ASSESSMENT TEST, will need to be advised prior to registration.
DUAL ENROLLMENT
Dual enrollment allows high school students to enroll in college courses while attending high school and permits students to take courses in place of, or in addition to, the normal course load at high school. High school students must be eligible to participate in dual enrollment as determined by the policy of the students' high school. In addition, high school students admitted to the College must meet the same requirements as all other admitted students, except as set out in Texas Education Code [section sign] 4.85. College credit may be earned upon successful completion of the course.

INTERNATIONAL STUDENT
An applicant from a foreign country must provide additional documentation as outlined in the Foreign Student Admissions Policy.

PLACEMENT TESTING
It is the intent of the Texas Higher Education Coordinating Board that Texas public institutions of higher education use the flexibility and responsibility granted under the Texas Success Initiative (TSI) rules to improve individualized programs to ensure the success of students in higher education. Effective with the fall 2013 semester, all public colleges and universities shall assess the academic skills of each entering undergraduate student prior to enrollment of the student.

Beginning Fall 2013, the Student Assessment Center administers the New TSI Assessment Exam throughout the year. Information on test dates, registration deadlines, and general information is available upon request and/or can be found on our Market Place website: https://secure.touchnet.com/C20193_ustores/web/

Call 1-800-742-7822 for information or contact the Student Assessment Centers (Pecan: 956-872-3484, Mid-Valley: 956-447-6602, Starr: 956-488-6976) for more information.

WHOA MUST TAKE THE TSI ASSESSMENT EXAM?
As of the Fall 2013 semester, all students who plan to enroll at South Texas College (STC) and students in high school enrolling in a college-level course MUST take the TSI Assessment Exam before enrolling in any college-level credit coursework.

WHO DOES NOT HAVE TO TAKE THE TSI ASSESSMENT EXAM:
- A student who has previously attended any institution and has been determined to have met readiness standards by that institution.
- Students who have achieved a sufficiently high score on ACT, SAT, or TAAS/TAKS. ACT and SAT scores may be no more than five (5) years from the date of testing, and exit level TAAS/TAKS scores may be no more than three (3) years from the date of testing.
- Students who are enrolled in a certificate program of one-year or less (42 or fewer semester credit hours or the equivalent) unless required for a prerequisite.
- Students who have graduated with an associate’s or baccalaureate degree from an accredited institution of higher education.
- Transfer students from an accredited institution of higher education who have earned a “C” or better in a corresponding course (See Developmental Education Plan Procedures Guide).
- A student who on or after August 1, 1990, was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard.

WHEN MUST A STUDENT TAKE THE TSI ASSESSMENT EXAM?
All students enrolling in credit programs at STC for the first time in the Fall 2013 thereafter, must have scores from the New TSI Assessment instrument approved by the Texas Higher Education College Board by the First Class Day.

REGISTRATION FOR THE TSI ASSESSMENT EXAM
To register for the TSI Assessment Exam, a student must fill out an STC Admissions form prior to the test administration. Once an Admissions form has been processed, the student may reserve a test date on-line through Market Place at https://secure.touchnet.com/C20193_ustores/web/ and choose to test for TSI Assessment Exam. The TSI Assessment Exam is offered by appointment only via Market Place.

Please contact the Student Assessment Centers (Pecan: 956-872-3484, Mid-Valley: 956-447-6602, Starr: 956-488-6976) for more information.

TEXAS SUCCESS INITIATIVE TEST CONTENT
TSI Mathematics and Statistics Test
The TSI Mathematics and Statistics Test is a multiple choice assessment covering the key College and Career Readiness Standards referenced below. There are approximately 20 items on the placement test, and 10 items on the diagnostic test.

Elementary Algebra and Functions
(6 items on the placement test; 10 items on diagnostic test)
- Linear equations, inequalities, and systems
- Algebraic expressions and equations (other than linear)
- Word problems and applications

Intermediate Algebra and Functions
(9 items on the placement test; 10 items on diagnostic test)
• Quadratic and other polynomial expressions, equations, and functions
• Expressions, equations, and functions involving powers, roots, and radicals
• Rational and exponential expressions, equations, and functions

Geometry and Measurement
(2 items on placement test; 10 items on diagnostic test)
• Plane geometry
• Transformations and symmetry
• Measurement (linear, area, three-dimensional)
• Modeling and applications

Data Analysis, Statistics and Probability
(3 items on placement test; 10 items on diagnostic test)
• Interpreting categorical and quantitative data
• Statistical measures
• Probabilistic reasoning

TSI Writing Test
The TSI Writing Test is a multiple choice assessment covering the key College and Career Readiness Standards referenced below. There are approximately 20 items on the placement test, and 10-12 items on the diagnostic test.

Essay Revision
(8 items on placement test; 12 items on diagnostic test)
• All items in this category will be passage-based items.
• Passages are drafts of essays in need of revision and will be approximately 250 words. Items will ask students to revise parts of the essay to improve coherence, organization, word choice, rhetorical effectiveness, and use of evidence

Agreement
(3 items on placement test; 10 items on diagnostic test)
• All items in this category will be discrete items
• Items will cover topics such as subject-verb agreement, pronoun agreement, and verb tense.

Sentence Structure
(5 items on placement test; 10 items on diagnostic test)
• All items in this category will be discrete items
• Items will cover topics such as fragments, subordination and coordination, and parallelism
• Items will also cover topics such as comma splices and run-on sentences, as well as improper punctuation.

Sentence Logic
(4 items on placement test; 10 items on diagnostic test)
• All items in this category will be discrete items
• Items will test the student's ability to arrange the parts of sentences in the most logical way, including the use of logical transitions and the correct placement of modifying phrases.

TSI Reading Test
The TSI Reading Test is a multiple choice assessment covering the Key College and Career Readiness Standards referenced below. There are approximately 24 items on the placement test. There are 10-12 items per category on the diagnostic test.

Literary analysis
(4 items on placement test; 12 items on diagnostic test)
• All items in this category will be passage-based items.
• Passages are fiction or literary nonfiction and will be approximately 400 words in length.
• Items will ask students to identify and analyze ideas in and elements of literary texts.

Main Idea and Supporting Details
(5 items on placement test; 10 items on diagnostic test)
• All items in this category will be discrete items with single informational/expository passages of 75-125 words.
• Items will ask students to identify the main idea of a passage or comprehend explicit textual information in the passage.

Inferences in a Text or Texts
(8 items on placement test; 10 items on diagnostic test)
• All items in this category will be discrete items with one or, in some cases, two informational/expository passages of 100-150 words.
• Most items will ask students to make an appropriate inference about a single passage.
• Some items will require students to synthesize ideas by making a connection or comparison between two passages.

Author's Use of Language
(7 items on placement test; 10 items on diagnostic test)
• All items in this category will be discrete items with single informational/expository passages of 75-125 words.
• Some items will ask students to identify an author’s purpose, tone, organization, or rhetorical strategies and use of evidence;
• Some items will ask students to determine the meaning of words in context.

Texas College and Career Readiness Writing
The Texas College and Career Readiness Writing standards ask students to write essays that "demonstrate clear focus, the logical development of ideas in well-organized paragraphs, and the use of appropriate language that advances the author’s purpose."

WritePlacer
WritePlacer automatically evaluates students' essays written to one of several prompts. WritePlacer essays are electronically scored by the Intelligent Essay Assessor (IEA) that is powered by the Knowledge Technologies (KT) engine.
Intelligent Essay Assessor
The Intelligent Essay Assessor is a unique automated assessment technology that evaluates the meaning of text, not just grammatical correctness or spelling. The Intelligent Essay Assessor is based on Latent Semantic Analysis (LSA), a statistical language learning theory and computer model that measures the semantic similarity of words and documents with accuracy closely approximating that of human judges.

Feedback in provided on the following six dimensions

• Purpose and Focus
  The extent to which the writer presents information in a unified and coherent manner, clearly addressing the issue.

• Organization and Structure
  The extent to which the writer orders and connects ideas.

• Development and Support
  The extent to which the writer develops and supports ideas.

• Sentence Variety and Style
  The extent to which the writer crafts sentences and paragraphs demonstrating control of vocabulary, voice, and structure.

• Mechanical Conventions
  The extent to which the writer expresses ideas using standard English.

• Critical Thinking
  The extent to which the writer communicates a point of view and demonstrates reasoned relationships among ideas.

PAYMENT FOR THE TSI ASSESSMENT EXAM
The TSI ASSESSMENT Exam fee is $29 for all three sections; or $10 for one section or $20 for two sections plus a $25 Reservation Fee. Registration for this exam is now done on-line through Student Marketplace: https://marketplace.southtexascollege.edu/ustores/web/.

Please contact the Student Assessment Center (Pecan: 956-872-3484, Mid-Valley: 956-447-6602, Starr: 956-488-6976) for more information.

MANDATORY PARTICIPATION
Students required to take Developmental courses including College Success must attend scheduled classes.

If they drop or are dropped for non-attendance by their instructors, they are identified by the office of Admissions as non-compliant. The Testing officer sends these students letters informing them of their non-compliant status. These students must make arrangements with the Testing officer and/or Staff representative. Students who fail to comply with any of the following policies and procedures may be withdraw from all of their classes and will not earn any college credit hours for the semester.

DROPPING OR WITHDRAWING FROM DEVELOPMENTAL COURSE WORK
Students under TSI requirements who have been assigned developmental courses due to Initial placement Exam may not drop these courses.

Withdrawal from a developmental course must be associated only with withdrawal from the institution.
Exemptions also granted to students who have graduated with an associate or baccalaureate degree or students and students who transfer to STC from a private or independent college or an accredited out of state college and have satisfactorily completed college-level coursework as determined by STC. Exemptions will continue to remain the same for the new TSI Assessment Exam and for placement purposes that take effect August 26, 2013.

* The placement scale is good for the summer sessions. Cut off scores for the New TSI Assessment Exam will become available to us on April 26, 2013.

After August 26, 2013, the following Passing Scores will be adhered to once testing commences:

**READING:** 351+
**WRITING:** Essay 5 or Essay 4 and Multiple Choice score of 363
**MATH:** 350+
The option of auditing a class is offered for lecture courses only; auditing is not allowed for laboratory, performing or activity courses. Audit students do not participate in fieldwork, submit assignments or take examinations; therefore, they never receive college credit or a grade after enrolling on an audit basis.

An Application for Admission must be submitted; test scores and transcripts are not required. Registration to audit a lecture course is available on the 7th class day of the fall and spring semesters and the 3rd class day of each summer session with a space availability contingency. Tuition is charged for auditing a class.

South Texas College is a participating member of the Lower Rio Grande Valley Tech-Prep consortium and member of the state's Advanced Technical Credit (ATC) program. Tech Prep and ATC are part of a national educational initiative in vocational and technical education. Programs developed cooperatively with the area school districts and through the State enable high school students to enter STC with college credits for technical courses and prepare them to enter the workforce in high demand technical areas.

A high school student who successfully completes a Tech Prep/ATC approved articulated course at their high school is eligible to receive credit at STC when the following criteria are met:
1. Completes the high school course(s) with a grade of 80 (B) or better.
2. Meets all STC admission and program entrance requirements.
3. Enrolls in an Associate of Applied Science Degree or related certificate at STC within 15 months after graduating from high school.
4. Successfully completes a minimum of six (6) credit hours at STC with a grade of 70 (C) or better.

Upon registering at STC, the student should visit the office of High School Programs and Services to ensure proper application of their credit.
The dual enrollment program allows eligible high school students to enroll in college courses while attending high school. Courses are taken in place of, or in addition to, the normal course load in high school. High school students admitted to the program must meet the same requirements as all other college students.

Students must meet the TSI standards for college readiness, or be TSI exempt in order to enroll in academic courses. College credit will be earned upon successful course completion and may be applied towards an Associates Degree at STC or may transfer to other colleges and universities.

Students must submit an application and an official high school transcript in order to register for the college course(s). Please contact the Outreach Department at 872-8391 or 1-800-742-7822 for further details.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT
The Family Educational Rights and Privacy Act (FERPA) and the Texas Open Records Act are federal and state laws, respectively, that provide for the review and disclosure of academic records. In accordance with these laws, STC will not permit access to or the release of personally identifiable information contained in academic records to any party without the written consent and photo identification of the student, except:

- to appropriate STC officials, who require access to academic records in order to perform their legitimate duties, which means the information or records requested is relevant and necessary to accomplish a task or make a determination, and the task or determination is an employment-related responsibility of the inquirer or is a properly assigned duty for the inquirer.
- to officials of other schools in which the student seeks or intends to enroll, upon request of these officials, and upon the condition that the student be notified and receive a copy of the record, if desired.
- to federal, state or local officials or agencies authorized by law.
- in connection with a student’s application for or receipt of financial aid.
- to accrediting agencies or organizations conducting educational studies, provided that these entities do not release personally identifiable data.
- to the parents of a dependent student, as defined in section 152 of the Internal Revenue Code of 1954, provided a reasonable effort is made to notify the student in advance.

NOTICE:
As permitted under section 99.34 (a) (1)(ii) of the Family Educational Rights and Privacy Act of 1974 as amended, and upon request of The University of Texas-Pan American (UTPA), STC will forward academic records for students who seek or intend to enroll at UTPA.

DIRECTORY INFORMATION
STC may release information that includes:
- Name, address and telephone number
- Date of birth and place of birth
- Educational institution(s) attended
- Dates of attendance and enrollment verification
- Classification
- Declared major
- Degrees and awards received
- Date of graduation
- Participation in officially recognized sports and activities

Students may withhold information by completing and submitting a Request to Withhold Directory Information to the Office of Admissions and Records during the first 12 days of a fall or spring semester and the first four days of a summer session. STC will honor a request for nondisclosure for the current term only; therefore, a request
must be submitted to the Office of Admissions and Records each term that a student is enrolled.

REVIEW OF RECORDS
Students who desire to review their records may do so upon request to the appropriate office.

Students who desire to challenge the accuracy and validity of their records should follow the procedure, as follows:

- Students have the right to challenge the content of their academic records in order to ensure that the records are not inaccurate, misleading or otherwise in violation of the privacy of the student. They have the right to correct or delete any inaccurate or inappropriate data contained therein. Students who wish to exercise this right should submit a written request in the Office of Admissions and Records.

- The Custodian of Records/Registrar may attempt to settle the dispute with the student through informal meetings and discussions held within a reasonable period of time after the request is submitted.

- Formal hearing procedures may be necessary when the informal procedures are not satisfactory to the student or Custodian of Records/Registrar. If a formal hearing is required, the Vice President for Student Affairs and Enrollment Management, or a designee, shall conduct a formal hearing and render a decision within a reasonable period of time following the request. The student and Custodian of Records/Registrar have the opportunity to present evidence relevant to the issue(s). The appeal cannot go beyond the Vice President for Student Affairs and Enrollment Management.

RESIDENT STATUS FOR STUDENTS

Students must accurately answer questions about their residency on the Application for Admission and provide supporting documentation as set out below, if necessary. Any violation of residency rules and regulations may result in disciplinary action.

For purposes of determining residency, STC complies with all applicable state and federal regulations, as well as the Texas Higher Education Coordinating Board recommendations. The STC district includes all of Hidalgo and Starr counties. STC uses three residency classifications for students: “in-district” (students who live in Hidalgo or Starr counties), “out-of-district” (students who live in all other counties within the state of Texas), and “non-residents” (out-of-state or international students). According to STC policy, international students will always be classified as “non-residents.”

It is the student's responsibility to provide a copy of one of the documents listed as 1-3 below, and any other supporting documents required. These documents will be used to establish that the student is domiciled in Texas and has maintained a residence in Texas continuously for at least 12 months prior to the census date of the semester in which the student is enrolling. These documents must be in the name of the student or dependent student’s parent(s) and dated to encompass at least 12 months prior to the census date of the semester in which the student is enrolling.

1. Statement from Employer, including start and current/end dates, which encompasses at least 12 months prior to the census date. Student employment, such as work-study, receipt of stipends, fellowship, research or teaching assistant positions, does not qualify as a basis for establishing domicile.

2. Lease or Rental Agreement/Contract of real property, other than campus housing, which encompasses at least 12 months prior to the census date. If this document is provided as the sole basis of a domicile, it must be accompanied by at least three documents that support the maintenance of this residence for at least 12 months prior to the census date, as follows:
   - Texas high school transcript
   - Texas college or university transcript
   - Permanent Texas Driver License (at least one-year-old)

Generally, the license expiration date minus the date of enrollment should not exceed three years.

(3) Copy of one of the documents below, which must be (a) accomplished and maintained for at least 12 months prior to the census date and (b) accompanied by at least one of the documents above, as follows:
   - Texas Voter Registration Card
   - Texas vehicle registration
   - Bank statements or cancelled checks
   - Utility bill (electric, telephone, water or cable) for the year preceding enrollment
   - Federal income tax return for the previous year

(3) Persons and their dependents, who do not live in the STC district, but who own property that is subject to ad valorem taxation by the STC taxing district, are also classified as "in-district"
students. Proof of ownership of such property is a current certificate of payment provided by the Tax-Assessor Collector of either Starr or Hidalgo counties, which must be submitted with the Application for Admission, re-submitted annually and retained by the College. Dependents of property owners must submit a copy of the income tax return for the previous year, naming the student as a dependent.

If there are any questions about residency classification, it is the student’s obligation, prior to or at the time of enrollment, to raise the questions with the proper College official for a determination. Students classified as “in-district” or “out-of-district” must provide proof of that classification as part of the admissions process, as explained above. If a student’s residency classification changes for any reason, it is the responsibility of the student to notify the proper College official, and failure to do so constitutes a violation. Out-of-state students classified as “non-residents” have not met the state requirements for establishing residency prior to the census date of the semester in which they are enrolling.

Aliens Eligible to Domicile or be Treated as Permanent Residents in the United States
Texas Education Code 54.07 “Aliens. An Alien, who is living in this country under a visa permitting permanent residence or has applied to or has a petition pending with the U.S. Immigration and Naturalization Services to attain lawful status under federal immigration law, has the same privilege of qualifying for resident status for fee purposes under this Act as a citizen of the United States…” Students should contact the Office of Admissions and Records to determine if they have a visa that allows them to domicile.

Aliens Who are Residents of Texas Based on their High School Graduation or Receipt of a GED Certification
Texas Education Code 54.052(j) provides: “Notwithstanding any other provision of this subchapter, an individual shall be classified as a Texas resident until the individual establishes a residence outside this state, if the individual resided with their parent(s), guardian or conservator while attending a public high school in Texas and:

(1) graduated from a public high school or received the GED in Texas;
(2) resided in Texas for at least three years as of the date the student graduated from high school or received the GED in Texas;
(3) resided in Texas for 12 months prior to the census date of the semester in which the student plans to enroll;
(4) provides to the institution an Affidavit, stating that the student will file an application to become a permanent resident at the earliest opportunity the student is eligible to do so.”

All documentation must include the student’s name and address.

- Physical Therapist Assistant…………………………………..40.00
- Radiologic Technology…………………………………..40.00
- Respiratory Therapy…………………………………..40.00
- Vocational Nursing…………………………………..50.00

Dual Enrollment Tuition & Fees:
- Non "S" courses (per credit hour): In-district tuition…………………………………..50.00
- Non "S" courses (per credit hour): Out-of-district tuition…………………………………..78.00
- Fees applicable to non "S" course…waived
- Dual credit late process fee per course per student…………………………………..150.00

Continuing Education Tuition and Fees:
- Continuing Education per contact hour…………………………………..6.00
- Continuing Education Late Registration Fee…………………………………..10.00
- Continuing Education Installment Plan Fee…………………………………..5.00
- Continuing Education Late Installment Plan Fee…………………………………..10.00

Bachelor of Applied Science in Organizational Leadership:
- Competency-Based Format For Seven Week Term…………………………………..750.00

Child Development Center:
- Registration Fee:
  - Fall and Spring Semesters…………………………………..40.00
  - Summer Session…………………………………..20.00
- Reservation Fee:
  - Fall and Spring Semester Breaks…………………………………..65.00
  - Summer…………………………………..20.00
- Supply Fee:
  - Fall and Spring Semesters…………………………………..30.00
  - Summer Session…………………………………..10.00
  - Tuition fee per week…………………………………..120.00
  - Late Pick-up Fee…………………………………..$5/first five minutes and $1/each additional minute

Other Non-Refundable Fees:
- Add/Drop Fee (one-time fee) - 1st class day through Census date…………………………………..25.00
- Withdrawal Fee (one-time fee) - after Census date…………………………………..50.00
- Audit Fee…………………………………..Tuition and Lab Fees
- Credit by Examination Instalment Plan Fee…………………………………..30.00
- Late Installment Payment Fee (for each late payment)…………………………………..30.00
- Late Emergency Loan Payment Fee (for each late payment)…………………………………..30.00
- Reinstatement Fee (after Census date)…………………………………..200.00
- Student I.D. Replacement fee…………………………………..15.00
- Lost or Damaged Library Item Processing Fee…………………………………..30.00
- Lost or Damaged Library Item Fee…………………………………..Cost of item plus a processing fee
- Overdue Library Book/Media Fee (per day)…………………………………..25
- Overdue Library Equipment Fee (per day)…………………………………..1.00
- Overdue Library Reserve Item Fee (per hour)…………………………………..1.00
FINANCIAL INFORMATION

SPECIAL COURSES
The College reserves the right to set appropriate fees and tuition for any special courses which may be offered after publication of this catalog.

FINANCIAL OBLIGATIONS/
ADMITTANCE TO CLASS
- A student who is indebted to South Texas College will not be allowed to register until he/she has cleared all financial obligations due to the College and cleared all Business office and other applicable holds;
- Failure to pay a debt owed to the College may result in dismissal from attending classes after a specific announced date, ineligibility to take final examinations, or to register until such debts are paid.
- No transcripts, grades, or information about the student will be released until such debts are paid.
- Any unpaid and outstanding balance(s) may be forwarded within 120 days after the semester has ended to a contracted Third Party (Collection Agency) to file an adverse report with credit bureaus. (Student will be responsible for the fees of any collection agency, which may be based on a percentage at a maximum of 30% of the debt, and all costs and expenses, including reasonable attorney’s fees, late fees, interest and/or court costs, incurred with the collection of and monies due to the College).
- Bankruptcy: College tuition, fees and other charges are a debt incurred for educational purposes and are considered a Qualified Educational Loan as defined in section 221 (D)(1) of the Internal Revenue Code. Therefore this debt is not dischargeable pursuant to United States Bankruptcy Section 523(a)(8) and may not be dischargeable in bankruptcy. In addition, student may still owe the debt to the college after the bankruptcy.

REGISTRATION
A time period will be set aside each term or semester to permit students to register. Total tuition and fees will be paid at this time. Installment payment plans and an emergency loan program are available during the open enrollment period.

PAYMENTS
- During registration, students are responsible for paying the total cost for tuition and fees on the day of registration by means of cash, personal check, credit card (Visa, Discover, and Master Card), money orders or a cashier’s check. Students may mail-in their payment.
- Failure to pay the required amount for tuition and fees may cause your classes to be automatically dropped; however, be aware that you will still be liable for certain fees. This also applies to student accounts that have a remaining outstanding balance and are under financial aid or are being sponsored by a third party, i.e., Texas Rehabilitation Commission, employer or any other source.
- Failure to make payment may result in the account being sent to a contracted Third Party (Collection Agency) to file an adverse report with credit bureaus. Student will be responsible for the fees of any collection agency, which may be based on a percentage at a maximum of 30% of the debt, and all costs and expenses, including reasonable attorney’s fees, late fees, interest and/or court costs, incurred with the collection of and monies due to the College. Fees will be assessed regardless of payment method.
- Financial Aid credits may be applied to any prior term balances. It is the students responsibility to follow up on any unpaid balances; and have to be paid by the student directly.
- Failure to pay a debt owed to the College may result in dismissal from attending
classes after a specific announced date, inability to take final examinations, or to register until such debts are paid.

- Transcripts, grades, or information about the student will not be released until such debts are paid.

**INSUFFICIENT FUNDS, STOP PAYMENT AND OTHER RETURNED CHECKS**

- Immediate restitution of funds must be made when a check is returned by a bank. Students who have established an insufficient check status on their student account will be required to pay by means of cash, cashier’s check, money order or credit card. Checks will not be accepted.

- To clear a returned check, the student must contact the Cashiers office to pay for the check. A $30 fee will be charged on all returned check items.

- If the check is not paid by the end of the semester, the account becomes delinquent and consequently will be released to one of the external collection agencies or to the District Attorney. Any fees assessed by the collection agency, which may be based on a percentage at a maximum of 30% of the debt, and all costs and expenses, including reasonable attorney’s fees, late fees, interest and/or court costs incurred will be the student’s responsibility.

- Checks returned by the bank due to accounts closed or stop payments are not re-deposited.

- Stopping payment on tuition checks will be considered as an NSF item. Stop payments do not constitute an official withdrawal from the College. An official withdrawal must be processed at the office of Admissions and Records.

- A student who is indebted to South Texas College will not be allowed to register, request official transcripts, receive grades, or receive any other information.

**SCHEDULE CHANGES**

*(Adding and Dropping Courses)*

- If you add a class after your initial payment, it is your responsibility to pay the additional tuition and fees immediately. Failure to do so may result in a drop for non-payment.

- Students must not assume that they will automatically be dropped from their classes if they do not attend.

- Stopping payment on a tuition check does not constitute an official withdrawal from classes. An official withdrawal occurs when a Schedule Change Form is submitted to and processed at the Office of Admissions and Records.

- Dropping and adding a course of equal value is considered an even exchange when done on the same day before the twelfth class day during the Fall and Spring semesters, and fourth class day during the Summer sessions. The student is responsible for the drop/add fee.

- STC will refund a percentage of collected tuition and mandatory fees to students who officially withdraw from their classes, according to the refund schedule established by the Texas Higher Education Coordinating Board.

- Students who officially withdraw from all classes at STC will be assessed a one-time withdrawal fee.

**PAYMENT OPTIONS**

- Fall/Spring semesters - Available up until the twelfth day of semester ONLY!!
- Summer semesters - Available up until the fourth day of the semester ONLY!!

**INSTALLMENT PLANS**

- Online log on to http://jagnet4.southtexascollege.edu or visit Cashier Offices

- To qualify the student must:
  - Be enrolled at STC for the semester
  - Complete the installment plan agreement available on-line or at the Cashiers’ Office
  - Not have a prior balance with STC.
  - Be 18 years old.

- Eligible students may select a payment plan
  - Payment of tuition and registration fee by installment is available each semester during the open enrollment period. Visit the Cashier’s website at http://southtexascollege.edu. Click: Cashiers under Services Menu.
  - Eligible students may select a payment plan during the open enrollment period. For payment plan details visit us online at: http://www.southtexascollege.edu under Services Menu, Click Cashiers.

- Incidental fees associated with the installment payment plan are as follows:
  - $30.00 processing fee due at time of enrollment
  - $30.00 late payment fee assessed if total balance outstanding is not paid by “each” scheduled due date.

- Students who fail to make full payment of tuition and fees, including any incidental fees, by the due date may be prohibited from registering for classes until full payment is made.

- Installment Due dates as per Installment Agreement and Cashiers’ website.

**EMERGENCY LOAN PROGRAM**

*(subject to availability)*

- Is a short-term loan to pay for tuition and fees, and textbooks therefore, must be repaid.

- Student may apply for an emergency loan during the processing period until funds are exhausted.

- Processing period:
  - Fall and Spring semesters- Available during the first twelve (12) days of the semester.
  - Summer sessions- Available during the first four (4) days of the semester.
To qualify the student must:
- Be enrolled for a minimum of three credit hours
- Not have an outstanding balance owed to STC and not be in default with any student loans.
- Be 18 years old

Eligible students:
- Applications are available at the Cashier Office.
  - Tuition & Fee Emergency Loan:
    - Initial payment of required percentage to be paid by student
    - Emergency Loan will cover the remaining balance
  - Textbook Emergency Loan:
    - No Initial payment is required
    - Textbook loan will be disbursed on the next scheduled refund date

Due dates as per the Emergency Tuition and Fees Loan Application and Promissory Note and Cashiers website.

Please note that the student is responsible for 100% of tuition and fees if Emergency Loan funds are not available.

THIRD PARTY CONTRACTS AND SCHOLARSHIPS
Third Party contracts constitute written agreements between a third party (i.e., Texas Rehabilitation Commission, WIA) and South Texas College; wherein, payment for tuition and fees for a student is to be paid to STC by a third party. The student must provide the written agreement prior to or during registration and present such agreement or document as a third party voucher, defferment form, or contract to the Financial Aid office.

If the donor issues a scholarship check made payable to the student or STC and the student is initially presented a scholarship award letter to STC, it is the student's responsibility to present the check to STC.

CONCURRENT ENROLLMENT FEES
Students enrolled at two Texas public institutions of higher education.

The total amount of tuition charged at STC may be determined differently if the student registers at more than one Texas public institution of higher education at the same time. Incidental fees are billed by each institution at its regularly authorized rates. The student in this situation is liable for full tuition payment at registration. Proof of dual enrollment in the form of a receipt is required at the office of Admissions and Records on a semester basis.

During the Fall and Spring semesters, proof must be submitted before the twelfth "class day". During the summer sessions, proof must be submitted before the fourth "class day" for evaluation and necessary adjustments. "Class day" refers to STC’s scheduled class day, not the students’ class meeting days.

Appropriate refunds will be determined by payment method and will be issued either by mail to the student’s address on file at the office of Admissions and Records, credit card, or refund preference selected on JAGCARD.

REFUNDS

The “effective date” of a class drop or add is the date the course schedule form is received at the office of Admissions and Records from the student. The refund policy also applies to drop due to advisement from faculty.

“Class days” refers to STC’s scheduled class days, not the students’ class meeting days.

REFUND GUIDELINES
- The College may apply existing credits to the student’s delinquent outstanding debt.
- All students who are eligible for a cash refund will receive the refund via mail or preference selected on JAGCARD.
- Refunds made in accordance with NACHA (National Agency Clearing House Association) and the Merchant Services Agreement (merchant shall make no cash refunds to purchasers on Card sales):
  - If classes are paid with a credit card, a refund is to be first applied to the original credit card payment.
  - Any Financial Aid posted after the account has been paid by a credit card is refunded back to the credit card before any money is refunded to the student.
  - There will be NO exceptions to this procedure.

As prescribed by the Texas Higher Education Coordinating Board, the STC refund policy is as follows:

TUITION
(Excludes Mini-mesters)
Refund percentage may be greater than stated below.

FALL AND SPRING SEMESTERS
Prior to or on the second class day... 100 percent
During the next 13th class days ....... 70 percent
During the 16th through
20th class days ................................... 25 percent
After the 20th class day.............................. None

SUMMER I AND II SESSIONS
Prior to or on the first class day....... 100 percent
During the next four class days ...... 70 percent
During the sixth class day ............... 25 percent
After the sixth class day................. None

SUMMER III SESSION
Prior to or on the first class day....... 100 percent
During the next eight class days....... 70 percent
During the 10th through
12th class days .............................. 25 percent
After the 12th class day...................... None
To comply with HB 1096 (81st Legislature of Texas) South Texas College advises that a student of this institution is under no obligation to purchase a textbook from a college-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

**INCIDENTAL FEES**
(Excludes Mini-mesters)

**OTHER FEES**
Audit Fee, Credit by Exam Fee, Reinstatement Fee, Installment (Processing and Late) Fee, Emergency Loan Late Fee, and any other fee approved by the Board of Trustees of South Texas College.

Prior to the first class day ............... 100 percent
First class day and after .......................... None

Textbooks must be in original condition.
No refunds or exchanges without original receipt
* No refunds on supplies
* Texts purchased the last week of classes or during exams are ineligible for refunds.
* The bookstore charges a $25 fee for returned checks.

**DROP OR WITHDRAWAL FROM STC**
To officially withdraw or drop from the college, a student must go to the office of Admissions and Records.

STC will refund a percentage of collected tuition and mandatory fees to students who officially withdraw or drop from the institution according to the refund schedule established by the Texas Higher Education Coordinating Board.

Dropping and adding a course of equal value is considered an even exchange when done prior to the twelfth class day during the Fall and Spring, and fourth class day during the summer sessions. The student will be responsible for the drop/add fee. After the twelfth class day or fourth class day, whichever applies, a percentage for the course dropped will be charged. Please read the section on refunds and registration fees for further information.

Students who officially withdraw from all courses at the college after a specific date will be assessed a one-time withdrawal fee.

**BOOKSTORE REFUNDS**
Bookstore services are contracted with Barnes & Noble College Booksellers which determines the bookstore refund policy.

The policy listed below is, therefore, subject to change at the discretion of Barnes & Noble.

> A full refund will be given in your original form of payment if textbooks are returned during the first week of classes with original receipt, first 3 days of summer school, one day for mini mester.
> With proof of a schedule change and original receipt, a full refund will be given in your original form of payment during the first 30 days of classes. First 14 days for Summer classes.
> No refunds on unwrapped loose leaf books or activated eBooks.
This chart highlights some differences among the benefits discussed in this publication. See the text for definitions and details. DO NOT RELY ON THIS CHART ALONE. CAUTION: You generally cannot claim more than one benefit for the same education expense.

*Qualified Tuition Program (QTP) applies only to undergraduate and graduate students.*
TRANSFER OF CREDIT TO SOUTH TEXAS COLLEGE
A student transferring from another accredited college or university is eligible for admission if the student is eligible for readmission to the institution previously attended. Students who are on academic or disciplinary suspension from the last institution attended will be admitted to the College on a probationary status for one term only and will be blocked from further registration until term grades illustrating positive scholastic progress are available. Transfer students must comply with the Standards of Scholastic Progress. Credits for courses in which a passing grade, “C” or better, has been earned may be transferred to South Texas College from any college accredited through one of the regional accrediting associations of the Association of Colleges and Schools. Developmental, or other non-degree credit courses are not transferable and may not be used in the calculation of the transfer grade point average.

Coursework completed at a college outside the United States should be evaluated by an American Association of Collegiate Registrars and Admissions officers (AACRAO) approved transcript evaluation service. A list of such services is available at the office of Admissions and Records. A course-by-course evaluation of a transcript which has been translated to English will be completed by appropriate personnel as needed for a degree plan or program planning in the enrollment.

TRANSFER OF CREDIT FROM SOUTH TEXAS COLLEGE
Lower-division courses included in the ACADEMIC COURSE GUIDE MANUAL and specified in the definition of “Lower-Division Course Credit” shall be freely transferable to and accepted as comparable degree credit by any Texas public institution of higher education where the equivalent course is available for fulfilling baccalaureate degree requirements. It is understood that each Texas institution of higher education may have limitations that invalidate courses after a specific length of time.

For Texas community colleges, these freely transferable courses are identified in the latest revised edition of the Texas Higher Education Coordinating Board Publication LOWER-DIVISION ACADEMIC COURSE GUIDE MANUAL-(revised Spring 2014). Specifically excluded are courses designated as vocational, ESL, ESOL, technical, developmental or remedial, and courses listed as “basic skills.”

For senior four-year institutions, lower division courses that have the same course content and identified in the Texas Common Course Numbering System (TCCNS) database as approved by the Coordinating Board shall bear equivalent credit. Specifically excluded are courses designated as ESL, ESOL, technical, and developmental/remedial courses.

For information regarding transferability of courses to institutions outside of Texas, students should check with the institution receiving the credit.

TRANSCRIPTS FROM OTHER INSTITUTIONS
South Texas College does not issue copies of transcripts (high school or university) or other documents received from other institutions.

Notice: As permitted under section 99.34 (a)(1) (i) of the Family Educational Rights and Privacy Act of 1974 as amended, and upon the request of The University of Texas-Pan American, South Texas College will forward educational records to UT-Pan American for students who seek or intend to enroll there.

TRANSFER DISPUTES
The following procedures shall be followed by institutions of higher education in the resolution of credit transfer disputes involving lower-division courses:

If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied, and shall include in that notice the reasons for denying the credit. Attached to the written notice shall be the procedures for resolution of transfer disputes for lower-division courses as outlined in this section, accompanied by clear instructions outlining the procedure for appealing the decision to the Commissioner.

A student who receives notice as specified in paragraph (1) of this subsection may dispute the denial of credit by contacting a designated official at either the sending or the receiving institution.

The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Board rules and guidelines.

If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial, the sending institution may notify the Commissioner in writing of the request for transfer dispute resolution, and the institution that denies the course credit for transfer shall notify the Commissioner in writing of its denial and the reasons for the denial.

The Commissioner or the Commissioner’s designee shall make the final determination about a dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.
ORIENTATION 101
(COLLEGE SUCCESS)
This course helps the student to determine a personal learning style, manage time and money, memorize information, read textbooks for maximum learning, take effective class notes, take tests, think critically, communicate, develop a career plan, write a resume, and dress and interview successfully for employment.

This course is a requirement for all first-time developmental students who have not passed all sections of the TSI ASSESSMENT TEST. This course is also required for all students (including transfer students) with grade point averages below 2.0. It is not required for students enrolled in a certificate program (42 or fewer semester credit hours or equivalent) or for students who are TSI Exempt.

CHANGE OF SCHEDULE
Students must use a drop/add form for all schedule changes once classes have begun. If the request originates with the student, the change must be completed within the time specified in the college calendar. A one-time fee of $25 will be charged. The College reserves the right to make changes in a student’s schedule; when this occurs, no fee is charged.

Within the parameters of the calendar in effect, student may drop a course. A grade of “W” (Withdrawn) may be received. Refer to the academic calendar for information concerning withdrawal dates.

Students who are Texas Success Initiative (TSI) mandated to attend a developmental course(s) must remain in at least one developmental course unless they plan to withdraw from the College. Upon re-enrollment, the student must enroll in developmental courses as approved by the office of Student Support Services.

All changes in schedule, including adding and dropping courses, must be arranged by the student in writing. Changes are not official until all steps in the process have been completed. Records of withdrawal and re-enrollment will be maintained.

WITHDRAWAL FROM SEMESTER CREDIT COURSES
Initiation of Withdrawal Withdrawal from a course results in a grade of “W” and may be affected through action taken by the affected student, the course instructor, the instructor’s immediate supervisor, or the appropriate administrator.

A student who decides to withdraw from a specific course(s) should initiate withdrawal procedures by securing a drop form from the Office of Admissions and Records or any Student Information Center. The form must be turned in to the office of Admissions and Records prior to the published deadline for withdrawals. Students who are failing a course and have not withdrawn as of the established deadline will receive an “F”.

A student who is not progressing satisfactorily toward completion of course objectives due to non-attendance may be withdrawn from the course by the instructor prior to the published deadline for withdrawals.

It is the student’s responsibility to initiate the withdrawal process. The College is not responsible for any liabilities incurred as a result of the student’s failure to officially withdraw from the College. Students whose circumstances require them to discontinue attending a course should promptly take steps through the Office of Admissions and Records to officially withdraw from it. Failure to withdraw properly will result in a grade of “F” in the course. Instructors are authorized, but not required, to withdraw students that in their opinion are not able to successfully complete a course.

A student may appeal an instructor-initiated withdrawal.

Course withdrawals may occur at any time after the official reporting date of a semester and up to the established deadline for withdrawals in each semester. The established deadline will be approximately three weeks prior to the end of each semester. The specific deadline will be published in a timely manner in the appropriate College publications.

COURSE LOAD
A full-time student is defined to be a student enrolled in 12 or more semester hours. The normal course load during the regular semester is five courses equal to 15 to 17 semester hours. The normal course load for each Summer term is two courses totalling six to eight semester hours.

BASIC SKILLS TEST
The Texas State Education Code requires that all students be tested for reading, writing, and mathematics skills. All full-time or part-time students enrolled in a degree program or certificate program that deviates from their certificate degree plan and students in high school enrolling in a college-level course MUST take the TSI ASSESSMENT EXAM before enrolling in any college-level credit coursework. For more information about placement testing and the TSI ASSESSMENT EXAM, refer to the TSI section located in the Admissions Guidelines chapter of this catalog.

Students scoring below college level in their basic skills (reading, writing, mathematics) must be “continuously” enrolled in developmental coursework for any section of the TSI ASSESSMENT EXAM not passed.

Students who require developmental coursework activity, but do not register for developmental coursework, will be required to drop academic courses in which they were enrolled.
The following STC academic courses are transferable in accordance to the Texas Common Course Numbering System. Four-year institutions determine which courses will be required for degrees at their institution. (Last modified: May 2014)

CREDIT BY EXAMINATION
Credit given by examination may be earned in all technical courses. Students who have been given grades other than a “W” in the course are eligible for credit by examination unless the course is otherwise unavailable and is required for graduation. Grades for credit by examination are recorded as credit and are not considered in computing grade point averages. The minimum passing score for credit by examination is 80.
Credit earned by students not yet enrolled at STC are held in escrow until the student earns six traditional credit hours at STC. Students may earn no more than 15 credit hours by examination. Credit awarded for testing at South Texas College may or may not meet minimum requirements for credit at other institutions. It is the student’s responsibility to check with the school they plan on attending to verify transfer requirements.

COLLEGE ENTRANCE EXAMINATION BOARD (CEEB)
High school seniors anticipating advanced placement through CEEB Advanced Placement should make arrangements with their counselors to take the proper examination. This should be far enough in advance of their first college semester for their scores to be received by the college and to be evaluated before the first registration period begins. A student must have taken the CEEB within the last five (5) years in order to receive credit.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)
CLEP Subject Examinations are standardized, 90-minute, multiple-choice tests designed for credit-granting purposes in specific areas. The exams are given by arrangement, and one or two tests can be taken in one day of testing. For a list of test dates, visit the Testing Center. In preparing for the test, the examinee may purchase a publication titled The official Student Guide for the CLEP Examinations, available in the bookstore, or order one from the College Board using the order from attached to the CLEP Registration Admission Form. An examinee does not have to be enrolled at STC to take a CLEP test on campus; however, no STC credit will be posted to a transcript until the student officially enrolls and earns six (6) hours of academic credit. A student must have taken the CLEP exam within the last five (5) years in order to receive credit.

Individuals planning on transferring to other institutions may take the exams at this center. However, the individual is responsible for checking with the institution at which he or she is planning to enroll to verify which CLEP tests are accepted for credit.

CREDIT FOR INTERNATIONAL BACCALAUREATE DIPLOMA (IBD)

The International Baccalaureate Diploma is an international program of courses and exams offered at the high school level. South Texas College will grant (CR) credit for IB exams with certain required scores.

Students with IB diplomas or certificates may receive up to 24 semester credit hours based upon minimum scores of 4 in either the Standard Level (SL) or Higher Level (HL) subject group examinations. However, course credit does not have to be awarded on any IB exams where the score received is a 3 or less. This may mean that such students will not receive 24 hours of college credit, even if they have an IB diploma.

Eligibility for Award of Credit
Prior to the award of college credit for IB diplomas or certificates, the student:
A. Must meet all admissions requirements of the College.
B. Must be pursuing a certificate or degree with a declared major.
C. Must officially enroll and earn six (6) hours of academic credit.
D. Must submit and official IB diploma or certificate and request examination scores directly from the International Baccalaureate Organization (IBO).
E. Must have received at least a minimum score of 4 on the curriculum subject examination.
F. Must petition for award of IB credit. Student may choose which credit is to be transcribed if IB scores indicate more than 24 credit hours meet established criteria.

STC will not award a degree based solely upon the number of IB credits transferred in toward a degree requirement. STC policies require students to take 25% of credit hours from South Texas College as a graduation requirement.

Students bringing in an IB transcript for credit evaluation should consider the total number of qualifying credits to be awarded. Additional hours above the required amount to graduate may have an adverse impact on students' financial aid or other grant programs. In addition, no Texas public university or college shall be required to accept in transfer or toward a degree program more than sixty-six (66) semester credit hours of lower division academic credit.

Certain grades are utilized in particular courses. Each course syllabi will indicate the grades that may be issued in the course.

The grade of "I" (for Incomplete) may be given by an instructor in certain circumstances for a course in which a student was unable to complete all of the objectives for the passing grade level attempted. The student must complete all of the objectives as dictated by the instructor by the end of the next long (Fall or Spring) term. Failure to complete all requirements by the end of the next long (Fall or Spring) term will result in a final grade of "F" or "NP" for the course.

With the exception of the "I", all grades are considered final unless College error is involved. In the event of a grade dispute, an appeal process is provided.

In the case of a repeated course, the last grade received will be used for degree plan requirements as applicable and as part of the student's cumulative grade point average.

South Texas College accepts the responsibility to establish and maintain standards of excellence in the courses taught and to subscribe to the following principles:

1. We recognize the need for consistency and fairness in the evaluation of student performance.
2. We fully recognize the need to maintain public confidence in the academic integrity of the College.

Students are expected to meet academic standards for coursework completed at South Texas College. Students who fail to maintain a cumulative grade point average of 2.00 (C average) are considered scholastically deficient and will be placed on academic probation, continued academic probation or academic suspension as appropriate. All grade points earned by a student will be included in the computation of the current semester grade point average. All grade points earned by a student, including developmental courses and the College Success course, will be included in the computation of the cumulative grade point average. In the case of a repeated course, the last grade recorded will be used in the computation.

The scholastic progress standards for students attending the College are as follows:

<table>
<thead>
<tr>
<th>LEVEL OF ACADEMIC STATUS</th>
<th>GPA CRITERIA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Good Standing</td>
<td>Cumulative GPA is 2.00 or above</td>
</tr>
<tr>
<td>Academic Probation</td>
<td>Cumulative or current semester GPA, including developmental coursework, below 2.00.</td>
</tr>
<tr>
<td>Continued Academic Probation</td>
<td>Previously on Academic Probation and current semester GPA is below 2.00.</td>
</tr>
<tr>
<td>Academic Suspension</td>
<td>Previously on Continued Academic Probation and current semester GPA is below 2.00.</td>
</tr>
</tbody>
</table>

Good Standing, Academic Probation, Continued Academic Probation, and Academic Suspension will be determined each regular (Fall or Spring) semester on the basis of the student's current semester grade point average, including developmental studies and College Success coursework. Academic suspension may last for one regular fall or spring semester. Students placed on academic suspension may enroll for summer sessions for the purpose of raising their cumulative GPA to the level required for good standing.

Academic Probation

Academic Probation is a system of monitoring student grades in all South Texas College courses in order to identify those who are experiencing difficulty in making satisfactory progress.

Academic Probation occurs at the end of any semester when a student's current semester GPA drops below 2.00.

Continued Academic Probation

Continued Academic Probation is a system of monitoring student grades in all South Texas College for students placed on Academic Probation in order to identify those who continue to experience difficulty in making satisfactory
ATTENDANCE POLICY

The South Texas College policy states:
As a premier learning-centered higher education institution, student attendance and participation is paramount to academic success; therefore, regular and punctual attendance in class and laboratories is expected of all students.

It is the student's responsibility to communicate with the faculty member concerning any absence as specified by the respective course syllabus. The student may be required to present evidence to support an absence and make-up work for class absences will be permitted only as specified by the faculty in the course syllabus.

Dropping a course is the responsibility of the student and not taking the appropriate steps may result in an "F" for the course.

In addition to Division based guidelines related to attendance, faculty may drop students, prior to the withdrawal deadline when, in the opinion of the faculty, the student would have difficulty in successfully completing the course.

STUDENT ABSENCES ON RELIGIOUS HOLY DAYS

South Texas College shall excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within one week after the absence.

A student who is excused may not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination.

In some cases, a letter of verification of the observed holy day from the religious institution may be required. Forms are available in the office of Admissions and Records at each campus.

DEVELOPMENTAL STUDIES PROGRAM

South Texas College offers students the opportunity to develop college-level skills in mathematics, reading, writing and college success.

TSI liable students who do not pass the state-required TSI assessment must remain in Developmental Studies courses for the areas in which they have not met the TSI requirement until they pass all three sections (Reading, Writing, and Mathematics) of the TSI approved assessment, or successfully complete the Developmental Course sequence.

Failure to remain in a Developmental Studies course may result in the students' compulsory withdrawal from all college courses.

Students seeking assistance in successfully completing the Developmental course sequence or in preparing for TSI assessments may receive academic support through STC's The Center for Learning Excellence, which offers tutoring services, skills enrichment workshops, and access to academic computer labs with electronic learning resources.

progress. Continued Academic Probation occurs at the end of the semester following Academic Probation when a student's current semester GPA remains below 2.00.

Academic Suspension

Academic Suspension is a system of forced interruption in attendance at the College in those instances where a student is unable to maintain satisfactory academic progress. Academic Suspension occurs when the student who has previously been on Continued Academic Probation fails to earn a 2.00 in the current semester.

Readmission After A Period of Suspension

After a period of scholastic suspension, a student may be readmitted on academic probation. Before readmission under probationary status, the suspended student must report to office of Counseling and Advising for an academic counseling interview.

A student on academic suspension who raises their cumulative GPA to 2.00 or higher can be reinstated in good standing following application to the office of Admissions and Records. Removal from suspension can be most effectively accomplished by re-enrolling for courses in which the student has a failing grade.

If a student who has been suspended feels that unusual circumstances warrant a review, the student may provide a written appeal to the Scholastic Appeals Committee in care of the Counseling and Advisement Center.

All students are responsible for knowing whether they are eligible to continue at the College. An ineligible student who nevertheless registers shall be dropped and cannot attend classes. Students shall not receive special consideration for lack of knowledge of scholastic status, regardless of whether the student registered and paid fees.

The South Texas College policy states:
As a premier learning-centered higher education institution, student attendance and participation is paramount to academic success; therefore, regular and punctual attendance in class and laboratories is expected of all students.

It is the student's responsibility to communicate with the faculty member concerning any absence as specified by the respective course syllabus. The student may be required to present evidence to support an absence and make-up work for class absences will be permitted only as specified by the faculty in the course syllabus.

Dropping a course is the responsibility of the student and not taking the appropriate steps may result in an "F" for the course.

In addition to Division based guidelines related to attendance, faculty may drop students, prior to the withdrawal deadline when, in the opinion of the faculty, the student would have difficulty in successfully completing the course.
STUDENT CODE OF CONDUCT

Detailed information regarding South Texas College's expectations for students is presented in the Student Code of Conduct.

The Student Code of Conduct is an articulation of South Texas College's commitment to maintaining an environment that recognizes and supports the rights of its students and provides a guide for defining behaviors the College considers inappropriate.

The Student Code of Conduct is available in the Student Handbook, which can be found online at http://life.southtexascollege.edu or by contacting the Office of Student Conduct at 956-872-2180.

ACADEMIC HONORS

HONORS PROGRAM

The South Texas College Honors Program is designed to provide progressive opportunities for study and innovative challenges to students who are highly motivated, intellectually gifted, academically well-prepared, and/or exceptionally creative.

The program offers unique opportunities for enrichment that will enhance and encourage intellectual curiosity, good citizenship, and leadership skills.

Admission Requirements

Students must apply for admission to the Honors Program and once accepted they must sign an Honors Program Student Course Contract for each Honors course registered. Applications may be obtained from the Academic Excellence Office or website. Each application will be reviewed and admission will be determined by the Academic Excellence Staff. Students may apply at any time during the academic year. For further information about the Honors Program, contact the Academic Excellence Office 956-872-6440.

To be eligible to apply for the STC Honors Program, students currently enrolled at STC must be Texas Success Initiative (TSI) complete and must have a cumulative college GPA of 3.25. Students entering STC following graduation from high-school must have a cumulative high-school GPA of 3.5. To apply, the student must: 1. Submit a complete Honors Application; 2. Submit STC transcript; 3. Meet with Academic Excellence staff.

All Honors Program students will receive Honors course advising, scheduling, and consultation.

Curriculum Structure, Honors Instruction

The Honors Curriculum is concentrated in coursework designated as STC Core Curriculum and Bachelors of Applied Technology required courses at South Texas College.

The Honors Curriculum will be presented to students in specially designed Honors class sections. Each Honors section is limited in enrollment, instructed by specifically chosen instructors, and incorporates enrichment activities or thematic exploration.

HONORS PROGRAM GRADUATION

Students, who have applied for an Associate degree and have completed 12 hours of Core Curriculum Honors courses and maintained a 3.25 or higher GPA, will graduate from the Honors Program.

Students, who have applied for the Bachelors of Applied Technology degree and have completed 12 hours of BAT Curriculum Honors courses (including Capstone) and maintained a 3.25 or higher GPA, will graduate from the Honors Program.

PHI THETA KAPPA INTERNATIONAL HONOR SOCIETY - BETA EPSILON MU CHAPTER

The purpose of Phi Theta Kappa is to recognize and encourage scholarship among associate degree students.

To achieve this purpose, Phi Theta Kappa provides opportunities for the development of leadership and service, for an intellectual climate to exchange ideas and ideals, for lively fellowship for scholars, and for stimulation of interest in continuing academic excellence.

Each fall and spring semester invitation for membership is extended by the Beta Epsilon Mu Chapter to students who are currently enrolled, have completed at least 12 academic transferrable hours of coursework leading to an associate degree, and have a cumulative GPA of 3.5 or higher (transferable courses only).

For further information, contact the Academic Excellence Office at 872-6440.

VALLEY SCHOLARS PROGRAM

The Valley Scholars Program was established in 1997 to recognize and promote academic excellence by providing financial assistance, academic support services, mentoring, and leadership development. The program provides a foundation that empowers students to excel in their academic achievements and to become leaders that will make significant contributions to their communities.

Valley Scholars are Hidalgo and Starr County high school graduates in the top 10 percent or within an 85 percent grade point average. Students in the program receive a scholarship, individualized advisement, academic excellence workshops, annual college tours, employment and leadership opportunities on campus, and transfer scholarship opportunities.

Eligibility for the program is contingent on students being enrolled at the college on a full time basis, maintaining a GPA of 3.0 each semester, and participating in scholastic and leadership activities.
Certificate programs are workforce education programs consisting of 15-59 semester credit hours. Certificate programs are designed to prepare students with the competencies necessary to enter a technical or professional field and are normally a building block toward an A.A.S. degree.

Level One Certificates consist of 15-42 semester credit hours and are Texas Success Initiative (TSI) Exempt.

Level Two Certificates consist of 43-59 semester credit hours and require completion of TSI Alternative Exam for graduation.

The specialty does not result in a different A.A.S. degree, but allows the student to focus on a specific area within their chosen field.

General Education Requirements
All workforce education students at STC are required to complete a minimum of 15 semester credit hours in general education courses before receiving an A.A.S. degree.

These 15 hours of general education courses must include at least one course in each of the following three areas: humanities/fine arts; social/behavioral sciences; and mathematics/natural sciences.

Certificate programs are workforce education programs consisting of 15-59 semester credit hours.

Certificate programs are designed to prepare students with the competencies necessary to enter a technical or professional field and are normally a building block toward an A.A.S. degree.

Level One Certificates consist of 15-42 semester credit hours and are Texas Success Initiative (TSI) Exempt.

Level Two Certificates consist of 43-59 semester credit hours and require completion of TSI Alternative Exam for graduation.

EDUCATIONAL PROGRAMS

ASSOCIATE OF APPLIED SCIENCE DEGREE (A.A.S.)
An Associate of Applied Science degree is awarded upon completion of a prescribed program of study of 60-72 semester credit hours in a technical or professional field. A.A.S. curricula are designed to enable the student to master competencies required to enter an occupation with marketable skills upon graduation.

Specialization
Some A.A.S. degrees offer curricula variations that allow students to specialize.

Baccalaureate Programs
South Texas College currently offers a Bachelor of Applied Technology (B.A.T.) in Technology Management, Computer and Information Technologies, and Medical and Health Services; and a Bachelor of Applied Science in Organizational Leadership.

The B.A.T. in Technology Management consists of the 42 semester-credit-hour Core Curriculum, 33 semester-credit-hours of lower-division technical specialty courses, and 45 semester-credit-hours of upper-division coursework in Technology Management.

The B.A.T. in Computer and Information Technologies consists of the 42 semester-credit-hour Core Curriculum, 39-40 semester-credit-hours of lower-division technical specialty courses, and 39 semester-credit-hours of upper-division coursework in Technology Management.

The B.A.T. in Medical and Health Services Management consists of the 42 semester-credit-hour Core Curriculum, 33 semester-credit-hours of lower-division technical specialty courses, and 45 semester-credit-hours of upper-division coursework.

The B.A.S. Organizational Leadership consists of the 42 semester-credit-hour Core Curriculum, 48 semester-credit-hours of lower-division technical specialty courses, and 30 semester-credit-hours of upper-division coursework.

ASSOCIATE OF ARTS AND ASSOCIATE OF SCIENCE DEGREE (A.A. AND A.S.)
The Associate of Arts and Associate of Science degrees are designed for students planning to transfer credits to a baccalaureate degree program at a four-year institution.

The curricula in this catalog will satisfy the requirements of most four-year institutions. However, students must consult the catalog of
the institutions to which they wish to transfer to determine the specific requirements of the receiving institution.

Formal articulation agreements have been established with several other institutions to facilitate the transfer of credit. For more information, consult your advisor.

- **Core Curriculum**
  The Core Curriculum includes courses in communication, mathematics, natural sciences, humanities, visual and performing arts, social and behavioral sciences, and computer science. All students are required to complete the Core Curriculum before receiving an A.A. or A.S. degree.

If a student successfully completes the entire 42-semester-credit-hour core curriculum at STC, that block of courses may be transferred to any other public institution of higher education in Texas and will be substituted for the receiving institution's core curriculum.

- **Field of Study Curriculum**
  The Field of Study Curriculum includes a set of courses that will satisfy the lower division requirements for a baccalaureate degree in a specific academic area.

A student, who does not plan on earning a degree from South Texas College, but plans on transferring to a senior college or university, should follow the appropriate degree plan from the receiving institution.

---

**GRADUATE GUARANTEE**

Subject to the conditions listed below, South Texas College guarantees that students earning the Certificate of Completion, Associate of Applied Science Degree, or Bachelor of Applied Technology, will have the job skills necessary for entry level employment in the technical field for which they have been trained. If an employer judges the graduate as lacking in skills identified by the College as the exit level program competencies, the employer will be provided up to 12 tuition free credit hours of additional training.

Special conditions which apply to this guarantee are as follows:

1. The graduate must have earned the Certificate of Completion, Associate of Applied Science degree, or Bachelor of Applied Technology beginning September 1994, or thereafter in a Technical/Vocational/Occupational program identified in the College catalog.

2. The graduate must have completed the degree or certificate program with the College (with 75% of credits earned at the College) and must have completed the graduation requirements within a 3 year time span for the Certificate of Completion, a 5 year time span for the Associate of Applied Science, and a 7 year time span for the Bachelor of Applied Technology, or Bachelor of Applied Science.

3. The graduate must be employed full-time in an area directly related to the area of program concentration as certified by the appropriate career program chair.

4. Employment must commence within 12 months of graduation.

5. The employer must certify in writing that the employee is lacking entry-level skills identified by the College as the exit level program competencies and must specify the areas of deficiency within 90 days of the graduate's initial employment.

6. The employer, graduate, program chair, counselor, and appropriate faculty member will develop a written educational plan for retraining.

7. Retraining will be limited to 12 credit hours related to the identified skill deficiency and to those classes regularly scheduled during the period covered by the retraining plan.

8. All retraining must be completed within a calendar year from the time the educational plan is agreed upon.

9. The graduate and/or employer is responsible for the cost of books, insurance, uniforms, fees, and other course-related expenses.

10. The guarantee does not imply that the graduate will pass any licensing or qualifying examination for a particular career.

11. The students' sole remedy against the College and its employees for skills deficiencies shall be limited to 12 credit hours of tuition-free course work under conditions described above.

12. Activation of the "Graduate Guarantee Program" may be initiated by the graduate through contact with the appropriate administrator within 90 days of the graduate's initial employment.

---

**GRADUATION REQUIREMENTS**

South Texas College awards the Bachelor of Applied Science, Bachelor of Applied Technology, Associate of Art and Associate of Science degrees, Associate of Applied Science and the Certificate of Completion.

A student who enrolls at South Texas College during any academic year and who earns credit for work done during that year may graduate under the degree requirements provision of the catalog in force during the student's first semester of enrollment, provided that the student graduates within seven years for the bachelor degree program, within five years for an associate degree program, and within three years for a certificate
program. Otherwise, the student may graduate by fulfilling the degree requirements as published in the catalog in force at the time of the student's graduation.

**GRADUATION CEREMONY AND APPLICATION**
The ceremony for graduation is held in May or at such other times determined by the Board based upon the needs of the College.

Although participation is optional, graduates are strongly encouraged to participate in the ceremony so that faculty and staff may publicly express their congratulations to each student.

Those who have satisfied the following requirements may be graduated.

**BACHELOR OF APPLIED SCIENCE AND BACHELOR OF APPLIED TECHNOLOGY**
To be awarded the Bachelor of Applied Science or Bachelor of Applied Technology, the student must satisfy the following requirements:

1. Complete the appropriate course of study for a Bachelor of Applied Science or Bachelor of Applied Technology program as specified in the College catalog. Developmental, or other non-credit, coursework does not apply toward graduation requirements.
2. South Texas College will accept a maximum of 45 semester credits of applicable course work transferred from another accredited college or university toward a Bachelor of Applied Science or Bachelor of Applied Technology granted by STC.
3. Maintain a minimum average of “C” (2.0 G.P.A.) for all courses in the area of specialization and a minimum overall cumulative average of “C” (2.0 G.P.A. in all other courses).
4. Pay all debts to the College prior to graduation.

**ASSOCIATE OF ART**
To be awarded the Associate of Art degree, the student must satisfy the following requirements:

1. Complete the appropriate course of study for an Associate of Art program as specified in the College catalog. Developmental, or other non-credit, coursework does not apply toward graduation requirements.
2. South Texas College will accept a maximum of 45 semester credits of applicable course work transferred from another accredited college or university toward an AS granted by STC.
3. Maintain a minimum average of a “C” (2.0 G.P.A. in all other courses).
4. Pay all debts to the College prior to graduation.

**ASSOCIATE OF SCIENCE**
To be awarded the Associate of Science degree, the student must satisfy the following requirements:

1. Complete the appropriate course of study for an Associate of Science program as specified in the College catalog. Developmental, or other non-credit, coursework does not apply toward graduation requirements.
2. South Texas College will accept a maximum of 45 semester credits of applicable course work transferred from another accredited college or university toward an AS granted by STC.
3. Maintain a minimum average of a “C” (2.0 G.P.A. in all other courses).
4. Pay all debts to the College prior to graduation.

**ASSOCIATE OF APPLIED SCIENCE**
To be awarded the Associate of Applied Science degree, the student must satisfy the following requirements:

1. Complete the appropriate course of study for a 2 year Associate of Applied Science program as specified in the College catalog. Developmental, or other non-credit, coursework does not apply toward graduation requirements.
2. South Texas College will accept a maximum of 45 semester credits of applicable course work transferred from another accredited college or university toward an AAS granted by STC.
3. Maintain a minimum average of “C” (2.0 G.P.A) for all courses in the area of specialization and a minimum overall cumulative average of “C” (2.0 G.P.A) in all other courses.
4. Pay all debts to the College prior to graduation.

**CERTIFICATE OF COMPLETION**
To be awarded the Certificate of Completion, the student must satisfy the following requirements:

1. Complete a course of study for a Certificate of Completion program as specified in the College catalog. Developmental, or other non-credit, coursework does not apply toward graduation requirements.
2. South Texas College requires that at least 25% of the required semester credits be completed through South Texas College.
3. Maintain a minimum average of “C” (2.0 G.P.A) for all courses in the area of specialization and a minimum overall cumulative average of “C” (2.0 G.P.A) in all other courses.
4. Pay all debts to the College prior to graduation.

**COURSE SUBSTITUTIONS**
All course substitutions must be initiated at the departmental level.

The Program Chair of the student’s major will complete and approve the Course Substitution and forward it to the Program Chair of the course owner for review and approval. Then, the Dean of the course owner will review, approve and forward the approved course substitution request to the office of Admissions and Records for processing.
THE OFFICE OF STUDENT AFFAIRS

The Office of Student Affairs enhances the student experience through the development, delivery and evaluation of policies, programs, services and facilities that complement the academic mission of South Texas College and addresses issues of retention and graduation through ongoing assessment, interpretation, and response to changing student needs. Additional information can be found online at http://life.southtexascollege.edu or by calling 956-872-3535.

STUDENT ACTIVITIES & WELLNESS

The Department of Student Activities and Wellness enhances the student experience through the development and delivery of programs and services complementing South Texas College’s efforts towards student access, retention and ultimate graduation ensuring that students are engaged and receive a complete college experience.

Student Activities
Student activities aim to promote active student participation through events geared towards social responsibility, leadership, education, cultural and civic engagement, etc. Such activities support and enhance the student’s collegiate experience and their education outside the classroom.

Campus Programming Board
The Campus Programming Board engages students in the planning, implementation and evaluation of programs and activities designed to meet a wide variety of student needs and interests that facilitate learning outside the classroom and enhance the sense of community at South Texas College.

Student Organizations
Over 70 student organizations at South Texas College contribute to a vibrant college community by providing invaluable experiences and opportunities for students to grow as individuals, leaders, and community members. Each year, student organizations sponsor conferences, seminars, lectures, debates, cultural and social events, and fine arts programs. These programs allow students to meet and interact with local, state, and nationally renowned scholars, artists, politicians, academicians, and other professionals.

First-Year Experience
The First Year Experience at South Texas College is the combination of orientations, services, programs, curricular and co-curricular activities that support a student’s transition from high school to South Texas College, while providing a foundation for academic success.

Student Government Association
The Student Government Association at South Texas College (SGA@STC) is the representative organization for the student body at South Texas College. The SGA@STC provides a forum for open discussion of matters affecting students at South Texas College.

Student Leadership Academy
The Student Leadership Academy encourages and aids in the development of student leaders. Through interactive workshops and seminars, this prestigious program allows students to develop their personal leadership style and put their leadership skills into practice; allowing them to gain experience, confidence and positively contribute to the community through volunteering opportunities.

Intramural Sports and Wellness
Intramural Sports and Wellness Programming provides opportunities for students to positively use their leisure time to engage in recreational sports and activities in a supportive and safe environment that enhances personal development, increases physical and mental health, encourages social interaction, and develops lifetime patterns for healthful living.

OFFICE OF STUDENT CONDUCT

The Office of Student Conduct develops influences and enforces South Texas College policies to promote a safe and supportive learning environment that treats each student fairly, equally, and with respect. The Office of Student Conduct nurtures student learning and growth by encouraging student accountability, academic integrity and responsible decision-making.

CONFLICT RESOLUTION CENTER

The Conflict Resolution Center provides guidance to the South Texas College community regarding College protocol and procedures and assists and counsels students in resolving disputes and conflicts in a way that facilitates individual responsibility, contributes to their maturation, and promotes the development of self-advocacy skills.

CAREER & EMPLOYER SERVICES

The Career and Employer Services office assists currently enrolled students and alumni in developing the skills necessary to locate and secure employment. Services include a free on-line job search system; assistance with resume preparation, writing job search letters and improving interviewing techniques; job fairs and employment referrals.
ACADEMIC ADVISING
The Office of Comprehensive Advising helps students formulate and reach their own educational goals, while also making sure they understand the objectives and requirements of their chosen major or field of study (as referenced by the National Academic Advising Association). Student persistence, success, and completion is promoted through diverse services offered to students at the Advisement Center and through designated division advisors in the appropriate division, department, or program. Prior to registration, it is very important that new, continuing, transfer, and undeclared major students contact the Advisement Center for assistance with course selection and degree planning.

Student Success Specialists
All STC students with a declared major are encouraged to meet with their respective student success specialist before registration to discuss course selection and preparation of degree plans. The student success specialists serve as liaisons between Instructional Divisions and Student Support Services. They also provide specialized divisional advising, off-site advising, degree plans specific to the division, and graduation requirements. The following is a list of Instructional Divisions for which student success specialists will assist you in:

- Math and Science
- Business and Technology
- Liberal Arts and Social Sciences
- Distance Education Programs

Services offered by the Advisement Center:
- Point of contact for new, continuing, transfer, and undeclared students
- Academic Advising
- Assistance with preparing student education plan
- Degree Progress Reports
- Case Management Services for First Time in College Students
- Referrals to appropriate services

NOTICE: The student is responsible for seeking academic advisement, for knowing and complying with South Texas College’s assessments and the State of Texas-Texas Success Initiative Rule (TSI) requirements of their declared degree or certificate program, and for taking courses in the proper sequence to ensure progress toward their educational goals.

(956) 872-8372 / 1-800-742-7822
Please call one of the numbers listed above for immediate answers to all your advising situations. The receptionist answering your call will direct you to an available advisor. All students are encouraged to visit with an advisor every semester for academic advisement. Advisors are available for walk-ins on a first come first served basis.

Providing Academic Support to Students (PASS)
PASS began in 1993 as Project HOPE with the goal of assisting single mothers complete a postsecondary education by helping them pay for childcare. As the program grew it became apparent that our participants had a variety of needs ranging from financial to academic and emotional. The program grew to accommodate those needs and became known as the Together in Achievement (TIA) and Striving Towards A Non-traditional Degree (STAND) programs. Demand for the services that TIA and STAND provided grew to such an extent that in the Fall of 2000 it was expanded to include all Technical/Vocational majors and was re-named PASS.

Today, the PASS Program which is funded by a grant from the Texas Higher Education Coordinating Board with funds from the Carl D. Perkins Career and Technical Education Act of 2006 focuses on the following:

- Career and Technical Education programs
- Retention and Transfer
- Elimination of barriers to special population students (single parents, displaced homemakers, non-traditional students, economically disadvantaged, and individuals with disabilities).
- Graduation

PASS provides specialized case management services for students with Career and Technical Education majors, Associate of Applied Science majors, or Certificate majors. CTE students are evaluated upon entering the program and placed into one of three risk categories based on their TSI status. The PASS program is able to assist eligible students in the following areas:

- Case Management
- Career/Academic Advising
- Registration
- Referral Services
- Child Care Assistance (Enrolled Full-Time)
- Lending Library (Textbook Assistance)

For more information, visit the Technology Campus, Bldg. B-181 or call (956) 872-6315.

COUNSELING
The Student Services Department reflects South Texas College’s commitment to provide access to higher education and support the educational goals of students from diverse backgrounds. The staff at Student Services helps achieve academic success through the following services: academic advisement, career and personal counseling, special services for students with disabilities, and assistance to special populations.

Counseling Services
Life situations at times require professional assistance. At South Texas College, counselors provide many services designed to help students attain educational, career, and personal goals.

Individual and Group Counseling
Academic Counseling
- One-on-one attention
- Assessment, goal-setting and orientation
- Study skills assessment and training
- Referrals to appropriate services
- Academic Probation/Suspension
Career Counseling and Transfer Assistance
- Assistance in choosing a career that is compatible with the student's interests, personality traits, work values, and abilities.
- Vocational assessment is available through the online program called Career Cruising, as well as other instruments.
- Assistance in selecting courses and gaining information about transferring to other institutions.
- Through the Transfer Track Program, representatives from other institutions visit South Texas College to meet with students.

Personal Counseling
Assistance in resolving crisis or personal issues interfering with educational success such as:
- Becoming comfortable in a college setting;
- Making personal, educational, and career choices;
- Taking control of one's life;
- Reducing stress;
- Time-Management;
- Setting goals;
- Eliminating self-defeating behavior;
- Esteeming oneself and others;
- Asserting oneself;
- Coping with crisis;
- Dealing with loss;
- Managing anger;
- Dealing with eating disorders;
- Surviving past physical, emotional, and sexual abuse;
- Coping with alcohol and drug abuse;
- Enhancing relationships;
- Adjusting to cultural diversities;
- Enhancing social skills;
- Fiscal responsibility

Special topic Presentations, Workshops and National Mental Health Screenings
- Academic Study Skills Workshops
- Life Skills Workshops
- Career Planning Workshops
- Americans with Disabilities Act (ADA) Awareness Day
- Safe Spring Break Campaign
- National Depression Screening Day
- National Alcohol Screening Day
- National Eating Disorders screening Day

The Counseling Center offers students and the campus community a variety of professional services including those listed above. Most services are pre-paid through your student service fee. These services are offered in a confidential atmosphere where the student may discuss concerns that are important to their educational and personal success.

Counselors are available during the day on a walk-in basis or by appointment; however, appointments are preferred. Services for evening hours are by appointment only. Counselors are available at the Pecan Campus, Nursing and Allied Health Campus, Technology Campus, Mid-Valley Campus, and Starr County Campus locations.

Schedules vary at each location so students should call (956) 872-2173 or 1-800-742-7822 to inquire about office hours and appointments.

Student Disability Services
Students or prospective students requiring special accommodations should contact the Student Disability Services (SDS) office at (956) 872-2173. Accommodation requests must be in writing. Students are required to provide documentation to verify his/her disability before accommodations are provided.

Services and accommodations as required by the Americans with Disabilities Act may include: assessment for special needs, academic advisement, short-term personal counseling, assistance with the admission process, registration, financial aid application, applications for TSI testing accommodations, academic appeals, arrangements for sign language interpreters, tutorial assistance, the use of provision of adaptive equipment, readers, scribes, instructional/testing/ classroom modifications, liaison between students, faculty, staff and others, and referral services to other South Texas College departments or outside service providers. South Texas College is an equal opportunity institution which provides educational opportunities without discrimination on the basis of race, color, religion, sex, age, national origin, disability or veteran students in accordance with the Americans with Disabilities Act of 1990, Section 504 of Rehabilitation Act 1973, and Title IX of the Education Amendments of 1972 which prohibits discrimination based on sex.

BEHAVIORAL INTERVENTION TEAM
The Behavioral Intervention Team at South Texas College is a district wide threat assessment and behavioral intervention team that monitors threats to the campus community and intervenes in the concerning behaviors of all individuals who work at, attend, or who have business with South Texas College. The Teams serves the district-wide community by providing threat assessment, case management, intervention strategies, educational opportunities, and training for all students, faculty and staff.
STUDENT RIGHTS AND RESPONSIBILITIES

As a premier learning-centered higher education institution, South Texas College is committed to academic integrity and standards of excellence of the highest quality in all courses and programs and to providing an environment that fosters the educational process and the well-being of the campus community.

South Texas College recognizes that student success is a shared responsibility between the student and the College. Students attending South Texas College are expected to accept and adhere to the following responsibilities:

1. Student attendance and participation is paramount to academic success. Regular and punctual attendance in class and laboratories is expected of all students.
2. Students are expected to exercise personal responsibility and self discipline as they engage in the rigors of discovery and scholarship. Inappropriate behavior may result in disciplinary action against the student.
3. Students attending South Texas College are responsible for adhering to standards of academic integrity. Academic dishonesty may result in disciplinary action against the student.

In support of the rights of its students, South Texas College is committed to:

1. A consistent and fair evaluation of student performance and an impartial process for grade appeals that allows students to appeal academic decisions or actions which they consider manifestly unjust or improper.
2. Ensuring that students are treated with fundamental fairness and personal dignity that includes an impartial process for students to appeal disciplinary sanctions imposed by the College or to file a complaint or grievance when they believe that they were unjustly or improperly treated by the College, College employees, or other students.

Detailed information regarding South Texas College's expectations for students is presented in the Student Code of Conduct. The Student Code of Conduct is an articulation of South Texas College's commitment to maintaining an environment that recognizes and supports the rights of its students and provides a guide for defining behaviors the College considers inappropriate.

The Student Code of Conduct is available in the Student Handbook, which can be found online at http://studentservices.southtexascollege.edu/studentlife or by contacting the Office of Student Conduct at 956-872-2180.

STUDENT I.D. CARDS

All students are responsible for obtaining an identification card at the time of initial registration with the college. Students should carry the personalized identification card at all times as it must be presented when accessing student support services including the library, campus computer labs, and the Centers for Learning Excellence (tutoring center). Students must also present a valid identification card when paying tuition and fees or requesting a transcript.

Student identification cards are issued to students free of charge. The identification card replacement fee is $15.

Student identification cards are available at campus Student Information Centers district wide.

HEALTH SERVICES

South Texas College does not provide health care services. The College is close to several health care facilities and will utilize the 911 system in an emergency situation.

OFFICIAL STATEMENT RELATING TO STUDENTS WITH CONTAGIOUS DISEASES

South Texas College recognizes that contagious diseases are a serious threat to public health and is committed to encouraging an informed and educated response to issues and questions concerning these diseases.

No individual with Human Immunodeficiency Virus (HIV) or Hepatitis B Virus (HBV) will be discriminated against in employment, admission to academic programs, health benefits, or access to facilities.

Students with HIV or HBV infection may attend any STC function or event as long as they are physically and mentally able to participate, perform assigned work and pose no health risks to others.

All information regarding the medical status of South Texas College faculty, staff and students is confidential. Contact the office of Counseling and Advising for additional information or call (956) 872-8372.
CLINICAL REQUIREMENTS OF NURSING AND ALLIED HEALTH PROGRAMS

Before assignment to a clinical or cooperative study, a student must have on file with the Clinical Affairs Specialist all of the following:

- Proof of required immunizations:
  - MMR
  - Hepatitis B (complete 3 immunization series)
  - Tdap (Tetanus/diphtheria/pertussis)
  - Varicella
  - Meningitis (students under the age of 30) State requirement
  - Current T.B. test results (yearly)-if positive, chest X-ray required every 2 years
  - Influenza (required from August - April)
- Proof of Health/Medical Insurance or Sickness and Accidental Insurance (available through STC)
- Current Infant-Child-Adult CPR certification (Healthcare Provider from the American Heart Association)
- Technical Performance Standards-signed statement of ability to perform technical standards for nursing or allied program of study.
- Current Malpractice Insurance of at least $1 million available through STC (included with tuition). Contact the Clinical Affairs Specialist for more information.
- Criminal background check clearance
- Drug and alcohol screening (results must be negative)
- Completion of Student Clinical/Practicum/Hospital Orientation see Clinical Affairs Specialist for more information

IMMUNIZATION REQUIREMENTS

The following immunizations are required for all students enrolled in health-related courses which will involve direct patient contact in medical settings.

Students for whom these requirements are not applicable are strongly encouraged by the institution to obtain them for their own protection.

- Measles, Mumps and Rubella (MMR): Proof of Immunization as defined by the Texas Department of Health Standards or proof of Immunity by disease.
- Tetanus/Diphtheria/Pertussis (Tdap): Proof of “booster” dose administered within the last 10 years.
- Hepatitis B Virus (HBV): Written certification of serological immunity to HBV or completed series of HBV vaccinations
- Chicken pox (Varicella) proof immunity by disease, immunization or serological immunity.
- Meningitis (students under the age of 30) State requirement

Students enrolled at STC will assume full cost of any immunizations. Inquiries concerning any exemptions to these requirements should be directed to the Clinical Affairs Specialist for Nursing and Allied Health Programs.

BACTERIAL MENINGITIS

Effective January 1, 2012, Texas Senate Bill 1107 requires all entering students at public and private or independent institutions of higher education to have an initial bacterial meningitis vaccination or booster dose during the five-year period preceding, or at least 10 days prior to, the first day of the first semester. Students affected by the mandate must submit proof of vaccination before the 10th class day to the Office of Admissions and Records.

A student is not required to submit evidence of receiving the vaccination against bacterial meningitis or evidence of receiving a booster dose if:
1. The student is 22 years of age or older by the first day of the start of the semester; or
2. The student is enrolled only in online or other distance education courses; or
3. The student is enrolled in a continuing education course or program that is less than 360 contact hours, or continuing education corporate training; or
4. The student is enrolled in a dual credit course which is taught at a public or private K-12 facility not located on a higher education institution campus; or
5. The student is incarcerated in a Texas prison.

A recent update to the bacterial meningitis legislation allows students, who will be attending a community college, to submit an exemption for the bacterial meningitis vaccine at https://webds.dshs.state.tx.us/immojc.

South Texas College wants to stress the importance of consulting a physician about the need for an immunization against bacterial meningitis to prevent the disease. Meningitis is a very serious, sometimes fatal, disease that is easily spread on college campuses and we are trying to take all of the proper precautions to protect the health and well-being of our students.

VOLUNTARY STUDENT HEALTH INSURANCE

South Texas College makes available to all enrolling students health and accident insurance coverage. Such coverage is voluntary and must be purchased by the student each semester.

Coverage terminates at the end of every semester. As with most insurance coverage, the policy...
will not cover 100 percent of every claim. As a result, individuals purchasing this insurance are responsible for any balance or unpaid claim due.

Students have the following options in regard to insurance purchase:
   a. Have their own insurance (BCBS, Aetna, Medicaid, Medicare, VA, etc.)
   b. Purchase the STC policies (insurance must be purchased on line at www.sas-mn.com)
   c. Accept full financial responsibility for expenses from an accident and/or sickness (students must have insurance they don’t have an option if they want to purchase or not)

For information please contact the Cashier's office.

FINANCIAL AID

Education after high school requires time, money, and effort. It's a big investment, and you should carefully evaluate the school you are choosing.

South Texas College has elected to participate in the following U.S. Department of Education Title IV programs:
   - Federal Pell Grant
   - Federal Supplemental Educational Opportunity Grant (FSEOG)
   - Federal Work-Study

South Texas College also receives state assistance from The Texas Higher Education Coordinating Board including, but not limited to:
   - Texas Educational Opportunity Grant (TEOG)
   - Towards EXcellence, Access, and Success (TEXAS) Grant
   - Texas Work-study
   - State Exemptions & Waivers

For more information visit www.collegeforalltexans.com

Within the Financial Aid section of this catalog, you will also find information over other programs including:
   - Student Loans
   - Veterans Educational Benefits
   - Scholarships
   - Third Party Sponsors

TYPES OF AID
   - Grants: A form of financial aid that does not require repayment as long as you meet certain conditions
   - Work-Study: A form of financial aid that is earned through part-time employment
   - Exemptions & Waivers: A type of financial assistance in the form of a payment of all or part of a student's tuition and fees
   - Loans: A form of financial aid that is borrowed and must be repaid with interest
   - Veterans Educational Benefits: A form of financial assistance for veterans and/or dependents of veterans of the US armed forces
   - Scholarships: An additional form of financial assistance that may be based on merit and/or need

STUDENT ELIGIBILITY FOR FEDERAL AID

Below are the basic eligibility requirements to be considered for Federal Aid (Title IV programs):
1. Fill out a Free Application for Federal Student Aid (FAFSA)
2. Meet all Department of Education eligibility requirements including but not limited to:
   a. Have financial need
   b. Have a high school diploma or a General Education Development (GED) Certificate, or demonstrate Ability-to-Benefit
   c. Register with the Selective Services, if required.
   d. Be a U.S. citizen or eligible non-citizen.
   e. Have a valid Social Security Number.
3. Be enrolled or accepted for enrollment as a regular student working toward a degree or certificate in an eligible program.
   * Students demonstrating Ability-to-Benefit will no longer be eligible for Federal Aid unless they demonstrated Ability-to-Benefit at South Texas College or any other accredited institution before July 1, 2012.

Financial Need

When you apply for federal student aid, the information you report on the FAFSA is used in a formula established by the U.S. Department of Education. The formula determines your Expected Family Contribution (EFC), an amount you and your family are expected to contribute toward your education. If your EFC is below a certain amount, you will be eligible for a Federal Pell Grant, assuming you meet all other eligibility requirements.

There is not a maximum EFC that determines eligibility for the other financial aid programs. Instead, your EFC is used in an equation to determine your financial need:

\[
\text{Cost of Attendance} - \text{EFC} = \text{Financial Need}
\]

To determine your unmet need for aid other than Federal Pell Grant, the calculation is:

\[
\text{Cost of Attendance} - \text{EFC} - \text{Pell Grant and any other Financial Aid} = \text{Unmet Need}
\]

APPLYING FOR AID: FAFSA AND RENEWAL FAFSA

The Free Application for Federal Student Aid (FAFSA)

The FAFSA is made available each year by the U.S. Department of Education to determine student eligibility for financial aid. The form must be filled out completely and correctly for a student's eligibility to be calculated correctly. Read the instructions carefully when you complete the FAFSA or the Renewal FAFSA.
Renewal FAFSA
If you applied for federal student aid this past school year, you probably will be able to file a Renewal Free Application for Federal Student Aid (Renewal FAFSA) online. If you qualify to use the Renewal FAFSA, you will have fewer questions to answer. Most of the information on the form will be prefilled and will be the same as the information you provided in the previous year. You will have to provide some new information and update information that has changed (for example, family size, and income). Check with the Office of Student Financial Services if you have questions about the Renewal FAFSA.

When to Apply
We strongly encourage all students to apply as early as possible after January 1st of every year to avoid delays in payment of tuition/fees.

Our Recommended Priority Dates are:
- March 31st for Fall semester
- October 1st for Spring semester

Please note that our financial aid award year is as follows: Fall, Spring, and Summer. There is a deadline set forth by Department of Education of the U.S. Department of Education, although we strongly recommend filling out and mail a FAFSA to the U.S. Department of Education as soon as January 1st of every year. Applicants also have the option to complete your application online. Financial aid computers labs are available at three locations (Pecan, Mid-Valley and Starr County Campuses) to assist students with the application process.

Step 3: Logon to JagNet to Find Your Status
If you completed your FAFSA online, your application will be processed as long as you (and your parents) have signed the application with a PIN or submitted a signature page. If your application has all required PIN signatures, STC will receive your application from the U.S. Department of Education within three to five working days. If you were required to submit a signature page, STC will receive your application in approximately four weeks. After that time, please check your status online or visit our office.

Steps to Receive Financial Aid

Step 1: Gather Your Information
Dependent students are required to provide parental information on their FAFSA and independent students are not. Not sure you if you are a dependent or independent student? See dependency status section to find out.

Here is a list of documents you will need:
1. Your Social Security card (and your parents', if dependent)
2. Your or alien registration or permanent resident card (if you are not a U.S. citizen)
3. Your and your spouse’s, if married) Income Tax Return
4. Your Parents’ Income Tax Return (if you are a dependent student)
5. Your W-2 forms and other records of money earned
6. Any untaxed income records including child support paid or received
7. Your current bank statements
8. Your current business and investment mortgage information, business and farm records, stock, bond and other investment records

Step 2: Submit the Free Application for Federal Student Aid & Sign Using Your PIN
The Free Application for Federal Student Aid (FAFSA) is available online at www.fafsa.ed.gov. To apply or retrieve your and/or your parents PIN, visit www.pin.ed.gov.

The FAFSA for each fall semester become available as soon as January 1st of every year. We encourage you to apply as soon as you and/or your parents have completed your/their income tax return(s). Applicants also have the option to fill out and mail a FAFSA to the U. S. Department of Education, although we strongly recommend completing your application online. Financial aid computer labs are available at three locations (Pecan, Mid-Valley and Starr County Campuses) to assist students with the application process.

Dependency Status
When you apply for Federal Student Aid, your answers to certain questions will determine whether you are considered dependent on your parents. If you are considered dependent on your parents, you must report their income information and assets as well as your own. If you are considered independent, you must report only your own income information and assets (and those of your spouse, if you are married).

You are an independent student if at least one of the following applies to you:
- You are married (including common-law marriages)
- You have children or dependents other than a spouse
- You are an orphan or were a ward of the court (until age 18)
- You currently serving on active duty in the U.S. Armed Forces for purposes other than training
- You are a veteran of the U.S. Armed Forces
- You are an emancipated minor
- You are or were in legal guardianship
- You are homeless or at risk of being homeless, unaccompanied youth

If you think you have unusual circumstances that would make you independent even though none of the above criteria applies to you, please review the Dependency Override information in the Professional Judgment section of this catalog.

FAFSA DATA MATCHES
The U.S. Department of Education performs several matches of the information that students provide on the FAFSA/Renewal FAFSA form with national databases, including:
- The Selective Service System
- The Department of Homeland Security
The Social Security Administration
The Department of Justice
The National Student Loan Data System
The Department of Veterans Affairs

If any of the information that is provided on the application is not consistent with the data that is on these databases, or if these agencies have any information that is relevant to your financial aid eligibility, the U.S. Department of Education will alert STC and the issues/questions will have to be resolved before your eligibility can be confirmed.

VERIFICATION
Selection of Students for Verification
The U.S. Department of Education (ED) selects Free Application for Federal Student Aid (FAFSA) for verification. In addition, ED or South Texas College may select a student for verification if the information submitted appears to be incorrect or fraudulent. If you have been selected for a process called verification, South Texas College will be comparing information from your FAFSA with your (and your spouse’s, if you are married) and/or your parents’ Income Tax Return Transcript, or with W-2 forms or other financial documents. Federal Regulations state we have the right to ask you for this information before awarding Federal aid.

Completing Verification
We encourage those selected for verification to submit the required documents as soon as possible to avoid delays in payment of tuition/fees and delays on receiving book allowance (if eligible) before the term starts. Students are mailed Missing Information Letters, (MIL’s) that explain why their financial aid file is incomplete and what documents they need to submit or what actions need to be taken to complete their financial aid file.

Students who are selected for verification must submit the required documentation to the STC Student Financial Services Office (SFS) 30 (thirty) days before they expect to have the verification resolved and their account cleared for disbursement. The STC SFS will work to review verifications sooner than 30 days after submission, but during peak times this may not always be possible. The STC SFS will continue to accept and review verification information until the Department of Education's published correction deadlines for each award year. If the student does not submit documentation in time for any changes to be confirmed by ED, South Texas College is not responsible for any eligibility lost. It is the student's responsibility to provide documentation in a timely manner so that deadlines can be met.

Acceptable Documentation
Below is a list all acceptable documentation and forms used:

- Verification Worksheets. These forms are available online at http://studentservices.southtexascollege.edu/financialaid/forms.html
- Federal Income Tax Return Transcript for all people whose income information is required by the U.S. Department of Education.
- In cases where a conflict is perceived, STC Student Financial Services Office may request additional proof of untaxed income and benefits beyond what is shown on tax returns and verification worksheets from the student. This proof will vary by agency. For example:
  - Untaxed Income Sources
  - Unemployment Benefits-A statement from the agency which provided the benefits.
- Signature requirements:
  - Verification Worksheets
  - Dependent Students-Must be signed by the student and one parent.
  - Independent Students-Must be signed by the student

Notification of Completion of Verification
The STC Office Student Financial Services will rely on the U.S. Department of Education to mail students a copy of their corrected Student Aid Report for notification that the verification changes are complete. If the student wishes, he or she may check with the Student Financial Services Office and see how verification affected their EFC. The change will be reflected in the award amounts (if any) on the award letter. Award notifications are sent via email to students after all issues related to verification and any other eligibility issues are resolved.

Conflicting Information
If there are differences between your application information and your financial documents, the Office of Student Financial Services will need to make corrections electronically. Since corrections may take some time to process, we encourage all students to submit the appropriate documents in a timely manner. If the corrections change your Expected Family Contribution (EFC) and if you submit the appropriate verification form and required documentation in person, we will let you know of any changes that may affect your eligibility amount at that moment. We will also mail you an award notification letter. While your correction is being processed, your file is considered incomplete and funds will not be awarded.

Procedures for Referring Individuals to the Office of Inspector General
If we suspect that a student, employee, or other individual has misrepresented information or altered documentation to fraudulently obtain federal funds, we will report that individual to the Office of Inspector General at (214) 661-9530. This includes false claims of citizenship, use of false identities, forgery of signatures of certifications, and false statements of income. Fraud is the intent to deceive as opposed to a mistake.

PROFESSIONAL JUDGEMENT
Because the FAFSA does not provide for a place to explain special circumstances students and/or parents are facing, ED has given financial aid administrators a manner in which to analyze student’s situations on a case-by-case basis. Professional judgment refers to the ability of a financial aid administrator to make adjustments to certain data elements on the FAFSA and/or to override a student’s dependency status. All requests for professional judgments must be
documented and are reviewed by the Financial Aid Appeals Committee. Below are three separate sets of circumstances where professional judgment may be exercised.

**Dependency Overrides**

Appeals may be made by students to change their status from dependent to independent. Please note, per U.S. Department of Education regulations, none of the conditions listed below, singly or in combination, qualify as unusual circumstances or merit a dependency override:

1. Parents refuse to contribute to the student’s education,
2. Parents are unwilling to provide information on the FAFSA application or for verification,
3. Parents do not claim the student as a dependent for income tax purposes,
4. Student is able to demonstrate total self-sufficiency.

**Professional Judgment/Cost of Attendance Appeals**

A student’s cost of attendance determines the total amount of most types of aid that a student may receive. In some cases, STC may adjust your cost of attendance to take into account additional costs which are not included in the normal need calculation. These circumstances could include a family’s unusual medical, dental, or tuition expenses for children attending a private elementary or secondary school, and additional costs related to school attendance for students with disabilities.

These requests should be submitted to the Financial Aid office in writing, with appropriate documentation attached. The Financial Aid Appeals committee will review cost of attendance professional judgment requests. All decisions made by the committee are final.

**Income Reduction or Income Loss - Adjustment**

An adjustment to the income amounts that you reported on your FAFSA application may be made if you, your spouse, or either of your parents (parental information is relevant to dependent students only) have been recently unemployed, or have had experienced a significant decrease in income. If conditions such as these apply to you or your family, contact the STC Student Financial Services Office.

Check with the STC Student Financial Services Office if you feel you have any other special circumstances that might affect the amount you and your family, are expected to contribute. The Financial Aid Administrator will advise you on how to document your situation and forward your information to the Financial Aid Appeals Committee. The committee will review all professional judgment requests from students. All decisions made by the committee are final.

**FEDERAL PELL GRANT**

Pell Grants are awarded only to undergraduate students who have not earned a bachelor’s or professional degree. (A professional degree would include a degree in a field such as pharmacy or dentistry). Eligibility for the Federal Pell Grant is partially determined by the number of credit hours in which the student is enrolled during the semester. South Texas College’s award letters show student eligibility for Federal Pell Grant funds for eligible students assuming that the students will take at least 12 credit hours per semester.

The Student Financial Services Office adjusts the amount of Pell Grant that students receive if the number of credit hours that students are enrolled in changes through the census date of each semester.

For more information on eligibility requirements please refer to the sections that follow, on the award letter, and on STC’s website at: http://studentservices.southtexascollege.edu/finaid/pell_grants.html

**Award Amounts**

Awards are based on your Expected Family Contribution (EFC) as determined by the FAFSA and by a student’s level of enrollment. How much you may receive will depend on your EFC, your cost of attendance, your enrollment status, and whether you attend school for a full academic year. You may only receive Pell Grant funds from one institution at a time.

<table>
<thead>
<tr>
<th>Levels of Enrollment</th>
<th>Equivalent credit hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full Time</td>
<td>12+ credit hours</td>
</tr>
<tr>
<td>Three Quarter Time</td>
<td>9-11 credit hours</td>
</tr>
<tr>
<td>Half Time</td>
<td>6-8 credit hours</td>
</tr>
<tr>
<td>Less Than Half Time*</td>
<td>5 credit hours or less</td>
</tr>
</tbody>
</table>

*Students enrolled less than full-time may still receive a Pell Grant award if their EFC allows it.

**Eligibility**

To determine if you are eligible, the U.S. Department of Education established a standard formula, to evaluate the information you report when you apply. The formula produces an Expected Family Contribution (EFC) number. The lower the EFC number, the more aid the student is eligible for. Your Student Aid Report (SAR) and the Institutional Student Information Record (ISIR) contain this number and will tell you if you are eligible.

Below are the basic eligibility requirements to be considered for Federal Aid (Title IV programs):

1. Complete a Free Application for Federal Student Aid (FAFSA)
2. Meet all Department of Education eligibility requirements including but not limited to:
   a. Demonstrating financial need
   b. Have a High School Diploma or a General Education Development (GED) Certificate, or demonstrate Ability-to-Benefit*
   c. Registering with the Selective Services, if required.
   d. Being a U.S. citizen or Eligible Non-citizen.
   e. Have a valid Social Security Number.
3. Be enrolled or accepted for enrollment as
a regular student working toward a degree or certificate in an eligible program.

* Students demonstrating Ability-to-Benefit will no longer be eligible for Federal Aid unless they demonstrated Ability-to-Benefit at South Texas College or any other accredited institution on or before July 1, 2012.

Additional Requirements
South Texas College, Student Financial Services Office monitors requirements that can affect your eligibility for Federal Pell Grant funds, including but not limited to:

1. **Your continued enrollment within a semester**: If you withdraw/are withdrawn, you may be required to repay funds awarded to you.
2. **Your grades**: If you do not earn at least one passing grade in a semester, you may be required to repay funds awarded to you.
3. **Developmental courses you attempt**: We may only fund 30 credit hours of developmental work (10 developmental courses) over a student’s educational career. If a Pell eligible student attempts their 11th or greater developmental course, that course cannot be counted in the students’ enrollment status.
4. **Repeated Coursework**: Beginning July 1, 2011, the definition of a full-time student was amended to allow repeated coursework to count toward enrollment status in term-based programs.
5. **Lifetime Eligibility Used**: Effective July 1, 2012 students may only receive a Pell Grant for six years of full-time enrollment (equivalent to 12 semesters or 600%) during their lifetime. This change affects all students regardless of when or where they received their first Pell Grant. The maximum amount of Pell Grant funding that a student may receive each year is equal to 100%, this is why the six-year equivalent is 600%.
6. **Unusual Enrollment History**: Beginning award year 2013-2014 and forward, new regulations have been established to prevent fraud and abuse in the Federal Pell Grant Program by identifying students with unusual enrollment histories. The Student Financial Services Department is required to review the student’s enrollment and financial aid record to determine if, during the past three award years the student has legitimate reasons for the unusual enrollment history.
7. **Attendance Verification**: Eligibility to receive Title IV aid is partially determined by the number of classes that a student attends; students cannot receive aid for classes in which they are registered but do not attend at least once.

For more information on these requirements see Eligibility Issues section or visit http://studentservices.southtexascollege.edu/finaid/eligibility_issues.html.

**Fund Disbursements**
STC will credit Pell Grant funds to your school account for tuition, fees and other school related costs which appear on your student account (institutional charges). If you are eligible for funds in excess of your institutional charges, after completing eligibility verification STC will pay you the difference directly by: a) mailing you a check, b) depositing into your personal bank account or c) depositing into your store-value card; the store-value card at STC is known as the JagCard. Book allowance and final refund release dates are provided to students before the start of each semester; they are published at http://studentservices.southtexascollege.edu/finaid/book_allowances.html.

Students’ eligibility for the Federal Pell Grant takes time. The STC Student Financial Services Office must confirm, through an enrollment verification process that all students have attended all of the courses that they have enrolled in. The enrollment verification takes place after census date of each semester, and may take up to three weeks.

More information on this process and how it affects the timing of the release of funds can be found on the financial aid award letter on JagNet under Terms and Conditions tab and on STC’s Student Financial Services Office website.

**Can I receive a Federal Pell Grant if I am enrolled less than half-time?**
Yes, if your EFC is low enough to be eligible. You will not receive as much as if you were enrolled full time, but STC will disburse your Pell Grant funds in accordance with your enrollment status.

**Declining Pell Grant Funds**
You may decline all or part of your disbursement of Pell Grant funds that you are otherwise eligible to receive. You may decide to take this action if you expect to qualify for a larger Pell Grant in future years as a result of an expected transfer to a more expensive educational institution or an expected change in your expected family contribution. If you are going to return all or a portion of Pell Grant funds, you must provide our Student Financial Services Department a signed, written statement clearly indicating that you are declining Pell Grant funds for which you are otherwise eligible and that you understand that those funds may not be available once the award year is over.

**Returning Pell Grant Funds**
You may return all or a portion of Pell Grant funds that you are otherwise eligible to receive, as long as this action is taken during the same award year. You must provide our Student Financial Services Department a signed, written statement clearly indicating that you are returning Pell Grant funds for which you are otherwise eligible and that you understand that those funds may not be available once the award year is over. After the statement is submitted, you will then need to return the funds directly to the STC Cashiers Office.

**FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS (FSEOG)**
A Federal Supplemental Educational Opportunity Grant (FSEOG) is for undergraduates with exceptional financial need—that is, students with the lowest Expected Family Contribution (EFC)-
and gives priority to students who receive Federal Pell Grants.

**Award Amounts**
The Office of Student Financial Services will award a student up to $500 per semester. There is no guarantee every eligible student will be able to receive a FSEOG; students at STC are awarded based on the availability of funds. FSEOG funds are awarded by semester.

**Eligibility**
To determine if you are eligible, the U.S. Department of Education uses a standard formula, established by the U.S. Department of Education, to evaluate the information you report when you apply. The formula produces an Expected Family Contribution (EFC) number. The Federal Supplemental Educational Opportunity Grant (FSEOG) is an additional grant available to undergraduate students with exceptional financial need and gives priority to students who receive Federal Pell Grants.

Below are the basic eligibility requirements to be considered for Federal Aid (Title IV programs):

1. Complete a Free Application for Federal Student Aid (FAFSA)
2. Meet all Department of Education eligibility requirements including but not limited to:
   a. Demonstrating financial need
   b. Have a High School Diploma or a General Education Development (GED) Certificate
   c. Registering with the Selective Services, if required.
   d. Being a U.S. citizen or Eligible Non-citizen.
   e. Have a valid Social Security Number.
3. Be enrolled or accepted for enrollment as a regular student working toward a degree or certificate in an eligible program.
5. Be registered and attending at least 6 credit hours per term.

**Additional Requirements**
South Texas College Student Financial Services Office monitors requirements that can affect your eligibility for FSEOG, including but not limited to:

1. Your continued enrollment within a semester: if you withdraw/are withdrawn, you may be required to repay funds awarded to you.
2. Your grades: if you do not earn at least one passing grade in a semester, you may be required to repay funds awarded to you.
3. Developmental courses you attempt: we may only fund 30 credit hours of developmental work (10 developmental courses) over a student's educational career. If a Pell eligible student attempts their 11th or greater developmental course, that course cannot be counted in the students' enrollment status.
4. Repeated Coursework: Beginning July 1, 2011, the definition of a full-time student was amended to allow repeated coursework to count toward enrollment status in term-based programs.
5. Attendance Verification: eligibility to receive Title IV aid is partially determined by the number of classes that a student attends; students cannot receive aid for classes in which they are registered but do not attend at least once.

For more information on these requirements see Eligibility Issues section or visit http://studentservices.southtexascollege.edu/finaid/eligibility_issues.html.

**Fund Disbursements**
STC will credit FSEOG funds to your school account to pay for tuition, fees and other school related costs which appear on your student account (institutional charges). If you are eligible for funds in excess of your institutional charges, after completing eligibility verification STC will pay you the difference directly by mailing you a check. Book allowance and final refund release dates are provided to students before the start of each semester; they are published at http://studentservices.southtexascollege.edu/finaid/book_allowances.html.

**ELIGIBILITY ISSUES**
South Texas College Student Financial Services Office monitors requirements that can affect your eligibility for Title IV funds, including but not limited to:

**Attendance**
The U.S. Department of Education requires that schools are able to document that students are actually in attendance to finalize their Federal Pell Grant eligibility. For example, if a student doesn't begin attendance in all of his or her classes, the school must recalculate the student's award based on the lower enrollment status. A student is considered to have begun attendance in all of his or her classes if the student attends at least one day of class for each course in which that student's enrollment status was determined for Federal Pell Grant eligibility. In a distance education context, documenting that a student has logged into an online class is not sufficient, by itself, to demonstrate academic attendance by the student. A school must demonstrate that a student participated in class or was otherwise engaged in an academically related activity, such as by contributing to an online discussion or initiating contact with a faculty member to ask a course-related question.

South Texas College documents attendance for Federal Pell Grant purposes by collecting on-line rosters from all instructors after census date. The instructors use the rosters to indicate whether a student has attended or not. Students must attend each class that they are enrolled in at least once between the first day of school and the census day of each term to be counted as being in attendance in that class for Federal Pell Grant eligibility purposes.

In cases where students do not attend class at least once, Federal Pell Grant eligibility will be adjusted based on the enrollment status for the number of credits that they are actually attending. If this adjustment results in a student not having sufficient grant funds to pay for any charges or advances that they have incurred or received, that
student will be responsible to pay South Texas College for the difference between their adjusted eligibility and the original amount of the cost of their tuition and fees as well as any advances that the student received.

Repeated Coursework
Beginning July 1, 2011, the U. S. Department of Education amended the definition of a full-time student to allow repeated coursework to count toward enrollment status in term-based programs:

- Students may only receive federal financial aid funding for one repetition of a previously passed course. That is, if a student passes a course with a low grade and wants to get a better grade to improve his GPA, he can retake the course once. If, after the student retakes the course, he wants to retake it again and his course load at the time is 12 credit hours, the student will not be considered to be attending full time; he will be considered to be attending ¾ time and financial aid will be disbursed as such. This is for financial aid purposes only.
- Student may repeat failed course until it is passed.

Pell Grant Lifetime Eligibility Used
In December 2011, President Obama signed into law the Consolidated Appropriations Act, 2012 (Public Law 112-74). Federal regulations mandate that effective July 1, 2012 students may only receive a Pell Grant for six years of full-time enrollment (equivalent to 12 semesters or 600%) during their lifetime. This change affects all students regardless of when or where they received their first Pell Grant. The maximum amount of Pell Grant funding that a student may receive each year is equal to 100%, this is why the six-year equivalent is 600%. Students that have already used 600% of their Pell Grant eligibility will no longer be eligible to receive a Pell Grant starting summer 2012. There are no exceptions to this regulation. Students with 500% or higher but less than 600% may have limited Pell Grant eligibility remaining for the current year.

Percentage Used Calculation
The percentages are based on your annual award at full time enrollment status compared to the amount you actually receive in a given year. The amount of aid you receive each academic year is divided by the maximum annual award you are eligible for that year and your annual percentage is determined. Percentages from each year are added together to calculate your Lifetime Eligibility Used (LEU). Here are some examples:

If your annual award at full time enrollment is $5550 and you received $600 for the year, then you have received 10.81% ($600 divided by $5550 = 10.81%) of your award for that year.

If your annual award at full time enrollment is $3000 and you received $2250 for the year, then you have received 75% ($2250 divided by $3000 = 75%) of your award for that year.

If your annual award at full time enrollment is $5550 and you received $2081 for the year, then you have received 37.495% ($2081 divided by $5550 = 37.495%) of your award for that year.

If your annual award at full time enrollment is $5550 and you received $600 for the year, then you have received 10.81% ($600 divided by $5550 = 10.81%) of your award for that year.

Your annual percentages are added together to determine your Lifetime Eligibility Used. Once you reach 600% you are terminated from receiving any additional Pell grants.

Viewing Your Pell Grant Lifetime Eligibility Used (LEU)
The Department of Education keeps track of your LEU by adding together the percentages of your Pell Grant scheduled awards that you received for each award year. You can determine how much Pell you have used and what you have remaining at www.NSLDS.ed.gov.

Questions
South Texas College Financial Aid Staff are available to discuss Pell Grant Lifetime Eligibility Used and answer any questions you may have.

Developmental Coursework Limitation
The U.S. Department of Education provided the following guidelines to schools on how developmental courses may be funded. (Please note that the information in this catalog only pertains to the developmental coursework limitation and a student must satisfy all U. S. Department of Education, State of Texas and South Texas College eligibility requirements to be eligible for Financial Assistance). A student may receive Federal Aid for up to one academic year’s worth of developmental coursework. At community colleges, the limit is 30 semester hours. The Financial Aid office complies with this requirement by reviewing all student records after the Census day of each semester to see if any students are scheduled to receive financial aid for a developmental course when they have already attempted 10 or more courses.

Any Pell Grant award made to a student who is scheduled to receive aid for the 11th or greater developmental course attempt will be recalculated without considering the developmental course in the student’s enrollment status.

Example:
If a student is enrolled in a total of 12 credit hours, three of which are from his/her 11th developmental course attempt, his/her Federal Pell Grant award will be recalculated based on nine credit hours instead of 12 credit hours.

NOTE: For the most updated Financial Aid Information on this catalog or student guide, please refer to our Financial Aid Website at http://studentservices.southtexascollege.edu/financialaid.

Unusual Enrollment History
Beginning award year 2013-2014 and forward, the U.S. Department of Education has established new regulations to prevent fraud and abuse in the Federal Pell Grant Program by identifying students with unusual enrollment histories. The U.S. Department of Education will be placing an unusual
enrollment flag on some of the Free Applications for Federal Student Aid (FAFSA), which indicates that the student has an unusual enrollment history with regard to receiving Pell Grants at multiple institutions. The Student Financial Services Department is required to review the student’s enrollment and financial aid record to determine if, during the past three award years (2011-2012, 2012-2013, and 2013-2014), the student has legitimate reasons for the unusual enrollment history. Our department will identify and contact the students who will be required to resolve this before determining Federal Student Aid eligibility.

Resolving Unusual Enrollment History
You will be required to provide academic transcripts from all colleges and universities attended during the review period to South Texas College. The institution will determine whether academic credit was earned at each of the previously attended institutions during the past three award years (2011-2012, 2012-2013, and 2013-2014). Academic credit earned is considered to have been earned if the academic records show that you received a grade of “A”, “B”, “C”, or “D” as listed in the Grading System Section of the STC Catalog. If you did not earn academic credit at each of the previously attended institutions during the past three award years, you may be ineligible for Federal Student Aid. The STC Student Financial Services Department has the authority to require official transcripts from the colleges and universities attended during the review period if the documents that you submitted are unclear.

Appealing an Ineligibility Determination
Yes, you will be asked to contact our Student Financial Services Department so that you may provide a statement explaining why you failed to earn academic credit and any additional supporting documentation.

If eligibility is approved, you will be required to meet with an academic advisor and a financial aid representative; you must not drop or withdraw (officially or unofficially) from any courses after the term begins and must maintain FA satisfactory academic progress.

If you did not earn academic credit at each of the previously attended institutions during the past three award years and are not able to provide an acceptable explanation and documentation for the unusual enrollment history, you are ineligible for further Federal Student Aid.

All decisions made by the STC Student Financial Services Department are final.

FEDERAL WORK-STUDY
The Federal Work-Study Program provides jobs for undergraduate and graduate students with financial need, allowing them to earn money to help pay education expenses. The program encourages community service work and work related to your course of study. The duration of employment under the Federal Work-Study Program is from September 1, 2014 through June 30, 2015 for Award Year 2014-2015. The prospective work-study student must go through an interview process with Work Study employers and he/she must obtain a position to earn the funds for which he/she is eligible for. The work-study student may or may not earn all the funds that he/she was eligible to receive. Once funds have been exhausted employment will end.

Eligibility Determination
- Student must be registered for at least 6 credit hours
- Student must have unmet need
- Student must have his/her Financial Aid File complete
- Student must be meeting Financial Aid Satisfactory Academic Progress

Additional Information
- For academic reasons, student workers are only allowed to work a maximum of nineteen hours. The total number of hours worked is determined by the student’s financial need each award year. Student workers may not earn more than they are awarded, and it will be their responsibility to ensure they do not exceed their award amount.
- Student workers are paid federal minimum hourly wages, however some students may be paid more depending on the type of work they do and the skills required for certain jobs. STC will pay student directly at least once a month.
- The Student worker will be paid by the hour, no commission or fee may be paid to a work study student.
- The number of Work Study positions available per year for the college is determined by the Federal and State Work Study allocations from the U.S. Department of Education and the Texas Higher Education Coordinating Board respectively every award year.
- STC offers Student workers positions on-campus and off-campus. The Student worker may be assigned to work at any of the STC campuses. If a Student worker is assigned to work off-campus, his/her employer will be a private nonprofit organization of a public agency, and the work performed must be in the public interest.

TEXAS GRANT (TOWARDS, EXCELLENCE, ACCESS AND SUCCESS)
The TEXAS Grant is a grant that was established by the Legislature to help well-prepared high school graduates with financial need attend public institutions of higher education in Texas.

Eligibility
To determine if you are eligible for a TEXAS Grant you must complete and submit a FAFSA and have an Expected Family Contribution (EFC) less than or equal to 4800. Funding is limited, so you need to submit your application as soon as possible after January 1 of your senior year in high school. You must also be a Texas Resident or a non-resident who graduated from a Texas high school, or received a GED Certificate in Texas, and have resided in Texas for three years leading up to graduation or receiving a GED Certificate. The student must also have resided in Texas for 12 months prior to the census date of the semester in which he/she will enroll at South Texas College, and will file or have filed an Application for
Permanent Residency at the earliest opportunity he/she is eligible to do so.

Other requirements include:
- Complete the Recommended High School Program or Distinguished Achievement Program in high school
- Enroll in a non-profit public college or university within 16 months of graduation from a public or accredited private high school in Texas
- Enroll in at least 3/4 time (9 semester credit hours), and have not accumulated more than 30 semester credit hours, excluding those earned for dual or concurrent enrollment courses or awarded for credit by examination (AP, IB or CLEP)
- If male must register with Selective Service
- Have earned an associate’s degree from a public technical, state or community college in Texas and enroll in any public university in Texas no more than 12 months after receiving their associate’s degree
- Have not been convicted of a felony or crime involving a controlled substance
- An individual convicted of a crime involving a controlled substance can compete for an award in this program two years after he/she has fulfilled his/her obligation to society.

Grant Restrictions
Students receiving Texas grant who continue in college and who meet the program academic standards can receive awards for up to 150 semester credit hours, until they receive a bachelor’s degree, or for five years if enrolled in a 4-year degree plan, or six years if enrolled in a 5 year degree plan, whichever comes first.

Academic Requirements
The academic requirements for continuing to receive the grant are as follows. Students who receive the Texas grant must have a 2.5 GPA and complete at least 24 semester credit hours per academic year.

Texas Educational Opportunity Grant Program (TEOG)
The TEOG Grant is a grant that was established by the Texas Legislature to help students with financial unmet need attend public community colleges, public technical colleges, or public state colleges in Texas.

Eligibility
To determine if you are eligible for a TEOG Grant you must complete and submit a FAFSA and have an Expected Family Contribution (EFC) less than or equal to 4800. Funding is limited, so you need to submit your application as soon as possible after January 1. You must also be a Texas Resident (or a non-resident who graduated from a Texas high school, or received a GED Certificate in Texas, and have resided in Texas for three years leading up to graduation or receiving a GED Certificate. The student must also have resided in Texas for 12 months prior to the census date of the semester in which he/she will enroll at South Texas College, and will file or have filed an Application for Permanent Residency at the earliest opportunity he/she is eligible to do so.

Other requirements include:
- Enroll in at least 1/2 time (6 semester credit hours),
- Be in the first 30 semester credit hours in an associate’s degree or certificate program at a public two-year college in Texas
- Have not been granted and associate’s degree or bachelor’s degree
- If male must register with Selective Service
- Have not been convicted of a felony or crime involving a controlled substance
- An individual convicted of a crime involving a controlled substance can compete for an award in this program two years after he/she has fulfilled his/her obligation to society.

Grant Restrictions
Students receiving TEOG who continue in college and who meet the program academic standards can receive awards for up to 75 semester credit hours, for four years, or until they receive an associate’s degree, whichever comes first.

Academic Requirements
The academic requirements for continuing to receive the grant are as follows. Students who receive Texas grant must have a 2.5 GPA and complete at least 24 semester credit hours per academic year.

Fund Disbursements
STC will credit TEOG funds to your school account to pay for tuition, fees and other school related costs which appear on your student account (institutional charges). If you are eligible for funds in excess of your institutional charges, after completing eligibility verification STC will pay you the difference directly by mailing you a check. Book allowance and final refund release dates are provided to students before the start of each semester; they are published at http://studentservices.southtexascollege.edu/finaid/book_allowances.html.

Texas Public Educational Grant (TPEG)
A Texas Public Educational Opportunity Grant (TPEG) is a grant that was established by the Texas Legislature to help students with financial need attend public community colleges, public technical colleges, or public state colleges in Texas. The TPEG does not have to be repaid like student loans.

Eligibility Requirements
Students must be meeting eligibility requirements listed earlier in the catalog. There is no additional application to apply for this grant besides the FAFSA. The requirements follow,
- For residents, nonresidents or foreign students.
- For undergraduates or graduates.
- For students attending public colleges in Texas.
- For students with financial unmet need.
For students registered and attending at least 6 credit hours in Fall and/or Spring terms and 3 credit hours in Summer Session I, II, or III.

Note: There is no guarantee every eligible student will be able to receive a TPEG.

STATE AID FOR FOREIGN STUDENTS
Texas Education Code 54.07 and 54.052(j)
Students who qualify as residents under Texas Education Code 54.07 and 54.052(j) may be eligible to receive Texas State Aid. For details on the requirements, please consult the Resident Status for Students sections of this catalog. Students who feel that they should be considered residents under this policy should begin the process at the STC Office of Admissions and Records.

Non-Resident Texas Public Education Grant
Funds
Non-Resident Texas Public Education Grant (TPEGNR) is a grant that is generated from funds that non-resident students pay for tuition and fees at STC. These funds are very limited and are set aside every year to award non-resident students. Non-Resident students may apply for a TPEGNR award by filling out a Non-Resident TPEG Request Form. These forms may be available each semester and contain detailed information on how to apply and the application deadlines. The forms can be requested at any Office of Student Financial Services.

TEXAS WORK-STUDY PROGRAM
The Texas Work-Study Program provides jobs for undergraduate and graduate students with financial need, allowing them to earn money to help pay education expenses. The program encourages community service work and work related to your course of study. The prospective work-study student must go through an interview process with Work Study employers and he/she must obtain a position to earn the funds for which he/she is eligible. The work-study student may or may not earn all the funds that he/she was eligible to receive and once funds have been exhausted employment will end.

Eligibility Determination
- Student must be registered for at least 6 credit hours
- Student must have unmet need
- Student must have his/her Financial Aid file complete
- Student must be meeting Financial Aid Satisfactory Academic Progress
- Texas Work Study is for students attending public or non-profit Independent colleges in Texas
- Student may not be on an athletic scholarship
- Student must be Texas resident
- Student may not be enrolled in a seminary or other program leading to ordination or licensure to preach.

Apply for Work-Study
To apply for a Work Study position you must submit a Work Study application. Applications are available online or at any Student Financial Services Office (Mid Valley, Starr or Pecan campus). All work study applications are subject to a background check; only those approved will be considered for Work Study.

Additional Information
- For academic reasons, student workers are only allowed to work a maximum of Nineteen hours. The number of hours is determined by the student’s financial need each award year. Student workers may not earn more than they are awarded, and it will be their responsibility to ensure they do not exceed their award amount.
- Student workers are paid federal minimum hourly wages, however some students may be paid more depending on the type of work they do and the skills required for certain jobs. STC will pay student directly at least once a month.
- The Student worker will be paid by the hour, no commission or fee may be paid to a work study student.
- The number of Work Study positions available per year for the college is determined by the Federal and State Work Study allocations from the U.S. Department of Education and the Texas Higher Education Coordinating Board respectively every award year.
- STC offers Student workers positions on-campus and off-campus. The Student worker may be assigned to work at any of the STC campuses. If a Student worker is assigned to work off-campus, his/her employer will be a private nonprofit organization of a public agency, and the work performed must be in the public interest.

STATE EXEMPTIONS AND WAIVERS
An exemption or a waiver is a payment of all or part of a student’s tuition and fee bill. Effective Fall 2014, Senate Bill 1210 (83rd Texas Legislature, Regular Session) adds a Grade Point Average requirement for persons to receive continuation award with most (not all) state exemptions and waivers. The Bill also establishes a Limit to require persons to receive continuation award with most (not all) state exemptions and waivers. The Bill also establishes a Limit to require persons to receive continuation award with most (not all) state exemptions and waivers. Adopted Students Formerly in Foster or Other Residential Care
To provide college financial assistance to students who once were in foster or other residential care and have been adopted.

Eligibility
For students who were in foster or other residential care, were adopted, and were the subject of an adoption assistance agreement under Subchapter D, Chapter 162, Texas Family Code.
**Award Amount**
Tuition and fees for courses for which the college receives tax support.

**Applying for Exemption**
Provide the college registrar written proof, from the Texas Department of Family and Protective Services (TDFPS), of eligibility. To obtain a letter of eligibility from TDFPS, contact a representative in one of the district offices:

**BLIND/DEAF STUDENT EXEMPTION PROGRAM**
To help enable blind and deaf students to attend public colleges or universities in the state of Texas.

**Eligibility**
Students must be Texas residents, declare a program of study at the time he/she applies for the exemption, provide certification from the Department of Assistive and Rehabilitative Services of status as a blind person or a deaf person, enroll in classes for which the college receives tax support (i.e., a course that does not depend solely on student tuition and fees to cover its costs)

**Award Amount**
All due, fees, and enrollment charges whatsoever for which exemptions may be lawfully made, including: fees for correspondence courses, general property deposit fees, and student service fees; but, does not include fees or charges for lodging, board, or clothing. No funds may be used to pay tuition for continuing education classes for which the college receives no state tax support.

**Applying for Exemption**
Provide the registrar with certification from the Department of Assistive and Rehabilitative Services of status as a blind person or a deaf person. Provide the registrar a written statement of purpose indicating which certificate, degree program, or professional enhancement will be pursued. Provide the registrar a copy of the high school transcript and a letter of recommendation. Provide the registrar proof that all admissions requirements have been met.

**CHILDREN OF DISABLED OR DECEASED FIREFIGHTERS TAKING FIRE SCIENCE COURSES**
To encourage persons employed as fire fighters or active members of volunteer fire departments to take college courses designed to help them in their work.

**Eligibility**
Apply before the person's 21st birthday or, if the person is eligible to participate in a school district's special education program under section 29.003, age 22;

Had a parent who was a paid or volunteer fireman, paid municipal, county, or state peace officer, or a custodial employee of the Texas Department of Corrections, or a game warden. Are the child of a parent who suffered an injury, resulting in disability or death, sustained in the line of duty. Enroll in classes for which the college receives tax support (i.e., a course that does not depend solely on student tuition and fees to cover its costs). A person may receive an exemption from the payment of tuition and fees only for the first 120 undergraduate semester credit hours for which he or she registers or age 26, whichever comes first.

**Award Amount**
Exemption from the payment of tuition and required fees for the first 120 undergraduate semester credit hours for which a person registers. No funds may be used to pay tuition for continuing education classes for which the college receives no state tax support.

**Application Process**
Obtain a sample certification letter from the Texas Higher Education Coordinating Board. Have parent's prior employer complete the sample letter on official letterhead. Submit the letter to the Texas Higher Education Coordinating Board. In the case of a disability, also submit to the Texas Higher Education Coordinating Board a doctor's statement that certifies the disability. The Texas Higher Education Coordinating Board will notify the college or university of the student's eligibility.

**MILITARY: CHILDREN OF U.S. MILITARY WHO ARE MISSING IN ACTION OR PRISONERS OF WAR (MIA/POWS)**
To provide an education benefit to the children of persons listed as Missing in Action or Prisoners of War by the U.S. Department of Defense.

**Eligibility**
Are Texas residents; Are 21 years of age or younger, or 25 years of age or younger and receiving most of his/her support from a parent; Have documentation from the Department of Defense that a parent, who is classified as a Texas resident, is missing in action or a prisoner of war; and Enroll in classes for which the college receives tax support (i.e., a course that does not depend solely on student tuition and fees to cover its costs).

**Award Amount**
Tuition, service fees, lab fees, building use fees, and all other fees except room, board or clothing fees, or deposits in the nature of security for the return or proper care of property. No funds may be used to pay tuition for continuing education classes for which the college receives no state tax support.

**Application Process**
Contact the Office of Student Financial Services for additional information on this exemption.

**FIREFIGHTERS TAKING FIRE SCIENCE COURSES**
To encourage persons employed as fire fighters or active members of volunteer fire departments to take college courses designed to help them in their work.
**Eligibility**

Employed as a paid fire fighter by a political subdivision of the State of Texas or active members of volunteer fire departments who hold an accredited advanced certification (or the equivalent), under the State Firemen's and Fire Marshal's Association of Texas volunteer certification program, OR a Phase V (Firefighter II) certification (or the equivalent) under the Texas Commission of Fire Protection's voluntary certification program under Section 419.071, Govt Code. Enroll in courses offered as part of a Fire Science Curriculum. Enroll in classes for which the college receives tax support (i.e., a course that does not depend solely on student tuition and fees to cover its costs).

**Award Amount**

Tuition and laboratory fees for courses offered as part of a fire science curriculum. No funds may be used to pay tuition for continuing education classes for which the college receives no state tax support. To receive continuation awards, a firefighter (paid or volunteer) must meet the institution's financial aid academic progress requirements. The exemption may not be applied to additional tuition charged to an undergraduate student with excess or repeated hours under TEC. 54.014(a) or (f), or the additional tuition charged to a graduate student with excess hours under TEC. 61.059(1)(1) or (2).

**Application Process**

Provide the Office of Student Financial Services proof of employment as a paid fire fighter, and enroll in the courses of a Fire Science Curriculum.

**HAZLEWOOD EXEMPTION & LEGACY ACT**

The Hazlewood Act is a State of Texas benefit that provides qualified Veterans, spouses, and dependent children with an education benefit of up to 150 hours of tuition exemption, including most fee charges, at public institutions of higher education in Texas. This does NOT include living expenses, books, or supply fees.

**Eligibility**

At the time of entry into the U.S. Armed Forces, designated Texas as Home of Record; or entered the service in Texas; or was a Texas resident; Have received an honorable discharge or separation or a general discharge under honorable conditions; Served at least 181 days of active duty service (excluding training); Have no federal Veteran's education benefits, or have no federal Veterans education benefits dedicated to the payment of tuition and fees only (such as Chapter 33 or 31; Pell and SEOG are not relevant) for term or semester enrolled that do not exceed the value of Hazlewood benefits; Not be in default on a student loan made or guaranteed by the State of Texas; and Enroll in classes for which the college receives tax support (i.e., a course that does not depend solely on student tuition and fees to cover its cost), unless the college’s governing board has ruled to let Veterans receive the benefit while taking non-funded courses.

Veterans who are granted their first Hazlewood Act exemption beginning fall, 2011 must reside in Texas during the semester or term for which the exemption is claimed. This requirement does not apply to the Veterans who either received the exemption prior to the 2011-2012 academic year, have reenlisted into active duty, or reside with a spouse who is on active duty.

**Applying for Exemption**

Apply and be accepted to a Texas public college or university of his/her choice. Provide proof (DD214) from the Department of Defense regarding military service and the nature of discharge; Provide proof of eligibility or ineligibility for Montgomery GI Bill benefits (Chapter 31, 33/Post-9/11) by requesting an education benefits letter from the VA office in Muskogee, OK at (888) 442-4551 or www.gibill.va.gov; Fill out the HE-V application form HE-V Application Packet for Veterans; And, turn in the HE-V application form, a copy of your letter of eligibility/ineligibility and a copy of your DD214 into the financial aid office of the institution you will be attending.

**Legacy Act (Child)**

Eligible Veterans may assign unused hours of exemption eligibility to a child under certain conditions. A child must Qualify for resident tuition; Be the biological child, stepchild, adopted child, or claimed as a dependent in the current or previous tax year; Be 25 years old or younger on the first day of the semester or term for which the exemption is claimed (unless granted an extension due to a qualifying illness or debilitating condition); and Make satisfactory academic progress in a degree, certificate, or continuing education program as determined by the institution. "If a child to whom hours have been delegated fails to use all of the assigned hours, a Veteran may re-assign the unused hours that are available to another child. Only one child can use the Hazlewood Act at a time.

**Legacy Act Application Process**

A child of a Veteran must apply and be accepted to a Texas public college or university. Fill out the HE-D application along with the Veteran filling out the HE-V application HE-V Application Packet for Veterans and, HE-D Application Packet for Eligible Children and Spouses; Provide proof of eligibility or ineligibility for Montgomery GI Bill benefits (Chapter 31, 33/Post-9/11) by requesting an education benefits letter from the VA office in Muskogee, OK at (888) 442-4551 or www.gibill.va.gov; And take both applications, letter of eligibility or ineligibility for Montgomery GI Bill benefits (Chapter 31, 33/Post-9/11) by requesting an education benefits letter from the VA office in Muskogee, OK at (888) 442-4551 or www.gibill.va.gov; and take both applications, letter of eligibility/ineligibility (if needed), along with a copy of the Veteran’s DD214, to the Office of Student Financial Services.

**Hazlewood Act for Spouse/Child**

The Hazlewood Act is also extended to spouses and dependent children of eligible active duty, Texas National Guard, and Air National Guard Veterans who died in the line of duty or as a result of injury or illness directly related to military service, are missing in action, or who became totally disabled for purposes of employability as
a result of a service-related injury or illness. Each child and spouse will receive a 150 credit hour exemption. Note: A child of a qualified Veteran who is not 100% disabled or has a service connected death may qualify for benefits under the Hazlewood Legacy Program

Eligibility
A spouse must be a spouse of a Veteran who, at the time of entry into the U.S. Armed Forces, was a Texas resident, designated Texas as Home of Record, or entered the service in Texas; Be a spouse of a Veteran of the U.S. Armed Forces, Texas National Guard, or Texas Air National Guard who died as a result of service-related injuries or illness, is missing in action, or became totally disabled (100%) as a result of a service-related injury or illness or is entitled to receive compensation at the 100% rate due to individual employability (IU) due to a service connected injury or illness; Have no federal Veterans education benefits, or have federal Veterans education benefits dedicated to the payment of tuition and fees only (such as Chapter 33 or 31; Pell and SEOG are not relevant) for term or semester enrolled that do not exceed the value of Hazlewood benefits and qualify for resident tuition.

A child must be a child of a Veteran who, at the time of entry into the U.S. Armed Forces, was a Texas resident, designated Texas as Home of Record, or entered the service in Texas; Be a child of a Veteran of the U.S. Armed Forces, Texas National Guard, or Texas Air National Guard who died as a result of service-related injuries or illness, is missing in action, or became totally disabled (100%) as a result of a service-related injury or illness or is entitled to receive compensation at the 100% rate due to individual employability (IU) due to a service connected injury or illness; Have no federal Veterans education benefits, or have federal Veterans education benefits dedicated to the payment of tuition and fees only (such as Chapter 33 or 31; Pell and SEOG are not relevant) for term or semester enrolled that do not exceed the value of Hazlewood benefits and qualify for resident tuition.

Application process for Spouse/Child
A spouse (Veteran died during service, MIA, or 100% disabled) must: Apply and be accepted to a Texas public college or university. Provide proof (DD214) from the Department of Defense or VA regarding Veteran’s death, MIA status, or 100% disability related to service. If additional documents are needed, you may wish to contact the National Personnel Records Center at (314) 801-0800. Fill out the HE-D application form HE-D Application Packet for Eligible Children and Spouses; and Turn in the HE-D application, a copy of the Veteran’s DD214, and the proof from the Dept. of Defense or VA regarding the death, MIA status, or 100% disability related to service, to the Office of Student Financial Services.

EXEMPTION FOR HIGHEST RANKING HIGH SCHOOL GRADUATE
To provide an award to students graduating top in their classes in high school.

Eligibility
Texas residents, nonresidents, or foreign students; Graduate from an accredited high school in the State of Texas; and Graduate with the highest ranking in their high school.

Award Amount
Tuition during both semesters of the first regular session immediately following the student’s high school graduation.* Fees are not covered. No funds may be used to pay tuition for continuing education classes for which the college receives no state tax support.* This exemption may be granted for any one of the first four regular sessions following the individual’s graduation from high school when in the opinion of the institution’s president the circumstances of an individual case, including military service, merit the action.

Applying for Exemption
Students must provide a copy of the certificate received from the high school confirming the highest ranking to the Office of Student Financial Services.

APPLICATION FOR PEACE OFFICERS DISABLED IN THE LINE OF DUTY
To provide a benefit to persons who were injured in the line of duty while serving as Peace Officers.

Eligibility
Are Texas residents, Enroll in classes for which the college receives tax support (i.e., a course that does not depend solely on student tuition and fees to cover its costs). A person may not receive an exemption under this section if the person is enrolled in a master’s degree program or is attending postgraduate courses to meet the requirements of a master’s degree program and the person has previously received a master’s degree and received an exemption under this section for a semester or session while attending a postgraduate course to meet the requirements of the master’s degree program. A person may not receive an exemption under this section if the person is enrolled in a doctoral degree program or is attending postgraduate courses to meet the requirements of a doctoral degree program and the person has previously received a doctoral degree and received an exemption under this section for a semester or session while attending a postgraduate course to meet the requirements
of the doctoral degree program. A person may not receive an exemption under this section for more than 12 semesters or sessions while the person is enrolled in an undergraduate program or while the person is attending only undergraduate courses.

**Award Amount**
The maximum award is exemption from the payment of tuition and required fees for not more than 12 semesters or sessions. No funds may be used to pay tuition for continuing education classes for which the college receives no state tax support.

**Applying for Exemption**
The disabled peace officer must work directly with the registrar of the public institution of higher education and submit satisfactory evidence of his/her status as a disabled peace officer as required by that institution.

**EXEMPTION FOR PEACE OFFICERS ENROLLED IN LAW ENFORCEMENT OR CRIMINAL JUSTICE COURSES**

**Program Purpose**
To encourage persons employed as peace officers to take college courses designed to help them in their work.

**Eligibility**
Employed as a Peace Officer by the state of Texas or by a political subdivision of Texas. Enrolled as an undergraduate in an undergraduate program, including certificate, associate and baccalaureate degrees leading to a law enforcement-related or criminal justice certificate or degree. Enroll in classes beginning fall 2011 or later. Enroll in classes for which the college receives tax support (i.e., a course that does not depend solely on student tuition and fees to cover its costs). Making satisfactory academic progress toward the student's degree as determined by the institution. Apply for the exemption at least one week before the last date of the institution's regular registration period for the applicable semester or other term. Have not previously attempted a number of semester credit hours for courses taken at any Texas public institution of higher education while classified as a resident student for tuition purposes in excess of the maximum number specified in TEC Section 61.0595 (a) (30 hours beyond the degree requirement). To receive a continuation award, the police officer must meet the institution's financial aid academic progress requirements.

**Award Amount**
Tuition and laboratory fees for courses offered as part of a law enforcement-related or criminal justice curriculum which pertain to the major requirements of the identified programs are eligible for reimbursement. Courses not directly related to law enforcement or criminal justice are not eligible for reimbursement even though they may be required for completion of the certificate or degree. No funds may be used to pay tuition for continuing education classes for which the college receives no state tax support.

**Application Process**
Provide the Office of Student Financial Services proof of employment as a paid police officer, and enroll in the courses of a law enforcement or criminal justice curriculum.

**EXEMPTION FOR STUDENTS UNDER CONSERVATORSHIP OF THE DEPT. OF FAMILY AND PROTECTIVE SERVICES**

**Program Purpose**
To provide college financial assistance to students who were in foster care when they turned 18 years of age.

**Eligibility**
As of spring 2010 a student is exempt from the payment of tuition and fees authorized in this chapter, including tuition and fees charged by an institution of higher education for a dual credit course or other course for which a high school student may earn joint high school and college credit, if the student: was under the conservatorship of the Department of Family and Protective Services: on the day preceding the student's 18th birthday; on or after the day of the student's 14th birthday, if the student was also eligible for adoption on or after that day; or on the day the student graduated from high school or received the equivalent of a high school diploma; or on the day preceding the date the student is adopted, if that date is on or after September 1, 2009; or the date permanent managing conservatorship of the student is awarded to a person other than the student's parent, if that date is on or after September 1, 2009; during an academic term in which the student was enrolled in a dual credit course or other course for which a high school student may earn joint high school and college credit; AND enrolls in an institution of higher education as an undergraduate student or in a dual credit course or other course for which a high school student may earn joint high school and college credit not later than the student's 25th birthday.

**Award Amount**
Tuition and fees for courses for which the college receives tax support; however, once a student has been determined eligible for the benefit, the benefit continues indefinitely.

**Applying for Exemption**
Provide the Office of Student Financial Services written proof, from the Department of Family and Protective Services (TDFPS), of eligibility.

**OTHER EXEMPTIONS & WAIVERS**

- Exemption Program for Clinical Preceptors and Their Children
- Concurrent Enrollment Waiver (Enrollment in Two Texas Community Colleges)

- Spouse and Dependents Who Previously Lived in Texas
For either program, you may have to provide contact the lender or agency that holds your loan. If you have a FFEL Stafford Loan, you must option. the Direct Loan Servicing Center to request either you have a Direct Stafford Loan, you must contact

If you are:

- Serving in a position under the National
- Unable to pay due to poor health or other
  unanticipated personal problems.
- Serving in a medical or dental internship or
  residency.
- Serving in a position under the National
- Obligated to make payments on certain federal
  student loans that are equal to or greater than
  20 percent of your monthly gross income.

Deferred and forbearances are not automatic. If you have a Direct Stafford Loan, you must contact the Direct Loan Servicing Center to request either option. If you have a FFEL Stafford Loan, you must contact the lender or agency that holds your loan. For either program, you may have to provide documentation to support your request. You must continue making scheduled payments until you receive notification that the deferment or forbearance has been granted.

**COLLEGE ACCESS LOAN**

The College Access Loan (CAL) Program provides an alternative type of educational loans to Texas students. Applicants do not have to demonstrate financial need and it may be used to cover all or part of a student’s Expected Family Contribution (EFC).

**Eligibility Requirements**

- Be a Texas resident
- Be enrolled in a course of study leading to a certificate, associate’s or higher degree at least half-time
- Meet the satisfactory academic progress requirements set by the institution
- Receive a favorable credit evaluation or provide a cosigner who has good credit standing and meets other requirements. Please refer to www.hhloans.com for further information about eligible cosigners.

For information on the College Access Loan (CAL) you may contact the Texas Higher Education Coordinating Board at 1-800-242-3062 or www.hhloans.com.

**DEADLINE for Certifying Loans:** Office of Student Financial Services has a deadline set in place for all loans that need certification by the institution. The deadline is by census date (12th class date) for the semester in which the loan is being requested by the student. Student Financial Services must receive your loan application by 5pm on Census date in order to certify loan for the semester that is being requested.

**TEXAS B-ON-TIME (BOT) LOAN**

The purpose of the Texas B-On-Time Loan program is to provide eligible Texas students no-interest loans to attend colleges and universities in Texas. If the student meets specified goals, the entire loan amount can be forgiven upon graduation. Your institution’s financial aid office will identify eligible students. Please note: persons who have earned a bachelor’s degree are not eligible for B-On-Time loans.

**Eligibility Requirements**

- Have completed a FAFSA and be eligible to receive federal financial aid
- Be enrolled full time in an undergraduate degree or certificate program at an eligible institution
- Be a Texas resident or be entitled to pay resident tuition rates as a dependent child of a member of the U.S. armed forces and Have graduated in the 2002-2003 academic year or later from a high school operated by the U.S. Department of Defense or under the recommended high school program from a public or accredited private high school in Texas or Have earned an associate’s degree from an eligible institution no earlier than May 1, 2005.

**TEXAS B-ON-TIME (BOT) LOAN**

The purpose of the Texas B-On-Time Loan program is to provide eligible Texas students no-interest loans to attend colleges and universities in Texas. If the student meets specified goals, the entire loan amount can be forgiven upon graduation. Your institution’s financial aid office will identify eligible students. Please note: persons who have earned a bachelor’s degree are not eligible for B-On-Time loans.

**Eligibility Requirements**

- Have completed a FAFSA and be eligible to receive federal financial aid
- Be enrolled full time in an undergraduate degree or certificate program at an eligible institution
- Be a Texas resident or be entitled to pay resident tuition rates as a dependent child of a member of the U.S. armed forces and Have graduated in the 2002-2003 academic year or later from a high school operated by the U.S. Department of Defense or under the recommended high school program from a public or accredited private high school in Texas or Have earned an associate’s degree from an eligible institution no earlier than May 1, 2005.
SALLIE MAE SMART OPTION LOAN
The Sallie Mae Smart Option Student Loan is a private student loan that is offered for undergraduate and managed by Sallie Mae Inc. Find out more at www.salliemae.com

DEADLINE for Certifying Loans: Office of Student Financial Services has a deadline set in place for all loans that need certification by the Institution. The deadline is by census date (12th class date) for the semester in which the loan is being requested by the student. Student Financial Services must receive your loan application by 5pm on Census date in order to certify loan for the semester that is being requested.

VETERANS EDUCATIONAL BENEFITS
STC is approved for training veterans under the provisions of the various public laws commonly called the G.I. Bill. A veteran with entitlement may receive a monthly check varying in amount with his/her course load. A spouse or child of a veteran may receive benefits under certain conditions.

Veterans or their families who think they may be eligible for benefits should contact their local Veterans Administration office or the STC Veteran Affairs office. Please visit the Veteran Affairs office or call 1-888-442-4551.

Students receiving V.A. educational benefits must adhere to the V.A. Satisfactory Progress Standards. More information on these standards is available from the Office of Student Financial Services.

Chapter 33 Post-9/11 GI Bill
If you have at least 90 days of aggregate active duty service after Sept. 10, 2001, and are still on active duty, or if you are an honorably discharged Veteran or were discharged with a service-connected disability after 30 days, you may be eligible for this VA-administered program. For more information visit http://www.benefits.va.gov/gibill/post911_gibill.asp

Chapter 30 Montgomery GI Bill Active Duty (MGIB-AD)
The MGIB-AD program—sometimes known as Chapter 30—provides education benefits to Veterans and Service members who have at least two years of active duty. For more information visit http://www.benefits.va.gov/gibill/mgib_ad.asp

Chapter 1606 Montgomery GI Selected Reserve (MGIB-SR)
The MGIB-SR program provides education and training benefits to eligible members of the Selected Reserve, including the Army Reserve, Navy Reserve, Air Force Reserve, Marine Corps Reserve and Coast Guard Reserve, and the Army National Guard and the Air National Guard. Eligibility for this program is determined by the Selected Reserve components and VA makes the payments. For more information visit http://www.benefits.va.gov/gibill/mgib_ssr.asp

Chapter 1607 Reserve Educational Assistance Program (REAP)
REAP provides educational assistance to members of the Reserve components called or ordered to active duty in response to a war or national emergency declared by the president or Congress. For more information visit http://www.benefits.va.gov/gibill/survivor_dependent_assistance.asp

Chapter 35 Survivors And Dependent Assistance
The Dependents' Educational Assistance (DEA) program offers education and training opportunities to eligible dependents of Veterans who are permanently and totally disabled due to a service-related condition or of Veterans who died while on active duty or as a result of a service-related condition. For more information visit http://www.benefits.va.gov/gibill/survivor_dependent_assistance.asp

Chapter 31 Vocational Rehabilitation
The Vocational Rehabilitation and Employment (VocRehab) program is authorized by Congress under Title 38 of the United States Code, Chapter 31. It is sometimes referred to as the Chapter 31 program. VocRehab helps Service members and Veterans with service-connected disabilities prepare for, find, and maintain suitable careers. For more information visit http://www.benefits.va.gov/vorehab/index.asp

Tuition Assistance
The Tuition Assistance (TA) program provides financial assistance for voluntary off-duty education programs in support of a Soldier's professional and personal self-development goals. TA is available for courses that are offered in the classroom or by distance learning. The courses must be offered by schools that are registered in GoArmyEd and are accredited by accrediting agencies that are recognized by the U.S. Department of Education. For more information visit https://www.goarmyed.com/public/public_money_for_college-tuition_assistance.aspx

Hazlewood Act
The Hazlewood Act is a State of Texas benefit that provides qualified Veterans, spouses, and dependent children with an education benefit of up to 150 hours of tuition exemption, including most fee charges, at public institutions of higher education in Texas. This does NOT include living expenses, books, or supply fees. For more information visit http://www.tvc.texas.gov/Hazlewood-Act.aspx?CFID=8323622&CFTOKEN=59362141
Scholarships

Each year, a number of individuals, organizations and companies provide scholarships that are available to students attending STC. The amount and criteria for these awards will vary. These scholarships are advertised when available, and eligible students may apply at that time. Information is available online at http://studentservices.southtexascollege.edu/financialaid/scholarships/

Top 10% Scholarship Program

The 80th Texas legislature created the Top 10% Scholarship to encourage students who graduate in the top 10 percent of their high school class to attend a Texas public institution of higher education. To qualify for the Top 10% Scholarship students must submit the Free Application for Federal Student Aid (FAFSA) by March 15, 2014 and have financial need. Other requirements include:

- Be a Texas Resident
- Demonstrate financial need (to be determined by the college Financial Aid office)
- Complete a 2014-2015 FAFSA and file by March 15, 2014
- Complete Recommended or Distinguished Achievement high school curriculum
- Rank in the top 10 percent
- Graduate from an accredited high school in Texas
- Enroll full time in Fall 2014

Please contact the Office of Financial Aid at South Texas College to verify your compliance with the above mentioned requirements.

STARS Scholarship

The STARS Scholarship Fund awards scholarships to qualified students of South Texas annually. STARS provide scholarships through a general application process, in which recipients are selected on a competitive basis of academic achievement, personal strengths, leadership and financial need. Applications are available at the beginning of the calendar year at www.southtexasstars.org

Hispanic Scholarship Fund

The Hispanic Scholarship Fund provides a number of scholarships that assist students of Hispanic descent in completing their higher education. These scholarships are awarded on a variety of criteria and may be merit and/ or need based. For more information visit www.hsf.net

VAMOS-Valley Alliance Of Mentors For Opportunities And Scholarships

VAMOS is a Hidalgo County organization that provides scholarships to Hidalgo County Hispanic youth graduating in the top 25 percent of their school’s graduating class. Students must be Hispanic and U.S. citizens, or permanent lawful residents. The amount of scholarships varies and is dependent on a student's financial aid and unmet need.

T-STEM Challenge Scholarship

The Texas Science, Technology, Engineering, and Math (T-STEM) Challenge Scholarship Program was established was designed to allow community and technical colleges to provide merit-based scholarships to qualifying, high-achieving full-time students pursuing careers in STEM fields. Scholarship availability is based on funding from the Texas Guaranteed Student Loan Corporation. Read more at www.thecb.state.tx.us/TSTEM

Third Party Programs

Department of Assistive and Rehabilitative Services (DARS)

The Department of Assistive and Rehabilitative Services (DARS) offers payment of tuition and other services to students who have certain physical disabilities. The Vocational Rehabilitation Division must approve the vocational objectives selected by the student before funds are awarded. Interested applicants should contact the nearest office of the Department of Assistive and Rehabilitative Services.

Applying for DARS

To apply for VR services, call, write or visit the DARS Division for Rehabilitation Services office nearest you and request an appointment to meet with a counselor. If you need help in locating a DRS office in your area, you may call 1(800) 628-5115. When you contact the local office, please let us know if you need translator services or other accommodations for your appointment.

How much money can I get?

DARS covers tuition and fees, books and sometimes supplies up to an approved amount. The DARS issues purchase orders to the financial aid office with specified amounts for each student’s tuition and fees. The financial aid office cannot increase awards without written authorization from DARS. If a student withdraws or has any changes in fees, monies must be returned to DARS, a student is not eligible for any reimbursement.

Program Restrictions

A student cannot receive financial aid simultaneously with DARS funds. DARS requires that other aid must be awarded first. If in the event that a student completes or is eligible for any other aid, the DARS award will be cancelled, unless written authorization from DARS has been given.

Workforce Investment Act (WIA) Workforce Solutions

WIA is the Workforce Investment Act, and its purpose is to provide workforce investment activities that increase the employment, retention, and earnings of participants. WIA programs are intended to increase occupational skills attainment by participants and improve the quality of the workforce, reduce welfare dependency, and enhance the productivity and competitiveness of the nation. WIA authorizes several job training programs including Adult Employment and Training Activities, Youth Activities, and Job Corps. Students interested in applying for WIA should contact their local WorkFORCE center.

Applying for WIA

Prior to enrollment at STC a student should contact their local Workforce Solution Center to determine eligibility and types of assistance available to them.

Note: Information is subject to change.

WIA Contracts
WIA covers tuition, fees, books, equipment, tools and uniforms up to an approved amount. The WIA contract also specifies a contract end date in which the student will not be awarded unless a modification has been received from WIA. A student who is approved under a program must be registered in courses that are on the degree plan. WIA does not cover developmental courses, repeat courses (unless approved by WIA) and courses not a part of the degree plan.

Award Disbursements
A student may receive financial aid and WIA funds. However, a student cannot receive VIDA and WIA at the same time because both are state funded grants. Any funds remaining will not be issued until after enrollment has been verified.

Valley Initiative For Development and Advancement (VIDA)
VIDA is a workforce development program designed to respond to the job training needs of the Rio Grande Valley’s Empowerment Zones. Participants of the program will be recruited and trained to qualify for higher paying jobs available in the Rio Grande Valley.

Long-term training (1-2 years) will be limited to targeted occupations with identified job openings. Customized training (less than 1 year) will be made available through a contractual partnering between VIDA, industry and local community colleges.

Applications are available at VIDA satellite offices. Students needing more information on VIDA may contact the STC Financial Aid office.

Eligible Majors
Interested students must be majoring in one of the following degrees in order to apply for the VIDA program,

One Year Certificate Programs
- Accounting Clerk
- Automotive Technology
- Computer Aided Drafting & Design Technology
- Computer Maintenance Technology
- Diesel Technology
- Electronic & Computer Maintenance Tech
- Electronic Serving Tech
- EMT-Intermediate
- EMT-Paramedic
- Health Unit Coordination Tech
- Heating, Ventilation, Air Conditioning & Refrigeration
- Import/Export
- Industrial Systems Maintenance Tech
- Medical Information Specialist
- Nursing-LVN
- Nursing-LVN/ADN Transition
- Precision Manufacturing
- Secretary

Two Year Associate Degree Programs
- Accounting
- Administrative Assistant
- Auto Technology
- Child Care & Development
- Communication Service Tech
- Computer Maintenance Tech
- Computer Support Specialist
- Diesel Tech
- E-Commerce
- Electronic Equipment & Computer Maintenance
- Electronic Semiconductor Tech
- EMT-Emergency Medical Technology
- Health & Human Services
- Health Information Tech
- Heating, Ventilation, Air Conditioning & Refrigeration
- Import/Export
- Legal Assisting
- Legal Secretary
- Minicomputer Specialist
- Networking Specialist
- Nursing – RN
- Occupational Therapy assistant
- Pharmacy Technology
- Physical Therapist Assistant
- Precision Manufacturing Tech
- Public Service Administration
- Radiologic Tech
- Webmaster Specialist

Students interested in applying for the VIDA program must contact VIDA directly at 1715 E. Pike Blvd., Weslaco, TX 78596, 1-800-478-2770.

VIDA Program
VIDA covers tuition and fees, books and sometime supplies up to an approved amount. The VIDA program forwards Memo’s to the financial aid office with specified amounts for each student’s tuition
and fees. The financial aid office cannot increase awards without written authorization from VIDA. If a student withdraws or has any changes in fees, monies must be returned to VIDA, and the student will not be eligible for reimbursement.

**Award Disbursement**

A student may receive financial aid and VIDA funds. However a student cannot receive VIDA and WIA at the same time because both are state funded grants. Any funds remaining will not be issued until after enrollment has been verified.

**COLLEGE SAVINGS PLANS**

**Texas Guaranteed Tuition Plan (formerly Texas Tomorrow Fund)**

The Texas Guaranteed Tuition Plan is a program that allows Texas families to lock in the cost of tomorrow’s college tuition and fees required as a condition of enrollment. For more information, contact the Texas tomorrow Fund/Texas Guaranteed Tuition Plan at 1-800-445-GRAD or check with the Financial Aid office. If funds are available the TGTP covers only the following charges:

- **Tuition**
- **Registration Fee**
- **Information Technology Fee**
- **Learning Support Fee**

Note: Students are responsible to pay any other fees not covered by TGTP.

**Texas Tuition Promise Fund Plan**

The Texas Tuition Promise Fund is designed to help families and individuals prepay for all or some future tuition and required fees at any two- or four-year Texas public college or university. Account holders purchase Tuition Units, which represent a fixed amount of undergraduate resident tuition and required fees charged by Texas public colleges and universities. The number of units needed varies depending on the school, but generally 100 units represents 30 semester hours, which is considered to be one academic year. Texas Tuition Promise Fund covers only the following charges:

- **Tuition**
- **Registration Fee**
- **Information Technology Fee**
- **Learning Support Fee**

Note: Students are responsible to pay any other fees not covered by TTPFP.

**Who can open an account?**

Any U.S. citizen or legal resident 18 years and older can open an account, as long as the Beneficiary is a Texas resident. If the child is not a Texas resident, a parent must be the Purchaser and a resident of Texas. Charities that award scholarships may also open an account.

**Enrollment Period**

You may enroll in the Plan any time between Sept. 1 and Feb. 28 (Feb. 29 in leap years). Newborns can be enrolled through July 31 each year. Tuition rates are subject to change at the start of each Enrollment Period on Sept. 1. There is a three-year holding period before any units can be redeemed and the Tuition Units must be paid in full prior to redemption. For more information, contact TEP at 1-800-445-GRAD (4723), option 5 or log on to http://www.texastuitionpromisefund.com/

**OTHER FORMS OF ASSISTANCE**

**Valley Scholars**

Valley Scholars are Hidalgo and Starr county high school graduates who are in the top 10 percent of their high school’s graduating class. Valley Scholars receive a scholarship to be used only at South Texas College to complete an associate degree. Other benefits for the Valley Scholars include special mentoring, tutoring, college tour trips, and other incentives. For further information about this program call 956-872-2621 or see Academic Honors section of this catalog.

**AmeriCorps**

The AmeriCorps program provides full-time educational awards in return for work in community service. You can work before, during, or after your post-secondary education and you can use the funds either to pay current educational expenses or to repay federal student loans. Please go to www.americorps.gov and register in the online payments system.

**SATISFACTORY ACADEMIC PROGRESS**

**Purpose and Scope**

Federal regulations mandate that a student receiving Financial Assistance under Title IV programs must maintain satisfactory academic progress in his/her course of study regardless of whether or not financial aid is awarded each semester. South Texas College’s Financial Aid Satisfactory Academic Progress Policy is applied consistently to all Financial Aid recipients within identifiable categories of students (such as full-time or part-time). Students pursuing a Certificate, Associate, or Bachelor degree are responsible for understanding and adhering to the financial aid satisfactory academic progress policy.

Mandated by Federal and State Regulations, Satisfactory Academic Progress is measured with the following standards:

- **Qualitative Standard (Cumulative Grade Point Average)**
- **Quantitative Standard (Pace of Progress)**
  - Cumulative Pace of Progress
  - Maximum Time Frame

**Qualitative Standard**

Students will be expected to maintain the minimum academic standards as outlined in the Scholastic Progress Standards Section of the South Texas College (STC) Catalog. STC uses a 4-point scale for grade point average (GPA), and requires students to have a 2.0 average after each semester.

**Quantitative Standard (Cumulative Pace of Progress)**

The quantitative standard is used to accurately measure a student’s progress in a program. There are two components of the quantitative standard:
1. **Cumulative Pace of Progression:** Students must complete 67% of the total Attempted hours at the end of each semester to meet the required pace of progress at STC. You calculate the pace at which a student is progressing by dividing the total number of hours successfully completed or earned at the end of each semester by the total number of hours attempted at the end of each semester; if the result is greater than or equal to 67%, the student is meeting the requirement of pace of progress by semester. The chart below shows credit hour totals and the number of credits that must be completed to meet this requirement. Developmental remedial course work will be counted in the 67% calculation after each semester.

<table>
<thead>
<tr>
<th>Total Attempted Semester Hours</th>
<th>Total Earned/ Completed Semester Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>108 Credit Hours</td>
<td>72 credit hours</td>
</tr>
<tr>
<td>96 Credit Hours</td>
<td>64 credit hours</td>
</tr>
<tr>
<td>84 Credit Hours</td>
<td>56 credit hours</td>
</tr>
<tr>
<td>72 Credit Hours</td>
<td>48 credit hours</td>
</tr>
<tr>
<td>60 Credit Hours</td>
<td>40 credit hours</td>
</tr>
<tr>
<td>48 Credit Hours</td>
<td>32 credit hours</td>
</tr>
<tr>
<td>36 Credit Hours</td>
<td>24 credit hours</td>
</tr>
<tr>
<td>24 Credit Hours</td>
<td>16 credit hours</td>
</tr>
<tr>
<td>12 Credit Hours</td>
<td>8 credit hours</td>
</tr>
</tbody>
</table>

2. **Maximum Time Frame (MTF):** is the pace at which students must progress through their program of study to ensure that they will graduate within a maximum timeframe; students must complete their program of study within a period no longer than 150% of the published length of the program. This is measured by dividing the number of credit hours that the student has attempted by the number of credit hours that are required to complete the student's program of study. If the student reaches 150 percent or if the result of the division is 1.50, then the student has reached the Maximum Time Frame. The graph below contains three examples.

<table>
<thead>
<tr>
<th>Total Attempted Hours</th>
<th>Completion Requirement Hours</th>
<th>Maximum Time Frame Percentage</th>
<th>Has student reached Maximum Time Frame?</th>
</tr>
</thead>
<tbody>
<tr>
<td>182 Credit Hours</td>
<td>120 Credit Hours</td>
<td>1.52</td>
<td>Yes</td>
</tr>
<tr>
<td>179 Credit Hours</td>
<td>120 Credit Hours</td>
<td>1.49</td>
<td>No</td>
</tr>
<tr>
<td>62 Credit Hours</td>
<td>42 Credit Hours</td>
<td>1.48</td>
<td>No</td>
</tr>
</tbody>
</table>

In the first example, the program of study requires 120 credit hours to graduate. The student has attempted 182 credit hours (182 / 120 = 1.52) and in this case the student is going over 1.50 percent, so student has reached the Maximum Time Frame. In the second example, the program of study requires 120 credit hours to graduate too but the student has attempted 179 credit hours (179 / 120 = 1.49); in this case student has not yet reached Maximum Time Frame. In the third example, the program of study requires 42 credit hours to graduate and the student has attempted 62 credit hours, (62 / 42 = 1.48); in this case, student has not reached Maximum Time Frame.

**How are my grades evaluated under the FA Standards of Academic Progress?**

- The student’s cumulative Grade Point Average (GPA) must be a 2.0 or higher to satisfy the requirements of the qualitative standard of the Financial Aid Satisfactory Progress Policy.
- Grades of “A”, “B”, “C”, “D” and “P” will be considered credit hours attempted and earned.
- Grades of “F”, “W”, “WP”, “WF”, “DP”, “DF”, “IP”, or “I” will be considered as credit hours attempted for the semester for the 67% Pace of Progress Rule and for the MTF Rule.
- Students who withdraw from the college must still maintain Financial Aid Satisfactory Academic Progress to meet the 67% Pace of Progress Rule and for the MTF Rule.

**What happens if I fail to meet the Financial Aid Standards of Academic Progress?**

- Following the first semester in which the student does not meet the FA Standards of Satisfactory Academic Progress Policy (except in cases where the student exceeds the Maximum Time Frame limit for the declared program of study), the student will be placed on financial aid warning for the next semester of enrollment.
- The student may be allowed to receive financial aid funds while on financial aid warning as long as they are otherwise eligible.
- Students who are on financial aid warning and who improve their academic performance as defined by the qualitative and quantitative standards will be placed back in good standing and may be eligible to continue to receive financial aid for following semesters.
- Students who are on financial aid warning who fail to meet the FA Satisfactory Academic Progress Policy will be placed on Financial Aid Suspension and denied further funding until they meet the qualitative and/or quantitative standards again.
- Students who exhaust the Maximum Time Frame allowed for a program of study will be placed on financial aid suspension.
- A student who successfully appeals a suspension status is placed on financial aid probation and eligible to receive Title IV aid for up to two semesters. The student’s record is reviewed after the first semester of financial aid probation. If the student has brought his cumulative GPA back up to a 2.0 and has also successfully completed 67% of the total number of credits attempted for the financial aid probation semester, he will be placed on financial aid warning. If the student completed
67% of the total number of credits but did not bring his cumulative GPA up to a 2.0 and the term GPA is a 2.0 or better, the student is eligible for one additional semester of financial aid probation. If the term GPA is less than a 2.0 the student will be placed on financial aid suspension. This review of financial aid probation to students is done manually by a Financial Aid Representative. Students who are on financial aid probation are notified by email and regular mail of their status. Students are also required to provide a Financial Aid Academic Plan completely filled out where they will be given the expectations after a Financial Aid appeal has been approved.

**APPEAL PROCESS**

Students who fail to meet STC the Financial Aid Satisfactory Academic Progress Policy because of unusual circumstances (i.e. illness, death in the family, accidents, etc.) have the right to appeal. During the appeal process the student must be prepared to pay his/her own expenses, such as tuition, fees, books, supplies, etc. Please follow the procedure below to appeal a financial aid suspension.

- **A Financial Aid Appeal**, including the Financial Aid Academic Plan, must be obtained from and submitted to the STC Student Financial Services Office.
- Documentation supporting the extenuating circumstances must be available for review.
- Appeals will be approved /disapproved by the Financial Aid Committee. If a Financial Aid Appeal is approved, the student will be placed on financial aid probation and expected to follow the Financial Aid Academic Plan.
- Students can check the status or decision of their financial aid appeal two weeks after submitting it, by login in to their JagNet account and checking the financial aid active messages section of it.
- All decisions made by the Financial Aid Committee are final.

**ADDITIONAL INFORMATION**

The effect of Incomplete grades

Courses where the student receives an incomplete (I) at the end of the semester or term, will count as attempted credit hours and as a non-passing grade when assessing if the student will meet 67% Pace of Progress Rule and/or if the student will be within the Maximum Time Frame limit. STC offers three summer sessions. All three summer sessions are considered one entire semester when calculating the 67% Pace of Progress Rule and the Maximum Time Frame Rule.

Complete withdrawals and the Financial Aid Satisfactory Academic Progress Policy

Students who withdraw from the college must still maintain FA Satisfactory Academic Progress. A complete withdrawal will always have a negative effect on a student’s standing under this policy. If a student withdraws from school during the semester, his grades for the semester will be all ‘W’s. These grades are not passing; therefore the student will not meet the 67% Pace of Progress Rule and will be placed either on Financial Aid Warning or Financial Aid Suspension depending on what the student’s status was before the semester began.

The effect of repeating courses

There is no specific limitation on the number of times a student may attempt a course under the Financial Aid Satisfactory Academic Progress Policy. All course attempts, even repeated courses, will count when assessing if student will meet the 67% Pace of Progress Rule and/or the Maximum Time Frame limit. Please see the Maximum Time Frame section on this document and in addition please see section Repeated Coursework within Financial Aid section of the catalog or the Financial Aid Website, for more information on this.

Transfer hours and the 67% Pace of Progress Rule

Transfer hours which have an STC equivalent are counted in the assessment of the 67% Pace of Progress Rule.

Transfer hours and Maximum Time Frame

Transfer hours which have an STC equivalent are counted in the Maximum Time Frame calculation. Students may request an additional review of transferred courses if these courses count toward graduation at STC in their chosen major by providing a degree plan from the Office of Counseling and Advising. The degree plan will be reviewed by a Financial Aid Officer to determine exactly which transferred credit hours apply to a student’s current program of study. Transferred hours that appear on a student’s record but do not count toward graduation from the student’s current program of study will be eliminated from the total. These reviews are done on a first come first serve basis.

Summer Sessions Attempted hours

Hours attempted in any Summer Session will be included in the assessment of the 67% Pace of Progress Rule and the Maximum Time Frame Rule limit. STC offers three summer sessions. All three summer sessions are considered one entire semester when calculating the 67% Pace of Progress Rule and the Maximum Time Frame Rule.

Academic Probation and Suspension

Successfully approved Academic appeals for Academic Probation or Academic Suspension (G.P.A. less than a 2.0), have no effect on students’ standing with the Financial Aid Satisfactory Academic Progress Policy; those students will still be on Financial Aid Suspension and would have to appeal their Financial Aid Suspension to our STC Student Financial Services Department. Please reference the Financial Aid Appeals Process section on this document for more information.

Notification of status under the FA Satisfactory Academic Progress policy

Students placed on Financial Aid Warning or Financial Aid Suspension will be notified via email and regular mail of their status after grades are available on STC’s computer system.

The effect of Developmental coursework on the 67% Pace of Progress Rule

Developmental (or remedial) coursework will be included when calculating the 67% Pace of Progress Rule.
The effect of Developmental coursework on the MTF calculation

30 credit hours of developmental coursework can be eliminated from the Maximum Time Frame calculation. After the student attempts more than 30 credit hours of developmental coursework, any additional developmental credit hours attempted will count in the Maximum Time Frame calculation.

The effect of dropping a course

Students, who reduce their course load by dropping a course after the semester has begun, risk non-compliance with the 67% Pace of Progress Rule.

The effect of FA Suspension on Financial Aid Awards

Title IV aid consists of grants and work-study; therefore, all grants and work-study awards will be cancelled (or discontinued in the case of work study) if a student is on Financial Aid Suspension.

Consortium agreements and the FA Satisfactory Academic Progress Policy

When South Texas College has a consortium agreement with a participating institution, the student must meet the FA Satisfactory Academic Progress Policy of the institution that is awarding aid.

Maximum Time Frame Adjustment for Change of Major

Students who change their major may have credits attempted and grades earned excluded from the Maximum Time Frame calculation if those credit hours do not count toward the new major. Exclusion of credit hours from the Maximum Time Frame Calculation will be allowed once, for change of major. All developmental courses and academic courses where the student earned grades of “F”, “W” or “I” will be excluded from the Maximum Time Frame calculation when those courses are between the first major and the second major change; these grades cannot be excluded after the second major. Note that Undeclared Degree seeking major is not a valid major but credit hours taken while under this major, will be counted as attempted and earned (or not earned, depending on the grade).

Students who graduate and return to STC for a Second degree

If a student graduates from STC and re-enrolls at STC to pursue another educational program, all developmental courses and academic courses where the student earned grades of “F”, “W” or “I” will be excluded from the Maximum Time Frame calculation. Students may request a review by providing a degree plan furnished by the Office of Counseling and Advising and submitting it to the Student Financial Services Office for review. The degree plan will be reviewed by a Financial Aid Officer to determine exactly which credit hours from the graduated program apply to the student’s new program of study. Classes from the program the student graduated from, which do not count toward graduation for the new program, will be eliminated from the total. The review for a new degree after graduation is limited to one degree plan review per graduation.

FEDERAL RETURN OF TITLE IV FUNDS POLICY

Withdrawals

When a student who is a Title IV recipient withdraws, there are two policies related to finance that the student should be familiar with. The first is STC’s Tuition Refunds Policy, which is located in the Financial Information Section of this catalog. The second policy is the U.S. Department of Education’s Return of Title IV Funds policy, which is described below. These two processes are managed by different offices and have different requirements and deadlines and can be a little confusing. If you have questions after reviewing the Financial Information section of this catalog and the Return of Title IV Funds information please contact the office that is responsible for administering the process that you have questions about. The STC Student Financial Services Office may be reached at (956) 872-8375, and the Cashier’s office may be reached at (956) 872-3455 or both may be reached at 1-800-742-7822.

Policy Summary

There are five types of Title IV funds that are affected by the return of Title IV funds policy at STC. They are the Federal Pell Grant, Federal SEOG Grant. The Higher Education Amendments of 1998, Public Law 105-244 (the Amendments of 1998) substantially changed the way funds paid toward a student’s education are handled when a recipient of Title IV funds withdraws from school. If a Title IV recipient withdraws from school after beginning attendance, (Note: In a distance education context, documenting that a student has logged into an online class is not sufficient, by itself, to demonstrate academic attendance by the student. A school must demonstrate that a student participated in class or was otherwise engaged in an academically related activity, such as by contributing to an online discussion or initiating contact with a faculty member to ask a course-related question.), the amount of aid earned by the student must be determined; if the amount disbursed to the student is greater than the amount the student earned, unearned funds must be returned. If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a post-withdrawal disbursement of the earned aid that was not received.

Withdrawals from programs offered in modules (Mini-mesters)

If a student attending a standard, term-based program offered in modules (at STC these are known as mini-mesters), ceased attendance after completing one module, the student was not considered to have withdrawn, and the school was not required to perform a Return calculation. This is no longer the case. Under the October 29, 2010, final regulations, for all programs offered in modules, a student is a withdrawal for Title IV purposes if the student ceases attendance at any point prior to completing the payment period or period of enrollment, unless the school obtains written confirmation from the student at the time of the withdrawal that he or she will attend a module that begins later in the same payment period or period of enrollment.
In addition, for a student in a non-term or nonstandard-term program offered in modules, a student is considered to have withdrawn from the program if the student is not scheduled to begin another course within the payment period or period of enrollment for more than 45 calendar days after the end of the module the student ceased attending, unless the student is on an approved leave of absence. So, for a student in a non-term or nonstandard term program offered in modules who ceases attendance, the student is a withdrawal for Title IV purposes unless the school obtains written confirmation from the student at the time of the withdrawal that he or she will attend a module that begins later in the same payment period or period of enrollment, provided the later module the student will attend begins no later than 45 calendar days after the end of the module the student ceased attending.

When a student fails to earn at least one passing grade
As per Department of Education, students who do not earn at least one passing grade per semester are considered to have withdrawn from school. For example: if a student attempts three courses, withdraws from one course with a “W” and earns “Fs” for the other two courses, or if he or she earns all “Fs” the Student Financial Services Office must assume that the student withdrew from school. The Student Financial Services Office is required to re-calculate their eligibility and remove some of the financial aid funds that were disbursed on their student account. In most cases, students will end up owing South Texas College hundreds of dollars. At STC, the withdrawal date for students who do not earn at least on passing grade is the 50 percent point of the semester.

For students in this situation, the only relief available is related to the date when they stopped attending school classes. If the student participated in a verifiable, academically-related activity past the 60 percent point of the semester (check with the Student Financial Services Office for dates) and proof of this can be collected then the Student Financial Services Office does not have to perform the calculation. The Department of Education has defined acceptable academically-related activities as class attendance, examinations or quizzes, tutorials, computer-assisted instruction, academic advising or counseling, academic conferences, completing an academic assignment, paper, or project, or attending a school-assigned study group. Students may not provide documentation of these activities; documentation must come from either an instructor or in the case of academic advising, the office of Counseling and Advising.

Process for students who withdraw themselves
For students who go through the process of officially withdrawing themselves from school, a simple calculation is used to determine the amount of Title IV funds a student has earned as of the date he or she withdraws. The percentage of the period completed is determined by dividing the number of calendar days completed in the semester as of the day the student withdrew, by the total number of calendar days in the semester. The total number of calendar days in a semester includes all days within the term, except for institutionally scheduled breaks of five or more consecutive days. The day the student withdrew is counted as a completed day. This percentage is multiplied by the amount of Title IV Federal Student Aid that was disbursed to the student for the semester. The result is the amount of aid that the student earned. Once the student reaches the 60 percent point in a semester, they have earned 100 percent of their Federal aid and no adjustment is required.

The process for students who are withdrawn or who do not initiate the withdrawal process
The Return of Title IV funds process is different for students who do not follow the process to officially withdraw and are withdrawn or dropped by the school. For example, the withdrawal date for students who have withdrawn after beginning attendance is the date that the student was withdrawn. Students who do not initiate the withdrawal process will be withdrawn up to the 50 percent point of the semester. If the student is withdrawn on or after the 50 percent point of the semester, the percentage used to calculate the amount of aid that the student has earned will always be 50 percent. This includes students who are withdrawn by the Student Assessment Center.

RETURN OF TITLE IV FUNDS
CALCULATION RESULTING IN MONEY OWED TO SOUTH TEXAS COLLEGE
If students withdraw or are withdrawn from all of their classes after the 20th class day of a regular semester or the designated end of the refund period of a shorter term, STC will not adjust the cost of tuition and fees (Please reference the Tuition Refunds Policy, which is located in the Financial Information Section of the STC Catalog). When a return of Title IV funds calculation is performed and aid that was used by the student to pay for tuition, fees, or other institutional charges is returned, students become responsible to repay funds those funds to STC. The debt must be repaid before the student will be allowed to register for a future semester.

Grant Overpayments
Students who have grant overpayments at Department of Education Collections may call 1-800-621-3115, email them at dcshelp@pearson.com, or write them at U.S. Department of Education Student Financial Assistance Programs P.O. Box 4222 Iowa City, IA 52245.

Three Examples of Return of Title IV funds calculations:

Example #1
Barbara was enrolled in for 12 credit hours at STC for the fall semester. When Barbara began classes she received a Federal Pell Grant. She withdrew from her classes 53 days into the semester. Her bill for tuition and fees was $1250. There are a total of 159 calendar days in the semester, so Barbara earned 33.3 percent of her Title IV aid (53 days completed divided by 159 total days in the payment period). Barbara received a total of $2675 in Federal Pell Grant for the fall semester.
She received a check for the balance of Pell Grant funds in excess of the cost of school after census day.

To determine the amount of Pell Grant funds that Barbara earned, we must multiply the percentage earned by the amount she was eligible to receive.

$$33.3\% \times 52675.00 = 890.78$$

Since Barbara was enrolled for 33.3 percent of the fall semester, according to U.S. Department of Education regulations, she has earned $890.78 of her Pell Grant. The Department of Education requires that STC return $846.25 of the unearned funds from the funds that Barbara used to pay for her tuition and fees. Because Barbara withdrew after the 20th day of class, there will be no reduction of the cost of tuition and fees. Barbara will be responsible to repay STC $846.25 because she withdrew and the funds are no longer available to cover the cost of her tuition and fees.

**Example #2**

David was enrolled for 12 credit hours in the spring semester, attended a few weeks of his classes and decided to leave school. He was eligible for $550.00 in Federal Pell Grant which was posted to his student account to help pay for his tuition. His cost for tuition and fees was $650.00. He did not inform STC of his decision to withdraw, and did not follow the process for withdrawing from school. Joe was dropped from all of his classes for non-attendance, and the Financial Aid office was notified of his withdrawal. The date that he was withdrawn was at the 45 percent point of the semester.

To determine the amount of Pell Grant funds that Joe earned, we must multiply the percentage earned by the amount he was eligible to receive.

$$45.0\% \times 550.00 = 247.50$$

Since Joe was enrolled for 45.0 percent of the spring semester, according to U.S. Department of Education regulations, he has earned $247.50 of his Pell Grant. The Department of Education requires that STC return $357.50 of the unearned funds from the funds that Joe used to pay for his tuition and fees. Because Joe withdrew after the 20th day of class, there will be no reduction of the cost of tuition and fees. Joe will be responsible to repay STC $357.50 because he was withdrawn and the funds are no longer available to cover the cost of his tuition and fees.

**Example #3**

Danny was enrolled in 6 credit hours for the spring semester, was not withdrawn and did not initiate the withdrawal process. He earned all Fs for the spring semester. The Financial Aid office was unable to find documentation showing that she had attended past the 60 percent point of the semester, and consequently was required to perform a Return of Title IV funds calculation.

As per U.S. Department of Education regulations Danny is entitled to 50 percent of her $1,325.00 Pell Grant award. Danny will be responsible to repay STC $300.

**TAX BENEFITS FOR HIGHER EDUCATION**

**Hope Tax Credit**

Program Purpose: It provides a tax credit to families with students in the first two years of college or vocational school, to make post-secondary education more affordable.

Eligibility Requirements are:

- Be enrolled at least 1/2 time an eligible institution in a program leading to a degree, certificate, or other recognized educational credential.
- Cannot have completed the first two years of undergraduate education.
- Have not been convicted of a federal or state felony for possessing or distributing a controlled substance before the end of the tax year in which the student is enrolled.

The Hope Tax Credit could be of up to $1,500 per eligible student per year. Please refer to IRS Publication 970 for information on how to include this credit on your tax forms.

**Lifetime Learning tax credit**

The purpose of the program is to provide a federal tax credit for adult learners--individuals returning to school, changing careers, or taking a course or two to upgrade their skills, and college juniors, seniors, and graduate and professional students. The credit can be claimed by families with one or more individuals in college for all of postsecondary education and for courses to acquire or improve job skills. The award amount can be a tax credit of up to $2000 per return. For more information on how to apply this tax credit, refer to IRS Publication 970.

**FREQUENTLY REQUESTED INFORMATION**

**Frequently Requested Telephone Numbers and Websites**

The STC Office of Student Financial Services maintains an extensive website which contains:

1. Information about aid programs offered at STC at: http://studentservices.southtexascollege.edu/finaid/
2. Information about all subjects related to the financial aid process at STC at: http://studentservices.southtexascollege.edu/finaid/faq.html
3. All STC financial aid forms in.pdf (Adobe Acrobat) format at: http://studentservices.southtexascollege.edu/finaid/forms.html
4. Links to important Federal and State Aid Websites at: http://studentservices.southtexascollege.edu/finaid/websites.html
5. Links to scholarship databases and scholarship sources outside STC at: http://studentservices.southtexascollege.edu/finaid/scholarships.html

The Student Financial Services main web page is: http://studentservices.southtexascollege.edu/finaid/
If you need answers right away to questions about Federal Student Aid, call the appropriate number listed below at the Federal Student Aid Information Center between 9 a.m. and 8 p.m. (Eastern Time), Monday through Friday:
1-800-4-FED-AID (1-800-433-3243)
1-800-730-8913 TDD (for hearing impaired)

The Federal Student Aid Information Center can:
> Answer questions about completing the FAFSA.
> Tell you whether a school participates in the federal student aid programs and that school’s student loan default rate.
> Explain federal student aid eligibility requirements.
> Explain the process of determining financial need and awarding aid.
> Send you federal student aid publications
> Find out if your federal student financial aid application has been processed.
> Send you a copy of your Student Aid Report (SAR).
> Change your address.
> Send your application information to a specific school.

If you have reason to suspect any fraud, waste or abuse involving federal student aid funds, you may call 1-800-MIS-USED (1-800-647-8733). This toll-free number is the hotline to the U.S. Department of Education’s Inspector General’s office. You may remain anonymous, if you wish.

---

**CAMPUS PARKING**

**PARKING PERMITS**

All students, faculty, and staff must purchase a parking permit for each vehicle or motorcycle that will be parked on South Texas College property. A parking permit does not guarantee a parking space, but does authorize parking in designated areas. Individuals who own or operate a vehicle or motorcycle on South Texas College property will be held liable for any citations issued to that vehicle or motorcycle with or without a permit. Temporary parking permits may be obtained for short periods when the vehicle or motorcycle with a permanent permit is not available, at the Office of Safety and Security, located in Pecan campus building N, room 159, or at site coordinator offices in other campuses. Temporary permits may also be obtained by visitors and individuals who are not STC employees or students. STC students, faculty, and staff who park in a visitor space will be ticketed with or without a permit displayed.

**PURCHASE OF PARKING PERMITS**

Parking permits can be purchased online through STC JagNet, accessible on the STC main web page via any internet enabled computer or kiosk. To purchase a permit, all previous parking fines must be paid. JagNet provides an option to have parking permits mailed to a residence or for pickup of permits at the following locations:

**For Students**
- Cashier’s office located at each campus (956-872-8311)
- Pecan Campus security office located in room 159 of building N on the north side of campus (956-872-2589)

**For Faculty and Staff**
- Site Coordinator’s office located at each campus (956-872-8311)
- Pecan Campus security office located in room 159 of building N on the north side of campus (956-872-2589)

**PARKING PERMIT FEES**
- Initial permit...........................................$25.00
- Additional or Replacement permit........$25.00

**PARKING REGULATIONS**

1. **Displaying a parking permit**
   > Permits for cars, trucks and SUVs shall be visible and permanently affixed to the inside lower right hand corner (passenger side) of the windshield only with the adhesive on the reverse side of the permit (do not use tape).
   > Permits for motorcycles shall be permanently affixed in a visible location only with the adhesive on the reverse side of the permit (do not use tape).
   > Permits shall be displayed in an upright position and not be altered in any way.
2. Citations will be issued for the following violations: (Texas Education Code Section 51.201 - Laws of the state are in effect for Institutions of Higher Education) Citations may be issued based upon video camera recordings.

- No parking permit.
- Expired permit.
- Misuse of permit.
- Improper display of parking permit, including not permanently affixing the permit in the proper location only with the adhesive on the reverse side of the permit (do not use tape).
- Parking where prohibited by signs/markings (Examples: Fire Lane, Handicap, Faculty/Staff, Visitor, Reserved, Loading/Unloading spaces).
- Parking in “visitors” spaces, with or without a permit, while an employee or student at South Texas College.
- Parking in “visitors” spaces for longer than the allotted time (Example: 2 Hour Limits displayed on signs).
- Parking where there is no designated parking space.
- Parking alongside islands and curbs marked “No Parking” or painted red.
- Dropping off persons or items in a “No Parking” or “No Dropping Off” area.
- Double-parked (encroaching on another parking space).
- Parking in a fire lane (red zone) (subject to tow at owner’s expense).
- Failure to obey roadway signs.
- Prohibited turn.
- Driving the wrong way.
- Moving violations including reckless driving and driving to endanger.
- Parking in a handicap space without properly displaying a valid handicap placard/license plate or disabled veteran license plate issued by the state of Texas. Handicap spaces are not for uses by individuals that do not have a handicap, even if the vehicle has a properly displayed handicap placard/license plate or disabled veteran license plate.

PAYMENT OF A PARKING FINE
Parking fines may be paid at Cashier’s office located at each campus (956-872-8311) or mailed to the Cashier’s Office at:
South Texas College
Attn: Cashier’s Office
P.O. Box 9701
McAllen, Texas 78502-9701

APPEALS
Appeals of citations must be submitted no later than fifteen (15) working days from receiving the citation. Appeals turned in after the 15 working days will be denied. An appeals committee will review the appeal and forward the decision to the email address shown on the appeal.

Appeals may be submitted as follows:
1. Access JAGNET via any internet enabled computer or kiosk. Select “Parking Links” and submit the electronic form.

2. Visit Pecan campus security office located in room 159 of building N on the north side of campus (956-872-2589).

Individuals receiving their first citation, with the exception of Handicap and Fire lane parking, may elect to attend Awareness Training in lieu of payment of the fine. Individuals with multiple citations may have the total of their fines reduced by 50% upon successful completion of the Awareness Training. A form to request this training is available at the Pecan campus security office located in room 159 of building N on the north side of campus (956-872-2589) or the Security website.

Incident or Accident
- If you are involved in an incident or accident on South Texas College property that requires emergency assistance, call 911 immediately. For other assistance contact Campus Security at 956-872-2589.

CAMPUS SECURITY

The mission of the South Texas College Office of Safety and Security is to provide a safe educational environment for students, faculty, staff, and campus visitors. This is accomplished through:

1. The education of the college community on crime prevention methods and techniques and the need to assume personal responsibility for safety and security on campus.

2. The development of a comprehensive all hazards emergency response plan to ensure the safety of individuals and the protection of college resources.

3. The acquisition and utilization of state of the art technology to deter crime and protect the college community.

4. The enforcement of all laws, policies, and regulations.

The Director of Security prepares this crime statistics report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. These statistics may also include crimes that have occurred in private residences or businesses that is not required by law. Each year, notification is made to all enrolled students, providing the web site to access this report. Faculty and staff receive similar notification.

The Center for Learning Excellence (CLE) is STC’s comprehensive learning support and academic tutoring center. The CLE helps students foster the learning skills and course content knowledge required to be successful in college. At the CLE, students can receive high-quality tutoring and other academic support resources in a broad variety of subject areas.

The array of CLE services, which are free and available to all STC students, include drop-in tutoring, appointment tutoring, group tutoring, online tutoring, Supplemental Instruction programs, Learning Support Workshops, individual test proctoring, and learning community support. The CLE also offers a welcoming and comfortable environment where students may access computer lab support with a variety of specialized software programs, private study rooms for student use with or without tutoring assistance, adaptive learning equipment, and numerous reference materials and learning resources.

The CLE Academic Labs house nearly 350 computers across the district open for student use with helpful and professional lab staff always on duty. CLE computer labs may also be reserved for group activities, trainings, or class visits.

The CLE has been awarded the highest level of certification status from the College Reading and Learning Association (CRLA), an international organization that certifies academic learning centers based on established best practices for tutor training and evaluation. CLE sites are located on every STC Campus: Pecan, Mid-Valley, Starr County, Nursing and Allied Health, and Technology Center.

The following are descriptions of the programs and services available to all STC students sponsored by the Centers for Learning Excellence (CLE):

- **Supplemental Instruction** is a CLE-sponsored program in which a peer learning mentor, called an SI Leader, attends class and holds regular study sessions in order to maximize student success. SI has been shown to increase student course completion and success and is typically assigned to courses that are seen as academically challenging. Students may enroll in an SI course free of charge. Enrollment in SI classes is limited, so early registration is encouraged.

- **CLE Academic Labs** support students at each STC campus with computer-based resources, specialized software, and knowledgeable lab staff to assist with any computer-related need. CLE Academic labs support most programs needed by students for their classes. Specialized software titles include Microsoft Office Suite 2013, Adobe Master Collection CS6, SolidWorks, Google Sketch-up, PSpice, and many more.

- **Online Tutoring** available for students whose schedules cannot accommodate traditional on-campus learning support. CLE offers online tutoring in most subject areas. The service features both real-time and submit-and-return options which provide prompt assistance to students 24 hours a day/seven days a week.

- **Test Proctoring** is available at the CLE for individual student testing needs. CLE provides proctoring services by appointment to any STC student or local student testing with an out-of-area institution. CLE proctoring services are available on all campuses and can be administered in either online or paper test formats.

- **Group Tutoring by Appointment** provides an opportunity for students studying in groups of four or more to obtain up to one hour of tutoring

CLE sites are located on every STC Campus: Pecan, Mid-Valley, Starr County, Nursing and Allied Health, and Technology Center.
assistance in the CLE’s private study rooms. This service is provided by appointment only and must be scheduled at least one day in advance.

- **Student Success Workshops** are informational training seminars provided by CLE tutors and STC staff and faculty. The workshops are offered throughout the fall, spring, and summer semesters and cover a variety of subjects. Students can learn ways to maximize study time, organize notes, manage time effectively, or master key academic concepts by participating in these sessions. CLE workshop series also includes final exam review sessions for a variety of courses.

- **Learning Communities** are distinct courses which are connected thematically. LCs are enrolled with a shared student cohort and taught by cooperating instructors who blend curricula to maximize student learning in combined classes. Using this approach, students are able to make connections across disciplines and build a strong peer support network. CLE facilitates the development and scheduling of LC courses.

- **Other specialized CLE Programs and Services** include ASL Learning Lab, ESL Student Services, JagNet password support and much more.

Please visit the CLE website for up-to-date information on tutor schedules, hours of operation, and complete descriptions of the academic support services at the following address: http://academicaffairs.southtexascollege.edu/cle or select Center for Learning Excellence link at the top of the STC homepage.

**ALUMNI AND FRIENDS**

The Alumni & Friends Association develops relationships and establishes lifelong connections between South Texas College and its former and current students, leading to increased support for the institution’s mission and goals. The association also reaches out to community members, who are “friends” of the college. It promotes a variety of networks and resources, and offers opportunities to grow professionally and socially.

For more information, call (956) 872-8302, or go to alumni.southtexascollege.edu.

**OUTREACH & COLLEGE CONNECTIONS**

The Outreach Department provides off-site assistance to residents in Hidalgo and Starr counties. College Connections Specialists, and Dual2Degree Specialists, distribute enrollment, financial aid, and program information at various college and career days; promote the College through presentations at schools and community agencies; assist prospective students with their transition into South Texas College by helping to complete enrollment and financial aid forms; and serve as primary contacts for the Dual Enrollment program.

The Outreach Department facilitates the dual enrollment application and registration process for the district’s high schools. Outreach Specialists work closely with public school counselors and school district personnel, as well as community agencies to promote a college going and college completion culture.

For further information, please call (956) 872-8391 or 1-800-742-7822.

**STUDENT INFORMATION AND WELCOME CENTERS**

The Student Information and Welcome Centers provide accurate and up-to-date information about the college’s programs and services. Student Information Centers are located at all South Texas College campuses; Welcome Centers are located in the student services buildings at the Pecan, Mid-Valley and Starr County campuses.

Prospective students are encouraged to visit the Welcome Center at their nearest Campus to complete the online admissions application (Apply Texas) and obtain an enrollment checklist that will facilitate their transition to South Texas College.

Current students, prospective students, administration, faculty, staff and the general public can obtain various types of information and services at both the Student Information and Welcome Centers. Services include: campus tours, the campus call center, and assistance with the application and registration process.

For more information call (956) 872-8311 or 1-800-742-7822.

**DISTANCE EDUCATION**

South Texas College’s Distance Education Department offers students flexible and convenient opportunities to complete their education.

STC offers Online Associate of Arts Programs in the following fields:

- Business Administration - Transfer Plan
- Criminal Justice
- Education - Elementary
- Education - 4-8 Generalist
- Education - Secondary
- English
- Interdisciplinary Studies
- Mexican-American Studies
- Social Sciences (Social Work, Anthropology, Sociology, and Psychology)
- Language and Cultural Studies-Spanish Concentration
STC also offers Online Associate of Applied Science Programs in Human Resources Specialist

STC also offers Certificates in the following fields:
• Accounting Clerk
• Computer Applications Specialist
• Human Resources Assistant
• Management
• Marketing

Distance Education Courses are offered in a variety of formats: Online, Hybrid, Web-Enhanced, Telecourses, and Videoconferencing.
- Online coursework may be completed from any computer that has Internet access.
- Some instructors require students to take proctored exams. Check the course list for specific information.
- Hybrid classes divide class meeting-time between Internet and on-campus locations.
- Web-Enhanced courses meet on campus as regularly scheduled and have a web component that is either required or elective at the instructor’s discretion.
- Telecourses are available on DVD. Students check out the DVD’s at the Campus Libraries on a semester basis and meet with their instructors about once a month.

Information about Distance Education at STC is available at: http://vc.southtexascollege.edu or by calling (956) 872-2598.

INSTITUTIONAL EFFECTIVENESS & ASSESSMENT AND RESEARCH & ANALYTICAL SERVICES

Two offices that help College faculty, staff and administrators make informed decisions by examining, evaluating, and reporting on the College’s performance and effectiveness are Institutional Effectiveness & Assessment (IEA), and Research & Analytical Services (RAS).

The priorities of IEA are institutional effectiveness (IE) planning and assessment. IEA also assists the College administrators, faculty, and staff with assessing innovative strategies or intervention projects for continuous improvement.

RAS conducts educational research on topics of importance to the College by collecting and analyzing data from College stakeholders and other sources. RAS consults with faculty who are interested in conducting human subject research here at the College and provides assistance with qualitative or quantitative research methods, study design, statistical analysis, and survey instrument design and administration.

To request institutional data, you may contact the departments directly at 872-5587 (IEA) or 872-5577 (RAS).

CONTINUING, PROFESSIONAL AND WORKFORCE EDUCATION

Continuing, Professional and Workforce Education provides quality and lifelong education opportunities through career preparation, career pathways, customized corporate training, professional education and development, professional conferences, and personal enrichment courses. The department is committed to empowering all individuals and employers with necessary knowledge, skills and credentials to help them fulfill their personal and professional goals for a better quality of life.

Classes are scheduled with flexible hours, including evenings and weekends throughout Hidalgo and Starr Counties. Classes are delivered both online and in traditional classroom settings. Courses can be scheduled in response to community demand where 12 or more students register for the class. Mandatory Continuing Education Units (CEU) meeting licensing requirements are available for professionals. A Satisfactory (S) or Unsatisfactory (U) grade is earned for continuing education courses. Continuing, Professional and Workforce Education offers ongoing courses through the following 14 institutes:

INSTITUTES

Arts and Design
• Cake Decorating
• Digital Image
• Floral Design
• Guitar
• Painting
• Photography
• Piano

Business
• Customer Service
• Employability Skills
• Frontline Supervisor
• Leadership Skills

Real Estate
- Finance
- Home Inspection
- Law of Agency
- Law of Contracts
- Marketing
- Mathematics
- Principles I
- Principles II
- Promulgated Contracts

Technology and Trades
- Electrician's Aide
- Excel
- Forklift
- HVAC and Refrigeration Technician Assistant
- Internet
- Introduction to Computers
- Maintenance and Repair
- OSHA Training
- Pipe Welding
- PowerPoint
- Welding Fundamentals
- Word

Truck and Bus Driving
- Bus Driving
- Defensive Driving
- Truck Driving

REGISTRATION IS EASY
- Go to the STC campus of your choice
- Bring Picture ID
- Complete registration form
- Pay (money order in person or credit card online)

SERVICES
Career Preparation
- Programs that equip you with foundation skills to enter career pathways

Career Pathways
- Programs leading to certification that will make you competitive and marketable in the workplace

Customized Corporate Training
- Customized programs and courses that help employers and their workforce compete in our global economy

Leisure Learning and Personal Enrichment
- Fun courses to spice up your life

Professional Conferences
- Business, Education, Health, and Technology areas

Professional Education and Development
- Review courses for professional certifications and licenses
The Core Curriculum at South Texas College has, at its foundation, the philosophy and purpose of the College and is a composition of general education courses which form the foundation of all Associate of Arts and Associate of Science degrees.

These are degrees that are designed for students who plan to continue their education at a four-year university in order to earn a Bachelor of Fine Arts, Bachelor of Arts or Bachelor of Science degree.

STC is committed to the preparation of intellectually flexible, creative, and productive citizens. Through exposure to a varied range of disciplines and technologies, students will develop:
- an understanding of the importance of lifelong learning
- broad global and social perspectives
- essential skills for tomorrow’s workforce

The purpose of the Core Curriculum is to gain a foundation of knowledge of human cultures and the physical and natural world, develop principles of personal and social responsibility for living in a diverse world, and advance intellectual and practical skills that are essential for all learning.

Core Objectives
- Critical Thinking Skills - to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
- Communication Skills - to include effective development, interpretation and expression of ideas through written, oral and visual communication
- Empirical and Quantitative Skills - to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions
- Teamwork - to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal
- Personal Responsibility - to include the ability to connect choices, actions and consequences to ethical decision-making
- Social Responsibility - to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities

This common body of essential knowledge and skills is taught and reinforced through courses selected in nine Core Components: Communication, Mathematics, Life and Physical Sciences, Language, Philosophy & Culture, Creative Arts, American History, Government/Political Science, Social and Behavioral Sciences, and a Component Area Option.

**COMMUNICATION**

**Composition/Written Communication**

PHIL 2303 Introduction to Logic
PHIL 2306 Introduction to Ethics
PHIL 2307 Introduction to Social & Political Philosophy
PHIL 2316 Classical Philosophy
PHIL 2317 Seventeenth- and Eighteenth-Century Philosophy
PHIL 2318 Nineteenth- and Twentieth-Century Philosophy
PHIL 2321 Philosophy of Religion
SGNL 2301 Intermediate American Sign Language I
SPAN 1311 Beginning Spanish I for Spanish Speakers
SPAN 1312 Beginning Spanish II for Spanish Speakers
SPAN 2311 Intermediate Spanish I
SPAN 2312 Intermediate Spanish II

Courses in this category focus on how ideas, values, beliefs, and other aspects of culture express and affect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

CREATIVE ARTS
3 credits
ARTS 1301 Art Appreciation
ARTS 1303 Art Survey I
DANC 2303 Dance Appreciation
DRAM 1310 Introduction to Theater
DRAM 2366 Introduction to Cinema
HUMA 1311 Mexican-American Fine Arts Appreciation
MUSI 1306 Music Appreciation
MUSI 1310 American Music

Courses in this category focus on the appreciation and analysis of creative artifacts and works of the human imagination. Courses involve the synthesis and interpretation of artistic expression and enable critical, creative, and innovative communication about works of art.

AMERICAN HISTORY
6 credits
HIST 1301 U.S. History I or
HIST 2327 Mexican-American History I
and
HIST 1302 U.S. History II or
HIST 2328 Mexican-American History II

Courses in this category focus on the consideration of past events and ideas relative to the United States, with the option of including Texas History for a portion of this component area. Courses involve the interaction among individuals, communities, states, the nation, and the world, considering how these interactions have contributed to the development of the United States and its global role.

POLITICAL SCIENCE
6 credits
GOVT 2305 Federal Government
GOVT 2306 Texas Government

Courses in this category focus on consideration of the Constitution of the United States and the constitutions of the states, with special emphasis on that of Texas. Courses involve the analysis of governmental institutions, political behavior, civic engagement, and their political and philosophical foundations.

SOCIAL AND BEHAVIORAL SCIENCES
3 credits
ANTH 2301 Physical Anthropology
ANTH 2302 Introduction to Archeology
ANTH 2351 Cultural Anthropology
CRIJ 1301 Introduction to Criminal Justice
CRIJ 1306 Court Systems and Practices
CRIJ 1310 Fundamentals of Criminal Law
CRIJ 2313 Correctional Systems and Practices
CRIJ 2328 Police Systems and Practices
Courses in this category focus on the application of empirical and scientific methods that contribute to the understanding of what makes us human. Courses involve the exploration of behavior and interactions among individuals, groups, institutions, and events, examining their impact on the individual, society, and culture.

The Bachelor of Applied Sciences in Organizational Leadership prepares innovative leaders for employment in an increasingly diverse technological and global society. The degree develops practical workplace competencies that meet current and future challenges through real-world coursework utilizing personalized academic mentoring and tutoring. The coursework focuses on team building, ethical decision making, enhanced communication skills, critical thinking, and people skills. Graduates of this program pursue careers in education, government, nonprofit, and business organizations.

The program’s objectives will offer competency-based core curriculum and lower-division electives. Competency-based curriculum is utilized in this degree program to acknowledge a student’s prior knowledge through a set of competencies, diagnostic pre-assessments, and post-assessments to demonstrate competence in a subject. The program will include a required e-portfolio that will collect artifacts from each of the upper-division courses. This e-portfolio will be assessed as part of the capstone course. The capstone course will enhance the educational experience and employment potential for students. Students graduating from the program will be prepared to enter the private sector as well as continue their education in a graduate program. Through the Bachelor of Applied Science in Organizational Leadership students will complete coursework that is aligned to the following competencies:

**PROGRAM COMPETENCIES:**

1) Interpersonal Skills: Demonstrate the ability to establish productive relationships by communicating effectively individually and collectively. Students will be able to:
   a. Develop productive relationships through evaluating and explaining the pertinent characteristics of the individuals and groups in the organization.

2) Organizational Behavior: Identify, analyze, and solve organizational problems based on effectively functional and dysfunctional individual, team, and organizational behaviors. Students will be able to:
   a. Describe the organizational structure and function including individual and group dynamics and the identification of potential problems.

3) Problem Solving/Decision Making: Identify, analyze, and solve/recognize/predict organizational problems based on effective and ethical decision making through critical, reflective, and creative thought processes that apply appropriate techniques. Students will be able to:
   a. Given a case study students will be able to solve a problem and evaluate the appropriateness of a decision.

4) Change Management: Understand how the political, economic, social, and technological forces in the environment influence organizational behavior, policy and practices. Students will be able to:
   a. Analyze why & how organizations resist change.

5) Resource Management: Identify, allocate, and effectively manage resources, both tangible and intangible, necessary to accomplish the vision of the organization. Students will be able to:
   a. Identify tangible and intangible resources given an organizational situation.
   b. Manage work teams to accomplish the vision of the organization.
   c. Manage resources to complete an assigned task within a specified time.

6) Strategy/Operations Management: Understand strategic management skills in order to structure operations to support the vision of the organization.

7) Information Literacy: Identify, locate, evaluate, and effectively use information to address organizational concerns or tasks while observing appropriate security protocols. Students will be able to:
   a. Informational literacy-know the different types of information technology
   b. Identify multiple resources of information technology
   c. Know where to locate different types of technology, such as informal information, data and trends, published data, internet data, internal and external data
   d. Remain in compliance with security protocols.

8) Statistics/Applied Research: Collect, interpret, analyze, and select data to employ practical applications and facilitate sound decision making.

**BACHELOR OF APPLIED SCIENCE ADMISSION REQUIREMENTS**

Admission to the Bachelor of Applied Science Program requires the following:

A. All applicants must meet general admission requirements to South Texas College.

B. Demonstrate proficiency in state mandated general knowledge content through approved means; i.e., Texas Success Initiatives (TSI), with program specific exemptions accepted.

C. Applicants with prior college level coursework must have a minimum cumulative GPA of 2.5; Exceptions based on extenuating circumstances must be approved by the Dean for Math, Science & Bachelor Programs.

D. Submit two letters of recommendation

**DEGREE COMPLETION REQUIREMENTS**

Minimum Completion Requirements

- Complete the appropriate course of study for a Bachelor of Applied Science program as specified in the College catalog. Developmental or other non-credit coursework does not apply toward graduation requirements.
- South Texas College will accept a maximum of 90 semester credits of applicable course work
transferred from another accredited college or university toward a Bachelor of Applied Science degree granted by STC.

- Completion of 30 credit hours in 3000 level courses or higher of which all 30 credit hours must be completed at STC.
- Maintain a minimum average of "C" (2.0 G.P.A.) for all courses in the area of specialization and a minimum overall cumulative average of "C" (2.0 G.P.A. in all other courses).
- Pay all debts to the College prior to graduation.

Required Lower-Division Coursework .......... 6-8 SCH
Lower-Division Electives .................. 40-42 SCH
Required Upper-Division Coursework ......... 30 SCH

LOWER-DIVISION REQUIREMENTS

STC CORE CURRICULUM (42 Credits)
The student is required to take 42 semester credit hours from the STC Core Curriculum listed on page 84 in the Catalog. Students that declare the Bachelor of Applied Science in Organizational Leadership degree have access to the competency-based format of the core curriculum.

Students beginning the Bachelor of Applied Science upper-level coursework upon completion of an approved Associate of Applied Science (A.A.S.) degree must complete an additional 27 general education credit hours in order to fulfill the forty-two (42) credit hour general education Core Curriculum required at South Texas College.

Students beginning the Bachelor of Applied Science upper-level coursework after completion of an Associate of Arts or Associate of Science degree will have fulfilled the Core Curriculum requirement for bachelor degree students.

LOWER-DIVISION ELECTIVES (48 Semester Credit Hours)
Required Lower-Division Electives:
SPAN 1411 Spanish for Non-Spanish Speakers I or SPAN 1311 .................. 3 - 4 SCH
SPAN 1412 Spanish for Non-Spanish Speakers II or SPAN 1312 .................. 3 - 4 SCH

Foundation Curriculum
Entering freshmen are required to take the following five foundation courses as part of the 48-hour lower-division electives.

<table>
<thead>
<tr>

*Note: Coursework from A.A.S. degrees will be evaluated on a case by case basis. Students entering the BAS program with a completed Associate of Science (A.S.) or Associate of Arts (A.A.) degree may apply their field of study coursework toward the lower-division electives.

UPPER-DIVISION REQUIREMENTS

PREREQUISITES FOR UPPER-LEVEL COURSEWORK

- Junior Standing
  - Completion of an Associate of Applied Science (A.A.S.) Degree or completion of sixty (60) credit hours from a regionally accredited institution with at least fifteen (15) credit hours in general education coursework;
  - Completion of an Associate of Arts (A.A.) or Associate of Science (A.S.) Degree from a regionally accredited institution.

- Senior Standing
  - A minimum of ninety (90) credit hours from a regionally accredited institution with at least twenty-one (21) credit hours in upper-level coursework.
  - A minimum GPA of 2.5 in previous coursework.

REQUIRED ORGANIZATIONAL LEADERSHIP Major Courses (30 Hours)
The upper-division Organizational Leadership major coursework is a balance between theoretical and applied competencies associated with leading in a broad range of organizations. The degree is designed to educate and train students with relevant, applied knowledge of organizations and leadership within organizations. Students will practice developing leadership solutions for real-world problems. Leadership theory, practices, and applied learning will form the core requirements for this program.

B.A.S-Organizational Leadership
The Bachelor of Applied Technology Degree (BAT) in Computer and Information Technologies (CIT) will prepare students for successful careers in the field of CIT. Coursework is balanced between theoretical and technical competencies associated with the CIT profession to prepare graduates for a number of demands placed on CIT professionals. The degree is designed to educate and train students with relevant, technical knowledge of CIT practice to provide solutions for real-world problems as well as to provide technical support for computer-based information systems. Technology-oriented coursework with an emphasis on computer application of those technologies will form the core requirements for this program.

The program’s objectives will offer academic development in a number of ways. The program will include a required capstone course that will enhance the educational experience and employment potential for students. The program will also include a strong professional component to develop skills in technical communication, ethics, and group work. Students graduating from the program will be prepared to enter the private sector as well as continue their education in a graduate program.

Through the Bachelor of Applied Technology in Computer and Information Technologies outcomes, the student will be able to:

- Identify the basic components of information system, utilizing the system development, conduct a preliminary investigation of a system, determine the system requirements and analysis, develop information system design, and demonstrate proficiency of principals of system analysis and design (CITP 3305);

- Using common structure in the programming language, enhance the functionality of a web page using scripting language, write control statements that logically control the flow of the program, and use both console and file input and output in a syntactically and logically correct way (CITP 3310);

- Create a functional and visually recognizable interface, retrieve data from and insert data into a database using a standard connection library, Create, control, and terminate one or more threads, and use standard TCP/IP protocols to connect a software client to a software server (CITP 4350);

- Retrieve information stored in cookies and sessions, serve side scripting languages to build and format web pages, retrieve data from and insert data into a database using a standard connection library, and using standard TCP/IP protocols to connect a software client to a software server or servers (CITP 4316);

- Prepare image for display, including repairing damage, cropping and color adjustments. Cleanly remove undesired elements to include text or background materials, and create images that animate when viewed (CITP 3360);

- Master the essential concepts of relational database model, write database in SQL language, designing and implement a database using Oracle, enhance problem solving skills for the development of a relational database system (CITP 3320);

- Integrate the specialized skills and knowledge presented throughout other courses to complete a system project (CITP 4340);

- Identify and define terminology, hardware, and software components of computer networking, utilize equipments, protocols, and topologies to differentiate between various network systems. Demonstrate skills in installing network hardware, software, and cable; troubleshoot network connectivity; configure network protocol; and install and configure network client software (CITP 3302);

- Review security plan to ensure appropriate level of protection; implement network security design, audit network system based on security design; use relevant tools to maintain security requirements; and review all security policies and procedures on a regular basis (CITP 3312);

- Describe different technologies used in the telecommunications industry; identify various architectures used in the telecommunications industry; name the protocols in the telecommunications industry; explain the application of technologies, architectures, and protocols used in the telecommunications industry (CITP 4345).

**BACHELOR OF APPLIED TECHNOLOGY ADMISSION REQUIREMENTS**

Admission to the Bachelor of Applied Technology Program requires the following:

A. All applicants must meet general admission requirements to South Texas College.

B. Demonstrate proficiency in state mandated general knowledge content through approved means; i.e., Texas Success Initiative (TSI), with program specific exemptions accepted.

C. Applicants are eligible for admission if they meet one of the following criteria:

   a. An ACT Composite of 19 (minimum of 16 in all areas) or above (SAT 910 or above).
   b. Applicants with prior college level coursework must have a minimum cumulative GPA of 2.5 or provide evidence of extenuating circumstances, to the Dean for Math, Science & Bachelor
Programs, for waiving the requirement.

b. Provisional Acceptance, for students scoring a minimum ACT Composite of 15 (SAT 740 or above) or minimum cumulative GPA of 2.25 may be granted by the Dean for Math, Science & Bachelor Programs upon completion of a personal interview with the prospective applicant.

d. Submit a completed Bachelor of Applied Technology program application.

DEGREE COMPLETION REQUIREMENTS

Minimum Completion Requirements

- Complete the appropriate course of study for a Bachelor of Applied Technology program as specified in the College catalog. Developmental or other non-credit coursework does not apply toward graduation requirements.

- South Texas College will accept a maximum of 90 semester credits of applicable course work transferred from another accredited college or university toward a Bachelor of Applied Technology Degree granted by STC.

- Completion of at least 36 credit hours in 3000 level courses or higher of which at least 18 must be completed at STC.

- Maintain a minimum average of “C” (2.0 G.P.A.) for all courses in the area of specialization and a minimum overall cumulative average of “C” (2.0 G.P.A. in all other courses).

- Pay all debts to the College prior to graduation.

Degree Components

General Education Courses

STC CORE CURRICULUM

The student is required to take 42 semester credit hours from the STC Core Curriculum listed on page 84 in the Catalog. Students must take MATH 1414 to fulfill the Mathematics component of the Core Curriculum.

Students beginning the Bachelor of Applied Technology Program upper-level coursework upon completion of an approved Associate of Applied Science (A.A.S.) degree must complete an additional 27 general education credit hours in order to fulfill the forty-two (42) credit hour general education Core Curriculum required at South Texas College.

Students beginning the Bachelor of Applied Technology Program upper-level coursework after completion of an Associate of Arts or Associate of Science degree will have fulfilled the Core Curriculum requirement for bachelor degree graduates.

TECHNICAL SUPPORT AREAS (39-40 Semester Credit Hours)

The student is required to complete 39-40 semester credit hours of technical specialty coursework from an approved Associate of Applied Science (AAS) degree. The 39-40 semester credit hours must include 4 of the courses (15-16 semester credit hours) listed below. The approved A.A.S. degrees are as follows: Information Technology, Computer Aided Drafting and Design, Business Administration, Office Management, Legal Office Management, and Paralegal. Coursework from other A.A.S. degrees will be evaluated on a case by case basis.

Course Number Course Title Semester Credit Hours
ITNW 1425 Fundamentals of Networking Technologies 4
ITNW 2421 Networking with TCP/IP 4
ITSE 1431 Introduction to Visual Basic Programming or COSC 1430 Computer Programming 4
ITSE 1411 Beginning Web Page Programming or COSC 1315 Fundamentals of Programming 3-4

Total Semester Credit Hours....... 15-16

*Note: Students entering the BAT program with a completed Associate of Science (A.S.) or Associate of Arts (A.A.) degree may apply their field of study coursework toward the 24 semester credit hour technical specialty requirement.

UPPER DIVISION REQUIREMENTS

PREREQUISITES FOR UPPER-LEVEL COURSEWORK

- Junior Standing
  - Completion of an Associate of Applied Science (A.A.S.) Degree or completion of sixty (60) credit hours from a regionally accredited institution with at least fifteen (15) credit hours in general education coursework;
  - Completion of an Associate of Arts (A.A.) or Associate of Science (A.S.) Degree from a regionally accredited institution.

- Senior Standing
  - A minimum of ninety (90) credit hours from a regionally accredited institution with at least twenty-one (21) credit hours in upper-level coursework.
  - A minimum GPA of 2.5 in previous coursework.

REQUIRED COMPUTER & INFORMATION TECHNOLOGIES

Major Courses (39 hours)

The upper-division Computer & Information Technologies major coursework is balanced between theoretical and technical competencies associated with the CIT profession to prepare graduates for a number of demands placed on CIT professionals. The degree is designed to educate and train students with relevant, technical knowledge of CIT practice to provide solutions for real-world problems as
well as to provide technical support for computer-based information systems. Technology-oriented coursework with an emphasis on computer application of those technologies will form the core requirements for this program.

Course Number   Course Title                     Semester Credit Hours
CITP 3302 Advanced Networking (Networking +)...........3
CITP 3305 System Analysis and Design................5
CITP 3310 Survey of Programming Languages........4

List of Computer and Information Technology Electives:
- TMGT 3338 Accounting for Technical Managers
- TMGT 3311 Technology in Enterprise Management
- TMGT 3336 Management and Law
The Bachelor of Applied Technology Degree (B.A.T.) in Medical and Health Services Management will prepare graduates for entry to mid-level management positions in a health care or medical facility.

Graduates of this program will provide valuable expertise in the area of health care systems management, finance, medical staff roles and responsibilities, reimbursement mechanisms, the electronic medical record, privacy issues, and legal issues related to the health care industry.

Through the Bachelor of Applied Technology in Medical and Health Services Management outcomes, the student will be able to demonstrate:

- the ability to incorporate clinical, operational, financial, and statistical data into health care manager decision-making;
- the ability to communicate, both verbally and in written form, to a variety of health care audiences and situations;
- the knowledge of the impact of the multitude of business and health care laws on a health care institution;
- the ability to create and manage a health care institution budget with consideration to both current and potential future revenues and costs;
- the ability to select, implement and utilize a health care information software system and all potential ancillary devices which may interface with it;
- the ability to interpret JCAHO standards for a health care institution and to implement a method of quality assurance best suited for the situation;
- the ability to identify potential sources of litigation risk and to appropriately select risk minimization measures;
- the knowledge of the unique requirements of hiring licensed health care personnel, maintaining personnel records, and determining schedules, wages and benefits in the health care setting;
- the ability to make the most ethical decision any given moment during daily operations, health care resource shortages, and a disaster; and
- the ability to comprehend, analyze, and apply local epidemiological data to health care institution decision-making.

BACHELOR OF APPLIED TECHNOLOGY ADMISSION REQUIREMENTS

Admission to the Bachelor of Applied Technology Program requires the following:

A. All applicants must meet general admission requirements to South Texas College.

B. Demonstrate proficiency in state mandated general knowledge content through approved means; i.e., Texas Success Initiative (TSI), with program specific exemptions accepted.

C. Applicants are eligible for admission if they meet one of the following criteria:
   a. An ACT Composite of 19 (minimum of 16 in all areas) or above (SAT 910 or above).
   b. Applicants with prior college level coursework must have a minimum cumulative GPA of 2.5 or provide evidence of extenuating circumstances, to the Dean for Math, Science & Bachelor Programs, for waiving the requirement.
   c. Provisional Acceptance, for students scoring a minimum ACT Composite of 15 (SAT 740 or above) or minimum cumulative GPA of 2.25 may be granted by the Dean for Math, Science & Bachelor Programs upon completion of a personal interview with the prospective applicant.

D. Submit a completed Bachelor of Applied Technology program application.

DEGREE COMPLETION REQUIREMENTS

Minimum Completion Requirements

- Complete the appropriate course of study for a Bachelor of Applied Technology program as specified in the College catalog. Developmental or other non-credit coursework does not apply toward graduation requirements.
- South Texas College will accept a maximum of 90 semester credits of applicable course work transferred from another accredited college or university toward a Bachelor of Applied Technology Degree granted by STC.
- Completion of at least 45 credit hours in 3000 level courses or higher of which at least 18 must be completed at STC;
- Maintain a minimum average of “C” (2.0 G.P.A.) for all courses in the area of specialization and a minimum overall cumulative average of “C” (2.0 G.P.A. in all other courses).
- Pay all debts to the College prior to graduation.

LOWER DIVISION REQUIREMENTS

STC CORE CURRICULUM 42 Credits
The student is required to take 42 semester credit hours from the STC Core Curriculum listed on page 84 in the Catalog.

Students beginning the Bachelor of Applied Technology Program upper-level coursework upon completion of an approved Associate of Applied Science (A.A.S.) degree must complete an additional 27 general education credit hours in order to fulfill the forty-two (42) credit hour general education Core Curriculum required at South Texas College.

Students beginning the Bachelor of Applied Technology Program upper-level coursework after completion of an Associate of Arts or Associate of Science degree will have fulfilled the Core Curriculum requirement for bachelor degree graduates.

TECHNICAL SUPPORT AREAS (33 Semester Credit Hours)
The student is required to complete 33 semester credit hours of technical specialty coursework from an approved Associate of Applied Science (AAS) degree. The 33 semester credit hours must include the 3 courses (9 semester credit hours) listed below. The remaining 24 semester credit hours must be earned within an approved A.A.S. degree. The approved A.A.S. degrees are as follows: Associate Degree Nursing, EMT Paramedic, Health Information Technology, Medical Assistant Technology, Occupational Therapy Assistant, Pharmacy Technology, Physical Therapist Assistant, Radiologic Technology, Respiratory Therapy, Business Administration, and Human Resources Management.

### List of Medical and Health Services Management Electives:

- **CITP 3350** - Digital Image Processing and Presentation
- **TMGT 3321** - Supply Chain Management
- **TMGT 4341** - Purchasing and Supply Management
- **TMGT 4342** - Supply Chain Security
- **TMGT 3311** - Technology Enterprise Management

**B.A.T. - Medical and Health Services Management**
The Bachelor of Applied Technology Degree (BAT) in Technology Management will educate, train, and develop successful supervisors who will be prepared to utilize technology to create a competitive advantage for their enterprise. Coursework is balanced between practical training and working with real-life projects that enhance the educational experiences and employment potential for students. The breadth of the coursework enables each graduate to lead and manage by utilizing a wide variety of business, finance, technology and human resource development skills. Interactions with business leaders will provide graduates exposure to the real world and an opportunity to network.

Graduates are educated in the fundamentals of business management, finance, information technology and manufacturing. The curriculum provides a broad training experience through general education courses in a variety of disciplines, core program courses in technology management, elective courses with specialization options and specialized projects and seminars that provide a window into the real world. The choice of electives permits students to tailor their studies toward their own careers and personal goals.

Through the Bachelor of Applied Technology in Technology Management outcomes, the student will be able to demonstrate are to:

• supervise and manage the financial operations of a business;
• utilize management and motivational theories to enhance the performance of employees and work-teams;
• use project and quality management strategies to successfully manage and secure organizational resources;
• apply oral and written communication skills and leverage technology to enhance communications;
• manage the organization or the business unit within legal and ethical boundaries;
• employ creative and critical thinking processes to resolve problems of the business unit;
• use appropriate electronic commerce strategies to enhance profitability of the organization;
• exhibit analytical thought, informed judgment, ethical behavior, and an appreciation for diversity;
• utilize appropriate information technology systems to enhance organizational performance;
• understand the challenges involved in conducting international business and its impact on the future growth of the organization; and
• obtain hands-on training and apply concepts and theories in a workplace setting.

BACHELOR OF APPLIED TECHNOLOGY ADMISSION REQUIREMENTS

Admission to the Bachelor of Applied Technology Program requires the following:

A. All applicants must meet general admission requirements to South Texas College.
B. Demonstrate proficiency in state mandated general knowledge content through approved means; i.e., Texas Success Initiative (TSI), with program specific exemptions accepted.
C. Applicants are eligible for admission if they meet one of the following criteria:
   a. An ACT Composite of 19 (minimum of 16 in all areas) or above (SAT 910 or above).
   b. Applicants with prior college level coursework must have a minimum cumulative GPA of 2.5 or provide evidence of extenuating circumstances, to the Dean for Math, Science & Bachelor Programs, for waiving the requirement.
   c. Provisional Acceptance, for students scoring a minimum ACT Composite of 15 (SAT 740 or above) or minimum cumulative GPA of 2.25 may be granted by the Dean for Math, Science & Bachelor Programs upon completion of a personal interview with the prospective applicant.
D. Submit a completed Bachelor of Applied Technology program application.

DEGREE COMPLETION REQUIREMENTS

Minimum Completion Requirements

• Complete the appropriate course of study for a Bachelor of Applied Technology program as specified in the College catalog. Developmental or other non-credit coursework does not apply toward graduation requirements.
• South Texas College will accept a maximum of 90 semester credits of applicable course work transferred from another accredited college or university toward a Bachelor of Applied Technology Degree granted by STC.
• Completion of at least 45 credit hours in 3000 level courses or higher of which at least 18 must be completed at STC;
• Maintain a minimum average of “C” (2.0 G.P.A.) for all courses in the area of specialization and a minimum overall cumulative average of “C” (2.0 G.P.A. in all other courses).
• Pay all debts to the College prior to graduation.

Degree Components

General Education Courses ......................... 42 SCH
Technical Support Area............................ 33 SCH
Technology Management
Required Courses ................................. 39 SCH
Technology Management Electives .......... 6 SCH
LOWER DIVISION REQUIREMENTS

STC CORE CURRICULUM  42 Credits
The student is required to take 42 semester credit hours from the STC Core Curriculum listed on page 84 in the Catalog. Technology Management majors must take MATH 1414 to fulfill the Mathematics component of the Core Curriculum.

Students beginning the Bachelor of Applied Technology Program upper-level coursework upon completion of an approved Associate of Applied Science (A.A.S.) degree must complete an additional 27 general education credit hours in order to fulfill the forty-two (42) credit hour general education Core Curriculum required at South Texas College.

Students beginning the Bachelor of Applied Technology Program upper-level coursework after completion of an Associate of Arts or Associate of Science degree will have fulfilled the Core Curriculum requirement for bachelor degree graduates.

TECHNICAL SUPPORT AREAS
(33 Semester Credit Hours)
The student is required to complete 33 semester credit hours of technical specialty coursework from an approved Associate of Applied Science (A.A.S.) degree. The 33 semester credit hours must include the 5 courses (16 semester credit hours) listed below. The approved A.A.S. degrees are as follows: Business Administration, Information Technology, Child Development, Computer Aided Drafting and Design, Culinary Arts, Legal Office Management, Office Management, Nursing, Paralegal, Precision Manufacturing Technology, and Radiologic Technology. Coursework from other A.A.S. degrees will be evaluated on a case by case basis.

*Note: Students entering the BAT program with a completed Associate of Science (AS) or Associate of Arts (A.A.) degree may apply their field of study coursework toward the 33 semester credit hour technical specialty requirement.

UPPER DIVISION REQUIREMENTS

PREREQUISITES FOR UPPER-LEVEL COURSEWORK
• Junior Standing
  • Completion of an Associate of Applied Science (A.A.S.) Degree or completion of sixty (60) credit hours from a regionally accredited institution with at least fifteen (15) credit hours in general education coursework; or
  • Completion of an Associate of Arts (A.A.) or Associate of Science (AS) Degree from a regionally accredited institution.
  • Senior Standing
    • A minimum of ninety (90) credit hours from a regionally accredited institution with at least twenty-one (21) credit hours in upper-level coursework.
    • A minimum GPA of 2.5 in previous coursework.

REQUIRED TECHNOLOGY MANAGEMENT

Major Courses (39 hours)
The upper-division Technology Management major courses educate students in the fundamentals of business management, finance, information technology, and manufacturing, while building upon skills already learned in the technical support areas. The curriculum design provides a broad training experience through general education courses in a variety of disciplines, core program courses in technology management, elective courses with specialization options and specialized projects and seminars that provide a window into the real world. The choice of electives permits students to tailor their studies toward their own careers and personal goals, giving them more opportunity for advancement and promotion to supervisory or managerial positions within their chosen occupational field.

Administrative Office Careers

Legal Office Specialist Certificate
The Legal Office Specialist curriculum is a one-year program designed to teach students the skills and abilities essential to law firms, judicial offices, trust departments at financial institutions, and the general administrative career field. The program combines training in the latest technical and computer skills with specialized coursework unique to the legal profession, including exposure to legal practices, preparation and practical application of documents and terminology used in the legal office.

Office Specialist Certificate
The Office Specialist curriculum is a one-year program designed for the student who is interested in gaining entry-level knowledge, skills, and attitudes necessary for a career as an office professional. Students are prepared for administrative office positions in business, public service, and specialized office environments. The program combines traditional office education with microcomputer software applications such as word processing, spreadsheet, database, desktop publishing, records and project management.

Legal Office Management Associate of Applied Science
The Legal Office Management curriculum is a two-year program designed to prepare students to manage functions in the legal office environment. The course work adds administrative systems, advanced computer applications, word and data processing, graphics and presentation software, employee supervision and management, and written and oral communications. Graduates are well prepared to work in the challenging and exciting legal office environment of a diversity of organizations ranging from a one-person law firm to a multiple partnering law firm.

Office Management Associate of Applied Science
The Office Management curriculum is a two-year program designed to prepare students to manage functions in the office environment. The course work adds administrative systems, advanced computer applications, word and data processing, graphics and presentation software, employee supervision and management, and written and oral communications. Graduates are well prepared to work in the challenging and exciting office environment of a diversity of organizations ranging from a one-person professional office to the global corporation.

ADVISORY COMMITTEE
Maria M. Villarreal, Edinburg Childcare, Inc.; Annette Villarreal, City of McAllen; Natalie Goza, McAllen Independent School District; and Carmen Guajardo, Target.

Automotive Technology

Automotive Technology Certificate and Associate of Applied Science

The Automotive Technology program is designed to prepare students for an entry-level employment in the high technology automotive service industry.

Students will gain knowledge in automotive heating and air conditioning systems, electrical/electronic systems, fuel injection, both manual and automatic transmissions/transaxles, engine performance, brake systems, steering and suspension systems, and computerized automotive control systems. Emphasis will be placed on hands-on learning in the labs to develop diagnostic and troubleshooting skills, as well as repair procedures.

Graduates of the Automotive Technology program are typically placed in dealerships, independent garages and specialty automotive repair facilities and quick service shops. Courses taken for completion of the Certificate Program can be applied toward completion of the Associate of Applied Science Degree in Automotive Technology.

Ford Youth and Adult Training Program Certificate

Ford Certified technicians know the skills required to perform regular maintenance, light repairs and parts installation on all types of Ford, Lincoln and Mercury automobiles and light trucks.

Successful students in this program will achieve Ford Motor Company’s Maintenance and Light Repair certification, which includes:

- Automotive Electrical System
- Automotive Brake Systems
- Automotive Heating and Air Conditioning
- Automotive Suspension and Steering

GM-ASEP (Automotive Service Educational Program) Associate of Applied Science

What is GM-ASEP? ASEP is an educational partnership between South Texas College and General Motors Corporation. It is a GM-specific program designed to upgrade the technical competency and professional level of the entry level GM dealership technician.

The curriculum reflects current GM technology. ASEP provides classroom and laboratory training that is reinforced by on-the-job experience in a GM dealership. It is a comprehensive, two-year program.

112 Business and Technology
Business Administration

Accounting Clerk, Certificate
This program is designed to prepare students for an entry-level position in the field of Accounting. Graduates of this program will have the skills, knowledge, and abilities to perform general accounting duties.

Banking, Certificate
The Banking Certificate is designed to prepare students in the field of financial services industry. Graduates of this program will have the basic knowledge to perform general banking duties.

Import/Export, Certificate
The Import/Export certificate prepares students for an entry-level position with import/export businesses such as custom brokers, freight forwarders, commercial carriers, and international businesses. The graduates of this program will have the basic knowledge to take the custom broker exam.

Logistics, Certificate
The Logistics Management Certificate prepares students for entry-level positions in the growing field of warehousing/logistics. The graduates of this program will have the basic knowledge to perform general support services in warehousing/logistics operations.

Management, Certificate
This program will prepare students for an entry-level position in the private or public sector. Graduates of this program will have the skills, knowledge, and abilities to perform general managerial duties.

Marketing, Certificate
This program will prepare students for an entry-level position in the field of marketing and sales. Graduates of this program will have the skills, knowledge, and abilities to perform general marketing duties.

Specialization: Accounting
Associate of Applied Science
This program will prepare students for entry into the accounting profession. The two-year program emphasizes internal accounting procedures and generally accepted principles as they apply to external reporting.

Specialization: Banking
Associate of Applied Science
This program will prepare students for entry into the financial services industry. It is designed to offer continuing professional education for individuals already employed in the financial services industry.

Specialization: Import/Export/Logistics
Associate of Applied Science
This program will prepare students for entry into the import/export/logistics profession. It is designed to update and expand the skills of those already working in the field, as well as assist those individuals who are considering the import/export/logistics field as a profession. The graduates of this program will have the basic knowledge to take the custom broker exam.

Specialization: Management
Associate of Applied Science
This program will prepare students for various managerial positions such as entry-level management trainee. The program will prepare students in areas such as communication skills, accounting, human resource management, marketing, problem solving and decision-making.

Specialization: Marketing
Associate of Applied Science
This program will prepare students for an entry level position in marketing and sales. The program will prepare students in areas such as communication skills, sales, product design, advertisement, and public relations.

Business Administration (Transfer Plan) Field of Study
Associate of Arts
This degree designed for those students who plan to transfer to a four-year college or university to earn a Bachelor of Business Administration, a Bachelor of Arts, or a Bachelor of Science Degree. Students take classes to complete state general education requirements and a combination of business classes in accounting, computers, and economics which fulfill the Associate of Art Degree in Business Administration. Upon transferring to a four-year college or university, students may choose a concentration in Accounting, Economics, General Business, Finance, International Business, Information Systems, Management, or Marketing.

ADVISORY COMMITTEES

Specialization: Architectural Drafting
The Architectural Drafting degree is designed to assist students in preparing architectural and structural construction documents, for: residential projects such as, homes and other dwellings, and commercial/industrial building, such as; schools, office and retail spaces. In addition, the students develop skills in the production of presentational free-hand drawings, working/study models, and various computer generated graphics. These skills allow students to utilize specialized CAD software in solving design challenges both technically and graphically.

Specialization: Civil Drafting
The Civil Drafting degree prepares a student in the producing of drawings related to the civil engineering profession. Such drawings can include: Topographical Maps, Property Boundary Maps & Surveys, Utility Design Maps (water distribution and sanitary sewer collection), Drainage Plans, and Grading Plans. These drawings/plans are an important role in the preparation of a site for the construction of highways, roads, bridges, buildings, parks, lakes, homes, and many other developments.

Specialization: Design and Technical Graphics
This program prepares students for careers in the design, building, and general business sectors. Our students learn to communicate design solutions for architects, engineers, builders, & development companies through 2D and 3D visualizations. Courses such as architectural photography and architectural illustration also help prepare our students for the development of a portfolio at the end of their studies. Students are trained in professional production software such as Photoshop, Illustrator, Flash, Dreamweaver, Premier, 3D Max, AutoCad, and Google Sketchup.

Construction Supervision

Construction Supervision Assistant Certificate
The Construction Supervision Assistant Certificate program will prepare students to serve as assistants to a construction supervisor or project manager. The skills acquired will prepare the student to assist a CM or PM in the supervision and management of residential, commercial, and institutional construction projects. The student will focus on acquiring the skills necessary to assist in the monitoring of construction processes to include but not limited to, construction estimating, building codes and inspections, construction technology and basic construction management duties.

Graduates of the program will be prepared for entry level positions such as junior estimator and assistant of construction superintendents, program managers and/or general contractors.

Specialization: Construction Supervision Associate of Applied Science
The Construction Supervision program will prepare students for supervision and management careers related to various aspects of residential, commercial, and institutional construction projects.

The Construction Supervision student will focus on acquiring the skills necessary to monitor, direct and conduct supervision processes to include but not limited to planning, scheduling, coordinating, estimating, and supervising all or part of the construction activities along with the selection, hiring and oversight of specialty trade contractors, as well as accessing risk and safety factors on site.

Graduates of the program will be prepared for entry level positions such as assistant construction superintendent, junior estimator, program manager, or general contractor for property owners, developers, or construction management firms.

ADVISORY COMMITTEE
Perry Vaughn, Executive Director, RGV-Associated General Contractors of America; Willie Carriaga, Project Superintendent, Carriaga Construction; Michael D. Smith, President, Texas DESCON L.P.; Alex Palacios, Facilities Director, Weslaco ISD; David M. Cramer, President-AGC RGV-Associated General Contractors of America; Hugo H. Avila, Staff Engineer, McAllen ISD

Culinary Arts

Commercial Baking Certificate
This certificate prepares students to serve under the supervision of pastry chefs, bakers, and other food service professionals as bakery support staff and commercial bakery workers.

Commercial Cooking Certificate
This certificate prepares students to serve under the supervision of chefs and other food service professionals as kitchen support staff and commercial food preparation workers.

Culinary Arts Associate of Applied Science
The program will prepare students through lecture and lab courses in culinary arts, nutrition, supervision, a practicum, and general education courses. This degree leads to careers in restaurants, catering, hotels and resorts, and other commercial food services. Graduates take positions as sous-chefs, professional assistants to chefs or culinary managers, supervisors of food production and service, stewards, banquet managers, purchasing agents, or restaurant supervisors.

ADVISORY COMMITTEE
Joe Demarino, Culinary Adviser; Russell Walker, General Manager, Macaroni Grill; Jimmy Santiago, Executive Chef at Cimarron; Elvia Berry, Owner of A Berry Catered Affair; Krista Holmes, Culinary Advisor; Larry Delgado, Executive Chef/Owner, House.Wine; Jessica Delgado, General Manager/Owner, House.Wine; Cynthia Ebrom, Pastry Chef/Owner, Cynthia’s Cakes.

Diesel Technology

Diesel Technology Certificate and Associate of Applied Science
The Diesel Technology industry is a rapidly growing industry which is requiring a growing number of qualified technicians.

The Diesel Technology student will acquire the knowledge and skills necessary for the repair of diesel engines, electrical and electronic control systems, hydraulic systems, air brakes, suspension, steering, and transmissions through a combination of lecture and lab work, to include troubleshooting and diagnostic procedures.

ADVISORY COMMITTEE
Clyde Syester, Service Manager Rush Truck Center; Jesus Pena, Sale Department, Holt Cat; Rodrigo Martinez, Shop Foreman, Rush Truck Center; Ted Ackerman, Service Manager, Thermo King; Guadalupe Pena, Service Manager, Holt (Trucks); Juan De Luna, Service Manager, Pioneer Equipment, Guadalupe Guajardo Jr., Service Manager, Holt Cat.

Diesel Technology

Diesel Technology Certificate and Associate of Applied Science
The Diesel Technology industry is a rapidly growing industry which is requiring a growing number of qualified technicians.

The Diesel Technology student will acquire the knowledge and skills necessary for the repair of diesel engines, electrical and electronic control systems, hydraulic systems, air brakes, suspension, steering, and transmissions through a combination of lecture and lab work, to include troubleshooting and diagnostic procedures.

ADVISORY COMMITTEE
Clyde Syester, Service Manager Rush Truck Center; Jesus Pena, Sale Department, Holt Cat; Rodrigo Martinez, Shop Foreman, Rush Truck Center; Ted Ackerman, Service Manager, Thermo King; Guadalupe Pena, Service Manager, Holt (Trucks); Juan De Luna, Service Manager, Pioneer Equipment, Guadalupe Guajardo Jr., Service Manager, Holt Cat.
Electrician Technology

Electrician Assistant Certificate
The Electrician Assistant program will prepare students to help assemble, install, test, and maintain electrical systems. They will be trained to read blueprints, plan and layout wiring for residential, commercial, and industrial projects to meet job specifications of local and state NEC codes, diagnose malfunctioning systems, apparatus, and components, using testing devices such as, ohmmeters, and voltmeters.

Graduates of this program will also gain knowledge in the installation of electrical systems in factories, office buildings, homes and other structures. Graduates will be eligible to take an examination for licensing after completion of 8,000 hours of field experience under the direct supervision of a Master Electrician.

Electrician Technology Associate of Applied Science
The Electrician Technology Associate of Applied Science degree will further the study of the necessary technical, academic, work habit, communication, and interpersonal skills required for employment in the field. The curriculum will include studies in electrical theory that will advance into complex electrical systems, building upon the knowledge and skills acquired throughout the program. The program will also prepare students to apply technical knowledge and skills to install, operate, maintain, and repair of electric equipment and systems such as residential, commercial, industrial projects, Wind and Solar Technology, electric-power wiring, DC and AC motors, controls and electrical distribution panels. Instruction will also include the study of the principles of electrical systems, wiring, power transmission, safety, industrial and, electrical testing and inspection, and applicable codes and standards.

ADVISORY COMMITTEE
Victor Guzman, General Contractor, Guzman Construction; Ram Ramirez, Owner, Zerimar Lighting Solutions; Juan Ortiz, Master Electrician, Zitro Electric; Joel Martinez, Industrial Electrician Clove-Mart Electric; Roy Sagredo Master Electrician, Atlas Electric and AC; Eddie Garcia, Fire & Safety Consultant, Trinity Fire

Identifies courses to fulfill minimum 15 credit hour General Education Requirement
Computer and Internet Specialist Certificate
This specialization will provide students with the foundation of knowledge they need to succeed in environments that require the use of computers and the Internet. The student will learn entry-level skills needed to effectively use the latest computer and Internet technology. Graduate will have knowledge in the areas of technology including computer hardware, software, operating systems, networking, basic word processing applications, presentation media, Internet and electronic mail.

Specialization:
Computer Maintenance Technology Certificate and Associate of Applied Science
Students who graduate from this specialization will learn the skills necessary to compete in the computer maintenance industry. They will learn skills such as computer repair, maintenance, peripheral installation and troubleshooting, as well as provide hardware and software support for users within their organization.

Specialization:
Computer Support Specialist Certificate and Associate of Applied Science
In this specialization, students will learn computer support skills which include repair, maintenance, and support for computer systems and networks. Students will take courses to learn how to properly install and troubleshoot computer systems, software, peripherals, and networks as well as provide technical support for users within their organization.

Mechatronics Technology Specialist Certificate
This specialization is a blend of mechanics and electronics. Mechatronics implements techniques in precision mechanical engineering, controls theory, computer maintenance and electronics technology. This program will prepare students with the hands-on training they need to work in this industry. Graduates may find employment as technicians assisting engineers.

Specialization:
Telecommunication Technology Specialist Certificate
Convergence is the combination of telecom, data processing and imaging technologies and placing all of these into one operating platform. It includes traditional telecommunication systems such as telephony and broadband and adds networking services to be placed on these technologies. Students will take courses in convergent technology and learn the latest telecommunication trends which voice, data and images are combined to deliver many services to end users.

ADVISORY COMMITTEE
David Chavez, Director of Information Technology, Donna ISD; Jose Lucio Gonzalez, Computer Services Engineer, South Texas College; Jaime Hinojosa, Information Technology Officer, Elsa State Bank; Eric Rodriguez, Owner, PC Station; Maby Rosenbaum, Project Manager, Insight Networking.

Fire Science

Fire Science Certificate
This program is designed to prepare students for the firefighting occupation. Students of the Fire Science Program will learn the functions of all the fire equipment, including the fire apparatus as well as both the theory and practical application of firefighting technology. The program will prepare students for firefighter certifications according to the standards from the Texas Commission on Fire Protection. This program will provide training to newly hired firefighters from the local departments as well as provide ongoing training to current veteran firefighters who serve in either a professional or volunteer capacity.

Fire Science Technology Associate of Applied Science
The Fire Science Technology Associate Degree program is designed to build on students’ knowledge of the firefighting occupation. The program will prepare students for firefighter certifications beyond the basic fire suppression certification according to the standards from the Texas Commission on Fire Protection. Students will also be introduced to the organization and management of a fire department and the relationship of government agencies to the fire service. The Fire Science Technology program will also provide training concerning the fire inspection areas such as rules, codes, and field inspection practices to meet certification requirements of the Texas Commission on Fire Protection.

ADVISORY COMMITTEE
Dr. Armando Ocaña, Director-Drop Out Prevention, La Joya ISD; Ricardo Reyes, Fire Chief, Rio Grande City Fire Department; Rene Lopez, Jr., Deputy Chief, Mission Fire Department; Jim Schultz, Deputy Chief, McAllen Fire Department; Carlos Arizpe, Deputy Chief, Pharr Fire Department

Heating, Ventilation, Air Conditioning and Refrigeration Technology

Certificate and Associate of Applied Science

In the past 60 years, the Heating, Ventilation, Air Conditioning and Refrigeration (HVACR) field has experienced massive technological changes. It has gone from the era of the iceman to that of the educated and highly trained technician.

Heating, Ventilation, Air Conditioning and Refrigeration technicians are primarily trained in the service, repair, maintenance and installation of heating, cooling and refrigeration equipment including domestic, residential, commercial and industrial systems.

Career preparation requires extensive educational training in refrigeration systems, electrical-electronic controls, pneumatic controls, cooling and heating systems, duct design, fabrication and residential and commercial heat gained and loss calculations.

Some of the opportunities for employment in Heating, Ventilation, Air Conditioning and Refrigeration include: Engineers in sales, application and operating. Technicians in testing, equipment installers, preventive maintenance, service and repair, wholesale and sheet metal specialist.

ADVISORY COMMITTEE

Rodolfo Cantu, Chairperson, RBC Services, Alamo; Hector Becerra, Vice-Chairperson, Hectors Air Conditioning, McAllen; Patricia Serna, Secretary, Gemaire Supply, Mcallen; Mark Hernandez, Member, Checkmark Refrigeration LLC, Weslaco; Willy G. Gonzalez, Member, Johnstone Supply, Pharr; Anival Perez, Member, Goodman Distributing, Mission; Edgar Zamora, Member, Extreme Air, Alton.

Identifies courses to fulfill minimum 15 credit hour General Education Requirement
Employee and Labor Relations Assistant Certificate
In this program, students will learn the fundamentals of employee and labor relations practices, with emphasis in Labor (Union) Relations, and Human Resources laws in order to assist unionized employers such as city government, school districts and private employers resolve disputes between workers and managers, negotiate collective bargaining agreements, or coordinate grievance procedures to handle employee complaints. This certificate will allow the student to transfer credits to the Human Resources Assistant Certificate and the Associate of Applied Science degree in Human Resources Specialist programs.

Payroll Assistant Certificate
In this program, students will learn the fundamentals of the payroll practices and preparation, with emphasis in Payroll & Business Tax Accounting, Benefits and Compensation practices and laws and other software applications in order to assist any employer to compile and record employee time and payroll data and may compute employees’ time worked, production and commission. Also, may compute and post wages and deductions, or prepare paychecks. This certificate will allow the student to transfer credits to the Human Resources Assistant Certificate and the Associate of Applied Science degree in Human Resources Specialist programs.

Recruiting Assistant Certificate
In this program, students will learn the fundamentals of the recruiting practices, with emphasis in human relations and organizational behavior in order to help any employer attaining the most qualified employees and perform activities in the area of recruiting including interviewing and place workers. This certificate will allow the student to transfer credits to the Human Resources Assistant Certificate and the Associate of Applied Science degree in Human Resources Specialist programs.

Human Resources Certificate and Associate of Applied Science
The Human Resources Program will prepare students for a career in the Human Resources Industry.

This program will prepare students to be Human Resources Technicians, Human Resources Assistants, Human Resources Specialists, Human Resources Employment Specialists, and Human Resources Benefits Coordinators. The program will assist students in preparation to take the PHR exam.

ADVISORY COMMITTEE
Tammy Leal, Private Business (Chairperson); Todd Miller, First National Bank; Matt Foerster, Express Personnel; Adrian Aguilar, Texas Workforce Commission; Claudia Olivares, United Blood Services Texas; Charmine Huebinger, Tropical Texas Behavior Health.

Information Technology

Computer and Information Technologies Specialist Certificate
The Computer and Information Technologies Specialist program is designed to provide a student with in depth knowledge and skills necessary for today's fast-paced, ever-changing world of Information Technology (IT). Students are exposed to a variety of business productivity software for spreadsheets and database management systems, as well as developmental and graphical design software for tasks such as photo editing, web design, and programming. The program further expands on IT comprehension and abilities in the networking and operating systems areas, while being exposed to computer virtualization. While most credits obtained through this certificate transfer to the Associate of Applied Science degree for Networking Specialist, all credits will transfer to the Associate of Applied Science for Computer Specialist and the Bachelor of Applied Technologies in Computer and Information Technologies degree (BAT-CIT).

Computer and Network Specialist Certificate
The Computer and Network Specialist program prepares students with the necessary skills to excel in a variety of Information Technology environments. Students gain advanced skills and knowledge in some of today's dominating business applications, as well as proficiency in networking and operating systems skills, while also being exposed to the use of computer virtualization. All credits earned through this certificate transfer to the Associate of Applied Science degree for Networking Specialist and Computer Specialist. They also transfer to the Bachelor of Applied Technologies in Computer and Information Technologies degree (BAT-CIT).

Computer Applications Specialist Certificate
The Computer Applications Specialist program prepares students to meet the demand for advanced skills and knowledge in some of today's leading business applications. Students completing this certificate are equipped with comprehensive abilities in business productivity software such as word processing, spreadsheet, and database management systems. They also finish the program with extensive experience in the use of multimedia software for tasks such as digital publishing and photo editing. All credits earned in this program transfer to the Computer and Information Technologies Certificate and the Associate of Applied Science degree for Computer Specialist.

Information Security/Digital Forensics Specialist Certificate
This hands-on Information Security/Digital Forensics Program offers practical experience in a wide array of information security and digital forensics situations that are applicable to the real world. The student will be exposed to everything from how to properly conduct an assessment, and secure and document a network. In addition, the student will learn how to establish a proper chain of custody that is admissible in a court of law when recovering files from intentionally damaged media.

This certificate will prepare students for a career in information security. It will prepare students to get certified by Cisco Networking Academy and CompTIA. This certificate will allow the student to transfer all the credits to the Associate of Applied Science degree for Information Security/Digital Forensics.

Multimedia Specialist Certificate
The Multimedia Specialist Certificate is intended for students who are interested in the multimedia side of technology. In addition to gaining experience with business productivity software such as word processing and presentation software, students in this program are further exposed to interactive digital media software, where they learn skills in photo editing, digital publishing, and web development. Most credits earned will transfer to the Computer and Information Technologies Certificate and to the Associate of Applied Science degree for Computer Specialist.

Specialization: Computer Specialist

Associate of Applied Science
In this program, the student will learn business applications and demonstrate fluency in database, spreadsheet, word processing, and digital publishing. Students will learn technical skills in operating systems and networking technologies, as well as microcomputer concepts, while also being exposed to the use of computer virtualization. During the last semester, students will be required to secure an internship within an Information Technology (IT) department of a local company. This internship will provide students with valuable industry experience. Graduates of the Associate of Applied Science degree for Computer Specialist will be equipped with the necessary skills to enter the IT workforce in places such as local or small businesses, school districts, banks, and hospitals. The credits earned in the Associate of Applied Science in Computer Specialist transfer to the Bachelor of Applied Technologies in Computer and Information Technologies degree (BAT-CIT).

Specialization: Networking Specialist

Associate of Applied Science
The Associate of Applied Science in Networking Specialist enlists a number of Information Technology (IT) skills, starting with business productivity software
and then adding a greater emphasis on advanced skills in computer networking through the Cisco Networking Academy. Upon completion of the program, the student will be able to design, quote, set up, maintain, manage, and upgrade a network. In addition to the networking skills, students will also learn technical skills in operating systems, server administration, and information security, while also being exposed to the use of computer virtualization. During the last semester, students will be required to secure an internship within an IT department of a local company. This internship will provide students with valuable industry experience. Graduates of the Associate of Applied Science degree for Networking Specialist will be greatly qualified with the necessary skills to enter the IT workforce in places such as local or small businesses, school districts, banks, and hospitals. The credits earned in the Associate of Applied Science in Computer Specialist transfer to the Bachelor of Applied Technologies in Computer and Information Technologies degree (BAT-CIT).

Specialization:
Information Security/ Digital Forensics Specialist

Associate of Applied Science

This hands-on Information Security/Digital Forensics Associate of Applied Science degree offers practical experience in a wide array of information security and digital forensics situations that are applicable to the real world. The student will be exposed to everything from how to properly conduct an assessment, and secure and document a network. In addition, the student will learn how to establish a proper chain of custody that is admissible in a court of law when recovering files from intentionally damaged media. This associate’s degree will prepare students to get certified by Cisco Networking Academy and CompTIA.

Information Security/Digital Forensics Specialists are needed by today’s companies to protect computer networks and determine the root cause of malicious attacks, legally collect evidence admissible in court, and protect corporate assets and reputation. Upon successfully completing the program, students may work with various Federal Government agencies, private industry, and even local government agencies that need to protect their computer networks. They can also find themselves working for agencies that need to conduct investigations of computer systems that may have been used to commit a crime.

During the last semester, students are required to secure an internship within a local company’s IT department. This Internship will allow students to gain valuable industry experience.

ADVISORY COMMITTEE
Diana Berger, Director of Education Market Segment, Global Data Systems; David M. Culberson, Director of Technology, Sharyland ISD; Adrian Garcia, Chief Technology Officer, Pharr-San Juan-Alamo ISD; Michael Parker, System Administrator, McAllen Economic Development Corporation; Hugo Robles, Network Systems Administrator, Alps Electric (North America), Inc.

The Law Enforcement Basic Peace Officer Certificate is designed to prepare students for a profession in law enforcement. Police academy students will learn the role and responsibilities of a law enforcement officer and become knowledgeable in Texas Criminal and Traffic law. The police academy will prepare students for peace officer certifications according to the standards from the Texas Commission on Law Enforcement Officers Standards and Education.

**Public Safety**

South Texas College offers two degrees in Public Safety: Associates in Applied Science-Law Enforcement (AAS-LE) and a Certificate in Law Enforcement (Texas Peace Officer). Each degree helps students jump start their careers with federal, state, and local governmental entities. Examples of positions are: Corrections and Law Enforcement, Customs and Border Protection, Citizenship and Immigration Services, Arson Investigation, Private Security,

Total Credit Hours: .......... 60
Identifies courses to fulfill 15 credit hour General Education Requirement.
The Precision Manufacturing Technology program is the first in the State of Texas to earn NIMS accreditation.

The National Institute for Metalworking Skills (NIMS) is the nation’s only ANSI accredited developer of precision manufacturing skill standards and competency assessments. NIMS certifies an individual skills against standards and accredits programs that meet its quality requirements. NIMS stakeholders represent over 6,000 American companies.

The Precision Manufacturing Certificate program, provides an environment to develop technical skills that are highly marketable to the area’s industries. Most of the courses are set up to stimulate actual working environments.

Technical coursework begins in the first semester in order to develop a common skill base for the program. During this first semester the student will learn how to use computers to read and use industrial prints, and gain technical skills.

**Precision Manufacturing Technology Certificate**

This curriculum offers training on a variety machine tools commonly used in most shops with emphasizes practical machining skills. Classroom analysis of various jobs and machine operations increases the student’s capabilities as a machinist. General mathematics and communications skills are included to prepare students to work with technical advances in the machining industry.

Students are eligible to take the National Institute of Metalworking Skills (NIMS) certification exams, which are administered at South Texas College by certified faculty. Upon completion, this specialty will allow the student to continue in the Precision Manufacturing Technology’s two-year Associate of Applied Science Degree program or permit the student to work in a highly rewarding career field in industry.

**Precision Manufacturing Technology Associate of Applied Science**

This is designed to provide students with the opportunity for hands-on experience necessary for employment as a technician in the computer-enhanced manufacturing process. Full size equipment is utilized. Through the integration of mathematics, metallurgy, programmable machinery, shop skills, and computer-assisted machining techniques, students can acquire the necessary skills for employment in an industrial environment. Graduates are eligible to take the National Institute of Metalworking Skills (NIMS) certification exams, which are administered at South Texas College by certified faculty.

Technical coursework includes: machine tool labs, AutoCAD, CNC programming and operation, parametric solid modeling, and manufacturing materials and processes. Specialty coursework includes: CAD/CAM, tool and fixture design, and advanced machine tooling.

**ADVISORY COMMITTEE**

Advisory Committee Chair - Trung Nguyen, Royal Technologies; Julio Guerrero, Tooling Engineer-Alpha XL Mold & Tool; Victor A. Hernandez, Fabrication Manager Emerson Systems North America (EPS/ESNA); Mike Willis, Director of STMA-STMA; Janie Ramos, McAllen Economic Development Corporation; Luis Rodriguez, Production Manager-Humanetics Inc; Alfredo Gomez, Quality Inspector Eco Plastics; Jesse Zorola, Regal Beloit; Antonio Tijerina, Regal Beloit; Dina Barraza, Regal Beloit; Gerald Stinson, FibeRio; Samuel Torres, Amaida Machine Shop; Norma Torres, Amaida Machine Shop.

**Paralegal Associate of Applied Science**

The Paralegal Associate of Applied Science is a two-year program that prepares men and women for entry-level positions as a paralegal working under the supervision of a lawyer in a law office, government, corporate or other private sector legal setting. The program is designed to provide students with an understanding of the roles and functions of paralegals in law firms and occupational settings. The program offers instruction in basic legal principles and skills applicable to various legal settings. Students develop foundational legal knowledge, training in analytical thinking, and skills in legal research and writing.

**ADVISORY COMMITTEE**

Frederick J. Biel, Atlas & Hall; Luanna Castellano, Gonzalez & Palacios, L.L.P.; David E. Cazares, Law Office of David Cazares; Rachel Maldonado, Paralegal, Allstate Insurance Company; and Mary Ellen Stocker, City of McAllen.

Welding

Combination Welding Certificate
This three semester program will prepare the students for entry level positions with skills in four welding processes (Shielded Metal Arc Welding, Gas Metal Arc Welding, Gas Tungsten Arc Welding and Flux Core Arc Welding).

Students will perform fillets, lap, corner joint and V-groove welds with backing and open groove in the Flat, Horizontal, Vertical-up and Overhead positions.

Students will gain knowledge in lay-out and fabrication as well as blueprint reading for the welders, welding safety and metallurgy.

 Graduate candidates will be eligible to take a welding performance qualification test in accordance with American Welding Society, as used in industry.

Structural Welding Certificate
This two semester program will prepare the students for entry level positions with skills in four welding processes (Shielded Metal Arc Welding, Gas Metal Arc Welding, Gas Tungsten Arc Welding and Flux Core Arc Welding) but does not go into the advanced welding level (open groove and pipe) as does the combination certificate.

Students will perform fillets, lap, corner and tee's joint welds in the Flat, Horizontal, Vertical-up and Overhead positions.

Graduate candidates will be eligible to take a welding performance qualification test in accordance with American Welding Society, as used in industry.

ADVISORY COMMITTEE
Reynaldo Rivera, American Welding Society/Matheson; Eloy Reyna, Weldinghouse; Jeremy Koester, Airgas; Rine Hernandez, Miller; Carlos Vento, AOC/Praxair; Raul Robles Robles Consulting, LLC; Efren Lozano, Genco Energy Services, INC.; Tomas Gutierrez, Palmer Steel Supplies, INC.; Juan Figueroa, Palmer Steel Supplies, INC.

Communication

Advertising/Public Relations, 
Field of Study 
Associate of Arts 
The Associate of Arts with a field of study in Advertising/Public Relations Concentration is a focused program of study which provides a strong undergraduate foundation in writing for all forms of media and the integration of concepts and theories necessary to promote a positive image for clients.

Classes prepare students for transfer to four-year institutions and entry into careers in which competence, clarity and influence are important, such as advertising, public relations, business, health, law, entertainment industry and media. Some variation in requirements may exist at a particular four-year college or university; therefore it is essential that students also refer to the catalog of the prospective transfer institution and consult a counselor.

Communication Studies, 
Field of Study 
Associate of Arts 
The Associate of Arts degree in Communication with a speech concentration is a focused program of study which provides a strong foundation in undergraduate interpersonal interaction, group communication, argument and debate, as well as in public speaking skills.

Classes prepare students for transfer to four-year institutions and entry into careers in which effective communication skills are important, such as teaching, public relations, business, mass communication, and law. Some variation in requirements may exist at a particular four-year college or university; therefore it is essential that students also refer to the catalog of the prospective transfer institution and consult a counselor.

*Field of Study Courses
Drama

Drama, Field of Study

Associate of Arts

The program is intended to enable students to develop the necessary academic, technical and analytical skills that will provide them with a measurable foundation in the basics of sound theater practices. This degree is useful to an individual seeking employment in the entertainment and media industries. As with any liberal arts degree, salaries vary according to the field chosen by the degree holder.

With an Associate of Arts degree in Drama from STC, students will have attained the pre-professional foundation skills necessary to compete for beginning positions as technicians and/or performers.

In addition to career options in the field of Drama, students with AA-Drama degrees may also choose to pursue advanced degrees in related fields such as television, film, radio, industrial presentations, arts management, and public relations.

Students who desire a career as Drama educators and who earn a Bachelor’s degree in this field would be eligible for employment in most public school districts, providing they obtain the necessary teaching certification. Students who earn a BA or BFA degree in Drama can also expect to be marketable in the business or corporate world in areas requiring a combination of verbal, visual and leadership skills. The AA and BA/BFA degrees also serve as the foundation for specialized studies in Drama such as Scene & Lighting Design, Costuming Design, Technical Direction, Playwriting, Directing, Performance, Arts Management and Dramaturgy. Completion of the MAMFA and Ph.D. coursework would make the graduates eligible for teaching positions at colleges and universities.

156 Liberal Arts
English, Field of Study
Associate of Arts

The field of study curriculum in English transfers as a block leading to an English minor, a Bachelor of Arts in General Studies, or a Bachelor of Arts in English. The flexible structure of this field of study provides students an opportunity to explore their own interests in either Literature or Creative Writing, while also providing a firm foundation for a minor or major in English.

The course load allows students to complete their minor or major at a four-year institution and build the required number of courses within their teaching discipline (which according to TEA regulations must include 24 credit hours in the teaching discipline to qualify for a teaching position). With a specialization in English, students will be uniquely prepared to succeed in today's competitive job market and will have a variety of employment opportunities available in such fields as technical writing, editing, and teaching, as well as numerous professions that require effective communication and analytical skills.

*Courses to be chosen from Field of Study
Fine Arts

Graphic Arts Concentration,
Field of Study
Associate of Arts
The Associate of Arts with a field of study in Graphic Arts Concentration is a focused program of study which provides a strong foundation in undergraduate art skills training and prepares students pursuing careers in graphic design and other related commercial art fields.

Students are also prepared for successful transfer to upper division colleges and universities.

Music Concentration*,
Field of Study
Associate of Arts
The Associate of Arts with Music Concentration will focus on establishing a solid music foundation in music theory, music literature, applied instrumental lessons and participation in various music ensembles in preparation for the completion of the Bachelor of Fine Arts Degree.

It is intended for transferability to higher education institutions by the serious music student wishing to continue his/her study of music while completing the core curriculum course work. Music ensembles are open for participation to the general student body.

Visual Arts Concentration,
Field of Study
Associate of Arts
The Associate of Arts with a field of study in Fine Arts/Visual Arts Concentration is a focused program of study which provides a strong foundation in undergraduate art skills training and prepares students pursuing art careers for advanced production of art and successful transfer to upper division colleges and universities.

*If transferring to another college, check with an advisor to see specific program requirements for the Visual Arts requirement.

*Courses to be chosen from Field of Study.
History

History, Field of Study
Associate of Arts

The Associates of Arts degree with a field of study in History is designated for students planning to transfer to a baccalaureate degree in History or Liberal Arts at four-year institutions.

The curriculum includes general academic courses and electives that enable students who intend to major in History to transfer to four-year institutions.

Completing a History program can expand opportunities in teaching, museums, archives, government, law school, journalism and other related areas.

Instruction in History promotes reading, writing, and critical thinking, as well as development of awareness of how the past has shaped the present.

HISTORY Field of Study
ASSOCIATE OF ARTS

TSI LIABLE

FIELD OF STUDY 18 Credits
The student is required to take the following 6 courses (18 credits):
Note: HIST 1301 & HIST 1302 must be taken prior to taking HIST 2321 & HIST 2322.

HIST 2321 World Civilizations I
HIST 2322 World Civilizations II
HIST 2327 Mexican American History I
HIST 2328 Mexican American History II
HIST 2381 African American History
HIST 2389 Academic Cooperative

STC CORE CURRICULUM 42 Credits
In addition to the courses in the Field of Study, the student is required to take 42 hours from the STC Core Curriculum listed on page 84 in the catalog. These courses must not duplicate courses taken to fulfill field of study requirements. Students who select a 3 credit Mathematics course to fulfill the Mathematics component of the Core Curriculum must take 4 semester credit hours to complete the Core Component Area Option for the Core Curriculum. Within the choices of courses in the Core Curriculum the following courses must be taken in order to meet requirements of University History programs:

Language, Philosophy & Culture 3 credits
PHIL 2307 Introduction to Social and Political Philosophy

Social and Behavioral Sciences 3 credits
HIST 2301 Texas History

Field of Study: 18
STC Core Curriculum: 42

**Interdisciplinary Studies**  

*Field of Study*  

**Associate of Arts**  

The Associate of Arts Degree field of study in Interdisciplinary Studies provides students with a broad-based education in "college basics" that promotes critical thinking skills and allows for an opportunity to make an informed choice in educational preferences.

The program offers transferable field of study selections in arts and humanities, social sciences, natural sciences, computer applications, and mathematics. This field of study is an excellent transfer program that can be used towards the successful completion of a Baccalaureate Degree in any field.

### TSI LIABLE

**INTERDISCIPLINARY STUDIES  Field of Study**

**ASSOCIATE OF ARTS**

**FIELD OF STUDY 18 Credits**  

The student is required to take a minimum of 18 credit hours. The Field of Study courses must be chosen from two (2) or more AA or AS field of study options listed in the catalog. Substitutions to this degree plan will be accepted if the Transfer Institution accepts the substitution(s) as courses that will apply toward the baccalaureate degree the student intends to pursue.

**STC CORE CURRICULUM 42 Credits**  

In addition to the courses in the Field of Study, the student is required to take 42 hours from the STC Core Curriculum listed on page 84 in the catalog. These courses must not duplicate courses taken to fulfill the field of study requirements. Students who select a 3 credit Mathematics course to fulfill the Mathematics component of the Core Curriculum must take 4 semester credit hours to complete the Core Component Area Option for the Core Curriculum.

Language and Cultural Studies

Language and Cultural Studies, Field of Study
Associate of Arts
Concentration: American Sign Language
Concentration: Spanish

The Language and Cultural Studies Field of Study is designed to provide students the opportunity to develop and enhance their practical communication skills and cross-cultural understanding that will provide them the foundational coursework required for careers in languages and cultural studies.

Furthermore, the field of study will focus on integrating language, culture and literature to help students gain an international perspective for living and working in today’s global society.

Students declaring a field of study in Languages and Cultural Studies may choose courses in one or both of the following concentrations: Spanish and American Sign Language.

Biology, Field of Study
Associate of Science

The Associate of Science Degree with a field of study in Biology offers students the opportunity to take a core curriculum of general education courses with an emphasis in Biology.

Many exciting career opportunities are available in the biological sciences. Students should bear in mind that many of the career areas listed require training beyond the Associate of Science degree and some will require a post-graduate degree.

Chemistry

Chemistry, Field of Study
Associate of Science
The Associate of Science degree with a field of study in Chemistry offers students the opportunity to take a core curriculum of general education with an emphasis in Chemistry.

Chemistry students have a wide choice of careers in many different scientific and technical fields. The student should bear in mind that many of the career areas will require training beyond the Associate of Science degree and in some cases a post-graduate degree:

Career fields available to Chemistry students:
- Biochemistry
- Chemical Engineering
- Civil Engineering
- Education, secondary and post-secondary
- Environmental Science
- Forensic Science
- Medical Technology
- Mineral Processing
- Molecular Biology
- Oil Refining
- Petroleum Engineering
- Pharmacy
- Plastics Manufacturing
- Water Treatment

This listing closely parallels the first two years of education that one would receive at most universities. Upon completion of this sequence, many students transfer to obtain a degree in one of the various chemistry fields. However, students intending to transfer should be aware of the transfer institution's requirements.

Entering students please note, completing Math 2412--Pre-Calculus and Trigonometry, or Math 1316-Plane Trigonometry will satisfy this degree plan; however, since most Chemistry programs will require Math 2413-Calculus I students are strongly encouraged to complete the course before transferring. Students with a score of 375+ on the math portion of the TSI Exam may test out of MATH 2412-PreCalculus and Trigonometry after taking and passing the Calculus I Placement Exam provided by the Math Department. Students who qualify and elect this option must contact the Math Department at (956)872-8327 to make arrangements no later than two weeks before the start of the semester the student intends to enroll. In addition, students with strong math backgrounds have the option of taking the CLEP exam for MATH 2412. Students who completed Math 1414 should complete Math 1316 or MATH 2412 before enrolling in Math 2413.

Additional courses to prepare students for transfer to Universities

Recommended by end of Summer Semester Second Year:
MATH 2413 Calculus I | 4

Pre-Med Majors are recommended to complete both the BIOL and PHYS sequences to meet program requirements and to prepare for MCAT.
Computer Science

Computer Science, Field of Study
Associate of Science

This program is designed for students who plan to continue a Baccalaureate degree at STC or to transfer to a four-year college or university to pursue a Baccalaureate degree in Computer Software Engineering and/or Computer Science. It is also designed to prepare students for entry-level positions in the field of computer science. The curriculum of the computer science degree program focuses on computer programming and general education cores of studies. Students who wish to declare this transfer major should ask for program planning assistance from a Computer Science program advisor. Transfer institutions vary in lower division (first two years of college) major department requirements. Meeting the STC Associate of Science degree requirements does not automatically guarantee that all four-year colleges will accept each and every course toward their degree plan. It is imperative that students work closely with STC departmental faculty and the four-year college faculty in determining transferability of courses.

Career Opportunities

Computer Science

The Bureau of Labor Statistics states that Computer and Information Technology occupations are projected to grow by 22 percent, adding 758,800 new jobs from 2010 to 2020. The high request for workers in these occupations will be driven by companies struggling to find competent technical talent to fulfill their needs, the continuing need for businesses, government agencies and other organizations to adopt and utilize the latest technologies. Workers in these occupations will be needed to increase cyber security, develop software and update existing network infrastructure. Companies are struggling to find competent technical talent to fulfill their needs. Some disciplines under Computer Science include:

- Computer Programmer
- Programmer Analyst
- Software Engineers
- Computer and Information Scientist
- Computer Hardware Engineers
- Information Security Analysts

Computer Information Systems

Field of Study
Associate of Science

This program is designed for students who plan to continue a Baccalaureate degree at STC or to transfer to a four-year college or university to pursue a Baccalaureate degree in Computer Information Systems. It is also designed to prepare students for entry-level positions in the field of computer information systems. The curriculum of the computer information systems degree program focuses on computer programming, business and general education cores of studies. Students who wish to declare this transfer major should ask for program planning assistance from a Computer Information Systems program advisor. Transfer institutions vary in lower division (first two years of college) major department requirements. Meeting the STC Associate of Science degree requirements does not automatically guarantee that all four-year colleges will accept each and every course toward their degree plan. It is imperative that students work closely with STC departmental faculty and the four-year college faculty in determining transferability of courses.

Computer Information Systems

The Bureau of Labor Statistics states that Computer and Information Technology occupations are projected to grow by 22 percent, adding 758,800 new jobs from 2010 to 2020. Companies are struggling to find competent talent to fulfill their needs. Some disciplines under Computer Information Systems include the above mentioned as well as:

- Applications Programmers
- Computer Support Specialist
- Information Security Coordinator
- Network and Computer Systems Administrators
- Web Developers
- Database Administrators

The Computer Science Department prepares students for transfer to a four-year institution where they can specialize in such disciplines.

Academic Advisement

Students are assigned to an advisor in the department upon declaring a major in Computer Science and/or Computer Information Systems. Students should also consult their advisor for approval of academic matters such as choice of electives, course substitutions, course overloads, and adding and dropping courses.

Engineering

Engineering, Field of Study
Associate of Science

The Associate of Science degree with a field of study in Engineering offers students the opportunity to take a core curriculum of general education with an emphasis on Engineering. At the present time, a high percentage of all the technical and managerial positions in industry are occupied by engineers. Our engineering program prepares students for transfer to a four-year institution where they can specialize in all engineering disciplines such as:

- Aerospace Engineering
- Agriculture Engineering
- Bioengineering
- Chemical Engineering
- Civil Engineering
- Computer Engineering
- Electrical Engineering
- Environmental Engineering
- Industrial Engineering
- Manufacturing Engineering
- Mechanical Engineering
- Nuclear Engineering
- Petroleum Engineering
- Radiological Health Engineering

It is suggested that students interested in the fields of Chemical or Petroleum Engineering follow a modified Chemistry degree plan which includes Calculus I – MATH 2413. An appointment with a faculty advisor before enrolling is strongly recommended.

This listing closely parallels the first two years of education that one would receive at most engineering schools. Upon completion of this sequence, many students transfer to an engineering school and obtain a degree in one of the various engineering fields. However, students intending to transfer should be aware of the transfer institution's requirements.

It is possible to complete the engineering sequence in a number of ways and time periods. However, because of sensitive math and physics prerequisites, the suggested guideline should be closely followed if one hopes to complete the program in a timely manner and to smoothly transition to a four-year institution.

Entering students, please note that the first semester suggests Calculus I - MATH 2413. Students with a score of 375+ on the math portion of the TSI Exam may test out of Pre-Calculus and Trigonometry 2412 and enroll directly in Calculus I - MATH 2413 after taking and passing the Calculus I Placement Exam provided by the Math Department. Students who qualify and elect this option must contact the Math Department at (956)872-8327 to make arrangements no later than two weeks before the start of the semester the student intends to enroll. Otherwise, it is recommended that students take the prerequisite MATH 2412 – Pre-Calculus and Trigonometry the summer prior to the start of the fall semester. Enrollment in MATH 2412 requires students to be TSI complete.

It is also recommended that students complete MATH 2415 – Calculus III before transferring to a four year program as it can be a prerequisite for junior and senior level engineering courses. You should, however, contact your transferring institution to check the transferability of this course. General Engineering students are encouraged to take MATH 2418 for the Core Component Option while Electrical Engineering students are encouraged to take MATH 2420 – Differential Equations for the Core Component Option.

Electrical and Computer Engineering should follow Field of Study Course Block 1 (ENGR2406 and COSC1436) as outlined on the degree plan. General Engineering students should follow Field of Study Course Block 2 (CHEM1411 and ENGR1304) as outlined on the degree plan.

For questions regarding this major, please contact the program advisors:
- Dr. Enriqueta Cortez, Department Chair (956) 872-2502.
- Mr. Martin Knecht, Physics/Engineering Faculty (956) 872-2526
- Mr. Ivan Camara, Math and Science Student Success Specialist (956) 872-6786

Mathematics

Mathematics, Field of Study
Associate of Science
The Associate of Science degree with a field of study in Mathematics offers students the opportunity to take a core curriculum of general education with an emphasis in Mathematics. Mathematics majors have many potential career opportunities. They may provide technical assistance in business, engineering science, medicine and many other fields, such as:

- Actuary
- Consultant
- Operations Researcher
- Statistician
- Teacher

MATHMATICS

180 Math and Science
Physics

Physics, Field of Study
Associate of Science

The Associate of Science degree with a field of study in Physics offers students the opportunity to take a core curriculum of general education with an emphasis in Physics.

Physics students may select a career in a wide range of scientific and technical fields.

The student should bear in mind that most of these career areas require education or training beyond the Associate of Science degree. Career fields available to the physics student include:

- Astronomy
- Biophysics
- Chemistry
- Computer Science
- Elementary or Secondary Education
- Engineering - Civil, Electrical, Industrial
- Geophysics
- Hydrogeology
- Medicine
- Meteorology
- Patent Law
- Physics
- Seismology

This listing closely parallels the first two years of education that one would receive at most universities. Upon completion of this sequence, many students transfer to obtain a degree in one of the various physics fields. However, students intending to transfer should be aware of the transfer institution's requirements.

Entering students, please note that the pre-requisite for PHYS 1401 requires students complete MATH 2412 Pre-Calculus and Trigonometry or the completion of MATH 1414 – College Algebra and MATH 1316 – Plane Trigonometry. Enrollment in MATH 2412 requires students to be TSI complete.

For questions regarding this major, please contact the program advisors:
- Dr. Enriqueta Cortez, Department Chair (956) 872-2502.
- Mr. Martin Knecht, Physics/Engineering Faculty (956) 872-2526

Pre-Pharmacy

Pre-Pharmacy, Field of Study
Associate of Science

This two-year program prepares the graduate for application to pharmacy school, a 4 year program leading to licensure as a pharmacist. The future of pharmacists is bright with growing demand and an increasing variety of practice settings. The individual selecting this program must be dedicated and self-motivated to excel at rigorous academic coursework for the two years of prerequisites at South Texas College and four years of pharmacy school.

Graduation from South Texas College does not guarantee acceptance into pharmacy school. South Texas College provides the opportunity for the student to develop a solid basic science knowledge base, complete prerequisites for pharmacy school, participate in essay and interview preparation sessions, review for the Pharmacy College Admission Test (PCAT), and advisement in the pharmacy school application process. Pharmacy schools select entering classes by student merit.

Due to a state mandated limit on credit hours for an Associate of Science degree, the student will be expected to complete some prerequisite courses on their own. There is time in the curriculum for the student to complete these courses during summer and second fall semesters.

For questions regarding this major, please contact the program advisors:
• Dr. Enriqueta Cortez, Department Chair (956) 872-2502.
• Dr. Karina Castillo, Pre-Pharmacy Club Advisor (956) 872-2561
• Mr. Ivan Camara, Math and Science Student Success Specialist (956) 872-6786

Applications will be submitted after meeting with Faculty Advisor. Each semester if they wish to be considered for enrollment. All students interested in the program who are not NOTE: A new applicant pool is established for each admission period. All students interested in the program who are not

I. All applicants must:

A. Meet general admission requirements to South Texas College.

B. Have a High School diploma or GED.

C. Be TSI Complete or TSI Exempt via State approved exam scores.

D. Earn a minimum cumulative GPA of 3.0 on a 4.0 scale in all transfer courses and courses in the Associate Degree Nursing Program degree plan.

E. Complete all prerequisite courses with a minimum grade of “B” as listed in the Associate Degree Nursing Program Degree plan.

F. Earn a minimum grade of “B” in “Introduction to Nursing” course within the last two years.

G. Submit a completed Program application by stated deadline. For more information contact Associate Degree Nursing Program at 872-3070 or access the information online at http://nah.southtexascollege.edu/programs/adn.html.

H. Participate in the student advisement per program requirements. For more information contact Associate Degree Nursing Program at 872-3070.

I. Achieve an Admission Assessment (HESI) test (A2 test score of 75% in Math, Science and English composites within the last two years.

J. Pass a criminal background check and drug screen through approved providers. Complete all required immunizations including Hepatitis B series before beginning of nursing clinical courses. For more information contact the NAH Clinical Affairs Specialist at 872-3027.

K. Meet technical standards as stated by Associate Degree Nursing Program.

NOTE: A new applicant pool is established for each admission period. All students interested in the program who are not granted admission (qualified and nonqualified) must reapply each semester if they wish to be considered for enrollment. Applications will be submitted after meeting with Faculty Advisor.

Selection Criteria

The ADN selection criteria are based upon a point system score comprised of degree plan course G.P.A., number of degree plan courses completed, and required test scores. All information requested on the application must be on-file with the college and accessible on-line to be accepted for program enrollment.

Due to program size limitations, a number of applicants who meet the program admissions requirements may not be admitted to the program. Qualified applications are ranked from highest to lowest points. A random draw of applicants with the same acceptance score is used when necessary to complete enrollment.

NOTE: Please see program WEB page for up-to-date information regarding admission requirements, curriculum changes, selection criteria and procedures, and application revisions at http://nah.southtexascollege.edu/

Graduation Requirements

To graduate with an Associate of Science Degree in Nursing, a student must meet college graduation requirements and complete all course work as listed in the degree plan with a minimum grade of “C.”

Licenses of Persons with Criminal Convictions

Nurse Practice Act for the State of Texas (Senate Bill 1058) made criminal background checks mandatory for students accepted for enrollment in a nursing education program and permits the Board of Nursing (BON or Board) to initiate declaratory orders for eligibility proceedings based on positive criminal background checks; made permanent the Board’s authority to impose deferred disciplinary action; clarified that action may be taken against a nurse’s license based on action taken by the division of the United States Military; authorized the BON, in conjunction with a disciplinary action, to require a nurse to abstain from use of alcohol and drugs and submit to random drug testing; provided for limited non-disclosure of disciplinary proceedings that result in a Board order requiring the nurse to participate in a Board-approved peer assistance program to address a problem that the nurse is experiencing with mental illness or chemical dependency; as well as making other changes relating to disciplinary action taken by the Board.

The STC Board of Trustees approved Board Policy #3337 on July 15, 2004 for all students participating in a nursing or allied Health program clinical course. This policy requires all students pass a criminal background check prior to enrolling in a clinical course. This policy is implemented to ensure compliance with health care agency standards and state licensing regulations

### Total Credit Hours: 69-70

Identifies courses to fulfill minimum 15 credit hour General Education Requirement

*Escrow of 8 credits will be given for RNSG 1413, RNSG 1205, RNSG 1244 upon completion of RNSG 1517, and RNSG 1163.

**SPCH 1315 or SPCH 1318 may be substituted for the SPCH 1311 requirement.

++RNSG 1301-Pharmacology for Professional Nursing may be taken prior to acceptance with Admission Assessment (A2 test) composite scores of 75% or better in Math, Science and English and administrative approval.
Emergency Medical Technology

The Emergency Medical Technology program will prepare students to deliver out-of-hospital emergency care at the scene of an accident or a medical emergency. A student graduating with an EMT Certificate or Associate of Applied Science degree will be prepared to fill positions of EMT Basic, EMT Intermediate, and EMT Paramedic. Emergency Medical Technicians typically serve as vital members of the Emergency Medical Services Team who can, with competence, use their medical skills, relieve suffering, and reduce injury severity, and death.

EMT Basic Certificate: Instruction at the basic level will serve as a foundation for the other two advanced levels, as well as concentrate on learning general anatomy and physiology and general patient assessment. Students will learn and practice lifesaving procedures such as oxygen administration, spinal motion restriction, bandaging, splinting, and administration of certain medications. Upon Completion of this course students will be eligible to take the NREMT Basic exam provided by the National Registry and apply to Texas for EMT Basic Certification.

EMT Intermediate Certificate: At the intermediate level students will continue to use the foundation they learned as an EMT Basic. They will study in depth the areas of patient assessment, anatomy and physiology of the circulatory system and the respiratory system. They will then practice and perform advanced invasive lifesaving procedures such as intravenous (IV) administration and endotracheal intubation. Upon Completion of this course students will be eligible to take the AEMT exam provided by the National Registry and apply to Texas for Intermediate Certification.

EMT Paramedic Certificate: The highest level that an EMT can achieve is the level of paramedic where the student will concentrate on a more comprehensive patient assessment and learn advanced medical skills such as electrocardiogram interpretation and treatment. The student will also learn and will be able to administer the most current trends in pharmacological treatments, as well as learning the latest care administered in Advanced Cardiac Life Support. Upon Completion of this course students will be eligible to take the NREMT Paramedic exam provided by the National Registry and apply to Texas for EMT Paramedic Licensure or EMT Paramedic Certification.

Students are prepared for both the written and practical Texas Department of State Health Services and National Registry Certification exams at each level or Licensure at the Paramedic level only. These exams measure proficiency and competency in the standards set by the Texas Department of Health. Completion of the EMT courses will allow the student to be eligible for TDH Certification, thus making the student employable in many settings such as Hospital Emergency Rooms, Industrial Sites, Air Ambulances, Private EMS Providers, Public EMS Providers, City Fire Departments, and Special Rescue Groups.

EMT Associate of Applied Science: Students may complete the certificate in two and four semesters. Courses taken for the certificate program may be applied toward completion of the two-year Associate of Applied Science Degree in Emergency Medical Technology. Upon completion of the degree, the student is eligible to apply to the state of Texas as a Licensed Paramedic.

Program Entry Requirements
A. All applicants must meet general admission requirements to South Texas College.
B. High School graduation or GED equivalent.
C. Be 18-years of age for clinical/practicum experience.
D. Degree option: Demonstrate proficiency in state-mandated general knowledge content through approved means; i.e., TSI with program specific exemptions accepted.
E. Certificate options: Complete college placement test with minimum scores or complete developmental classes with a grade of “C” or better or course placement as follows:
   - Completion of READ 0200 or equivalent.
   - Completion of ENGL 0200 or equivalent.
   - Completion of MATH 0200 or equivalent.
F. Earn a minimum cumulative GPA of 2.0 on a 4.0 scale for all courses completed at STC
G. Hold a valid Texas Driver’s License.
H. Satisfy program specific requirements for clinical practice.
I. Submit a completed EMT program application.
J. Participate in mandatory EMT Program advisement prior to application.
K. Attend Mandatory Hospital Orientation.

Selection Process

Students accepted on a first-come first-serve basis until maximum class size is reached. A waiting list is established for next available class if more applications are received than can be accommodated.

Eligible for Texas Department of Health State Certificate Exam-Paramedic Level

**Total Credit Hours: ****71**

Identifies courses to fulfill minimum 15 credit hour General Education Requirement
Health and Medical Administrative Services

Electronic Health Record Specialist Certificate
The Electronic Health Record is a one semester certificate that will prepare the students for entry level positions with knowledge and skills required to transition from a paper based record to an electronic health record, learn the basic functions and the use of the technology for the Electronic Health Record (EHR).

Medical clinics, hospitals, doctors’ offices, in all types of facilities, and in various locations within a facility that offer various employment settings for an Electronic Health Record Specialist.

Electronic Health Record Specialist can pursue a lifelong program of continuing education.

Medical Coding Specialist Certificate
Medical Coding Specialist Certificate prepares students to access health information, identify diagnoses, and assign appropriate medical codes to narrative descriptions of health diseases and procedures required for reimbursement, medical research, quality assurance, or risk management.

Medical clinics, hospitals, doctors’ offices, private coding agencies, consulting firms, and home offices offer various employment settings for Coding Specialist. Coders may pursue a certified coding specialist rating by passing the National Certification Examination that measures proficiency and competency in the standards set by the American Health Information Management Association.

Medical coding specialists pursue a lifelong program of continuing education.

*Students are eligible to participate for the national examination that qualifies them for a certificate as a Certified Coding Specialist (CCS).

Medical Information/Transcription Specialist Certificate
The Medical Information/Transcription Specialist certificate is designed to provide health care facilities with professionally trained individuals who will promote the smooth operation of an office or department within a health care agency.

These professionals, during the course of overseeing the day-to-day operations, maintain an efficient records system, and utilize a variety of office equipment that facilitates the administrative clerical functions of the medical department/medical office.

It also prepares students to type physician-dictated reports speech recognition editing, regulatory compliance, advanced editing, health information technology and helathcare documentation standards describing a patient’s medical care and condition. These reports include office chart notes, history and physical examinations, consultations, discharge summaries, laboratory tests and diagnostic studies.

Medical clinics, hospitals, doctors’ offices, private transcription agencies and home offices offer various employment settings for Medical Information/Transcription Specialist.

Transcriptionists may pursue a level 1 Registered Healthcare Document Specialist (RHDS) or a level 2 Certified Healthcare Document Specialist (CHDS) credential in healthcare documentation by passing the national certification examination administered by the Association for Healthcare Documentation Integrity (AHDI). Medical Information/Transcription Specialist can pursue a lifelong program of continuing education.

Students enrolling in this program must type a minimum of 35 words per minute as determined by department evaluation. As part of the program, students will complete an internship that enables them to gain real-world experience.

Health Information Technology Associate of Applied Science
The Associate of Applied Science Degree in Health Information Technology prepares students for careers as Health Information Technicians.

Health Information Technicians are responsible for maintaining components of health information systems consistent with the medical administrative, ethical, and legal, accreditation, and regulatory requirements of the health care delivery system.

In all types of facilities, and in various locations within a facility, the health information technician possesses the technical knowledge and skills necessary to process, maintain, complete and report health information data for reimbursement, facility planning, marketing, risk management, utilization management, quality assessment and research; abstract and code clinical data using appropriate classification systems; and analyze health records according to standards.
As part of the degree plan, students will complete an internship that enables them to gain real-world experience. In addition, students are prepared for a national exam that measures proficiency and competency in the standards set by the American Health Information Management.

*The Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM) has accredited the program in cooperation with the Council on Accreditation of the American Health Information Management Association (AHIMA). Students are eligible to participate for the national examination that qualifies them for a certificate as a Registered Health Information Technician (RHIT).

Program Entry Requirements
A. All applicants must meet general admission requirements to South Texas College.
B. Degree option: Demonstrate proficiency in state-mandated general knowledge content through approved means; i.e., TSI with program specific exemptions accepted.
C. Certificate options: Complete college placement test with minimum scores or complete developmental classes with a grade of “C” or better for course placement as follows:
   - Completion of READ 0080 or equivalent.
   - Completion of ENGL 0081 or equivalent.
   - Completion of MATH 0085 or equivalent.
D. Earn a minimum cumulative GPA of 2.0 on a 4.0 scale for all courses completed at STC
E. Satisfy program specific requirements for clinical practice.
F. Submit a completed Health and Medical Administrative Services program application.
G. Participate in individual student advisement with Health and Medical Administrative Services faculty prior to application.

Program Application
Program applications are available from HMAS faculty and will be discussed and completed during advisement prior to registration. If you have questions, please call for an appointment (956) 872-3170.

NOTE: For up-to-date program information, admission requirements and registration see: http://nah.southtexascollege.edu/

Graduation Requirements
To earn the Electronic Health Record, Medical Information Specialist Certificate, the Medical Transcriptionist Certificate, the Medical Coding Specialist Certificate or an Associate of Applied Science Degree in Health Information Technology, a student must meet all college graduation requirements and complete all coursework as prescribed in the specific degree plan with a minimum grade of “C.”

Medical Assistant Technology

Certificate and Associate of Applied Science

Medical assistants are multi-skilled health care professionals with a strong background in basic patient care and assessment; medical laboratory procedures including performing routine blood and urine analysis; appropriate emergency medical care procedures; problem-solving skills; effective teamwork, oral and written communication skills; and proper medical office administrative procedures for managing medical records, medical transcription, and medical insurance billing. As part of the degree plan, students will complete an internship enabling them to gain real medical office experience.

South Texas College has been approved to serve as a proctoring site for students seeking certification by the National Center for Competency Testing (NCCT).

Upon successful completion of the coursework students are eligible to participate in any of the national examinations offered by NCCT for multiple credentials including the National Certified Medical Assistant (NCMA), National Certified Medical Office Assistant (NCMOA), Nationally Certified Phlebotomy Technician (NCPT), and the National Certified ECG Technician (NCET).

Program Admission Requirements
A. All applicants must meet general admission requirements to South Texas College.
B. High School graduation or GED Equivalent
C. Degree option: Demonstrate proficiency in state-mandated general knowledge content through approved means; i.e., TSI with program specific exemptions accepted.
D. MAT Certificate options:
   - Complete college placement test with minimum scores or complete developmental classes with a grade of “C” or better for course placement as follows:
     - Completion of READ 0200 or equivalent.
     - Completion of ENGL 0200 or equivalent.
     - Completion of MATH 0200 or equivalent
     - Earn a minimum cumulative GPA of 2.5 on a 4.0 scale for all courses completed at STC
E. MOS Certificate option:
   - Earn a minimum cumulative GPA of 2.5 on a 4.0 scale for all courses completed at STC
   - Program Chair approval
F. Satisfy program specific requirements for clinical practice.

G. Submit a completed Medical Assisting program application.
H. Participate in individual student advisement with Medical Assisting faculty prior to application.

Selection Process
Students accepted on a first-come first-serve basis until maximum class size reached. A waiting list for the next available class is established if more applications are received than can be accommodated.

Program Application
Program applications are available from Medical Assisting faculty and will be discussed and completed during advisement prior to registration. Please contact the Program office at (956) 872-3018 for additional information or appointment with program faculty.

NOTE: For up-to-date program information, admission requirements and selection process see: http://nah.southtexascollege.edu/

Graduation Requirements
To earn a Certificate or Associate of Applied Science Degree in Medical Assistant Technology, a student must meet all college graduation requirements and complete all coursework as prescribed in the degree plan with a minimum grade of “C”.

Medical Office Specialist Certificate
The Medical Office Specialist is a health care worker with medical office administrative skills for managing the front office, medical records, and medical insurance billing. As part of the degree plan, students will complete an internship enabling them to gain real medical front office experience.

General Education Requirement

**Math/Natural Sciences Elective Options:
BIOL 2401 Anatomy & Physiology I
BIOL 2402 Anatomy & Physiology II
MATH 1414 College Algebra
MATH 1332 Contemporary Mathematics
Occupational Therapy Assistant Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200 Bethesda, MD 20814-3449. AOTA’s phone number is (301) 652-2682. Visit them online at: http://www.aota.org/Education-Careers/Accreditation.aspx. Graduates of the program will be able to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA).

This two-year program prepares individuals for careers as Certified Occupational Therapy Assistants (COTA). In Texas, the COTA must obtain state licensure to practice under the supervision of a registered Occupational Therapist (OTR).

The mandate of the profession is to assist patients to develop life skills by providing services with the ultimate goal of increasing their performance and participation in desired daily occupations. The recipients of therapy are those who have encountered problems that interfere with their ability to function in any stage of their development. The scope of services includes physical, cognitive, and psychological and psychosocial disorders.

Students seeking entry to the OTA Program must complete a program specific application.

A felony conviction may affect a graduate’s ability to sit for the NBCOT certification or to attain state licensure. The Fieldwork Level II capstone courses listed in the fourth semester must be completed within eighteen (18) months after the end of the academic/technical courses.

Program Admission Requirements
A. Meet general admission requirements to STC.
B. Have a High School diploma or GED.
C. TSI complete.
D. Achieve an ACT composite score of 19 or above and a minimum of 16 in all individual areas (English, Math, Reading, and Science). Take the ACT plus Writing component Exam, the ACT Writing score must be a 6 or above. Scores must be current within the last 5 years.
E. Earn a score of 3.0 on a 4.0 scale in all transfer pre-requisite courses if applicable.
F. Earn a minimum cumulative GPA of 3.0 on a 4.0 scale in all courses completed at STC.
G. Complete all prerequisite courses with a minimum grade of “B” as listed in the Occupational Therapy Assistant Program degree plan.

H. Submit a completed Program application by stated deadline. For more information contact the Occupational Therapy Assistant Program at 872-3161 or access the information online at http://nah.southtexascollege.edu/

I. Participate in student advisement per program requirements. For more information contact the Occupational Therapy Assistant Program at 872-3161.

J. Pass a background check and drug screen through approved providers. Students with criminal histories must provide proof of certification and licensure eligibility from the National Board for Certification in Occupational Therapy (NBCOT) and the Executive Council of Physical Therapy and Occupational Therapy Examiners (ECPTOTE). For more information contact the NAH Clinical Affairs Specialist.

K. Present documentation of volunteer experience of a minimum of 25 hours each at Pediatric and Adult client settings.

L. Meet technical standards as stated by Occupational Therapy Assistant Program.

Selection Criteria
The OTA Program selection criteria are based upon a point system. Qualified applications are ranked in descending order until maximum class size is reached. If not admitted, a new application is required for the next admission cycle.

Program Application
Applications are available annually from the division office, program faculty or program secretary. A class is selected and accepted every fall semester.

NOTE: Please see program WEB page for up-to-date program information, admission requirements, curriculum changes, selection process, and application revisions at http://nah.southernxcollege.edu/

Graduation Requirements
To earn an Associate of Applied Science Degree in the Occupational Therapy Assistant Program, a student must meet college graduation requirements and complete all coursework as prescribed in the degree plan with a minimum grade of “C.”

ADVISORY COMMITTEE
Velma Espanza, OTR, McAllen; Jennifer Ybarra, OTR, Edinburg; Adriana Santillan, COTA, San Juan; Iris Dovalina, COTA, Mission; Luis Martinez, OTR, Palmhurst; Lydia Macheska, OTR, Mission

202 Nursing and Allied Health
Students interested in this program must complete the pre-requisite courses prior to applying for admission. Any of the other general education courses may also be taken before applying for admission into the program. Grades made in these courses will be computed using a “point system” for the student selection process.

**Total Credit Hours: 69**

Identifies courses to fulfill minimum 15 credit hour General Education Requirement

Students must complete all CAPSTONE coursework with a passing grade to be eligible for graduation from the OTA program.
**Patient Care Assistant**

**Certificate**

This is a 16 credit hour certificate program that offers classroom instruction and related clinical practice in the basic nursing care of adults, children, infants and the elderly. The need for qualified patient care assistants in long-term care is growing at a tremendous rate. The philosophy of care for residents in these facilities has changed from one of custodial care to an implementation of restorative care in which the resident is assisted to reach an optimal potential for physical, mental, and emotional well-being. This care can only be provided by knowledgeable and educated staff. After successful completion of the Texas Department of Aging Nurse Aide Competency Examination, students will focus on acute care and specialized patient care. Entry-level skills in phlebotomy, EKG, and monitor technician are included. Students are prepared to work the many fields available to them such as home health, hospitals, nursing homes, hospice agencies, doctors’ offices, and clinics.

After successful completion of all course requirements students are eligible to take the National Center for Competency Testing examination for Patient Care Technician. STC provides the National Healthcareer Association certification examinations for Patient Care Technician, Phlebotomist and EKG technician.

**Program Entry Requirements**

A. All applicants must meet general admission requirements to South Texas College.

B. Earn a minimum cumulative GPA of 2.0 on a 4.0 scale for all courses completed at STC.

C. Satisfy program specific requirements for clinical practice.

**Selection Process**

Students accepted on a first-come first-serve basis until maximum class size reached. A waiting list for the next available class is established if more applications are received than can be accommodated.

**Program Application**

Please contact the PCA Program office at (956) 872-3109 for additional information or appointment with program faculty.

**NOTE:** For up-to-date program information, admission requirements and selection process see: http://nah.southtexascollege.edu/

**Graduation Requirements**

To earn the Patient Care Assistant Certificate, a student must meet all college graduation requirements and complete all coursework as prescribed in the degree plan with a minimum grade of “C.”

Pharmacy Technology

The Pharmacy Technology program is accredited by the American Society of Health-Systems Pharmacists (ASHP). This program prepares students to take the Pharmacy Technician Certification Exam (PTCE) which is administered by the Pharmacy Technician Certification Board (PTCB).

Pharmacy Technology Program

The Pharmacy Technology Certificate program is designed to prepare students for a career as certified technical assistants of licensed pharmacists in providing health care and medications to patients in institutional (hospital) and community (retail) settings.

Students who successfully complete the program obtain a broad knowledge of pharmacy practice. They develop skills in the techniques required to order, stock, package, type labels, prepare medications, operate computerized dispensing systems, prepare insurance claim forms, and maintain written or computerized patient medication records.

Pharmacy technicians assist and support licensed pharmacists in providing health care and medications to patients. The Pharmacy Technology program prepares individuals to take the national Pharmacy Technician Certification Exam (PTCE) administered by the Pharmacy Technician Certification Board. Upon successful completion of this exam, the individual will be a Certified Pharmacy Technician (CPhT).

The Texas State Board of Pharmacy recognizes the PTCE as the standard measure for pharmacy technician competency and proficiency. To practice as a pharmacy technician in the state of Texas, an individual must be a Certified Pharmacy Technician and become registered with the Texas State Board of Pharmacy.

Pharmacy Technology Program

The Pharmacy Technology Associate of Applied Science degree combines the elements of the Certificate program with additional pharmacy technology courses and general education courses to promote overall student development and enhance the knowledge base required for upper level positions in pharmacy technology.

Graduates of the Associate of Applied Science degree may be eligible for teaching positions in pharmacy technology programs, and many continue their education to become pharmacists. Some students elect to take the PTCE after successful completion of the third semester and work as a pharmacy technician while completing the last two semesters.

Individuals who initially choose to obtain a Certificate in Pharmacy Technology may apply for the AAS program after successful completion of the Certificate program.

Admission Requirements

A. All applicants must meet general admission requirements to South Texas College.
B. High School graduation or GED Equivalent.
C. Be 18-years of age for clinical/practicum experience.
D. Degree option: Demonstrate proficiency in state-mandated general knowledge content through approved means; i.e., TSI with program specific exemptions accepted.
E. Complete all prerequisite courses with a minimum grade of "C" as listed in the Pharmacy Technician Program degree plan.
F. Earn a minimum cumulative GPA of 2.5 on a 4.0 scale for all courses completed at STC.
G. Complete program specific requirements for clinical practice.
H. Submit a completed Pharmacy Technology program application.
I. Participate in individual student advisement with Pharmacy Technician program faculty prior to application.
J. Satisfy healthcare agency requirements prior to clinical practice.

NOTE: For up-to-date program information, admission requirements and selection process see: http://nah.southtexascollege.edu/pharmacy/index.html

Selection Process

Pharmacy Technology Program selection criteria is upon first come first serve basis for students meeting academic and clinical requirements.

Program Application

General Advisement for the Pharmacy Technology Program is held during fall and spring semesters. The application period is from the first Friday in February through the last Friday in June. Applications are available from the Pharmacy Technology Program website. Please contact the Program office at (956) 872-3023 for additional information or appointment with program faculty.

Application Deadline:

Fall admission is the last Friday in May.

State Board of Pharmacy Registration

The Texas State Board of Pharmacy requires registration of all pharmacy technician trainees. Students admitted to the program are responsible for becoming registered with the Texas State Board of Pharmacy at their own expense. Additional information regarding pharmacy technician trainee licensure may be found the Texas State Board of Pharmacy website: www.tsbp.state.tx.us. The program chair will verify with the Texas State Board of Pharmacy the registration status of all students.
before the third semester. Students who are not registered with the Texas State Board of Pharmacy as a pharmacy technician trainee will not be eligible to enroll in PHRA 1268 CAPSTONE: Practicum.

Registration Refusal for Persons with Criminal Backgrounds
According to the Texas Pharmacy Act (Section 568.003) the Board of Pharmacy may refuse to issue a pharmacy technician registration to an individual who has been convicted of a felony, a misdemeanor involving moral turpitude, engaged in any fraud, deceit or misrepresentation, has a drug or alcohol dependency or has violated any federal or state pharmacy or drug laws. Students having questions about this rule should contact the Texas State Board of Pharmacy (www.tspb.state.tx.us). Drug related felony convictions automatically disqualify an individual from taking the PTCE. Other felony convictions may also prevent a person from taking this exam, at the discretion of the PTCB. Questions about eligibility for the PTCE should be directed to the Pharmacy Technician Certification Board (www.ptcb.org).

Graduation Requirements
To earn a Certificate or Associate of Applied Science in Pharmacy Technology, a student must meet all college graduation requirements and complete all degree plan lecture and lab coursework with a minimum grade of “C” and successfully pass the practicum course.

ADVISORY COMMITTEE
Adriana Pedraza, RPh. Doctor’s Hospital at Renaissance; Beatrice Godines, RPh, Mission Regional Medical Center; Joe Ramirez, R.Ph.; Fred Perez, CPhT, Lifecare Hospital; Esther Almanza, CPhT, Emilio Garza, RPh. Doctor’s Hospital at Renaissance; Wayne Williams, Faculty.

**Total Credit Hours:** 64

Identifies courses to fulfill minimum 15 credit hour General Education Requirement
Physical Therapist Assistant

Physical Therapist Assistant
Associate of Applied Science

Physical Therapist Assistants, or PTAs, are skilled health care providers who work under the supervision of a physical therapist. PTAs assist the physical therapist in implementing treatment programs to help restore or improve function, relieve pain, encourage independence, and educate patients and their families.

PTAs work with patients or clients in a variety of areas such as hospitals, nursing homes, and outpatient clinics, as well as in the home, in schools, and on the job. Physical therapy is characterized by a “hands-on” approach. Therefore, PTAs must have a genuine interest in caring for others.

The Physical Therapist Assistant program is accredited by the Commission on Accreditation in Physical Therapy Education. Additional information regarding accreditation may be obtained from the Commission on Accreditation in Physical Therapy Education, 1111 North Fairfax Street, Alexandria, VA 22314; accreditation@apta.org; (703) 684-2782 or (702) 706-3245.

Program Application Requirements
All applicants must:
A. Meet general admission requirements to STC.
B. Have a High School diploma or GED.
C. Be deemed TSI complete.
D. Take the ACT plus Writing component Exam. Achieve an ACT composite of 19 or above and a minimum of 16 in all individual areas (English, Math, Reading, and Science). ACT Writing score must be a 6 or above. Scores must be current within the last 5 years. ACT Exemptions are not permitted.
E. Earn a minimum cumulative GPA of 3.0 on a 4.0 scale in all courses, including transfer courses and those completed at STC.
F. Earn a score of 3.0 on a 4.0 scale in all transfer pre-requisite courses if applicable.
G. Complete all prerequisite courses with a minimum grade of “B” as listed in the Physical Therapist Assistant Program degree plan.
H. Earn a “B” or better in BIOL 2401 within the last five years. Earn a “B” or better in the PTHA 1409 course within the past two years.
I. Present documentation of a minimum of twenty-five (25) hours of volunteer or work experience under the supervision of a PT or PTA in two different settings, for a total of fifty (50) hours. One experience should be completed in an inpatient setting (hospital or nursing facility), and the other should be completed in a different type of setting such as an outpatient clinic or pediatric center. Home Health hours are not accepted. Therapists who supervise volunteer experiences cannot be a relative or personal friend of the student applicant.
J. Submit a completed Program application by stated deadline. For more information contact the Physical Therapist Assistant Program at (956) 872-3161 or access the information online at http://nah.southtexascollege.edu.
K. Pass a background check and drug screen through approved providers.* Students with criminal histories must provide proof of licensure eligibility from the Executive Council of Physical Therapy and Occupational Therapy Examiners (ECPTOTE). This process takes approximately 6 months or more to complete. For more information contact the NAH Clinical Affairs Specialist.
L. Meet technical standards as stated by Physical Therapist Assistant Program.

Students who have met the above requirements may submit their application. Applications will be evaluated through a competitive selection process. Due to program size limitations, meeting application requirements does not guarantee admission into the program.

Program Application/Selection Process
Applications are available annually from the PTA Program Department. The deadline for applying to the PTA Program is the last Friday in May of the current year. Admission to the PTA Program is based on a point system score. Selection of students is made one time a year during the summer semester. Newly selected students begin program classes every fall semester. For specific information on the point system utilized for candidate selection, please contact the PTA Program at 872-3161 or access the information online at http://nah.southtexascollege.edu/

Questions?
For more information on the PTA Program, interested individuals are strongly encouraged to attend an Early Program Advising Information Session. Please contact Mari Vargas, PTA Program Secretary, at (956) 872-3161 or email marip@southtexascollege.edu for questions or to schedule an appointment. Additional information is also available at http://nah.southtexascollege.edu/

Graduation Requirements
To earn an Associate of Applied Science Degree as a Physical Therapist Assistant, a student must meet college graduation requirements and complete all coursework as prescribed in the degree plan with a minimum grade of “C.” Students must achieve a minimum score of 75 percent to pass all PTA courses. Students must also pass the Level II Exit Exam as a requirement of the final Capstone course.
Licensure of Persons with history of Criminal Conviction / Substance Abuse:

- According to the Texas Board of Physical Therapy Examiners PT Rules 343.5 the Board may deny a license to or discipline an applicant/respondent who has been found to have a history of substance abuse.
- According to the Texas Board of Physical Therapy Examiners PT Rules 343.9 the Board may revoke or suspend an existing valid license, disqualify a person from receiving or renewing a license or deny to a person the opportunity to be examined for a license because of a person’s conviction of a felony or misdemeanor if the crime directly relates to the practice of physical therapy.

Additional information regarding rules governing licensure may be found in the complete Physical Therapy rules located on the Executive Council of Physical Therapy and Occupational Therapy web site at www.ecptote.state.tx.us

*STC Board Policy (#3337) applies to all students participating in a Nursing or Allied Health Program clinical course. This policy requires all students to pass a criminal background check and drug screening prior to enrolling in a clinical course. This policy is being implemented to ensure uniform compliance with health care agency and state licensing regulations. Students having questions about this rule should see the Clinical Affairs Specialists, the PTA Program Chair or the Dean of Nursing and Allied Health Division. All consultations are confidential.

Radiologic Technology

Associate of Applied Science

The Radiologic Technology Program at South Texas College has received approval from the Texas Higher Education Coordinating Board and falls under the Southern Association of Colleges and Schools Accreditation Guidelines. Upon completion of the program, graduates are eligible to sit for the national certification examination for Radiologic Technology administered by the American Registry of Radiologic Technologists (ARRT). Upon successful completion of this exam, students will be registered Radiologic Technologists (Radiographers). The State of Texas requires that individuals approved to sit for the national certification examination also apply for state licensure before being allowed to practice in this state.

This two-year program will prepare students for a career as a Radiologic Technologist (Radiographer).

Radiographers assist physicians, called radiologists, who specialize in using x-rays and other forms of ionizing radiation to diagnose patients, rule out disease and/or treat injury.

The radiographer is trained and educated in the use of state-of-the-art specialized equipment; radiologic pharmaceuticals and contrast media; radiation safety; radiation protection; radiographic procedures for the diagnosis of broken bones, tumors, disease, and malfunction of organs; and the development and critique of radiographs using conventional film and/or digital imaging techniques. The rapid expansion of medical diagnostic imaging has greatly increased the diversity and utility of medical diagnosis.

Program Admission Requirements

A. All applicants must meet general admission requirements to South Texas College
B. Have a High School diploma or GED.
C. Be TSI complete or TSI exempt.
D. Complete the ACT Exam including the writing component. Achieve an ACT composite score of 19 or above and a minimum of 16 in all individual areas (English, Math, Reading & Science). ACT writing score must be a 6 or above. Scores must be current within the last 5 years. ACT exemptions are not permitted.
E. Complete all prerequisite courses with a minimum grade of “B” as listed in the Radiologic Technology Program degree plan. A&P and College Algebra courses must be completed within 5 years. A&P and College Algebra courses completed more than 5 years prior to the application date will not be accepted. Introduction to Radiography & Patient Care must be completed within 2 years from the application date.
F. Earn a minimum cumulative GPA of 3.0 on a 4.0 scale in all courses, including those completed at STC and transfer courses.
G. Be 18 years of age or older.
H. Submit a completed Program application by the stated deadline. For more information contact the Radiologic Technology Program at (956) 872-3049 or access the Information online at http://nah.southtexascollege.edu/
I. Participate in student advisement per program requirements. For more information contact the Radiologic Technology Program at (956) 872-3049 or access the Information online at http://nah.southtexascollege.edu
J. Pass a background check and drug screen through approved providers. Students with criminal histories must provide proof of licensure eligibility from the American Registry of Radiologic Technologists (ARRT). For more information contact the Radiologic Technology Program at (956) 872-3049.
K. Meet Technical Standards as stated by Radiologic Technology Program.
L. Satisfy healthcare agency requirements prior to clinical practice.

Students who have met the above requirements may submit their application. Applications will be evaluated through a competitive selection process. Due to program size limitations, meeting application requirements does not guarantee admission into the program.

Program Selection Process

Admission to the Radiologic Technology Program is based on a point system score. Selection of students is made one time a year at the end of the spring semester. The deadline for applying to the Radiologic Technology Program is the last Friday in May of the current year. For specific information on the point system utilized for candidate selection, please contact the Radiologic Technology Program at 956-872-3049 or access the information online at http:nah.southtexascollege.edu

Graduation Requirements

To earn an Associate of Applied Science in the Radiologic Technology Program, a student must meet college graduation requirements and complete all coursework as prescribed in the degree plan with a minimum grade of “C” (75%) in didactic courses and minimum grade of “B” (80%) in the clinical/practicum courses. Students must also pass the written and practicum examinations as required of the final Capstone courses.

Respiratory Therapy

Respiratory Therapy Associate of Applied Science

This two-year program will prepare the student’s knowledge, skills, and ethical attitude that will culminate in successful employment of the graduate as a licensed respiratory therapist. In turn, the graduate offers or provides optimal patient care to the community.

Program Admission Requirements:
A. All applicants must meet general admission requirements to South Texas College
B. High School graduation or GED equivalent.
C. Demonstrate proficiency in state-mandated general knowledge content through approved means; i.e., TSI with program specific exemptions accepted.
D. Complete all prerequisite courses with a minimum grade of “B” as listed in the degree plan.
E. Earn a minimum cumulative GPA of 3.0, on a 4.0 scale in all courses in the RSPT degree plan.
F. Satisfy program specific requirements for clinical practice.
G. Submit a completed Respiratory Therapy program application.
H. Participate in individual student advisement with Respiratory Therapy faculty prior to application.
I. Courses must be within the past 5 years. (Science coursework within the past 5 years.)

Selection Criteria
The Respiratory Therapy program selection criteria are based upon a point system score comprised of degree plan course G.P.A., number of degree plan courses, and required test scores. Due to program size limitations, a number of applicants who meet the program admissions requirements may not be admitted to the program. Qualified applications are ranked from highest to lowest points.

Program Application
A new applicant pool is established for each fall admission period. All students interested in the program who are not granted admission (qualified and non-qualified) must reapply each year if they wish to be considered for enrollment.

Application deadline is the third Friday in May. Applications are available from RT faculty and will be discussed and completed during advisement. If you have questions, please call for an appointment at (956) 872-3102.

Graduation Criteria
To earn an Associate of Applied Science in the Respiratory Therapy Program, a student must meet college graduation requirements and complete all coursework as prescribed in the degree plan with a minimum grade of “C” in didactic courses and minimum grade of “B” in the clinical/practicum courses.

Nursing and Allied Health 213
Vocational Nursing

Certificate

This intensive three semester program offers classroom instruction and related clinical practice in the four basic areas of nursing care: adults, mothers and newborns, children, and the elderly. Graduates of this program will have a wide array of opportunities for providing nursing care for patients in structured health care settings. Patients cared for by Vocational Nurses typically are experiencing common, well-defined health problems with predictable outcomes.

Students seeking entry in the Vocational Nursing program must file a program specific application and complete additional admission procedures as required (see VN advisor for specific criteria, courses and procedures).

Program Application Requirements

Vocational Nursing

A. All applicants must meet general admission requirements to South Texas College.
B. Must have a high school transcript, GED and/or HS equivalency on file with STC Admissions office
C. Demonstrate proficiency in state-mandated general knowledge content through approved means; i.e., TSI with program specific exemptions accepted.
D. Participate in individual student advisement with VN faculty prior to application. For a schedule of advisement sessions, please call 872-3011 for McAllen and Rio Grande City; 447-6632 for Weslaco
E. Submit a completed Vocational Nursing program application to NAHC-Vocational Nursing Program 1101 E. Vermont, McAllen, Texas 78503.
F. Earn a minimum grade of "B" or better any of the following Math courses; TECM 1371, MATH 1414, or MATH 1332. Earn a "B" or better in the following: VNSG 1420 Anatomy & Physiology for Allied Health or both BIOL. 2401 AND BIOL 2402.
G. Meet technical standards as stated by Vocational Nursing Program.
H. Satisfy program specific requirements for clinical practice.
I. Pass a criminal background check through approved providers. For more information contact NAH Clinical Affairs Specialist at 872-3022.

Program Selection Process

Selection criteria for the vocational nursing program is based on a point system. For more information on the point system, please attend a Vocational Nursing Advisory session. Call 872-3011 for a schedule of these sessions.

Qualified applications are ranked from highest to lowest points. In the event there are large numbers of applicants with the same points, a lottery drawing will be held to select from this group.

Due to program size limitations, a number of applicants who meet the program admissions requirements may not be admitted to the program.

Program Application

A new applicant pool is established for each class admission. All students interested in the program who are not granted admission must reapply for the next available class.

Applications are available annually by appointment for designated class admissions. A class is selected every spring for fall admission.

NOTE: Please see program WEB page for up-to-date information regarding admission requirements, curriculum changes, selection criteria and procedures, and application revisions at http://nah.southtexascollege.edu/

Graduation Requirements

To earn a certificate in Vocational Nursing, a student must meet college graduation requirements and complete all coursework as prescribed in the degree plan with a minimum grade of "C."

Licensure of Persons with Criminal Convictions

According to the Nurse Practice Act (Rule 239.12), the Board of Nurse Examiners may deny a person admission to its licensure examinations and may refuse to issue a license to any individual who has been convicted of a felony, a misdemeanor involving moral turpitude, or engaged in conduct resulting in a revocation of probation imposed pursuant to such conviction. Students having questions about this rule should see the Clinical Affairs Specialist or VN Program Director. All consultations are confidential. *STC Board Policy (#3337) applies to all students participating in a Nursing or Allied Health Program clinical course. This policy requires all students to pass a criminal background check and drug screening prior to enrolling in a clinical course. This policy is being implemented to ensure uniform compliance with healthcare agency and state licensing regulations. Students having questions about this rule should see the Clinical Affairs Specialists or the VN Program Chair. All consultations are confidential.

ADVISORY COMMITTEE

Jose F. Aguilar, RN, Director of Education, Knapp Medical Center; Betty Martinez, LVN; Kathleen Mowery, RN, Director of Education, Mission Regional Medical Center; Thalia Munoz, RN, Administrator, Starr County Memorial Hospital; Macario Villarreal, RN, Director of Nursing, Retama Nursing Center, Rio Grande City; Dalianne Garza, LVN, Retama Nursing Center, Rio Grande City; Pat Palomo, RN, Director of Education, Valley Baptist Medical Center; Amy Luna Garcia, LVN, Staff Nurse, Doctors Hospital Renaissance, Myrilo Gilkey, LVN, Assistant DON Alfredo Gonzales Texas State Veterans Home.

http://sbs.southtexascollege.edu/
The Trilingual Enhanced Certificate was created to strengthen the skills of an interpreter who is currently utilizing the three languages of ASL, English and spoken Spanish in his or her professional work. This certificate was also designed to offer training to interpreters who would like to utilize these three languages or to add to their existing skills.

The Trilingual Enhanced Certificate requires a minimum language proficiency in both American Sign Language and Spanish.

Specialization:
Sign Language Interpreter
Associate of Applied Science
The AAS degree in Sign Language Interpreter Specialization is comprised of a combination of technical and general education courses. The degree requires 72 semester hours of designated coursework. Students must pass a mid-program evaluation, the State Certification Basic Exam, as well as a program exit exam in order to complete degree requirements. Students are expected to maintain a 2.5 grade point average (GPA) in all program coursework. Students interested in pursuing an AAS Degree are required to consult with department staff before registering for any SLNG classes.

The Associates of Applied Science Degree, Deaf Support Specialist Option is for individuals seeking employment as an advocate, job coach, mentor and/or para-professional to Deaf consumers. Successful completion of degree requirements ensures that the student is knowledgeable of linguistic and cultural aspects pertinent to the Deaf Community. Successful candidates will have also achieved proficiency in the expression and comprehension of American Sign Language.

ADVISORY COMMITTEE

MEMBERS
Chris Ardis, American Sign Language Teacher; Pat Zenor, Deputy Director for Administration for VAIL; Jennifer Powell, Deaf Support Specialist for VAIL; Nora McAllester, STC ASL Interpreter; Shawn Saladin, Associate Dean of Education and Research at UTPA

EX-OFFICIO MEMBERS
Dr. Ety Bischoff, Dean, Liberal Arts & Social Sciences; Dr. Jerry Zenor.

Specialization:
Deaf Support Specialist
Associate of Applied Science
The AAS degree in Deaf Support Specialist Specialization is comprised of a combination of technical and general education courses. The degree requires 70 semester hours of designated coursework. Students must pass a mid-program evaluation and a program exit exam in order to complete degree requirements. In addition, students will acquire social, cultural and educational foundations necessary for working with Deaf and Hard of Hearing consumers in a variety of settings. Students are expected to maintain a 2.5 grade point average (GPA) in all program coursework. The program is designed to provide the student with sign language communication skills necessary to communicate with a broad cross-section of Deaf consumers. Students interested in pursuing an AAS Degree are required to consult with department staff before registering for any SLNG classes.

The Associates of Applied Science Degree, Deaf Support Specialist Option is for individuals seeking employment as an advocate, job coach, mentor and/or para-professional to Deaf consumers. Successful completion of degree requirements ensures that the student is knowledgeable of linguistic and cultural aspects pertinent to the Deaf Community. Successful candidates will have also achieved proficiency in the expression and comprehension of American Sign Language.
The Trilingual Enhanced Certificate was created to strengthen the skills of an interpreter who is currently utilizing the three languages of ASL, English and spoken Spanish in his/her professional work. This certificate is also designed to offer training to interpreters who would like to utilize these three languages or to add to their existing skills.

The Trilingual Enhanced Certificate requires minimum language proficiency in both American Sign Language and Spanish. The respective departments will administer language placement tests. Please note pre-requisites listed in the course description **.

Anthropology

Anthropology, Field of Study
Associate of Arts

Anthropology is the study of our species, Homo sapiens, our ancestors like the Neanderthals and our near relatives, the primates. Anthropology studies the primordial origins of humans, how we evolved, how we populated the continents and why we vary genetically, physically and culturally.

Anthropology is a holistic science comprised of four subfields: Cultural Anthropology, the study of world cultures and unique human adaptations to environments; Biological Anthropology, the study of human evolution, genetics, primatology and human variation; Archaeology, the study of the material remains of ancient and contemporary civilizations; and, Linguistic Anthropology, the study of the biological, historical and cultural foundations of the world’s languages. Anthropological subfields include forensics, medical anthropology, agricultural anthropology, museum curation, psychological anthropology and ethnological film making.

TSI LIABLE

FIELD OF STUDY 18 Credits
Courses taken to fulfill field of study requirements must not duplicate courses taken to fulfill Core Curriculum Requirements.

Anthropology Concentration:
The student is required to take the following four courses (12 credits):
ANTH 2301 Physical Anthropology
ANTH 2302 Introduction to Archeology
ANTH 2351 Cultural Anthropology
HUMA 2323 World Cultures

*The student is required to take a minimum of 2 courses (6 credits) from the following list:
*SOCI 1301 Introduction to Sociology
*PSYC 2317 Statistical Methods in Psychology
*HIST 2321 World Civilizations I

STC CORE CURRICULUM 42 Credits
In addition to the courses in the Social Sciences Field of Study, the student is required to take 42 hours from the STC Core Curriculum listed on page 84 of the catalog. Students who select a 3 credit Mathematics course to fulfill the Mathematics component of the Core Curriculum must take 4 semester credit hours to complete the Core Component Area Option for the Core Curriculum.

Field of Study: 18
STC Core Curriculum: 42
Total Credit Hours: 60

220 Social and Behavioral Sciences
The Child Development Department is committed to improving and promoting the quality of services and programs for young children and families in the communities we serve by educating and training individuals for early childhood professions and by partnering with childcare businesses and social service agencies.

TSI exempt.

**Specialization: Administration of Early Childhood Programs Certificate**
The Administration of Early Childhood Programs certificate is a one semester certificate that will prepare students to meet the Texas Department of Family and Protective Services (TDFPS) Child Care Licensing minimum educational qualifications for a director of a child care center licensed for 13 or more children. It will provide a basic foundation of knowledge and skills in both child development and business management.

TSI exempt.

**Specialization: Infant and Toddler Certificate**
The Infant and Toddler Certificate will prepare students for entry-level positions in the field of Child Development. This certificate is designed to provide instruction and field experience necessary for successful care and guidance of young children with emphasis from birth through age three. The graduate will know and be able to promote child development and learning, use developmentally effective approaches to connect with children and families, and use content knowledge to build meaningful curriculum. This certificate also provides students an option to apply for a Child Development Associate Credential (CDA) after taking CDEC 1417 CDA I and CDEC 2422 CDA II. All students participating in Field Study courses must have a negative TB test and no criminal record. Once completed, all credit hours earned under this certificate plan with the exception of optional courses transfer to the Associate of Applied Science Degree in Child Development.

TSI exempt.

**Specialization: Preschool Certificate**
The Preschool Certificate will prepare students for entry-level positions in the field of Child Development. This certificate is designed to provide instruction and field experience necessary for successful care and guidance of young children with emphasis from three to five years of age. The graduate will know how to promote child development and learning, use developmentally effective approaches to connect with children and families, and use content knowledge to build meaningful curriculum. This certificate also provides students an option to apply for a Child Development Associate Credential (CDA) after taking CDEC 1417 CDA I and CDEC 2422 CDA II. All students participating in Field Study courses must have a negative TB test and no criminal record. Once completed, all credit hours earned under this certificate plan, with the exception of optional courses and CDEC 2304, transfer to the Associate of Applied Science Degree in Child Development.

Identifies courses to fulfill minimum 15 credit hour General Education Requirement

*By arrangement, all Field Study courses will be conducted at a pre-approved site. A TB test and a criminal background check will be required.
Criminal Justice

Criminal Justice, Field of Study
Associate of Arts

The need for college-level training in the field of Criminal Justice has grown dramatically. Law enforcement, correctional, probation and parole agencies have recognized the value of college training for their employees.

Criminal Justice careers can encompass a variety of jobs. The employment possibilities within the traditional police, courts and corrections areas are being expanded with opportunities in private business. From police officers to private detectives, youth care workers to security guards, these people help our society run smoothly and within the realms of the law.

Graduates of a criminal justice program find employment opportunities in law enforcement at the federal, state and local level, adult and juvenile correctional facilities, community correctional programs, child advocacy, juvenile agencies, victim advocacy, protective services and other service agencies.

After completion of the Criminal Justice Associate Degree program, students may transfer to a four-year institution or they will have the basic knowledge to enter any public safety agency at the federal, state, and local level, as well as agencies in the private sector of insurance and security technology.

CRIMINAL JUSTICE

Field of Study

ASSOCIATE OF ARTS

TSI LIABLE

FIELD OF STUDY 18 credits

The student is required to take the following 5 courses (15 credit hours):

* CRIJ 1301 Introduction to Criminal Justice
* CRIJ 1306 Court Systems and Practices
* CRIJ 1310 Fundamentals of Criminal Law
* CRIJ 2313 Correctional Systems and Practices
* CRIJ 2328 Police Systems and Practices

The student is required to take a minimum of 1 course (3 credit hours) from the following list:

* CRIJ 1313 Juvenile Justice System
* CRIJ 2314 Criminal Investigation

STC CORE CURRICULUM 42 Credits

In addition to the courses in the Field of Study, the student is required to take 42 hours from the STC Core Curriculum listed on page 84 in the catalog. Criminal Justice majors must take SOCI 1301 - Introduction to Sociology to fulfill the Social/Behavioral Science component of the Core Curriculum. **It is strongly recommended that Criminal Justice majors take MATH 1414 - College Algebra, MATH 1442 - Statistics, or higher to fulfill the Mathematics component of the Core Curriculum. Students who select a 3 credit Mathematics course to fulfill the Mathematics component of the Core Curriculum must take 4 semester credit hours to complete the Core Component Area Option for the Core Curriculum.**

*Courses to be chosen from Field of Study
Education

**Associate of Arts in Teaching**

- EC-6 Generalist*
- 4-8 Generalist*
- Grades 8-12*

The Associate of Arts in Teaching (AAT) introduces students to the teaching profession. Students may choose between Elementary, Middle School, and High School Education curricula tracks.

All three degrees require a minimum of 60 credit hours of coursework including 42 hours of recommended courses from the core curriculum and a minimum of 18 hours in the field of study.

Also required are the courses EDUC 1301 Introduction to the Teaching Profession and EDUC 2301 Introduction to Special Populations in which students are introduced to the philosophies and practical knowledge of teaching as well as being given the opportunity to participate in field observations of classrooms in local public school districts.

The AAT gives students the opportunity to take a minimum of up to 60 hours of general education courses at STC and then transfer into a four-year university's School of Education.

This degree meets the "No Child Left Behind" requirements for paraprofessionals and allows students to receive Continuing Education Certificates of Completion for Substitute Teaching upon completion of EDUC 1301 and for Teacher Assistant upon completion of EDUC 2301.

*It is strongly recommended that students contact the Education department for specific degree plans aimed at transfer to UTPA, UTB and TAMUK.

The philosophy of the Kinesiology Program encourages student participation in a variety of activities, especially those involving new skills. The Kinesiology Program emphasizes individual sports and fitness that has carry-over value beyond the student's school years.

The department offers a wide variety of academic, distance learning, and physical activity laboratory courses in the areas of physical education pedagogy (teaching), fitness, health education, dance, coaching and specialized certification courses. Activity courses are designed for beginners, unless otherwise described.

The vast majority of Kinesiology lecture courses are transferable toward a B.S. degree in Kinesiology at UTPA. Additionally, the department offers a diverse range of physical activity laboratory courses (individual and team sports), which fulfill the required kinesiology physical activity credits for a four-year degree and promotes life-long learning. Many students with a disability participate in physical education. The Kinesiology Department in conjunction with ADA can arrange for an adapted program or advise the student for course selection. Students with disabilities who wish to have the physical education requirement waived must meet with the program chair.

NOTE: Physical Education Special Activity Fee approved for the 2014-2015 calendar is $55.00 per course.

*Courses to be chosen for Field of Study
Political Science

Political Science Field of Study
Associate of Arts
The Associate of Arts degree with a field of study in Political Science is designated for students planning to transfer to a baccalaureate degree program in Political Sciences or related field at four-year institutions. The curriculum includes general academic courses and electives that enable students who intend to major in Political Science, Public Affairs, or Public Administration to transfer to four-year institutions.

The Political Science program has a foreign language requirement attached to it that will complete most four-year institution requirements. Completing the Political Science major can expand opportunities in teaching, law school, and other related areas of public policy.

POLITICAL SCIENCE

Field of Study

ASSOCIATE OF ARTS

TSI LIABLE

FIELD OF STUDY 21 Credits
The student is required to take the following courses (6 credits):
GOVT 2304 Introduction to Political Science
GOVT 2311 Mexican American Politics

The student is required to take two courses (6-7 credits) from the following list:
EDUC 1300 Learning Framework
HIST 2321 World Civilizations I
HIST 2322 World Civilizations II
PHIL 2306 Introduction to Ethics
ECON 2301 Principles of Economics I - Macro
PSYC 1300 Learning Framework
PSYC 2317 Statistical Methods in Psychology
MATH 1442 Statistics

The student is required to take two semesters (6-8 credits) of modern foreign language.

STC CORE CURRICULUM 42 Credits
In addition to the courses in the Field of Study, the student is required to take 42 hours from the STC Core Curriculum listed on page 84 in the catalog. These courses must not duplicate courses taken to fulfill field of study requirements. Political Science majors must take MATH 1414 - College Algebra, MATH 1442 - Statistics, MATH 2412 - Pre-Calculus and Trigonometry, or MATH 2413 - Calculus I to fulfill the Mathematics component of the Core Curriculum. Within the choices of courses in the Core Curriculum the following courses must be taken in order to meet requirements of University Political Science programs:

Language, Philosophy & Culture 3 credits
PHIL 2307 Introduction to Social and Political Philosophy

Social and Behavioral Sciences 231
Psychology

Psychology, Field of Study
Associate of Arts

Psychology is the scientific study of behavior and mental processes. Some of the many areas of interest to psychologists include neuroscience, sensation and perception, memory, cognition, language, intelligence, consciousness, developmental psychology, personality, psychological disorders, group behavior, counseling, education, work, and emotions.

The Associate of Arts (A.A.) in Psychology is an excellent transfer program since the core curriculum parallels the first two years of most four-year psychology degrees. The Psychology degree offers students an opportunity to become familiar with the different fields of Psychology, which will enable them to make an informed choice on how to continue their careers.

Those who are interested in Psychology can contribute to educational and occupational environments, work within communities to promote physical and mental health, and conduct research that runs the gamut from examining basic brain functions to exploring the behavior of complex social organizations. Psychologists use research to better understand different populations such as infants, emotionally disturbed people, the elderly, students, employees, and even animals – just about every population one can imagine. With a degree in Psychology, a variety of career opportunities are available in counseling, health and human services, public relations, human resources, business management, advertising, law enforcement, and computer programming.

TSI LIABLE

Public Administration
Associate of Applied Science

The Associates of Applied Science degree in Public Administration program is designed to provide students with the knowledge and skills necessary for employment in the public sector and not-for-profit programs.

The program will enable students to understand the political, legal, ethical and social context of public administration with respect to pertinent processes and theories; to achieve proficiency in understanding and developing positive organizational behavior; and to develop the ability to apply appropriate methodologies to solve important problems and issues.

Coursework for this program includes such areas as public sector management, budgeting, ethics and supervision. The program includes a three credit hour practicum designed to give the student real-world experience related to the area of their career interest.

Social Work

Social Work, Field of Study
Associate of Arts

Social work is a profession devoted to helping people function the best they can in their environment. Social workers act as advocates for children and families in need, victims of domestic violence, people with disabilities, pregnant teenagers, and many other diverse populations. Social workers provide advice, advocacy, and support to those who have personal and social problems and work in the community to promote social justice.

The Associate of Arts (A.A.) in Social Work is an excellent transfer program since the core curriculum parallels the first two years of most four-year social science degrees. After completion of this degree, the student will be prepared to work in a variety of public and private social service settings including programs in schools and hospitals, juvenile detention and residential facilities, crisis centers, information and referral programs, hospices, employee assistance programs, nursing homes, home health agencies and adult day care centers.

TSI LIABLE

FIELD OF STUDY 18 Credits
Courses taken to fulfill field of study requirements must not duplicate courses taken to fulfill Core Curriculum Requirements.

Social Work Concentration:
The student is required to take the following six courses (18 credits):
SOCW 2361 Introduction to Social Work

Students who select a 3 credit Mathematics course to fulfill the Mathematics component of the Core Curriculum must take 4 semester credit hours to complete the Core Component Area Option for the Core Curriculum.

Field of Study: 18
STC Core Curriculum: 42
Total Credit Hours: 60

Social and Behavioral Sciences 235
Sociology

Sociology, Field of Study
Associate of Arts

Sociology is the study of social life, social change, and the social causes and consequences of human behavior. Sociologists investigate the structure of groups, organizations, and societies, and how people interact within these contexts. Sociologists study how deviance, crime, marriage, family, politics, education, race, gender, and religion affect individuals.

The subject matter of sociology ranges from the intimate family to the hostile mob; from organized crime to religious cults; from the divisions of race, gender and social class to the shared beliefs of a common culture; and from the sociology of work to the sociology of sports. In fact, few fields have such broad scope and relevance for research, theory and application of knowledge.

Sociology is an excellent transfer program. Since the study of Sociology covers the basic structures of human society with its cultures and stratifications, it is a popular major among those who want to enter career fields that address social change and social support such as human resources, human services, public relations, government agencies and any other institution that requires knowledge of social science research.

ACCOUNTING

◆ ACCT 2401 Principles of Financial Accounting
CRT HRS:04 LEC HRS:03 LAB HRS:03
This is a study of underlying principles of accounting that includes classifying and recording financial transactions and reporting the results of the transactions in formal financial statements. Financial accounting systems and reporting issues are also included in the study.
Prerequisite: ACNT 1303 or completion of MATH 0085 or equivalent.

◆ ACCT 2402 Principles of Managerial Accounting
CRT HRS:04 LEC HRS:03 LAB HRS:03
This is a study of the principles of managerial accounting that encompasses cost system design, cost management and strategic management.
Prerequisite: ACCT 2401.

ACNT 1303 Introduction to Accounting I
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is a study of analyzing, classifying, and recording business transactions in a manual and computerized environment. Emphasis is placed on understanding the complete accounting cycle and preparing financial statements, bank reconciliation, and payroll.
Prerequisite: None.

ACNT 1304 Introduction to Accounting II
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a study of accounting for merchandising, notes payable, notes receivable, valuation of receivables and equipment, and valuation of inventories in a manual and computerized environment.
Prerequisite: ACNT 1303.

ACNT 1311 Introduction to Computerized Accounting
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is an introduction to utilizing the computer in maintaining accounting records, making management decisions, and processing common business applications with primary emphasis on a general ledger package.
Prerequisite: ACNT 1303, ITSC 2409 or COSC 1301.

ACNT 1329 Payroll & Business Tax Accounting
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is a study of payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environment.
Prerequisite: ACNT 1303.

ACNT 1331 Federal Income Tax: Individual
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is a study of the federal tax laws currently implemented by the IRS, providing a working knowledge of preparing income tax returns for the individual.
Prerequisite: ACNT 1303.

ACNT 2309 Cost Accounting
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is a study of budgeting, cost analysis and cost control systems using traditional and contemporary costing methods and theories in decision making, including a detailed study of manufacturing cost accounts and reports, job order costing, and process costing. An introduction to alternative costing methods such as activity-based and just-in-time costing is included.
Prerequisite: ACCT 2401 and ACCT 2402.

ACNT 2330 Governmental and Not-for-Profit Accounting
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is a study of basic concepts and techniques of fund accounting and financial reporting for governmental and not-for-profit entities. The accounting cycle for funds and account groups and related financial statements will also be covered.
Prerequisite: ACNT 1303.

ACNT 2331 Internal Control and Auditing
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is the study of internal controls and auditing standards and processes used by internal auditors, managers, and independent public accountants.
Prerequisite: ACNT 1303.

ADMINISTRATIVE OFFICE CAREERS

POFI 1349 Spreadsheets
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course provides skill development in concepts, procedures, and application of spreadsheets for business applications.
Prerequisite: None.

POFI 2301 Word Processing
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course provides in-depth coverage of word processing software focusing on business applications.
Prerequisite: POFT 1227 or permission from the department.

POFI 2340 Advanced Word Processing
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is a continuation of the study of word processing including advanced techniques in merging, macros, graphics, and desktop publishing. It includes extensive formatting for technical documents. Emphasis is on business applications.
Prerequisite: POFI 2301.

POFL 1303 Legal Office Procedures I
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is a study of the fundamental administrative duties of the legal administrative assistant, including issues involved in understanding and using social, organizational, and technological systems.
Prerequisite: POFT 1329 or permission from the department.

POFL 1305 Legal Terminology
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course presents an overview of legal terminology including spelling, pronunciation and definition of legal terms and how these terms are used in legal documents and an overview of the law and the professions.
Prerequisite: None.

POFL 1340 Legal Office Procedures II
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is a continuation of Legal Office Procedures I that will include legal terminology, theory, forms and procedures, and advanced concepts of administrative duties of the legal administrative assistant in selected areas of law, with applications designed to require students to use critical thinking skills.
Prerequisite: POFL 1303.

POFL 1355 Legal Issues and Medical Records
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course covers the identification of legal issues within medical documents for the legal administrative assistant.
Prerequisite: POFT 1329 and POFL 1303.

◆ = DENOTES COLLEGE TRANSFERABLE COURSES

238 Course Descriptions
POFL 1359 Legal Transcription
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course covers comprehensive legal vocabulary and the conversion of spoken words into printed format for use in legal documents. It includes organizing and transcribing documents in a law office.
Prerequisite: POFT 1329 and POFT 1301.

POFT 2264 Capstone: Practicum
CRT HRS:02  LEC HRS:00
OFF CAMPUS LAB HRS:16
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: Students enrolled in the certificate program must have completed 30 semester credit hours.
Students enrolled in the Associate Degree program must have completed 46 semester credit hours.

POFL 2301 Legal Document Processing
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course teaches skill development in the production of legal documents by the legal administrative assistant used in the legal and court systems.
Prerequisite: POFT 1329.

POFT 1227 Introduction to Keyboarding
CRT HRS:02  LEC HRS:01  LAB HRS:03
This course will teach the student skill development in keyboarding with emphasis on alphabet, number, acceptable speed and accuracy, and symbol keys by touch. Skills can be applied to computers, typewriters, and other equipment with keyboards.
Prerequisite: None.

POFT 1301 Business English
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course is an introduction to a practical application of basic language usage skills with emphasis on fundamentals of writing and editing for business.
Prerequisite: None.

POFT 1309 Administrative Office Procedures I
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course is a study of current office procedures including telephone skills, time management, travel and meeting arrangements, mail processing, and other duties and responsibilities in an office environment.
Prerequisite: None.

POFT 1319 Records and Information Management I
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course is an introduction to basic records and information management. It includes the life cycle of a record, manual and electronic records management, and basic filing procedures and rules.
Prerequisite: None.

POFT 1321 Business Math
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course provides the student instruction in the fundamentals of business mathematics including analytical and problem-solving skills for critical thinking in business applications.
Prerequisite: None.

POFT 1328 Business Presentations
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course provides skill development in planning and conducting business presentations on an individual and/or group basis including communication and media skills.
Prerequisite: POFT 1227 or permission from the department.

POFT 1329 Beginning Keyboarding
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course will teach the student skill development in the operation of the keyboard by touch applying proper keyboarding techniques. Emphasis is placed on the development of acceptable speed and accuracy levels and formatting basic documents.
Prerequisite: POFT 1227 or permission from the department.

POFT 1340 Administrative Office Procedures II
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course explores advanced office application with a special emphasis on decision making, goal setting, management theories, and critical thinking.
Prerequisite: POFT 1309, POFT 1319, POFT 1349, POFT 2340, and POFT 1328.

POFT 2264 Capstone: Practicum
CRT HRS:02  LEC HRS:00
OFF CAMPUS LAB HRS:16
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: Students enrolled in the certificate program must have completed 30 semester credit hours.

POFT 2303 Speed and Accuracy Building
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course teaches how to review, correct, improve, and/or perfect touch keyboarding techniques for the purpose of increasing speed and improving accuracy.
Prerequisite: POFT 1329.

POFT 2312 Business Correspondence and Communication
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course teaches the development of writing and presentation skills required to produce effective business documents.
Prerequisite: POFT 1301.

POFT 2331 Administrative Systems
CRT HRS:03  LEC HRS:02  LAB HRS:03
This course covers advanced concepts of project management and office procedures utilizing integration of previously learned office skills and software applications.
Prerequisite: POFT 1349 or POFL 1340.

AMERICAN SIGN LANGUAGE AND INTERPRETER STUDIES
SLNG 1207 Intra-Lingual Skills for Interpreters
CRT HRS:02  LEC HRS:02  LAB HRS:01
This course will concentrate on the development of intra-lingual (English to English) skills necessary for future development of inter-lingual (English to ASL/ASL to English) skills development. It will focus on linguistic/cognitive skills development in the areas of: abstracting, summarizing, main idea identification, comprehension, paraphrasing, auditory and visual memory, shadowing, multi-tasking, delayed repetition, vocabulary, cultural literacy, and decalage.
Prerequisite: ENGL 1301, DRAM 1351, SPCH 1318, SLNG 1304, SLNG 1300.

SLNG 1300 Fundamentals for Deaf Support Specialist/Service Provider
CRT HRS:03  LEC HRS:03  LAB HRS:00
This course is designed to instruct students in how to work with deaf consumers in a variety of settings, including but not limited to, job
coaching, mentoring, tutoring, and/or advocacy work.
Prerequisite: None.

SLNG 1304
American Sign Language (ASL) I
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course is an introduction to the basic skills needed in the production and comprehension of American Sign Language (ASL). Course work includes focus on the manual alphabet, numbers, conversational skills, culturally appropriate behaviors, and ASL grammar.
Prerequisite: None.

SLNG 1305
American Sign Language (ASL) II
CRT HRS:03 LEC HRS:03 LAB HRS:01
ASL Beginning II develops receptive and expressive ability and allows for recognition and demonstration of more sophisticated grammatical features of American Sign Language (ASL). This course increases fluency and accuracy in fingerspelling and numbers, and provides opportunities for interaction within the deaf community.
Prerequisite: SLNG 1304 or SGNL 1301.

SLNG 1311
Fingerspelling and Numbers
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course develops expressive and receptive fingerspelling skills. Receptive skills focus on whole-word and phrase recognition as well as identifying fingerspelling words in context. Expressive skills focus on the development of speed, clarity, and fluency.
Prerequisite: SLNG 1304 or SGNL 1301.

SLNG 1315
Visual/Gestural Communication
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course develops skills in non-verbal communication. This course emphasizes the use and understanding of facial expressions, gestures, pantomime, and body language. Instructional methods include the creation and/or performance of stories using these elements.
Prerequisite: SLNG 1304 or SGNL 1301.

SLNG 1317
Introduction to the Deaf Community
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an overview of the physical, educational, social, and cultural implications of deafness and hearing loss within the context of an individual's personal life, family and community in today's multicultural society. Coursework focuses on current educational and vocational programs, legislation, technology, and other pertinent issues.
Prerequisite: None.

SLNG 1321
Introduction to the Interpreting Profession
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an overview of the field of sign language interpretation. The class provides a historical framework for the principles, ethics, roles, responsibilities, and standard practices of the interpreting profession.
Prerequisite: None.

SLNG 1344
American Sign Language (ASL) III
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course integrates and refines expressive and receptive skills in American Sign Language (ASL), which includes recognition of sociolinguistic variations. The preferred method of instruction will be a practice oriented approach to language acquisition, which includes the use of multimedia.
Prerequisite: SLNG 1305 or SGNL 1302.

SLNG 1345
American Sign Language (ASL) IV
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course is an integration of expressive and receptive skills in American Sign Language with emphasis on literature, discourse styles, and contextualization at an intermediate level. It provides students with information on idiomatic/colloquial usages of signs, as well as grammatical structures for complex sentences.
Prerequisite: SLNG 1344 or SGNL 2301.

SLNG 1347
Deaf Culture
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course provides a historical and contemporary perspective of American deaf culture using a sociocultural model. Topics addressed include cultural identity, core values, group norms, communication, and language as well as significant contributions made by deaf people to the world community.
Prerequisite: None.

SLNG 1350
Sign-To-Voice
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course provides skill development in interpreting and transliterating from American Sign Language and other modes of communication to English and

analysis of increasingly complex tasks utilizing simulated interpreting experiences including skills analysis and peer evaluation.
Prerequisite: SLNG 1305 or SGNL 1302.

SLNG 2187
Capstone: Internship I
CRT HRS:01 LEC HRS:00 LAB HRS:06
Internship I is an experience external to the college for an advanced student in a specialized field involving a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. This course may be repeated if topics and learning outcomes vary.
Prerequisite: Permission from the Department.

SLNG 2188
Capstone: Internship II
CRT HRS:01 LEC HRS:00 LAB HRS:06
Internship II is an experience external to the college for an advanced student in a specialized field involving a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. This course may be repeated if topics and learning outcomes vary.
Prerequisite: Permission from the Department.

SLNG 2189
Capstone: Internship III
CRT HRS:01 LEC HRS:00 LAB HRS:06
Internship III is an experience external to the college for an advanced student in a specialized field involving a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. This course may be repeated if topics and learning outcomes vary.
Prerequisite: Permission from the Department.
SLNG 2303 Translitterating
CRT HRS:03 LEC HRS:03 LAB HRS:01
This is a practice-oriented course designed to develop the foundation skills necessary for rendering spoken English into a manually coded English format, and from a manually coded English system into spoken English. An integral part of this course will be defining, recognizing, and incorporating features of transliterations.
Prerequisite: ENGL 1301, DRAM 1351, SPCH 1318, BIOL 2401, PSYC 2301, PHIL 2306, SLNG 1321, SLNG 1311, SLNG 1315, SLNG 1347, SLNG 1344 or SLNG 2301, SLNG 2401, SLNG 1345, SLNG 2411, SLNG 1350, and Mid-Program Evaluation.

SLNG 2330 Advanced Techniques for Deaf Support Specialist/Service Providers
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course incorporates advanced concepts of practical general training and experiences in a structured classroom setting. Students will participate in various role-playing activities including, but not limited to, job coaching, mentoring, literacy, tutoring, and advocacy work.
Prerequisite: SLNG 1345 or SGNL 2302, SLNG 1300.

SLNG 2370 Trilingual Interpreting I
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course will include the development of inter-lingual skills (English to Spanish/Spanish to English/ American Sign Language (ASL) to Spanish/Spanish to ASL). The student will begin to demonstrate an ability to produce dynamic equivalence from a source language to a target language with an emphasis in Spanish to ASL and ASL to Spanish.
Prerequisite: Certification.

SLNG 2372 Trilingual Interpreting II
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course will focus on the enhancement of trilingual interpreting skills with continued exposure of more complex source material. This will include trilingual interpreting experiences through the use of multimedia materials in the classroom.
Prerequisite: SLNG 2370 and SPAN 2311.

SLNG 2373 Latino Interpreting Issues
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course provides a historical and contemporary perspective of Latino cultures with an emphasis on Mexican-American culture. Topics include cultural values, group norms, communication, language differences among Latinos, and standard practices of the interpreting profession.
Prerequisite: Certification, SLNG 1321.

SLNG 2401 Interpreting I
CRT HRS:04 LEC HRS:03 LAB HRS:03
Interpreting I is an overview of the interpreting process and current models. It introduces the skills necessary to achieve message equivalency in interpreting. The student will identify interpreting process models and will apply these models to text analysis. The student will differentiate contextual factors affecting language usage in the interpreting process, and will begin to demonstrate an ability to produce dynamic equivalence from source language to target language.
Prerequisite: ENGL 1301, DRAM 1351, SPCH 1318, BIOL 2401, PSYC 2301, PHIL 2306, SLNG 1321, SLNG 1311, SLNG 1315, SLNG 1347, SLNG 1344 or SLNG 2301, and Mid-Program Evaluation.

SLNG 2402 Interpreting II
CRT HRS:04 LEC HRS:03 LAB HRS:03
Interpreting II is an overview of the interpreting process and current models. It introduces the skills necessary to achieve message equivalency in interpreting. The student will identify interpreting process models and will apply these models to text analysis. The student will differentiate contextual factors affecting language usage in the interpreting process, and will begin to demonstrate an ability to produce dynamic equivalence from source language to target language.
Prerequisite: ENGL 1301, DRAM 1351, SPCH 1318, BIOL 2401, PSYC 2301, PHIL 2306, SLNG 1321, SLNG 1311, SLNG 1315, SLNG 1347, SLNG 1345 or SLNG 2302, SLNG 2187, SLNG 2401, and Mid-Program Evaluation.

SLNG 2411 Interpreting in Specialized Settings
CRT HRS:04 LEC HRS:04 LAB HRS:01
This course focuses on interpreting/translitterating for special populations (e.g., deaf/blind, high visual, oral deaf) in a variety of settings (e.g., religious, artistic, medical, legal, mental health). Activities are designed to reinforce basic theories and techniques related to working with special populations in various settings.
Prerequisite: SLNG 1321, SLNG 1344 or SLNG 2301.

SLNG 2434 American Sign Language (ASL) V
CRT HRS:04 LEC HRS:03 LAB HRS:02
This course will provide students with expanding knowledge and utilization of American Sign Language (ASL) vocabulary demonstrating semantic accuracy and discourse strategies. Theory and practice of major linguistic principles in ASL will be discussed.
Prerequisite: ENGL 1301, DRAM 1351, SPCH 1318, BIOL 2401, PSYC 2301, PHIL 2306, SLNG 1321, SLNG 1311, SLNG 1315, SLNG 1347, SLNG 1344 or SLNG 2301, SLNG 2187, SLNG 2401, SLNG 1346, SLNG 2411, SLNG 1350, and Mid-Program Evaluation.

SLNG 2431 Interpreting III
CRT HRS:04 LEC HRS:03 LAB HRS:03
This is a practice-oriented course designed to strengthen skills in the integration and application of cognitive processing for more complex source material. Continued exposure to simulated interpreting experiences through the use of multimedia materials will be incorporated into classroom activities.
Prerequisite: ENGL 1301, DRAM 1351, SPCH 1318, BIOL 2401, PSYC 2301, PHIL 2306, SLNG 1321, SLNG 1315, SLNG 1347, SLNG 1345 or SLNG 2302, SLNG 2187, SLNG 2188, and Mid-Program Evaluation.

ANTHROPOLOGY

ANTH 2301 Physical Anthropology
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course serves as an introduction to the theory of human evolution, the study of different hominid species, prehistoric development, and the emergence of culture. It also covers the primary elements of biological, cultural, and social evolution of humans from past to present day.
Prerequisite: Completion of READ 0100 with a grade of "C" or better or equivalent.

ANTH 2302 Introduction to Archeology
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course serves as an introduction to the history, methods, theory, methods of data collection and analysis in the field of modern archeology. It also covers the major events in the development of the world's cultures.
Prerequisite: Completion of READ 0100 with a grade of "C" or better or equivalent.

ANTH 2346 General Anthropology
CRT HRS:03 LEC HRS:03 LAB HRS:00
This is a study of human beings, their
Course Descriptions

ANTH 2351 Cultural Anthropology
CRT HRS: 03 LEC HRS: 03 LAB HRS: 00
This course covers key concepts, methods and theory in the study of cultural diversity, social institutions, linguistics, and cultural change among world peoples.
Prerequisite: Completion of READ 0100 with a grade of "C" or better or equivalent.

ART

ARTS 1301 Art Appreciation
CRT HRS: 03 LEC HRS: 03 LAB HRS: 00
This course concentrates on values and meanings in the visual arts, including evaluation of selected works.
Prerequisite: Completion of READ 0200 or equivalent.

ARTS 1303 Art Survey I
CRT HRS: 03 LEC HRS: 03 LAB HRS: 00
This is an examination of painting, sculpture, architecture, and other arts from prehistory through the middle ages.
Prerequisite: Completion of READ 0200 or equivalent.

ARTS 1304 Art Survey II
CRT HRS: 03 LEC HRS: 03 LAB HRS: 00
This is an examination of painting, sculpture, architecture, and other arts from the middle ages to the present day.
Prerequisite: Completion of READ 0200 or equivalent.

ARTS 1311 Design I
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This studio course focuses on the elements and principles of art with emphasis on two-dimensional concepts. The development and application of critical thinking is also emphasized.
Prerequisite: ARTS 1312 or approval of the instructor.

ARTS 1316 Drawing I
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This studio course focuses on the investigation of drawing media and techniques including descriptive and expressive possibilities.
Prerequisite: None.

ARTS 1317 Drawing II
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This studio course is a further investigation of drawing media, techniques, and advanced subject matter, such as the live nude human form and its historical role as an ideal form in the arts, including describing and expressive possibilities. Students participating in these select advanced art classes with live nude models must be a minimum of 18 years of age, and be enrolled in sophomore level courses other than dual enrollment, according to Board Policy 3642.
Prerequisite: ARTS 1316 or approval of instructor.

ARTS 1325 Drawing & Painting (for non-Art majors)
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This studio course focuses on the investigation of the descriptive and expressive qualities of drawing and painting media for the beginning art student.
Prerequisite: None.

ARTS 2313 Design Communications I
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This course explores the communication of ideas through processes and techniques of graphic design and illustrations. The translation of verbal language into visual language through a variety of media and software will be covered.
Prerequisite: Completion of READ 0200 or equivalent.

ARTS 2314 Design Communications II
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This course explores the communication of ideas through processes and techniques of graphic design and illustrations. It is a continuation of ARTS 2313 and focuses on more complex approaches to visual translation.
Prerequisite: Completion of READ 0200 or equivalent and ARTS 2313.

ARTS 2316 Painting I
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This studio course explores the potential of painting media with an emphasis on color, composition and the dynamics of vision.
Prerequisite: None.

ARTS 2317 Painting II
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This studio course is a further investigation of painting media and techniques with emphasis on personal expression. This course may be repeated once for an additional three credit hours as a study in advanced problems and techniques.
Prerequisite: ARTS 2316 or approval of the instructor.

ARTS 2323 Drawing III
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This course is a further investigation of drawing media and techniques with further emphasis on personal expression and concepts. This course can be repeated once for an additional three credit hours as a study in advanced problems or techniques.
Prerequisite: ARTS 1313 or approval of the instructor.

ARTS 2324 Drawing IV
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This course is a further investigation of drawing media and techniques with further emphasis on personal expression, concepts and development. This course can be repeated once for an additional three credit hours as a study in advanced problems or techniques.
Prerequisite: ARTS 2323 or approval of the instructor.

ARTS 2326 Sculpture I
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This studio course explores the potential of three-dimensional form in a variety of media.
Prerequisite: None.

ARTS 2327 Sculpture II
CRT HRS: 03 LEC HRS: 02 LAB HRS: 04
This studio course is a further investigation of three-dimensional form in a variety of media with emphasis on personal expression. This course may be repeated once for an additional three credit hours in advanced problems and techniques.
Prerequisite: ARTS 2326 or approval of the instructor.
ARTS 2333 Printmaking I
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course explores the use of basic printmaking media and techniques. Prerequisite: None.

ARTS 2334 Printmaking II
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a further investigation of basic printmaking media and techniques with emphasis on personal expression. Prerequisite: ARTS 2347 or approval of instructor.

ARTS 2341 Art Metals/Jewelry Design I
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is an exploration of ideas using basic techniques in jewelry and metal construction. Prerequisite: None.

ARTS 2342 Art Metals/Jewelry Design II
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a continuation of ideas using techniques in jewelry and metal construction. Prerequisite: ARTS 2341 or approval of instructor.

ARTS 2346 Ceramics I
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course explores the preparation and manipulation of clay for the creation of ceramics. Prerequisite: None.

ARTS 2347 Ceramics II
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a further investigation of the preparation and manipulation of clay for the creation of ceramics. Prerequisite: ARTS 2346 or approval of instructor.

ARTS 2348 Digital Art I
CRT HRS:03 LEC HRS:02 LAB HRS:04
This studio art course explores the potential of the computer hardware and software medium for their visual, conceptual, and practical uses in the visual arts. Prerequisite: None.

ARTS 2349 Digital Art II
CRT HRS:03 LEC HRS:02 LAB HRS:04
This studio art course is a continued exploration of the potential of the computer hardware and software medium for their visual, conceptual, and practical uses in the visual arts. Prerequisite: ARTS 2348 or approval of instructor.

ARTS 2356 Photography I *(Fine Arts Emphasis)
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is an introduction to the basics of photography. It includes camera operation, techniques, and presentation skills. Emphasis is placed on design, history, and contemporary trends as a means of developing an understanding of photographic aesthetics. Prerequisite: None. Additional material costs for paper and printing will be required in this course and is the responsibility of the student to purchase these materials when needed.

ARTS 2357 Photography II *(Fine Arts Emphasis)
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a further investigation of the processes and aesthetics of photography with an emphasis on personal development. The course can be repeated once for an additional three credit hours as a study in Advanced Problems and Techniques. Prerequisite: ARTS 2356 or approval of instructor. Additional material costs for paper and printing will be required in this course and is the responsibility of the student to purchase these materials when needed.

ARTS 2389 Academic Cooperative
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is an instructional program designed to integrate on-campus study with practical hands-on work experience as a practicing artist. In conjunction with class seminars, the individual student will set specific goals and objectives in the study and/or practice of studio art and/or art history. Prerequisite: ARTS 1311, ARTS 1312, ARTS 1315, ARTS 1317.

ASSOCIATE DEGREE NURSING

RNSG 1162 Transitional Clinical
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:04
This course is a health-related work-based learning experience that enables the student to apply specialized nursing theory, skills, and concepts. Direct supervision is provided by the clinical professional. Prerequisite: Admission to ADN Transition Option Track with an unencumbered LVN license.

RNSG 1163 Clinical-Paramedic to RN
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:04
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. Direct supervision is provided by the clinical instructor. Prerequisite: Admission to the Associate Degree Nursing Paramedic to RN Option Track with a non-encumbered paramedic license; or Administrative Approval.

RNSG 1205 Nursing Skills I
CRT HRS:02 LEC HRS:01 LAB HRS:04
This course is a study of the concepts and principles essential to perform basic nursing skills for the adult patient and to demonstrate competence in the performance of nursing procedures. Topics include knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to a blocked approach. Prerequisite: Admission to the Professional Nursing Program or administrative approval.

RNSG 1209 Introduction to Nursing
CRT HRS:02 LEC HRS:02 LAB HRS:00
This course offers an overview of nursing and the role of the professional nurse as a provider of patient-centered care, patient safety advocate, coordinator of care, member of the health care team, and member of the profession. Topics include knowledge, judgment, skills and professional values within a legal/ethical framework. This course lends itself to a blocked approach. Prerequisite: TSI complete and an ACT composite score of 19 and approval of the ADN faculty only.

RNSG 1244 Nursing Skills II
CRT HRS:02 LEC HRS:01 LAB HRS:04
This course is a study of the concepts and principles necessary to perform intermediate or advanced nursing skills for the adult patient; and demonstrate competence in the performance of nursing procedures. Topics that will be covered include knowledge, judgment, skills and professional values within a legal/ethical framework. This course lends itself to a blocked approach. Prerequisite: RNSG 1413, RNSG 1205, RNSG 1362, BIOL 2401, RNSG 1301, or administrative approval.
RNSG 1251 Care of the Childbearing Family
CRT HRS:02 LEC HRS:02 LAB HRS:01
This course is the study of concepts related to the provision of perinatal nursing care for childbearing families. Topics include selected complications. Topics also include knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to a blocked approach. Prerequisite: BIOL 2402, RNSG 2213, RNSG 1341, RNSG 2262, RNSG 2263, and RNSG 1244.

RNSG 1260 Clinical-Pediatrics/Maternal/Infant
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:08
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts to the care of childbearing families and children from infant to adolescent. Direct supervision is provided by the clinical professional. Prerequisite: Admission to the ADN program or administrative approval.

RNSG 1301 Pharmacology for Professional Nursing
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to the science of pharmacology with emphasis on the actions, interactions, adverse effects, and nursing implications of each drug classification. Topics include the roles and responsibilities of the nurse in the safe administration of medications within a legal/ethical framework. This course lends itself to either a blocked or integrated approach. Prerequisite: Admission to the Professional Nursing Program or administrative approval.

RNSG 1327 Transition to Professional Nursing
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course covers topics related to professional nursing care including health promotion, expanded health assessment, analysis of data, nursing process, critical thinking skills and systematic problem solving process, pharmacology, interdisciplinary teamwork, and communication. Applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework throughout the lifespan are examined. This course lends itself to either a blocked of integrated approach. Concurrent clinical placement is required. Prerequisite: Admission to the ADN Transition Option Track with unencumbered LVN license.

RNSG 1341 Common Concepts of Adult Health
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course covers the basic integration of the role of the professional nurse as a provider of patient-centered care, patient safety advocate, member of the health care team, and member of the profession. Students will study the general principles of caring for selected adult patients and families in structured settings with common medical-surgical health care needs related to each body system. Emphasis will be on knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to a blocked approach. Prerequisite: BIOL 2402, RNSG 1413, RNSG 1362, RNSG 1205, RNSG 1301 or administrative approval.

RNSG 1362 Clinical I
CRT HRS:03 LEC HRS:00 OFF CAMPUS LAB HRS:12
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Prerequisite: Admission to ADN Program and RNSG 1209.

RNSG 1412 Nursing Care for the Childbearing and Childrearing Family
CRT HRS:04 LEC HRS:04 LAB HRS:00
Concepts and principles of professional nursing related to the provision of nursing care for childbearing and childrearing families. Application of systematic problem-solving processes and critical thinking skills, including a focus on the childbearing family during preconception, prenatal, antepartum, neonatal, and postpartum periods and the childrearing family from birth to adolescence. It includes competency in knowledge, judgment, skill, and professional values within a legal/ethical framework is examined. Prerequisite: Admission to the ADN program or administrative approval. Clinical Co-requisite recommended.

RNSG 1413 Foundations for Nursing Practice
CRT HRS:04 LEC HRS:04 LAB HRS:01
This course provides an introduction to the role of the professional nurse as a provider of patient-centered care, coordinator of care, patient safety advocate, member of the health care team, and member of the profession. Topics include but are not limited to the fundamental concepts of nursing practice, history of professional nursing, a systematic framework for decision making and critical thinking, mechanisms of disease, the needs and problems that nurses help patients manage, and basic psychomotor skills. Emphasis is placed on knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to a blocked approach. Prerequisite: Admission to the ADN program and RNSG 1209.

RNSG 1517 Concepts of Professional Nursing Practice I for Articulating Students
CRT HRS:04 LEC HRS:04 LAB HRS:02
This course provides the articulating student paramedic the opportunity to examine the role of the professional nurse; make application of a systematic problem solving process and critical thinking skills which includes a focus on the adult population in selected settings; and competency in knowledge, judgment, nursing skills, and professional values within a legal/ethical framework. This course lends itself to either a blocked or integrated approach. Prerequisite: Admission to the Associate Degree Nursing Paramedic to RN Option Track with a non-encumbered paramedic license; administrative approval. Concurrent enrollment in RNSG 1163 and RNSG 1301.

RNSG 2121 Professional Nursing: Leadership and Management
CRT HRS:01 LEC HRS:01 LAB HRS:00
This course is an exploration of leadership and management principles applicable to the role of the professional nurse as a provider of care, coordinator of care, and member of the profession. It will include application of knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to a blocked approach. Prerequisite: SPCH 1311, RNSG 2201, RNSG 1251, RNSG 2260, RNSG 2261 or administrative approval.
RNSG 2163 Clinical IV
CRT HRS:01 LEC HRS:00
OFF CAMPUS LAB HRS:06
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: RNSG 2201, RNSG 1251, RNSG 2260, RNSG 2261, and SPCH 1311.

RNSG 2201 Care of Children and Families
CRT HRS:02 LEC HRS:02 LAB HRS:01
This course is the study of concepts related to the provision of nursing care for children and their families, emphasizing judgment, and professional values within a legal/ethical framework.
Prerequisite: BIOL 2402, RNSG 2213, RNSG 1341, RNSG 2262, RNSG 2263, and RNSG 1244.

RNSG 2213 Mental Health Nursing
CRT HRS:02 LEC HRS:02 LAB HRS:01
This course will cover the principles and concepts of mental health, psychopathology, and treatment modalities related to the nursing care of clients and their families. This course lends itself to a blocked approach.
Prerequisite: BIOL 2401, RNSG 1413, RNSG 1362, RNSG 1205, RNSG 1301, or administrative approval.

RNSG 2260 Clinical-Pediatrics
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:08
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: Admission to the ADN program; BIOL 2402, RNSG 2213, RNSG 1341, RNSG 2262, RNSG 2263, and RNSG 1244.

RNSG 2261 Clinical-Maternal Child Health
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:08
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: Admission to the ADN program; BIOL 2402, RNSG 2213, RNSG 1341, RNSG 2262, RNSG 2263, and RNSG 1244.

RNSG 2262 Clinical-Mental Health
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:08
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: Admission to the ADN program; BIOL 2401, RNSG 1413, RNSG 1362, RNSG 1205, RNSG 1301 or administrative approval.

RNSG 2263 Clinical-Medical/Surgical
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:08
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: Admission to the ADN program; BIOL 2401, RNSG 1413, RNSG 1362, RNSG 1205, RNSG 1301 or administrative approval.

RNSG 2269 Capstone: Clinical V
CRT HRS:03 LEC HRS:00 OFF CAMPUS LAB HRS:10
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: RNSG 2121, RNSG 2331, RNSG 2163.

AUTOMOTIVE TECHNOLOGY

AUMT 1266 Practicum I
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:20
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: Permission from the department.

AUMT 1267 Practicum II
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:20
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: Permission from the department.

AUMT 1305 Introduction to Automotive Technology
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course is an introduction to the automobile industry including automotive history, safety practices, shop equipment and tools, vehicle subsystems, service publications, fasteners, professional responsibilities, and automobile maintenance.
Prerequisite: None.

AUMT 1345 Automotive Climate Control Systems
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers the theory of automotive air conditioning and heating systems, including diagnosis and repair of manual/electronic climate control systems. Emphasis is placed on the basic refrigeration cycle and diagnosis and repair of system malfunctions. EPA guidelines for refrigerant handling and new refrigerant replacements are also covered.
Prerequisite: DEMR 1401 or AUMT 1407.

AUMT 1391 Capstone: Ford YATC Certification
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers topics that address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated.
multiple times to improve student proficiency.

Prerequisite: None.

AUMT 1407
Automotive Electrical Systems
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course is an overview of automotive electrical systems including topics in operational theory, testing, diagnosis, and repair of batteries, charging and starting systems, and electrical accessories. Also to include electrical principles, semiconductor and integrated circuits, digital fundamentals, microcomputer systems, and electrical test equipment as applied to automotive technology. Emphasis is placed on electrical schematic diagrams and service manuals.

Prerequisite: None.

AUMT 1410
Automotive Brake Systems
CRT HRS:04 LEC HRS:02 LAB HRS:08
This course covers the operation and repair of drum/disc type brake systems. Emphasis is placed on safe use of modern equipment. Topics include brake theory, diagnosis, and repair of power, manual, anti-lock brake systems, and parking brakes.

Prerequisite: Concurrent enrollment in AUMT 1407.

AUMT 1416
Automotive Suspension and Steering Systems
CRT HRS:04 LEC HRS:02 LAB HRS:08
This course covers the theory and operation as well as the diagnosis and repair of automotive suspension and steering systems including electronically controlled systems, tire and wheel problem diagnosis, component repair, and alignment procedures.

Prerequisite: Concurrent enrollment in AUMT 1407.

AUMT 1419
Automotive Engine Repair
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course explores the fundamentals of engine operation, diagnosis and repair including lubrication systems and cooling systems. Emphasis is placed on overhaul of selected engines, identification and inspection, measurements, and disassembly, repair, and re-assembly of the engine.

Prerequisite: AUMT 1407.

AUMT 2266
Practicum III
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:20
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.

Prerequisite: Permission from the department.

AUMT 2267
Capstone: Practicum IV
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:20
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college and the student.

Prerequisite: Permission from the department.

AUMT 2301
Automotive Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course offers instruction in human relations, customer relations, and customer satisfaction. Emphasis is placed on management techniques and building relationships between the service department and the customer.

Prerequisite: SPCH 1311 and PSYC 2301. AUMT 2301 may only be taken in final semester of program.

AUMT 2313
Automotive Drive Train and Axes
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a study of automotive clutches, clutch operation devices, standard transmission, transaxles, and differentials with emphasis on the diagnosis and repair of transmissions and drive lines.

Prerequisite: AUMT 1419.

AUMT 2417
Automotive Engine Performance Analysis I
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course includes theory, operation, diagnosis of drivability concerns, and repair of basic engine dynamics, ignition systems, and fuel delivery systems. Use of basic engine performance diagnostic equipment is emphasized.

Prerequisite: AUMT 1407; concurrent enrollment in AUMT 1419.

AUMT 2421
Automotive Electrical Diagnosis and Repair
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course covers the repair of automotive electrical subsystems, lighting, instrumentation, and accessories. Emphasis is placed on accurate diagnosis and proper repair methods using various troubleshooting skills and techniques.

Prerequisite: AUMT 1407.

AUMT 2425
Automotive Automatic Transmission and Transaxle
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course is a study of the operation, hydraulic circuits and electronic controls, and related circuits of modern automatic transmissions and automatic transaxles. Diagnosis, disassembly, and assembly procedures with emphasis on the use of special tools and proper repair techniques are covered.

Prerequisite: AUMT 1407.

AUMT 2434
Automotive Engine Performance Analysis II
CRT HRS:04 LEC HRS:02 LAB HRS:08
This course covers the diagnosis and repair of emission systems, computerized engine performance systems, and advanced ignition and fuel systems; and proper use of advanced engine performance diagnostic equipment.

Prerequisite: AUMT 2417.

CSIR 1355
Industry Certifications
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course prepares the student for the certifications required by industry.

Prerequisite: None.

BIOL

◆ BIOL 1322
Nutrition and Diet Therapy
CRT HRS:03 LEC HRS:03 LAB HRS:00
This is a study of the chemical, physical and sensory properties of food, nutritional quality, and food use and diet applications.

Prerequisite: None.

◆ BIOL 1406
Biology for Science Majors I
CRT HRS:04 LEC HRS:03 LAB HRS:03
This is an in-depth study of the fundamental principles of living organisms including physical and chemical properties of life, cellular organization and function. Concepts of metabolic pathways, cellular respiration, photosynthesis, mitosis, meiosis, and molecular biology of the gene, genetics biotechnology, evolutionary adaptation and the scientific method are included.

Prerequisite: TSI Complete in Reading.

◆ BIOL 1407
Biology for Science Majors II
CRT HRS:04 LEC HRS:03 LAB HRS:03
This is a continuation of Biology 1406. It is an in-depth study of the fundamental principles of living organisms including classification.
and evolution. Topics include biodiversity of viruses, bacteria, archaea, protists, fungi, plants, and animals; comparison of the organization, function and reproduction, ecology of behavior, populations, communities, and the biosphere.

Prerequisite: BIOL 1406 with a grade of “C” or better.

- **BIOL 1408**
  Biology for Non-Science Majors I
  CRT HRS: 04  LEC HRS: 03  LAB HRS: 03
  This is an overview of the fundamental principles of living organisms including physical and chemical properties of life, cellular organization and function. Concepts of metabolic pathways, cellular respiration, photosynthesis, mitosis, meiosis, and molecular biology of the gene, genetics, biotechnology, evolutionary adaptation and the scientific method are included.
  Prerequisite: TSI Complete in Reading.

- **BIOL 1409**
  Biology for Non-Science Majors II
  CRT HRS: 04  LEC HRS: 03  LAB HRS: 03
  This is a continuation of Biology 1408. It is an overview of the fundamental principles of living organisms including classification and evolution. Topics include biodiversity of viruses, bacteria, archaea, protists, fungi, plants, and animals; comparison of their organization, function, and reproduction with humans, and ecology of behavior, populations, communities, and the biosphere, including effects of human activities.
  Prerequisite: BIOL 1408 with a grade of “C” or better.

- **BIOL 2389**
  Academic Cooperative in the Biological Life Sciences
  CRT HRS: 03  LEC HRS: 03  LAB HRS: 00
  This is an instructional program designed to integrate on-campus study with practical hands-on work experience in the biological sciences/life sciences. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of living organisms and their systems.
  Prerequisite: Permission from the department.

- **BIOL 2401**
  Anatomy and Physiology I
  CRT HRS: 04  LEC HRS: 03  LAB HRS: 03
  This is a study of the structure and function of the human body including cells, tissues, and organs of the following systems: integumentary, skeletal, muscular and nervous systems.
  Prerequisite: TSI Complete in Reading.

- **BIOL 2402**
  Anatomy and Physiology II
  CRT HRS: 04  LEC HRS: 03  LAB HRS: 03
  This is a continuation of the study of the structure and function of the human body including the circulatory, respiratory, digestive, urinary, reproductive, and endocrine systems. Consideration is given to metabolism, electrolyte and fluid balance, and human development.
  Prerequisite: BIOL 2401 with a grade of “C” or better.

- **BIOL 2406**
  Environmental Biology
  CRT HRS: 04  LEC HRS: 03  LAB HRS: 02
  This is a study of human interaction and the effect upon plant and animal communities. Conservation, pollution, energy and other contemporary ecological problems will be discussed.
  Prerequisite: None.

- **BIOL 2416**
  Genetics
  CRT HRS: 04  LEC HRS: 03  LAB HRS: 03
  This is a study of the principles of molecular and classical genetics and the function and transmission of hereditary material. It includes population genetics and genetic engineering.
  Prerequisite: BIOL 1406 and CHEM 1411 with a grade of “C” or better.

- **BIOL 2420**
  Microbiology for Non-Science Majors
  CRT HRS: 04  LEC HRS: 03  LAB HRS: 03
  This course is an introduction to the morphology, physiology and taxonomy of pathogenic and nonpathogenic microorganisms. The course includes study of disease transmission, resistance to infection and microbial control and a brief preview of food microbes, public health, and immunology. The laboratory will develop sound techniques in culturing, staining, and identifying microorganisms.
  Prerequisite: BIOL 2402 with a grade of “C” or better.

- **BIOL 2421**
  Microbiology for Science Majors
  CRT HRS: 04  LEC HRS: 03  LAB HRS: 03
  This is a study of principles of microbiology, including metabolism, structure, function, genetics, and phylogeny of microbes. The course will also examine the interactions of microbes with each other, hosts and the environment. Laboratory activities will reinforce principles of microbiology as well as the microbial interactions including all of the principles and microbial interactions covered in the lecture sessions.
  Prerequisite: BIOL 2406, BIOL 1407 and CHEM 1411 with a grade of “C” or better.

- **BIOL 2428**
  Vertebrate Zoology
  CRT HRS: 04  LEC HRS: 03  LAB HRS: 03
  This is a study of the structure, development and physiology of the vertebrate animals with emphasis on comparative evolution.
  Prerequisite: TSI Complete in Reading.

---

**BUSINESS ADMINISTRATION**

- **BMGT 1301**
  Supervision
  CRT HRS: 03  LEC HRS: 03  LAB HRS: 00
  This course is a study of the role of the supervisor. Managerial functions as applied to leadership, counseling, motivation, and human skills are examined.
  Prerequisite: None.

- **BMGT 1305**
  Communications in Management
  CRT HRS: 03  LEC HRS: 03  LAB HRS: 00
  This course includes basic theory and process of communication skills necessary for the management of an organization’s workforce.
  Prerequisite: ITSC 1409 or COSC 1301.

- **BMGT 1309**
  Information and Project Management
  CRT HRS: 03  LEC HRS: 03  LAB HRS: 00
  This course explores critical path methods for planning and controlling projects. It includes time/cost tradeoffs, resource utilization, stochastic considerations, task determination, time management, scheduling management, status reports, budget management, customer service, professional attitude, and project supervision.
  Prerequisite: None.

- **BMGT 1391**
  Business Conduct
  CRT HRS: 03  LEC HRS: 03  LAB HRS: 00
  This course is a study of the business code of conduct as it relates to management practices, employee relations, and organizational structure. Topics include employee performance, interpersonal relations, teamwork dynamics, resolving organizational problems, and dealing with ethical issues related to business.
  Prerequisite: None.
Bank Marketing

BNKG 1340
Money and Financial Markets

CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an overview of money and banking institutions and their role and functions in the economy. It includes study of Federal Reserve System, characteristics of financial intermediaries, and regulatory institutions. Topics include principles of monetary and fiscal policy, commercial banking structures, and financial markets.
Prerequisite: None.

BNKG 1343
Law and Banking

CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to basic sources of law and banking regulation. Emphasis is placed on the laws relating to contracts, negotiable instruments, secured transactions and consumer credit.
Prerequisite: None.

BNKG 1345
Consumer Lending

CRT HRS:03 LEC HRS:03 LAB HRS:00
This is a study of different types of consumer loans. The course identifies the federal regulations and state laws pertaining to collection and serving of a consumer loan and relates consumer credit to the lending process.
Prerequisite: None.

BNKG 1347
Bank Marketing

CRT HRS:03 LEC HRS:03 LAB HRS:00
This course includes principles of marketing as they relate to the banking industry. Special emphasis is placed on deposit, credit, and payment related products. Pricing, promotion, product, and distribution strategies as used within the financial industry are included.
Prerequisite: None.

BUSI 2301
Business Law

CRT HRS:03 LEC HRS:03 LAB HRS:00
This course covers principles of law which form the legal framework for business activity. It covers applicable statutes, contracts, and agencies.
Prerequisite: None. (Transfers only as an elective)

IBUS 1301
Principles of Exports

CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of export management process and procedures. Topics include governmental controls and compliance, licensing of products, documentation, commercial invoices and transportation. Emphasizes human and public relations, management of personnel, finance, and accounting procedures are stressed.
Prerequisite: None.

IBUS 1305
Introduction to International Business/Trade

CRT HRS:03 LEC HRS:03 LAB HRS:00
This course covers the techniques for entering the international marketplace. Emphasis is on the impact and dynamics of socio-cultural, demographic, economic, technological, and political-legal factors in the foreign trade environment. Topics include patterns of world trade, internationalization of the firm, and operating procedures of the multinational enterprise.
Prerequisite: None.

IBUS 2345
Import Customs Regulations I

CRT HRS:03 LEC HRS:03 LAB HRS:00
This is a study of the duties and responsibilities of the licensed customs broker. Topics include process for customs clearance including appraiserment, bonded warehouse entry, examination of goods, harmonized tariffs, fees, bonding, penalties, quotas, immediate delivery, consumption, liquidation, computerized systems, laws, and regulations.
Prerequisite: None.

IBUS 2371
Import Customs Regulations II

CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is a continuation of Import Customs Regulations I. Topics include the history and use of the U.S. Harmonized Tariffs schedule, fees, importation, general provisions, rules of origin, air regulations, export control, administrative foreign trade zones, export controls, and issues related to the import laws and regulations.
Prerequisite: IBUS 2345.
Course Descriptions 249

LMGT 1319
Introduction to Business Logistics
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course provides a systems approach to managing activities associated with traffic, transportation, inventory management and control, warehousing, packaging, order processing, and materials handling.
Prerequisite: None.

LMGT 1321
Principles of Material Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course introduces the principles of material management to include inventory control and forecasting activities.
Prerequisite: None.

LMGT 1325
Warehouse and Distribution Center Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course emphasizes physical distribution and total supply chain management. It includes warehouse operations management, hardware and software operations, bar codes, organizational effectiveness, just-in-time manufacturing, continuous replenishment, and third party.
Prerequisite: LMGT 1319

MRKG 1301
Customer Relationship Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
Topics in this course address general principles of customer relationship management including skills, knowledge, attitudes, and behaviors.
Prerequisite: None.

MRKG 1311
Principles of Marketing
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to the marketing mix functions and process; identification of consumer and organizational needs; explanation of economic, psychological, sociological, environmental, and global issues. A description and analysis of the importance of marketing research is also provided.
Prerequisite: None.

MRKG 1313
Public Relations
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an exploration of theories, techniques, and processes of public relations including means of influencing methods of building goodwill, analysis of media, obtaining publicity, and implementation of public relations programs.
Prerequisite: None.

MRKG 2333
Principles of Selling
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an overview of the selling process. Identification of the elements of the communication process between buyers and sellers and examination of the legal and ethical issues of organizations which affect salespeople are included.
Prerequisite: None.

MRKG 2349
Advertising and Sales Promotion
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course covers integrated marketing communications. It includes advertising principles and practices. Emphasis is on multi-media of persuasive communication including buyer behavior, budgeting, and regulatory constraints.
Prerequisite: None.

BUSINESS COMPUTER SYSTEMS
(SEE INFORMATION TECHNOLOGY pg. 274)

CHEMISTRY

◆ CHEM 1411
General Chemistry I
CRT HRS:04 LEC HRS:03 LAB HRS:03
In this course, basic principles are introduced. Emphasis is placed on fundamental laws, atomic structure, bonding, acids and bases, selected elements and their compounds.
Prerequisite: TSI complete in Reading and completion of MATH 1414 with a grade of "C" or better or equivalent.

◆ CHEM 1412
General Chemistry II
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course is a continuation of CHEM 1411 covering ionic equilibrium, oxidation-reduction, electrochemistry, gas laws, thermodynamics, introduction to carbon compounds, nuclear and radiochemistry.
Prerequisite: CHEM 1411 with a grade of "C" or better.

◆ CHEM 2401
Analytical Chemistry I
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course covers the principles and methods of quantitative chemical analysis dealing primarily with volumetric and gravimetric analysis and contains a brief introduction to physical methods.
Prerequisite: CHEM 1412 with a grade of "C" or better.

◆ CHEM 2423
Organic Chemistry I
CRT HRS:04 LEC HRS:03 LAB HRS:03
This is a study of carbon chemistry that considers covalent bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups and introductory synthesis. Laboratory experiments develop organic techniques and reinforce lecture material.
Prerequisite: CHEM 1412 with a grade of "C" or better.

◆ CHEM 2425
Organic Chemistry II
CRT HRS:04 LEC HRS:03 LAB HRS:03
This is a continuation of CHEM 2423 that includes methods of structural analysis, advanced synthesis and reactions, biochemistry and organometallic topics. Laboratory experiments emphasize techniques in synthesis, purification, and analyses, and reinforce lecture material.
Prerequisite: CHEM 2423 with a grade of "C" or better.

CHILD DEVELOPMENT

CDEC 1167
Field Study Infant/Toddler
CRT HRS:01 LEC HRS:00
OFF CAMPUS LAB HRS:07
This course provides practical, general workplace training in the Child Care field supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: None.

CDEC 1313
Curriculum Resources for Early Childhood Programs
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of the fundamentals developmentally appropriate curriculum design and implementation in early care and education programs for young children.
Prerequisite: None.

CDEC 1319
Child Guidance
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is an exploration of guidance strategies for promoting pro-social behaviors with individual and groups of children. Emphasis is placed on positive guidance principles and techniques, family involvement and cultural influences. It will include practical application through direct participation with children.
Prerequisite: None.
CDEC 1321
The Infant and Toddler
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of appropriate infant and toddler (birth to 3 years) programs, including an overview of development, quality care giving routines, learning environments, materials and activities, and teaching/guiding techniques.
Prerequisite: None.

CDEC 1323
Observation and Assessment
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of observation skills, assessment techniques, and documentation of children’s development.
Prerequisite: None.

CDEC 1356
Emergent Literacy for Early Childhood
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an exploration of principles, methods, and materials for teaching young children language and literacy through a play-based, integrated curriculum.
Prerequisite: None.

CDEC 1358
Creative Arts for Early Childhood
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an exploration of principles, methods, and materials for teaching young children music, movement, visual arts, and dramatic play through process-oriented experiences to support divergent thinking.
Prerequisite: None.

CDEC 1359
Children with Special Needs
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a survey of information regarding children with special needs including possible causes and characteristics of exceptionalities, intervention strategies, available resources, referral processes, the advocacy role, and legislative issues.
Prerequisite: None.

CDEC 1417
Child Development Associate Training I
CRT HRS:04 LEC HRS:04 LAB HRS:00
This course is based on the requirements for the Child Development Associate credential (CDA). Topics include a CDA overview, general observation skills, and a child growth and development overview. The four functional areas of study covered in this course include creative, cognitive, physical, and communication.
Prerequisite: None.

CDEC 2166
Field Study Preschool
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:07
This course provides practical, general workplace training in the Childcare field supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: None.

CDEC 2167
Capstone: Administration
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:07
This course provides practical, general workplace training in the Childcare field supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: CDEC 2166.

CDEC 2304
Child Abuse and Neglect
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course covers methods used in the identification of physical, emotional, and sexual abuse and neglect with an emphasis on developing skills for working with children and families. It includes methods of referral to public and private agencies that deal with investigation and treatment.
Prerequisite: None.

CDEC 2307
Math and Science for Early Childhood
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an exploration of principles, methods, and materials for teaching children math and science concepts and process skills through discovery and play.
Prerequisite: None.

CDEC 2326
Administration of Programs for Children I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a practical application of management procedures for early child care and education programs, including a study of planning, operating, supervising, and evaluating programs. Course topics include philosophy, types of programs, policies, fiscal management, regulations, staffing, evaluation, and communication.
Prerequisite: Six credits in Child Development courses or Program Chair approval.

CDEC 2328
Administration of Programs for Children II
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an in-depth study of the skills and techniques in managing early care and education programs, including legal and ethical issues, personnel management, team building, leadership, conflict resolution, stress management, advocacy, professionalism, fiscal analysis, and planning parent education/partnerships.
Prerequisite: CDEC 2326.

CDEC 2336
Administration of Programs for Children III
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is an advanced study of the skills and techniques in administering early care and education programs including staff development, curriculum planning and delivery, and adult learning theory.
Prerequisite: CDEC 2326.

CDEC 2422
Child Development Associate Training II
CRT HRS:04 LEC HRS:04 LAB HRS:00
This course is a continuation of the study of the requirements for the Child Development Associate credential (CDA). The six functional areas of study covered in this course include safety, health, learning environment, self, social, and guidance.
Prerequisite: Completion of or concurrent enrollment in CDEC 1417.

◆EDUC 1325
Principles and Practices of Multicultural Education
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an examination of cultural diversity found in society and reflected in the classroom. Topics include the study of major cultures and their influence on lifestyle, behavior, learning, intercultural communication and teaching, as well as psychosocial stressors encountered by diverse cultural groups.
Prerequisite: None.

◆TECA 1303
Family, School, and Community
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course is a study of the relationship between the child, the family, the community, and early childhood educators, including a study of parent education, family and community lifestyles, child abuse, and current issues.
Prerequisite: None.

◆TECA 1311
Educating Young Children
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course is an introduction to the profession of early childhood education, focusing on developmentally appropriate
practices, types of programs, historical perspectives, ethics, and current issues.
Prerequisite: None.

◆ TECA 1318 Wellness of the Young Child
CRT HRS:03 LEC HRS:03 LAB HRS:01
This is a study of nutrition, health, safety, and related activities, including skill development in management of issues, guidelines, and practices in nutrition, as well as community health, hygiene, safety, and legal implications. Integration of these principles is applied to a variety of settings.
Prerequisite: None.

◆ TECA 1354 Child Growth and Development
CRT HRS:03 LEC HRS:03 LAB HRS:00
This is a study of the principles of normal child growth and development from conception to adolescence. This course focuses on physical, cognitive, social, and emotional domains of development.
Prerequisite: None.

COLLEGE SUCCESS

ORIN 0101 College Success
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course helps the student to perform successfully in college by understanding his or her Emotional Intelligence skills, personal learning style, understanding and using college policies and procedures, managing time, memorizing information, reading textbooks for maximum learning, taking effective notes from lectures and books, maximizing test scores, thinking critically, communicating well both orally and in writing, by learning and applying library and technological research techniques. This course is a requirement for all first-time developmental students who are not TSI complete, and for all students (including transfer students) with grade point averages below 2.0. It is not required for students enrolled in a certificate program (42 or fewer semester credit hours or equivalent) or for students who have passed all sections of the ACCUPLACER.
Prerequisite: None.

COMMUNICATION

◆ COMM 1307 Introduction to Mass Communication
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of the media by which entertainment and information messages are delivered. Includes an overview of the traditional mass media: their functions, structures, supports, and influences.
Prerequisite: Completion of READ 0200 or equivalent.

◆ COMM 2305 Editing and Layout
CRT HRS:03 LEC HRS:02 LAB HRS:02
This is a course in the editing and layout processes, with emphasis on accuracy and fairness, including the principles and techniques of design.
Prerequisite: Completion of COMM 1307, COMM 2327, COMM 2330, and ENGL 1301.

◆ COMM 2311 News Gathering and Writing I
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course focuses on the fundamentals of writing news for the mass media. This course includes instruction in methods and techniques for gathering, processing and delivering news in a professional manner.
Prerequisite: Completion of READ 0200 or ENGL 0200 or equivalent.

◆ COMM 2315 News Gathering and Writing II
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a continuation of the aims and objectives of COMM 2311 with an emphasis on advanced reporting techniques.
Prerequisite: COMM 2311.

◆ COMM 2327 Introduction to Advertising
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course covers the fundamentals of advertising, including marketing theory and strategy, copy writing, design, and selection of media.
Prerequisite: Completion of ENGL 1301.

◆ COMM 2330 Introduction to Public Relations
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course explores the history and development of public relations. Presentation of the theory behind and process of public relations, including the planning, implementation, and evaluation of PR campaigns.
Prerequisite: Completion of ENGL 1301.

◆ COMM 2339 Writing for Radio, Television, and Film
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to basic script formats, terminology, and writing techniques, including the writing of commercials, public service announcements, promotions, news, documentary, and fictional materials.
Prerequisite: ENGL 1302 and completion of or concurrent enrollment in COMM 2305.

◆ COMM 2389 Academic Cooperative
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an instructional program designed to integrate on-campus study with practical hands-on work experience. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of communication.
Prerequisite: Completion of COMM 1307, COMM 2327, COMM 2330, COMM 2305, and COMM 2339.

COMPUTER-AIDED DRAFTING AND DESIGN

ARCE 1303 Architectural Materials and Methods of Construction
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course covers properties, specifications, vendor references, and uses of materials as related to architectural systems of structures.
Prerequisite: DFTG 1315.
**Course Descriptions**

**ARCE 1321 Architectural Illustration**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers architectural illustration and rendering techniques. Emphasis is on architectural structures in 3-D or pictorially either by freehand drawing or computer software, perspectives, delineation in various media, and development of students’ graphical expression. It includes an introduction to various reproduction methods.
Prerequisite: DFTG 1309 or ARTC 1321.

**ARCE 1352 Structural Drafting**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a study of structural systems including concrete foundations and frames, wood framing and trusses, and structural steel framing systems. It includes detailing of concrete, wood, and steel to meet industry standards including the American Institute of Steel Construction and The American Concrete Institute.
Prerequisite: DFTG 1315 and DFTG 2319.

**ARCE 2352 Mechanical and Electrical Systems**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers the properties of building materials (assemblies), specifications, codes, vendor references, and uses of mechanical, plumbing, conveying, and electrical systems as they relate to architecture for residential and commercial construction.
Prerequisite: Completion of or concurrent enrollment in DFTG 2338, DFTG 1317 and DFTG 2329.

**ARTC 1302 Digital Imaging I**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers digital imaging using raster image editing and/or image creation software: scanning, resolution, file formats, output devices, color systems, and image acquisitions.
Prerequisite: None.

**ARTC 1317 Design Communication I**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is the study of design development relating to graphic design terminology, tools and media, and layout and design concepts. Topics include integration of type, images and other design elements, and developing computer skills in industry standard computer programs.
Prerequisite: ARTC 1302 and ARTC 1321.

**ARTC 1321 Illustration Techniques I**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is the study of illustration techniques in various media. Emphasis is on creative interpretation and disciplined draftsmanship for visual communication of ideas.
Prerequisite: Completion of, or concurrent enrollment in DFTG 1309.

**ARTC 1353 Computer Illustration**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course develops mastery of the tools and transformation options of an industry-standard vector drawing program to create complex illustrations. The course includes principles of layout and design and manipulation of text graphics.
Prerequisite: DFTG 1309.

**ARTC 2301 Illustration Techniques II**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is an advanced study of illustration media and techniques using digital and/or traditional tools. Emphasis is on conceptualization and composition.
Prerequisite: ARTC 1321.

**ARTC 2340 Computer Illustration II**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers advanced use of software capabilities with emphasis on various output procedures, the resolution of complex design issues, and concept development.
Prerequisite: ARTC 1353.

**ARTC 2347 Design Communication II**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is the advanced study of design, development, and art direction. Emphasis will be placed on form and content through the selection, creation, and integration of typographic, photographic, illustrative, and design elements.
Prerequisite: ARTC 1317.

**ARTV 1351 Digital Video**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course provides skill development in producing and editing video and sound for multimedia or web productions. Emphasis is placed on the capture, editing, and outputting of video using a desktop digital video workstation.
Prerequisite: PHTC 2331.

**CNBT 1346 Construction Estimating I**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course involves estimating materials and labor costs in construction. The student will identify estimating procedures; estimate materials from blueprints; and calculate labor units and costs.
Prerequisite: ARTC 1353.

**DFTG 1309 Basic Computer-Aided Drafting**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is an introduction to basic computer-aided drafting. Emphasis is placed on basic computer operating principles, hardware descriptions and requirements, drawing setup; creating and modifying geometry; storing and retrieving predefined shapes; placing, rotating, and scaling objects, adding text and dimensions, using layers, coordinating systems; as well as input and output devices.
Prerequisite: Completion of or concurrent enrollment in DFTG 1315 or ARCE 1303.

**DFTG 1310 Specialized Basic Computer-Aided Drafting (CAD)**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This is a supplemental course to Basic Computer-Aided Drafting using an alternative computer-aided drafting (CAD) software to create detail and working drawings. Utilization of Civil 3D, Revit or similar programs will be emphasized.
Prerequisite: DFTG 2319.

**DFTG 1315 Architectural Blueprint Reading and Sketching**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course examines the fundamentals of blueprint reading for the construction industry.
Prerequisite: Concurrent enrollment in DFTG 1309.

**DFTG 1317 Architectural Drafting-Residential**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a study of architectural drafting procedures, practices, and symbols. Preparation of detailed working drawings for residential
This course is a continuation of practices and techniques used in Specialized Basic Computer-Aided Drafting. It emphasizes advanced dimensioning techniques, the development and use of prototype drawings, construction of pictorial drawings, interfacing two-dimensional (2D) and/or three-dimensional (3D) environments and extracting data. Utilization of Revit based or similar programs will be emphasized.

Prerequisite: DFTG 2331.

DFTG 1393 Special Topics in Civil Drafting
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course discusses basic concepts in civil drafting, map scales, map features, survey fundamentals, contour lines, profile plans, road layout and profiles, earthwork, and utilization of CAD systems in the development of various civil engineering related projects. The topic of study chosen by the instructor may change from semester to semester.

Prerequisite: None.

DFTG 2300 Intermediate Architectural Drafting-Residential
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a continued application of principles and practices used in residential construction.

Prerequisite: DFTG 1317 and DFTG 2319.

DFTG 2319 Intermediate Computer-Aided Drafting
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a continuation of practices and techniques used in basic computer-aided drafting emphasizing advanced dimensioning techniques, the development and use of prototype drawings, construction of pictorial drawings, interfacing 2d and/or 3d environments and extracting data. A portfolio to be submitted for evaluation will be required.

Prerequisite: DFTG 2315, DFTG 2309, or ARCE 1321.

DFTG 2321 Topographical Drafting
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers plotting of surveyor’s field notes. It includes drawing elevations, contour lines, plan and profiles, and laying out traverses.

Prerequisite: DFTG 2309 and DFTG 2319.

DFTG 2328 Architectural Drafting-Commercial
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers architectural drafting procedures, practices, and symbols including the preparation of detailed working drawings for a commercial building, with emphasis on commercial construction methods. Emphasis will be placed on developing drawings to show the functionality of structures using specified building materials and following current building codes.

Building types to be covered will be residential, commercial, industrial and institutional.

Prerequisite: DFTG 1315, DFTG 1309; and completion of or concurrent enrollment in DFTG 2319.

DFTG 2330 Civil Drafting
CRT HRS:03 LEC HRS:02 LAB HRS:04
This is an in-depth study of drafting methods and principles used in civil engineering.

Prerequisite: SRVY 1313 and DFTG 2321.

DFTG 2331 Advanced Technologies in Architectural Design and Drafting
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers the use of architectural specific software to execute the elements required in designing standard architectural exhibits utilizing custom features to create walls, windows and specific design requirements for construction in residential/commercial and industrial architecture. The student will further use architectural techniques to design, assemble, evaluate, and render architectural building components; plan and develop elevation drawings and details from three-dimensional architectural models utilizing Revit based or similar programs.

Prerequisite: DFTG 1317 and DFTG 2328.

DFTG 2332 Capstone: Advanced Computer-Aided Drafting
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course presents the application of advanced CAD techniques, including the use of a customized system. Presentation of advanced drafting applications, such as three-dimensional solids modeling and linking graphic entities to external non-graphic data will be covered.

Prerequisite: SRVY 1342, SRVY 2309, DFTG 2328 and GISC 1311.

DFTG 2338 Final Project-Advanced Drafting
CRT HRS:03 LEC HRS:02 LAB HRS:04
This is a drafting course in which students participate in a comprehensive project from conception to conclusion.

Prerequisite: Completion of or concurrent enrollment in ARCE 2352, and completion of DFTG 1317 and DFTG 2328.
DFTG 2340

Solid Modeling/Design

CRT HRS:03  LEC HRS:02  LAB HRS:04
This is a computer-aided modeling course. This course covers development of three-dimensional drawings and models from engineering sketches and orthographic drawings. The application of rendering and animation techniques in design work will also be discussed.
Prerequisite: DFTG 2317, DFTG 2319.

GISC 1301

Cartography and Geography In GIS & GPS

CRT HRS:03  LEC HRS:02  LAB HRS:04
This course is an introduction to the principles of cartography and geography. Emphasis will be placed on global reference systems and the use of satellites for measurements and navigation.
Prerequisite: Completion of or concurrent enrollment in GISC 2200.

GISC 1311

Introduction to Geographic Information Systems

CRT HRS:03  LEC HRS:02  LAB HRS:04
This course is an introduction to the basic concepts of vector GIS using several industry specific software programs including nomenclature of cartography and geography.
Prerequisite: Completion of, or concurrent enrollment in DFTG 1309.

GISC 1321

Introduction to Raster-Based GIS

CRT HRS:03  LEC HRS:02  LAB HRS:04
This course provides instruction in GIS data sets including raster-based information such as images or photographs, acquisition of such data, and processing and merging with vector data.
Prerequisite: Completion of or concurrent enrollment in GISC 1311.

GISC 1364

Capstone: GIS Practicum

CRT HRS:03  LEC HRS:00
OFF CAMPUS LAB HRS:21
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: DFTG 2319 and GISC 1311.

GISC 2303

Fundamentals of Logistics with GIS

CRT HRS:03  LEC HRS:02  LAB HRS:04
This course focuses on multiple data sources and their location-based relationships. It incorporates exposure to modes of transportation, resources, and product distribution and the combination of these elements with time, distance, and GPS technology for support of GIS analysis as relating to logistics.
Prerequisite: GISC 1311 and GISC 1321.

GISC 2311

Geographic Information Systems (GIS) Applications

CRT HRS:03  LEC HRS:02  LAB HRS:03
This course provides application of GIS technology to real workplace applications from public and private sectors. Completion of Global Positioning System (GPS) fieldwork is required for lab exercises.
Prerequisite: GISC 1301, GISC 1321, and DFTG 2319.

GISC 2320

Intermediate Geographic Information Systems (GIS)

CRT HRS:03  LEC HRS:02  LAB HRS:04
This course focuses on the study of spatial data structures and the display, manipulation, and analysis of geographic information. Students will study the technical aspects involved in spatial data handling, analysis and modeling. Instruction will include theories and procedures associated with the implementation and management of GIS projects. A variety of GIS software packages will be used in the laboratory.
Prerequisite: Completion of GISC 1311 and DFTG 1309.

GISC 2335

Programming for GIS

CRT HRS:03  LEC HRS:02  LAB HRS:04
This course focuses on the use of programming languages to customize and expand the capability of GIS applications. Instruction will include object-oriented and component programming. Students will also design their own Graphical User Interface (GUI).
Prerequisite: Completion of or concurrent enrollment in GISC 2359, ITSE 2409.

GISC 2359

Web-Served Geographic Information Systems (GIS)

CRT HRS:03  LEC HRS:02  LAB HRS:04
This course covers the delivery of geographic data via the Internet. It includes composition of the map features distributed and an introduction on the use of markup languages to customize web-based Geographic Information Systems (GIS).
Prerequisite: Completion of or concurrent enrollment in GISC 2320, GISC 2303, ITSE 1411.

GISC 2364

Capstone: GIS Practicum

CRT HRS:03  LEC HRS:00
OFF CAMPUS LAB HRS:21
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: GISC 1311, GISC 2311, ITSE 2409.

GISC 2404

GIS Design with Vector Analysis

CRT HRS:04  LEC HRS:02  LAB HRS:04
This course uses GIS as a problem solving tool from the first stages of designing an analysis project, through the data collection and manipulation phase, to the final phase of presenting the project.
Prerequisite: GISC 1321, GISC 2303, and GISC 2359.

GRPH 1380

Capstone: Digital Imaging Design

CRT HRS:03  LEC HRS:01
OFF CAMPUS LAB HRS:20
This course will provide career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience.
Prerequisite: ARCT 1353, ARCT 1317, ARCE 1321, DFTG 2319, and DFTG 1317.

GRPH 2380

Capstone: Digital Imaging Design

CRT HRS:03  LEC HRS:01
OFF CAMPUS LAB HRS:20
This course will provide career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience.
Prerequisite: IMED 2311, ARTV 1341, ARTV 1351, ARCT 2340.

IMED 2311

Portfolio Development

CRT HRS:03  LEC HRS:02  LAB HRS:04
This course places emphasis on preparation and enhancement of portfolio to meet professional standards, development of presentation skills, and improvement of job-seeking techniques.
Prerequisite: ARCE 1321, ARTC 2347, ARTC 2331 and DFTG 2340.

PHTC 1347

Landscape Photography

CRT HRS:03  LEC HRS:02  LAB HRS:04
This course provides skill development in the inspection of the landscape visually and photographically utilizing various
camera formats. Topics include exploration of historic, geographical, and cultural locations, and review of landscape photographers. Prerequisite: PHTC 2331.

**PHTC 2331 Architectural Photography**

CRT HRS:03  LEC HRS:02  LAB HRS:04  This course is an introductory overview of surveying equipment and measurement techniques used in mapping. Emphasis will be placed on leveling and traversing for preparing a map. Prerequisite: DFTG 1309, MATH 1414 or TECM 1303.

**SRVY 1313 Plane Surveying**

CRT HRS:03  LEC HRS:02  LAB HRS:04  This course is an introductory overview of surveying equipment and measuring techniques necessary for the photography of building exteriors and interiors, dusk/night and night architectural landscapes, and construction progress. Prerequisite: ARTC 1217.

**SRVY 1313 1341**

**Surveying Calculations I**

CRT HRS:03  LEC HRS:03  LAB HRS:00  This course is an introduction to the mathematics used in surveying and mapping, eg., Algebra, plane trigonometry, and plane, solid and analytical geometry. Prerequisite: DFTG 1309, MATH 1414 or TECM 1303.

**SRVY 1341**

**Land Surveying**

CRT HRS:03  LEC HRS:02  LAB HRS:04  This course is a study of the measurement and determination of boundaries, areas, shapes, and location through traversing techniques. Instruction will be provided in a variety of adjustment methods using programmed and non-programmed hand-held calculators and computers. Methods of traversing and adjustment of errors according to prevailing and applicable professional standards will also be covered. Prerequisite: SRVY 1313.

**SRVY 1342**

**Global Positioning System Techniques For Survey/Mapping**

CRT HRS:03  LEC HRS:02  LAB HRS:04  This course is an introduction to Global Positioning System (GPS) in surveying and mapping activities. Major topics include structuring a GPS system; designing a GPS data collection project; using GPS data collection equipment; collecting and processing GPS data; and correcting data errors. Prerequisite: SRVY 1313 and DFTG 2330.

**SRVY 1380**

**Cooperative Education**

CRT HRS:03  LEC HRS:01  OFF CAMPUS LAB HRS:20  This is an intermediate course with career-related activities encountered in the student's specialization offered through an individualized agreement among the college, employer, and the student. Under supervision of the college and the employer, the student combines classroom learning with work experience. This course includes a lecture component. Prerequisite: SRVY 1315, DFTG 2221, DFTG 2319, DFTG 1371.

**SRVY 2309**

**Computer Aided Mapping**

CRT HRS:03  LEC HRS:02  LAB HRS:04  This is an intermediate to advanced level course designed to teach the student how to produce a survey map using appropriate software and coordinate geometry. Production of survey maps and plats, civil engineering design drawings and topographical maps utilizing coordinate geometry will also be covered. Prerequisite: DFTG 2319, SRVY 1313, DFTG 2321 and DFTG 2330.

**SRVY 2313**

**Control Surveying**

CRT HRS:03  LEC HRS:03  LAB HRS:00  This course emphasizes field astronomy calculations, state plane coordinates and the reduction of information received from Global Positioning System receivers. Prerequisite: SRVY 1341, DFTG 2221, and DFTG 2330.

**SRVY 2339**

**Engineering Design Surveying**

CRT HRS:03  LEC HRS:02  LAB HRS:04  This course is a study of the theory and field methods of surveying alignments, to include highway routes, pipelines, utility and waterway construction, transmission lines and site staking. It also includes the study of horizontal circular curves, parabolic curves, areas, and earthwork volumes. Prerequisite: SRVY 1341, DFTG 2221, DFTG 2330, and SRVY 1342.

**SRVY 2380**

**Cooperative Education**

CRT HRS:03  LEC HRS:01  OFF CAMPUS LAB HRS:20  This is an intermediate course with career-related activities encountered in the student's specialization offered through an individualized agreement among the college, employer, and the student. Under supervision of the college and the employer, the student combines classroom learning with work experience. This course includes a lecture component. Prerequisite: DFTG 2228.

**COMPUTER AND INFORMATION TECHNOLOGIES**

**CITP 3302**

**Advanced Networking (Networking +)**

CRT HRS:03  LEC HRS:02  LAB HRS:02  This course prepares individuals for a career as a Network Engineer in the Information Technology support industry. Students will be taught the various responsibilities and tasks required for service engineer to successfully perform in a specific environment. Prerequisite: ITNW 2421.

**CITP 3305**

**System Analysis and Design**

CRT HRS:03  LEC HRS:02  LAB HRS:02  This course provides a systematic approach to developing computer-based information systems utilizing the system development life cycle (SDLC) with the emphasis on analysis and design. Students will participate in a real-world project that will enable them to implement certain facets of system development. Topics include feasibility study/project planning, requirements definition and analysis, and user interface design. Prerequisite: None.

**CITP 3310**

**Survey of Programming Languages**

CRT HRS:03  LEC HRS:02  LAB HRS:02  This course introduces two languages. One language will be a common programming language and the other will be a common scripting language. The concepts covered in the programming language will include simple input and output, conditionals, and use of standard structures in the language. The concepts covered in the scripting language will include formatting, enhancements and error detection. Prerequisite: ITSE 1431 or COSC 1430 and CITP 3305.

**CITP 3312**

**Fundamentals of Information Security**

CRT HRS:03  LEC HRS:02  LAB HRS:02  This course synthesizes technical material covered in prior courses to monitor, audit, analyze, and revise computer and network security systems to ensure appropriate levels of security. Prerequisite: DFTG 1309, MATH 1414 or TECM 1303.
of protection are in place. 
Prerequisite: ITNW 2421.

CITP 3320 Database Management
CRT HRS:03 LEC HRS:02 LAB HRS:02
In this course, the logical concept and physical organization of relational database management systems are studied. The SQL language will be used extensively in exploring and querying databases. Students will receive extensive hands-on skills for designing, analyzing and implementing a relational database using Oracle. 
Prerequisite: CITP 3310.

CITP 3360 Digital Image Processing and Presentation
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course provides a basic competency in preparation and creation of photo quality images. Topics may include cropping, color adjustments, restoration of damage, adding and removing elements and animated images. 
Prerequisite: None.

CITP 4301 Capstone: Computer and Information Technology Internship
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course presents a work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer. 
Prerequisite: Senior standing and program chair approval.

CITP 4316 Advanced Web Design
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course will introduce the paradigm of web development by utilizing server-side technology. Data-driven web applications will be created by applying programming, security, and database management techniques. Topics include, but are not limited to, dynamic web page generation, basic web server configuration and database connectivity. 
Prerequisite: CITP 3310 and ITSE 1411 or COSC 1315.

CITP 4330 Advanced Network Security
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course prepares students to synthesize technical material covered in prior courses to perform a comprehensive security audit on a network infrastructure. Includes configuring secure hardware and software firewalls. Emphasis will be placed on overall network security processes and competencies covered on security certification exams. 
Prerequisite: CITP 3312.

CITP 4340 Special Topics Course-CIT
CRT HRS:03 LEC HRS:02 LAB HRS:02
In this course, students will utilize knowledge from previous course work to create a programming project. The programming project has to adhere to the given topic of study. The topic of study chosen by the instructor may change from semester to semester. 
Prerequisite: CITP 4350.

CITP 4345 Data Communications - Convergent Technologies
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course focuses on a study of telecommunications convergent technologies including telephone, LAN, WAN, wireless, voice, video, and internet protocol. 
Prerequisite: CITP 3302.

CITP 4350 Advanced Computer Programming
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course will introduce students to more advanced concepts in computer programming languages. Topics may include Graphical User Interface, Database Connectivity, Threads, and Network Programming. 
Prerequisite: CITP 3310.

COSC 1305 Business Computer Applications
CRT HRS:03 LEC HRS:02 LAB HRS:03
In this course, students will study computer terminology, hardware, and software related to the business environment. The focus of this course is on business productivity software applications and professional behavior in computing, including word processing (as needed), spreadsheets, databases, presentation graphics, and business-oriented utilization of the Internet. 
Prerequisite: None.

COSC 1306 Programming Fundamentals II
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is a review of control structures and data types with emphasis on structured data types. This course applies the object-oriented programming paradigm, focusing on the definition and use of classes along with the fundamentals of object-oriented design. It includes basic analysis of algorithms, searching and sorting techniques, and an introduction to software engineering. 
Prerequisite: COSC 1436 with a grade of "C" or better.

COSC 1325 Computer Programming
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is an introduction to computer programming. Emphasis is on the fundamentals of structured design, development, testing, implementation, and documentation. It includes coverage of language syntax, data and file structures, input/output devices, and disks/files. Primary emphasis is on Java Script and XHTML Web design programming. 
Prerequisite: COSC 1301 with a grade of "C" or better.

COSC 1330 Advanced Network Security
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is an introduction to computer programming using Visual Basic .Net. Emphasis is placed on structured design, graphical user interfacing, and documentation. It includes coverage of language syntax, processing, elementary
file processing and the access, manipulation and use of databases by Visual Basic .Net designed applications.

Prerequisite: COSC 1301 with a grade of "C" or better.

Recommended: COSC 1315 with a grade of "C" or better.

- COSC 1436 Programming Fundamentals I
  CRT HRS:04 LEC HRS:03 LAB HRS:02
  This course introduces the fundamental concepts of structured programming. Topics include software development methodology, data types, control structures, functions, arrays, and the mechanics of running, testing, and debugging. This course assumes computer literacy.
  Prerequisite: COSC 1337 with a grade of "C" or better.

- COSC 2325 Computer Organization & Machine Language
  CRT HRS:03 LEC HRS:02 LAB HRS:03
  This is an introduction to computer organization, machine language programming and assembly programming language. Topics include basic instructional sets, coding arithmetic problems, logical operations, indexing, indirect addressing, digital representation of data, MACRO commands, MACRO programming techniques and subroutines.
  Prerequisite: COSC 1436 with a grade of "C" or better.

- COSC 2330 Advanced Structured Languages
  CRT HRS:03 LEC HRS:02 LAB HRS:03
  In this course, students will become familiar with further applications of programming techniques. Topics may include file access methods, data structure and modular programming, program testing and documentation, and other topics not normally covered in an introductory computer programming course such as concepts of object-orientation using Java language, exploring the UNIX file system and file security, UNIX editors, UNIX file processing, advanced file processing, introduction to shell script programming, advanced shell programming, exploring UNIX utilities, Perl and CGI programming.
  Prerequisite: COSC 2336 with a grade of "C" or better.

- COSC 2336 Programming Fundamentals III
  CRT HRS:03 LEC HRS:02 LAB HRS:03
  This course includes further applications of programming techniques, introducing the fundamental concepts of data structures and algorithms. Topics include recursion, fundamental data structures (including stacks, queues, linked lists, hash tables, trees, and graphs), and algorithmic analysis.
  Prerequisite: COSC 1337 with a grade of "C" or better.

CONSTRUCTION SUPERVISION

CNBT 1166 Capstone: Practicum I
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:00
This course is a practical, general workplace training supported by an individualized learning plan developed by the employer, College and student. The student will be required to, as outlined in the learning plan, apply the theory, concept and skills involving specialized materials, tools, equipment, procedures, regulations, laws, and interactions within and among political, economic, environmental, social, and legal and ethical behavior, safety practices, interpersonal and teamwork skills, and appropriate written and verbal communication skills, using the terminology of the occupation and the business/industry.
Prerequisite: Concurrent enrollment in MATH 0090 or completion of equivalent. Recommended: MATH 1414 with a grade of "C" or better.

CNBT 1309 Basic Construction Management
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course provides an integrated look at the practice of construction management on the job site to introduce the basic skills used in human resources management. Students will be able to identify the tools and techniques used by the job site manager in planning and scheduling a construction project; develop a basic site layout plan for equipment and materials delivery and erection process; develop a basic safety and loss control plan for a typical construction project; and explain the use of construction documents on the construction project.
Prerequisite: None.

CNBT 1316 Construction Technology I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to site preparation of foundations and forming work, safety, tools, and equipment. Students will be required to explain safety practices and procedures; identity and demonstrate the use of tools and equipment; identify and estimate material requirements from blueprints; and demonstrate proper methods and techniques used in various types of site preparation and foundation.
Prerequisite: Completion of or concurrent enrollment in ARCE 1303 and DFTG 1215.

CNBT 1346 Construction Estimating I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to the fundamentals of estimating materials and labor costs in construction. The student will be required to explain estimating procedures; estimate materials from blueprints; and calculate labor units and costs.
Prerequisite: CNBT 2304.

CNBT 1350 Construction Technology II
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to framing in residential and light commercial construction to include safety, tools and equipment used in floor, wall, ceiling, and roof framing methods and systems.
Prerequisite: CNBT 1316, CNBT 2304.

CNBT 1380 Capstone: Cooperative Education
CRT HRS:03 LEC HRS:01 OFF CAMPUS LAB HRS:00
This course is a career-related activities encountered in the student’s area specialization offered through an individualized agreement among the College, employer and student. Under the supervision of the College and the employer, the student combines classroom learning with work experience in combination with a lecture component. The student will be required to, as outlined in the learning plan, apply the theory, concept and skills involving specialized materials, tools, equipment, procedures, regulations, laws, and interactions within
and among political, economic, environmental, social, and legal and ethical behavior, safety practices, interpersonal and teamwork skills, and appropriate written and verbal communication skills using the terminology of the occupation and the business/industry. Prerequisite: CNBT 2350, CNBT 2344, and CNBT 2337.

CNBT 2304
Construction Methods and Materials II
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a continuation of the study of the properties of building materials, methods and equipment for their integrated use in completing construction projects. The student will be required to identify materials used in construction; identify and describe the basic characteristics, traditional uses for, and manner of assembly of common materials used in construction.
Prerequisite: ARCE 1303, DTFG 1315.

CNBT 2305
Building and Contracting
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course will present the basic process of organizing and operating a building or contracting business. The student will be expected to define the terms used in construction as they relate to building and contracting; describe the organizational structure of a successful construction business; list the duties of owner, accountant, estimator, salesman, superintendent, and other field personnel; define methods used in selecting, coordinating, and dealing with subcontractors; develop a marketing approach that includes methods used in determining local market needs, selecting building lots, determining sale prices, and advertising; develop financial controls for a construction business; and develop a scheduling system.
Prerequisite: CNBT 2315.

CNBT 2315
Construction Specifications and Contracts
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to legal aspects of written construction specifications including tax, insurance, and lien requirements as well as implementation, modification, and administration. The student will be required to describe the purpose of construction specifications; list and describe the Construction Specifications Institute (CSI) divisions in contract documents; identify the typical legal documents required for construction; and explain the purpose of general and special conditions.
Prerequisite: CNBT 1309, CNBT 2342.

CNBT 2317
Green Building
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is an introduction to methods and materials used for buildings that conserve energy, water and human resources. The student will be required to explain the concept of Green Building; select equipment to build rain water harvesting systems; and identify appropriate materials to build exterior and interior systems that reflect “Green by Design” concepts.
Prerequisite: CNBT 2304.

CNBT 2335
Computer-Aided Construction Scheduling
CRT HRS:03 LEC HRS:02 LAB HRS:04
This is an advanced construction scheduling course utilizing computer scheduling software to perform various scheduling procedures. The student will be required to identify and select scheduling software programs; develop construction schedules with computer programs; and explain components and procedures in scheduling.
Prerequisite: CNBT 2342.

CNBT 2337
Construction Estimating II
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a continuation in advanced estimating concepts using computer software programs for construction and crafts. The student will be expected to identify and utilize various estimating resources; determine types of estimating needed in construction; calculate quantities, costs, and time units; and develop computerized reports for detailed construction estimates.
Prerequisite: CNBT 1346.

CNBT 2342
Construction Management I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to human relations management skills in motivation on the job site. Topics include written and oral communications, leadership and motivation, problem solving, and decision making.
Prerequisite: CNBT 1309.

CNBT 2344
Construction Management II
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a management course in contract documents, safety, planning, scheduling, production control, and law and labor. Topics include contracts, planning, cost and production peripheral documents, and cost and work analysis.
Prerequisite: CNBT 2342.

CNBT 2346
Construction Management III
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an advanced course in construction safety, project management, scheduling, material handling, layout, payment scheduling, and inspection. The student will be expected to apply knowledge of construction safety procedures; describe project layout, payment scheduling, and job inspection; and develop a schedule and material handling layout plan.
Prerequisite: CNBT 2344 and completion of or concurrent enrollment in CNBT 2335.

OSHT 1313
Accident Prevention, Inspection and Investigation
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course provides a basis for understanding the nature of occupational hazard recognition, accident prevention, loss reduction, inspection techniques, and accident investigation analysis. The student will be required to describe the components of an effective accident investigation; analyze factors which contributed to accidents; recommend appropriate changes to prevent further accidents; and explain the components of an effective safety inspection and make appropriate recommendations to correct hazards identified by the inspection.
Prerequisite: CNBT 1342, CNBT 2344.

CRIMINAL JUSTICE

◆ CRU 1301
Introduction to Criminal Justice
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a multi-disciplinary overview and analysis of the major agencies, personnel and decision-making points which comprise the criminal justice system. Included are a survey of problems and issues confronting legislatures, police, courts, corrections and the community as they respond to crime in a free society. Legal precedents guiding the decisions of criminal justice agents are also discussed.
Prerequisite: Completion of READ 0100 with a grade of “C” or better or equivalent.

◆ CRU 1306
Court Systems and Practices
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of procedural
regulations that guide the processing of criminal cases through the criminal justice system with emphasis on the Texas Code of Criminal Procedure and rules of evidence. Included is a discussion of due process rights of the criminal defendant from arrest through confinement, as well as issues related to the administration of capital punishment.

Prerequisite: Completion of READ 0100 with a grade of "C" or better equivalent.

**CRU 1310 Fundamentals of Criminal Law**

CRJ HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of the nature of criminal law; historical and philosophical development of law in society; major definitions and concepts; classifications of crime; elements of crime and penalties using the Texas statutes as illustrations, and criminal responsibility.

Prerequisite: Completion of READ 0100 with a grade of "C" or better equivalent.

**CRU 2328 Police Systems and Practices**

CRJ HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of the police profession; organization of law enforcement systems; the police role; police discretion; ethics; police-community interaction; and current and future issues in the police profession.

Prerequisite: Completion of READ 0100 with a grade of "C" or better equivalent.

**CULINARY ARTS**

**CHEF 1264 Capstone: Practicum I**

CRJ HRS:02 LEC HRS:00
OFF CAMPUS LAB HRS:16
This course is a capstone experience for the certificate students. This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college and the student.

Prerequisite: Second semester standing in the Commercial Cooking Certificate.

**CHEF 1301 Basic Food Preparation**

CRJ HRS:03 LEC HRS:02 LAB HRS:04
This course is a study of the fundamental principles of food preparation and cookery to include the Brigade System, cooking techniques material handling, heat transfer, sanitation, safety, nutrition, and professionalism.

Prerequisite: None.

**CHEF 1305 Sanitation and Safety**

CRJ HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of personal cleanliness; sanitary practices in food preparation; causes, investigation, and control of illness caused by food contamination (Hazard Analysis Critical Control Points); and work place safety standards.

Prerequisite: None.

**CHEF 1345 International Cuisine**

CRJ HRS:03 LEC HRS:02 LAB HRS:02
This course explores classical cooking skills associated with the preparation and service of international and ethnic cuisines. Topics include similarities between food production systems used in the United States and other regions of the world.

Prerequisite: CHEF 1301, CHEF 1305.

**CHEF 2264 Capstone: Practicum II**

CRJ HRS:02 LEC HRS:00
OFF CAMPUS LAB HRS:14
This course is a capstone experience for the A.A.S. students. This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college and the student.

Prerequisite: Fourth semester standing in the Associate of Applied Science degree in Culinary Arts.

**CHEF 2301 Intermediate Food Preparation**

CRJ HRS:03 LEC HRS:02 LAB HRS:03
This course is a continuation of CHEF 1301, Basic Food Preparation. Topics include the concept of pre-cooked food items, as well as scratch preparation. This course covers a full range of food preparation techniques.

Prerequisite: CHEF 1301, CHEF 1305.

**CHEF 2331 Advanced Food Preparation**

CRJ HRS:03 LEC HRS:02 LAB HRS:03
This course reinforces the course material of Intermediate Food Preparation. Topics include the concept of pre-cooked food items and the preparation of canapés, hors d’œuvres, and breakfast items.

Prerequisite: Current Food Handlers Card or ServSafe Certified Food Protection Manager card, CHEF 1305, and RSTO 2307.

**PSTR 1264 Capstone: Practicum I**

CRJ HRS:02 LEC HRS:00
OFF CAMPUS LAB HRS:14
This course is a capstone experience for the certificate students. This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college and the student.

Prerequisite: Second semester standing in the Commercial Baking Certificate.

**PSTR 1301 Fundamentals of Baking**

CRJ HRS:03 LEC HRS:02 LAB HRS:04
This course explores the fundamentals of baking including dough, quick breads, pies, cakes, cookies, tarts, and doughnuts. Instruction in flours, fillings and ingredients is also included. Topics include baking terminology, tool and equipment use, formula conversions, functions of ingredients, and the evaluation of baked products.

Prerequisite: None.
This course introduces the principles, concepts and systems of professional table service. Topics will include dining room organization, scheduling and management of food service personnel.

Prerequisite: Current Food Handlers Card or ServSafe Certified Food Protection Manager card and CHEF 1305.

This course is a study of the beverage service of the hospitality industry including spirits, wines, beers, and non alcoholic beverages. Topics will include purchasing, resource control, legislation, marketing, physical plant requirements, staffing, service, and the selection of wines to enhance foods.

Prerequisite: None.

This course is an introduction to, skills, concepts and techniques of cake decorating.

Prerequisite: None.

This course is a study of classical cake decorating. Emphasis is placed on safety, physical conditioning, and associated resources, both local and national. This basic course promotes tap dance as an enjoyable, practical and viable life-long physical activity and artistic endeavor.

Prerequisite: None.

This course offers knowledge and skill development in the basics of classical Russian ballet technique. Emphasis will be placed on correct alignment, basic barre work, simple center floor work, and ballet vocabulary.

Prerequisite: None.

This course is a study of financial management, marketing, supervision and sanitation principles required in retail bakery operations. Emphasis is on cost control, pricing, computer usage, and personnel issues.

Prerequisite: None.

This course is an introduction to management, marketing, supervision, and sanitation principles required in traditional truffles, creams and ices, chocolate work, desserts, French and international pate de fruit.

This course is a study of production and presentation techniques of American and European style pie and tart fillings and dough, cookies, teacakes, custard and batters. Instruction is on finishing and presentation techniques.

Prerequisite: None.

This course concentrates on the fundamental principles of baking and rolling. Emphasis is placed on safety, physical conditioning, reinforcing principles of wellness are infused and integrating the components of fitness/wellness, and exploring resources, both local and national.

Prerequisite: CHEF 1305 and PSTR 1301.

This course is a study of financial controls of food service operation including review of operation policies and procedures. Topics will include financial budgeting and cost analysis emphasizing food and beverage labor costs, operational analysis, and international and regulatory reporting procedures.

Prerequisite: None.

This course is an introduction to jazz dance. Students are introduced to jazz dance history, terminology, theory, criticism, techniques, individual skills, movement fundamentals, improvisation, choreography, music selection, etc. Emphasis is placed on safety, cognitive and psychomotor skill development, physical conditioning, and reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources.

Promoting the activity (discipline) as an enjoyable, viable life-long fitness or recreational endeavor is stressed.

Prerequisite: None.

This course is a study of the beverage service personnel.

Prerequisite: CHEF 1305 and PSTR 1301.

This course is an introduction to American and European style pie and tart fillings and dough, cookies, teacakes, custard and batters. Instruction is on finishing and presentation techniques.

Prerequisite: None.

This introductory dance course focuses on fundamental knowledge, skills, and applications of modern dance. Students are introduced to modern dance history, terminology, theory, criticism, techniques, individual skills, movement fundamentals, improvisation, choreography, music selection, etc. Emphasis is placed on safety, cognitive and psychomotor skill development, physical conditioning, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources.

Promoting the activity (discipline) as an enjoyable, viable life-long fitness or recreational endeavor is stressed.

Prerequisite: None.

This introductory dance course focuses on the fundamental knowledge, skills, and applications of jazz dance. Students are introduced to jazz dance history, terminology, attire, theory, criticism, techniques, individual skills, movement fundamentals, choreography, music selection, etc. Concepts of fitness and the principles of wellness are infused and reinforced throughout the course. Emphasis is placed on safety, cognitive and psychomotor skill development, physical conditioning, and associated resources, both local and national. This basic course promotes tap dance as an enjoyable, practical and viable life-long physical activity and artistic endeavor.

Prerequisite: None.

This introductory dance (physical activity) course focuses on fundamental knowledge, skills, and applications of modern dance. Students are introduced to modern dance history, terminology, theory, criticism, techniques, individual skills, movement fundamentals, improvisation, choreography, music selection, etc. Emphasis is placed on safety, cognitive and psychomotor skill development, physical conditioning, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources.

Promoting the activity (discipline) as an enjoyable, viable life-long fitness or recreational endeavor is stressed.

Prerequisite: None.

This introductory dance (physical activity) course focuses on the fundamental knowledge, skills, and applications of jazz dance. Students are introduced to jazz dance history, terminology, attire, theory, criticism, techniques, individual skills, movement fundamentals, choreography, music selection, etc. Concepts of fitness and the principles of wellness are infused and reinforced throughout the course. Emphasis is placed on safety, cognitive and psychomotor skill development, physical conditioning, and associated resources, both local and national. This basic course promotes tap dance as an enjoyable, practical and viable life-long physical activity and artistic endeavor.

Prerequisite: None.
cognitive and psychomotor skill development, physical conditioning, and associated resources, both local and national. This basic dance course promotes jazz dance as an enjoyable, practical, and viable life-long physical activity and artistic endeavor.

Prerequisite: None.

DANC 1248 Jazz Dance II
CRT HRS:02 LEC HRS:01 LAB HRS:02
This secondary dance (physical activity) course focuses on the fundamental knowledge, skills, and application of classical dance, emphasizing Jazz. Students are introduced to detailed jazz dance history, terminology, attire, theory, criticism, techniques, individual skills, movement fundamentals, choreography, music selection, etc. Posture, hand positioning, feet positioning, body isolations and overall coordination are practiced. Emphasis is placed on safety, cognitive and psychomotor skill development, physical conditioning, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. Promoting the activity (discipline) as an enjoyable, practical and viable life-long fitness or recreational endeavor is encouraged.

Prerequisite: DANC 1247 or permission from the Instructor.

DANC 1253 Spanish Ballet I
CRT HRS:02 LEC HRS:01 LAB HRS:02
This introductory dance (physical activity) course focuses on fundamental knowledge, skills and applications of Spanish/Mexican folkloric dance. Students are introduced to (Mexican) folkloric dance history, terminology, theory, criticism, techniques, individual skills, movement fundamentals, improvisation, choreography, music selection, etc. Emphasis is placed on safety, cognitive and psychomotor skill development, physical conditioning, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. Promoting the activity (discipline) as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.

Prerequisite: None.

DANC 2303 Dance Appreciation
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course focuses on an Introduction to the theory of Western dance performance forms, including ballet, modern dance, jazz, post-modern dance, and Spanish Folkloric dance. Emphasis is placed on how to understand, enjoy, and appreciate the complexities of dance terminology, history, evolution, symbolism, and cultural applications, as pertaining to the various forms of dance.

Prerequisite: Completion of READ 0200 or equivalent.

DIESEL TECHNOLOGY

DEMR 1229 Preventative Maintenance
CRT HRS:02 LEC HRS:01 LAB HRS:02
This is an introductory course designed to provide the student with basic knowledge of proper servicing practices. Content includes record keeping and condition of major systems.

Prerequisite: Completion of or concurrent enrollment in DEMR 1401.

DEMR 1230 Steering & Suspension I
CRT HRS:02 LEC HRS:01 LAB HRS:04
This course is a study of design, function, maintenance, and repair of steering and suspension systems. Emphasis is on troubleshooting and repair of failed components.

Prerequisite: DEMR 1401.

DEMR 1266 Capstone: Practicum
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:20
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.

Prerequisite: Permission from the department.

DEMR 1303 Basic Driving Skills
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is an introduction to the basic principles of electrical systems of diesel powered equipment with emphasis on starters, alternators, and batteries.

Prerequisite: Completion of or concurrent enrollment in DEMR 1401.

DEMR 1410 Diesel Engine Testing and Repair I
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course is an introduction to testing and repairing diesel engines including related systems specialized tools.

Prerequisite: Completion of or concurrent enrollment in DEMR 1401.

DEMR 1416 Basic Hydraulics
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course covers the fundamentals of hydraulics including components and related systems.

Prerequisite: Completion of or concurrent enrollment in DEMR 1401.

DEMR 1417 Basic Brake Systems
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course is an introduction to the basic principles of brake systems of diesel powered equipment. Emphasis is placed on maintenance, repairs, and troubleshooting.

Prerequisite: DEMR 1401.

DEMR 1442 Power Train Applications I
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course provides in-depth coverage of the mechanics and theory of power trains. Emphasis is placed on disassembly, inspection, and repair of power train components.

Prerequisite: DEMR 1401.

DEMR 2432 Electronic Controls
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course covers advanced skills in diagnostic and programming techniques of electronic control systems.

Prerequisite: DEMR 1410, DEMR 1401, and DEMR 1405.

DRAMA

DRAMA 1120 Theater Practicum I
CRT HRS:01 LEC HRS:00 LAB HRS:03
This course is a practicum in theater with an emphasis on technique and procedures with experience gained in play productions.

Prerequisite: None.
◆DRAM 1121  
Theater Practicum II  
CRT HRS:01  LEC HRS:00  LAB HRS:03

This course is a practicum in theater with an emphasis on technique and procedures with experience gained in play productions.  
Prerequisite: None.

◆DRAM 1310  
Introduction to Theater  
CRT HRS:03  LEC HRS:03  LAB HRS:00

This course is a survey of theater including its history, dramatic works, stage techniques, production procedures, and relation to other art forms. Participation in productions may be required.  
Prerequisite: Completion of READ 0200 or equivalent.

◆DRAM 1330  
Stagecraft I  
CRT HRS:03  LEC HRS:02  LAB HRS:03

This course is a study and application of visual aesthetics of design which may include the physical theater, scenery construction and painting, properties, lighting, costume, makeup and backstage organization.  
Prerequisite: None.

◆DRAM 1341  
Makeup  
CRT HRS:03  LEC HRS:02  LAB HRS:03

This is a course in design and execution of makeup for the purpose of developing believable characters. It includes discussion of basic makeup principles and the practical experience of makeup application.  
Prerequisite: None.

◆DRAM 1342  
Introduction to Costume  
CRT HRS:03  LEC HRS:02  LAB HRS:03

This course is a study of the principles and techniques of costume design and construction for theatrical productions.  
Prerequisite: None.

◆DRAM 1351  
Acting I  
CRT HRS:03  LEC HRS:03  LAB HRS:00

This course is an introduction to the fundamental principles and tools of acting as used in auditions, rehearsals, and performances. This may include ensemble performing, character and script analysis, and basic theater terminology. This exploration will emphasize the development of the actor’s instrument: voice, body and imagination.  
Prerequisite: None.

◆DRAM 1352  
Acting II  
CRT HRS:03  LEC HRS:03  LAB HRS:00

This course provides exploration and further training within the basic principles and tools of acting, including an emphasis on critical analysis of oneself and others. The tools include ensemble performing, character and script analysis, and basic theater terminology. This will continue the exploration of the development of the actor’s instrument: voice, body and imagination.  
Prerequisite: DRAM 1351.

◆DRAM 2120  
Theater Practicum III  
CRT HRS:01  LEC HRS:00  LAB HRS:03

This course is a practicum in theater with an emphasis on technique and procedures with experience gained in play productions.  
Prerequisite: None.

◆DRAM 2366  
Introduction to Cinema  
CRT HRS:03  LEC HRS:03  LAB HRS:00

This course will survey and analyze cinema including history, film techniques, production procedures, selected motion pictures, and cinema’s impact on and reflection of society.  
Prerequisite: None.

◆DRAM 2389  
Academic Cooperative  
CRT HRS:03  LEC HRS:01  LAB HRS:06

This is an instructional program designed to integrate on-campus study with practical hands-on work experience. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of drama.  
Prerequisite: Permission of the department.

ECONOMICS

◆ECON 2301  
Principles of Economics I- Macro  
CRT HRS:03  LEC HRS:03  LAB HRS:00

This course introduces basic macroeconomic concepts and methods. Primary emphasis is placed on supply and demand, demand elasticity, market structure differentiation, and government regulation.  
Prerequisite: Successful completion of MATH 0085 or satisfactory score on placement test.

EDUCATION

◆EDUC 1300  
Learning Framework  
CRT HRS:03  LEC HRS:03  LAB HRS:00

This course is a study of the research and theory in the psychology of learning, cognition, and motivation, factors that impact learning, and application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned.  
Prerequisite: None.

◆EDUC 1301  
Introduction to the Teaching Profession  
CRT HRS:03  LEC HRS:03  LAB HRS:01

This is an enriched, integrated pre-service course and content experience that provides active recruitment and institutional support of students interested in a teaching career, especially in high need fields; provides students with opportunities to participate in early field observations at all levels of P-12 schools with varied and diverse student populations; and provides students with support from college and school faculty for the purpose of introduction to and analysis of the culture of schooling and classrooms. This course includes a 16 contact hour lab component in P-12 classrooms.  
Prerequisite: None.

◆EDUC 2301  
Introduction to Special Populations  
CRT HRS:03  LEC HRS:03  LAB HRS:01

This is an enriched, integrated pre-service course and content experience that provides an overview of schooling and classrooms from the perspectives of language, gender, socioeconomic status, ethnic and academic...
diversity, and equity with an emphasis on factors that facilitate learning; and provides students with opportunities to participate in early field observations of P-12 special populations. This course includes a 16 contact hour lab component with special populations in P-12 schools.

**Prerequisites:** EDUC 1301.

---

**ELECTRICIAN TECHNOLOGY**

**ELMT**

**1402 Solar Photovoltaic Systems**

CRT HRS:04 LEC HRS:03 LAB HRS:03

This course is a study in design and installation of solar photovoltaic systems and their applications. Students will be required to design a solar photovoltaic array, define industry terms, investigate certification requirements, and install and troubleshoot systems.

**Prerequisites:** ELMT 1457, ELMT 2419.

---

**ELPT**

**1221 Introduction to Electrical Safety and Tools**

CRT HRS:02 LEC HRS:02 LAB HRS:01

This course covers safety rules and regulations. Topics include the selection, inspection, use, and maintenance of common tools for electricians.

**Prerequisites:** None.

---

**1325 National Electrical Code I**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course is an introductory study of the National Electric Code (NEC) for those employed in fields requiring knowledge of the Code. Emphasis is on wiring design, protection, methods, and materials; equipment for general use; and basic calculations.

**Prerequisites:** None.

---

**1419 Fundamentals of Electricity I**

CRT HRS:04 LEC HRS:03 LAB HRS:03

This course is an introduction to basic direct current (DC) theory including electron theory and direct current applications.

**Prerequisites:** None.

---

**1420 Fundamentals of Electricity II**

CRT HRS:04 LEC HRS:03 LAB HRS:03

This course introduces alternating current (AC). Includes AC voltage, frequency, mechanical and electrical degrees, waveforms, resistors, capacitors, and inductors.

**Prerequisites:** ELPT 1221, ELPT 1421, ELPT 1425, and ELPT 1429.

---

**1429 Residential Wiring**

CRT HRS:04 LEC HRS:03 LAB HRS:03

This course covers wiring methods, for single family and multi-family dwellings. It includes load calculations, service entrance sizing, proper grounding techniques, and associated safety procedures.

**Prerequisites:** None.

---

**1445 Commercial Wiring**

CRT HRS:04 LEC HRS:03 LAB HRS:03

This course provides instruction in commercial wiring methods. It includes over current protection, raceway panel board installation, proper grounding techniques, and associated safety procedures.

**Prerequisites:** ELPT 1221, ELPT 1419, ELPT 1325, and ELPT 1429.

---

**1457 Industrial Wiring**

CRT HRS:04 LEC HRS:03 LAB HRS:03

This course provides instruction in wiring methods used for industrial installations. It includes motor circuits, raceway and busway installations, proper grounding techniques, and associated safety procedures.

**Prerequisites:** ELPT 1419, ELPT 1445.

---

**2264 Practicum Field Experience**

CRT HRS:02 LEC HRS:00

OFF CAMPUS LAB HRS:20

This course is a practical, general workplace training supported by an individualized learning plan developed by the employer, college and student. The student will be required to, as outlined in the learning plan, apply the theory, concept and skills involving specialized materials, tools, equipment, procedures, regulations, laws and interactions.

**Prerequisites:** ELPT 1457, ELPT 2419.

---

**2325 National Electrical Code II**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course provides in-depth coverage of the National Electrical Code (NEC) for those employed in fields requiring knowledge of the Code. Emphasis is placed on wiring protection and methods, special conditions, and advanced calculations.

**Prerequisites:** ELPT 1221, ELPT 1419, ELPT 1325, and ELPT 1429.

---

**2419 Programmable Logic Controllers I**

CRT HRS:04 LEC HRS:03 LAB HRS:03

This course covers the fundamental concepts of programmable logic controllers, principles of operation, and numbering systems as applied to electrical controls.

**Prerequisites:** ELPT 1419, ELPT 1445.

---

**2437 Electrical Planning and Estimating**

CRT HRS:04 LEC HRS:03 LAB HRS:03

This course is a study in planning and estimating for residential, commercial and industrial wiring systems to include a variety of electrical techniques. The student will be expected to list estimating procedures, formulate material and labor costs, identify types of bids, calculate cost adjustments and job costs and demonstrate the use of estimating forms.

**Prerequisites:** ELPT 1457, ELPT 2419.

---

**2447 Electrical Testing and Maintenance**

CRT HRS:04 LEC HRS:03 LAB HRS:03

This course covers proper and safe use of electrical power equipment test devices and the interpretation of test results. It includes protective relay testing and calibration, direct current (DC) testing, insulation power factor testing, and medium voltage switchgear.

**Prerequisites:** ELPT 1221, ELPT 1419, ELPT 1325, and ELPT 1429.

---

**HART**

**1411 Solar Fundamentals**

CRT HRS:04 LEC HRS:03 LAB HRS:03

This course is a study of heat transfer, motors, pumps and other mechanical devices; solid state switches; photovoltaic plates and energy conversion; thermal dynamics; and solar energy.

**Prerequisites:** None.

---

**WIND**

**2359 Wind Power Delivery System**

CRT HRS:03 LEC HRS:03 LAB HRS:01

This course is an in-depth study of the components, equipment, and infrastructure used in the production and transmission of electricity as related to wind turbine power and the input and output of electrical power delivery systems for wind generation.

**Prerequisites:** None.

---

**ELECTRONICS**

**CETT**

**1409 DC/AC Circuits**

CRT HRS:04 LEC HRS:03 LAB HRS:04

This course covers the fundamentals of DC circuits and AC circuits operation including Ohm’s law, Kirchhoff’s laws, networks, transformers, resonance, phasors, capacitive and inductive and circuit
## Course Descriptions

### CETT 1421 Electronic Fabrication
- **CRT HRS:** 04  
- **LEC HRS:** 03  
- **LAB HRS:** 03  
This course is a study of electronic circuit fabrication techniques including printed circuit boards, wire wrapping, bread boarding, and various soldering techniques.  
**Prerequisite:** CETT 1403.

### CETT 1425 Digital Fundamentals
- **CRT HRS:** 04  
- **LEC HRS:** 03  
- **LAB HRS:** 04  
This is an entry level course in digital electronics covering number systems, binary mathematics, digital codes, logic gates, Boolean algebra, Karnaugh maps, and combinational logic. Emphasis is placed on circuit logic analysis and troubleshooting digital circuits.  
**Prerequisite:** None.

### CETT 1445 Microprocessor
- **CRT HRS:** 04  
- **LEC HRS:** 03  
- **LAB HRS:** 04  
This is an introductory course in microprocessor software and hardware: architecture, timing sequence, operation, and programming. Discussion of appropriate software diagnostic language and tools will be included.  
**Prerequisite:** CETT 1403.

### CETT 2188 Capstone: Internship
- **CRT HRS:** 01  
- **OFF CAMPUS LAB HRS:** 06  
This is a work-based experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer.  
**Prerequisite:** CETT 2439.

### CETT 2189 Capstone: Internship
- **CRT HRS:** 01  
- **OFF CAMPUS LAB HRS:** 06  
This is a work-based experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer.  
**Prerequisite:** CETT 1407, CETT 1425 and EECT 1440.

### CPMT 1166 Capstone: Computer Systems Technology Practicum
- **CRT HRS:** 01  
- **LEC HRS:** 00  
- **OFF CAMPUS LAB HRS:** 10  
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.  
**Prerequisite:** CPMT 1411 or CPMT 1445.

### CPMT 1403 Introduction to Computer Technology
- **CRT HRS:** 04  
- **LEC HRS:** 03  
- **LAB HRS:** 04  
This is a fundamental computer course that provides in-depth explanation of the procedures to utilize hardware and software. Emphasis is placed on terminology, acronyms, and hands-on activities.  
**Prerequisite:** None.

### CPMT 1404 Microcomputer System Software
- **CRT HRS:** 04  
- **LEC HRS:** 03  
- **LAB HRS:** 04  
This course provides skill development in the installation, configuration, maintenance and troubleshooting of system software in microcomputers. Topics may include operating systems, utility software and other software affecting the basic operation of a microcomputer system.  
**Prerequisite:** None.

### CPMT 1407 Electronic and Computer Skills
- **CRT HRS:** 04  
- **LEC HRS:** 03  
- **LAB HRS:** 04  
This course covers the study of current electronic construction techniques including using common hand tools used in disassembly, repair, and re-assembly of electronics and computer components.  
**Prerequisite:** None.

### CPMT 1411 Introduction to Computer Maintenance
- **CRT HRS:** 04  
- **LEC HRS:** 03  
- **LAB HRS:** 04  
This course is an introduction to the installation, configuration, and maintenance of a microcomputer system.  
**Prerequisite:** None.

### CPMT 1445 Computer Systems Maintenance
- **CRT HRS:** 04  
- **LEC HRS:** 03  
- **LAB HRS:** 04  
This course is an examination of the functions of the components within a computer system. Development of skills in the use of test equipment, troubleshooting and maintenance aids is emphasized.  
**Prerequisite:** CPMT 1403 or CPMT 1411.

### CPMT 1447 Computer System Peripherals
- **CRT HRS:** 04  
- **LEC HRS:** 03  
- **LAB HRS:** 04  
This course covers theory and practices involved in computer peripherals, operation and maintenance techniques, and specialized test equipment.  
**Prerequisite:** CPMT 1411 or CPMT 1445.

### CPMT 2166 Capstone: Computer Systems Technology Practicum
- **CRT HRS:** 01  
- **LEC HRS:** 00  
- **OFF CAMPUS LAB HRS:** 12  
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.  
**Prerequisite:** CPMT 2433.

### CPMT 2188 Capstone: Internship-Computer Installation
- **CRT HRS:** 01  
- **LEC HRS:** 00  
- **OFF CAMPUS LAB HRS:** 06  
This course is a work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer.  
**Prerequisite:** CPMT 1403.

### CPMT 2288 Capstone: Internship-Computer Installation
- **CRT HRS:** 01  
- **LEC HRS:** 00  
- **OFF CAMPUS LAB HRS:** 12  
This course is a work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer.  
**Prerequisite:** CPMT 2433.

### CPMT 2350 Industry Certification Preparation
- **CRT HRS:** 03  
- **LEC HRS:** 02  
- **LAB HRS:** 03  
This course provides an overview of the objectives for the industry specific certification exam.
This course is a study of integration and maintenance of various home technology subsystems. Topics include home automation, security and surveillance, home networks, video and audio networks, and structured wiring.

Prerequisite: CPMT 2445 and CPMT 1449.

CPMT 2433
Computer Integration
CRT HRS:04 LEC HRS:03 LAB HRS:04
This is an advanced course in integration of hardware, software, and applications. Customization of computer systems for specific applications such as engineering, multimedia, or data acquisition is covered.

Prerequisite: CPMT 1445 and CPMT 1449.

CPMT 2445
Computer System Troubleshooting
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course includes principles and practices involved in computer system troubleshooting techniques and repair procedures including advanced diagnostic test programs and the use of specialized test equipment.

Prerequisite: CPMT 1445.

CPMT 2449
Advanced Computer Networking Technology
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is an in-depth study of networking technology with emphasis on network operating systems, network connectivity, hardware, and software. It includes implementation, troubleshooting, and maintenance of LAN and/or WAN network environments.

Prerequisite: CPMT 1449.

EECT 1403
Introduction to Telecommunications
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course provides an overview of the telecommunications industry. Topics include the history of the telecommunications industry, terminology, rules and regulations, and industry standards and protocols.

Prerequisite: None.

EECT 1407
Convergence Technologies
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is a study of telecommunications convergence technologies including telephone, LAN, WAN, wireless, voice, video, and internet protocol.

Prerequisite: None.

EECT 1440
Telecommunications Transmission Media
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course covers the fundamentals of telecommunications media, including installation, maintenance, and troubleshooting. Topics address media characteristics and connectorization.

Prerequisite: None.

EECT 2188
Capstone: Communication Engineering Technology
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:04
This course is a work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer.

Prerequisite: EECT 1407.

EECT 2433
Telephone Systems
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is a study of installation and maintenance systems including telephone set, public switched networks, local exchanges, networks, two and four wire systems, tip and ringing requirements, and digital transmission techniques.

Prerequisite: EECT 1407.

EECT 2437
Wireless Telephony Systems
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course covers the principles of wireless/cellular telephony systems to include call processing, hand-off, site analysis, antenna radiation patterns, commonly used test/maintenance equipment and access protocol.

Prerequisite: EECT 2433.

RBTC 1405
Robotic Fundamentals
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is an introduction to flexible automation. Topics will include installation, repair, maintenance, and development of flexible robotic manufacturing systems.

Prerequisite: None.

RBTC 1447
Electromechanical Devices
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is a study of electromechanical devices found in robotic systems. It includes transformers, switches, and solid state relays.

Prerequisite: RBTC 1405.

EMSP 1160
EMT-Basic Clinical
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:06
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts in a hospital clinical setting. Direct supervision is provided by the clinical professional. This is an unpaid clinical experience.

Prerequisite: Admission to the program; concurrent enrollment in EMSP 1501.

EMSP 1161
EMT-Intermediate Hospital Clinical
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:06
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts in a hospital clinical setting. Direct supervision is provided by the clinical professional. This is an unpaid intermediate level clinical experience.

Prerequisite: Admission to the program; Concurrent enrollment in EMSP 1438.

EMSP 1166
EMT-Basic Practicum
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:07
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student. This course is an experience on an ambulance unit that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Direct supervision is provided by a clinical professional, generally a clinical preceptor. This is an unpaid basic practicum experience.

Prerequisite: Admission to the program; concurrent enrollment in EMSP 1501.

EMSP 1167
EMS EMTI Practicum
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:07
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college and the student. This course is an experience in an ambulance unit that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Direct
supervision is provided by a clinical professional, generally a clinical preceptor. This is an unpaid practicum experience at the EMT-Intermediate level.
Prerequisite: Admission to the program; concurrent enrollment in EMSP 1438.

EMSP 1208 Emergency Vehicle Operations
CRT HRS:02 LEC HRS:02 LAB HRS:00
This course provides the student with instruction, discussion, demonstration, and driving range practice to prepare drivers of emergency vehicles to operate their vehicles safely in the emergency and non-emergency mode.
Prerequisite: Admission to the program; concurrent enrollment in EMSP 1501.

EMSP 1355 Trauma Management
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is a detailed study of the knowledge and skills necessary to reach competence in the assessment and management of patients with traumatic injuries.
Prerequisite: Concurrent enrollment in EMSP 1438.

EMSP 1356 Patient Assessment and Airway Management
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a detailed study of the knowledge and skills required to reach competence in performing patient assessment, airway management, and artificial ventilation.
Prerequisite: Concurrent enrollment in EMSP 1438.

EMSP 1371 EMS Documentation
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is designed to develop the student’s documentation skills with regard to rendering emergency medical care. Both written and oral reports will be reviewed as well as the legal implications associated with report writing.
Prerequisite: Admission to the program; concurrent enrollment in EMSP 1501.

EMSP 1472 Emergent Issues in EMT
CRT HRS:04 LEC HRS:03 LAB HRS:02
The purpose of this course is to demonstrate a working knowledge of clinical information and related topics relevant to the practice of prehospital emergency medical care at the Emergency Medical Technician -Basic (EMT-B) level. The student will research new/upcoming issues and prepare written and oral presentations. The student will be evaluated on presentation as well as content.
Prerequisite: Admission to the program; concurrent enrollment in EMSP 1501.

EMSP 1438 Introduction to Advanced Practice
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is an exploration of the fundamental elements associated with emergency medical services to include preparatory practices, pathophysiology, medication administration, and related topics.
Prerequisite: Concurrent enrollment in EMSP 1161 and EMSP 1167, current TDH EMT-Basic certification.

EMSP 1501 Emergency Medical Technician
CRT HRS:05 LEC HRS:04 LAB HRS:04
This course is preparation for certification as an Emergency Medical Technician (EMT). The student will learn all the skills necessary to provide emergency medical care at a basic life support level with an ambulance service or other specialized services.
Prerequisite: Admission to the program; concurrent enrollment in EMSP 1160 and EMSP 1166.

EMSP 2160 Paramedic Clinical I
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:06
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts in a hospital clinical setting. Direct supervision is provided by the clinical professional. This is an unpaid paramedic level one clinical experience.
Prerequisite: Admission to the program and concurrent enrollment in EMSP 2444.

EMSP 2161 Paramedic Clinical II
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:06
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts in a hospital clinical setting. Direct supervision is provided by the clinical professional. This is an unpaid paramedic level two clinical experience.
Prerequisite: Admission to the program and concurrent enrollment in EMSP 2444.

EMSP 2243 Assessment Based Management
CRT HRS:02 LEC HRS:01 LAB HRS:04
This course is a capstone experience covering comprehensive, assessment-based patient care management. It includes specific care when dealing with pediatric, adult, geriatric, and special needs patients.
Prerequisite: Concurrent enrollment in EMSP 2444.

EMSP 2266 Capstone: Paramedic Practicum
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:16
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college and the student. This course is an experience on an ambulance unit that helps students gain practical experience in the discipline, enhance skills, and integrated knowledge. Direct supervision is provided by a clinical professional, generally a clinical preceptor. This is an unpaid practicum experience at the EMT-Paramedic level.
Prerequisite: Concurrent enrollment in EMSP 2434 and successful completion of EMSP 2243, and permission from the department.

EMSP 2330 Special Populations
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is a detailed study of the knowledge and skills necessary to reach competence in the assessment and management of ill or injured patients in diverse populations to include neonatology, pediatrics, geriatrics, and other related topics.
Prerequisite: Concurrent enrollment in EMSP 2434.

EMSP 2338 EMS Operations
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is a detailed study of the knowledge and skills necessary to reach competence to safely manage multi-casualty incidents and rescue situations; utilize air medical resources; identify hazardous materials and other specialized incidents.
Prerequisite: Concurrent enrollment in EMSP 2444.

EMSP 2343 Medical Emergencies
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is a detailed study of the knowledge and skills necessary to reach competence in the assessment and management of patients with medical emergencies, including medical overview, neurology, gastroenterology, immunology, pulmonology, urology, hematology, endocrinology, toxicology, and other related topics.
Prerequisite: Concurrent enrollment in EMSP 2330, successful completion of EMSP 2444, EMSP 2160 and EMSP 2338.
EMSP 2444
Cardiology
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is a detailed study of the knowledge and skills necessary to reach competence in the assessment and management of patients with cardiac emergencies. This includes basic dysrhythmia interpretation, recognition of 12-lead EKGs for field diagnosis, and electrical and pharmacological interventions.
Prerequisite: Concurrent enrollment in EMSP 2160.

ENGINEERING

◆ ENGR 1101
Introduction to Engineering
CRT HRS:01 LEC HRS:00 LAB HRS:03
This course is an introduction to engineering as a discipline and a profession. It includes instruction in the application of mathematical and scientific principles to the solution of practical problems for the benefit of society.
Prerequisite: TSI complete in Reading and completion of MATH 1414 with a grade of "C" or better or equivalent.

◆ ENGR 1304
Engineering Graphics
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is an introduction to spatial relationships, multi-view projection and sectioning, dimensioning, graphical presentation of data and fundamentals of computer graphics. Methods of graphical communications are given, including working drawings for design and production, descriptive geometry and solid modeling. Emphasis is placed on computer-aided design, but traditional mechanical drafting techniques are presented.
Prerequisite: TSI complete in Reading and completion of MATH 1414 with a grade of "C" or better or equivalent.

◆ ENGR 2301
Statics
CRT HRS:03 LEC HRS:03 LAB HRS:00
This is a calculus-based study of composition and resolution of forces, equilibrium of force system, friction, centroids, and moments of inertia. Other topics include vector algebra, structural analysis (trusses), frames and distributed loads, shear and bending moment diagrams, and virtual work.
Prerequisite: PHYS 2425 and MATH 2413 with a grade of "C" or better and completion of or concurrent enrollment in MATH 2414, or permission from the instructor.

◆ ENGR 2302
Dynamics
CRT HRS:03 LEC HRS:03 LAB HRS:00
This is a calculus-based study of dynamics of rigid bodies, force mass acceleration, work-energy and impulse-momentum computation, particle dynamics, and mechanical vibrations.
Prerequisite: ENGR 2301 and MATH 2414 with a grade of "C" or better or permission from the instructor.

◆ ENGR 2405
Electrical Circuits I
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course covers principles of electrical circuits and systems, including basic circuit elements (resistance, inductance, mutual inductance, capacitance, independent and dependent controlled voltage, and current sources). Topology of electrical networks; Kirchhoff's laws; node and mesh analysis; DC circuit analysis; operational amplifiers; transient and sinusoidal steady-state analysis; AC circuit analysis; first- and second-order circuits; Bode plots; and use of computer simulation software to solve circuit problems. Laboratory experiments supporting theoretical principles involving DC and AC circuit theory, network theorems, time, and frequency domain circuit analysis. Introduction to principles and operation of basic laboratory equipment; laboratory report preparation.
Prerequisites: PHYS 2425 and MATH 2414 with a grade of "C" or better.

◆ ENGR 2406
Digital Systems Engineering I
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course is an introduction to theory and design of digital logic, circuits, and systems. Number systems, operations and codes; logic gates; Boolean Algebra and logic simplification; Karnaugh maps; combinational logic; functions of combinational logic; flip-flops and related devices; counters; shift registers; sequential logic; memory and storage are covered. Laboratory experiments supporting theoretical principles involving design, construction, and analysis of combinational and sequential digital circuits and systems, including logic gates, adders, multiplexers, encoders, decoders, arithmetic logic units, latches, flip-flops, registers, and counters; and preparation of laboratory reports.
Prerequisites: TSI complete in Reading and completion of MATH 1414 with a grade of "C" or better or equivalent.

ENGLISH

ENGL 0100
Developmental English I
CRT HRS:03 LEC HRS:03 LAB HRS:01
This English course is designed to advance the students' writing skills. The aim of this course is to prepare the students for college readiness assessment tests and academic writing. The students will study professional and peer writing samples; the composing techniques of different and integrated rhetorical modes of writing; and grammar, usage, and mechanics. Curriculum will contextualize writing in projects based on college level courses. Special emphasis is placed on paragraph construction in the context of essay writing. This course has a required on-hour lab.
Prerequisite: Placement based on TSI score: Essay 1-3 with Multiple Choice 350-357, and ABE score levels 5 and 6.

ENGL 0200
Developmental English II
CRT HRS:03 LEC HRS:03 LAB HRS:01
This English course is designed to advance the students' writing skills. The aim of this course is to prepare the students for college readiness assessment tests and academic writing. The students will study professional and peer writing samples; the composing techniques of different and integrated rhetorical modes of writing; and grammar, usage, and mechanics. Curriculum will contextualize writing in projects based on college level courses. Special emphasis is placed on essay construction. This course has a required on-hour lab.
Prerequisite: Placement based on TSI score: Essay score of 4 with Multiple Choice 358-362, or completion of ENGL 0100 with a grade of "C" or better.

◆ ENGL 1301
Composition
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course focuses on the development of effective communication through written discourse. Emphasis is placed on the process of writing, including prewriting, writing, stages of revision, and editing. Students will learn to employ various organizational strategies to expository essays and will analyze style, tone, and point of view in different literary genres.
Prerequisite: TSI complete in Reading and Writing; or completion of ENGL 0200 and READ 0200 with a grade of "C" or better; or completion of INRW 0304 with a grade of "C" or better.

◆ ENGL 1302
Composition II-Rhetoric
CRT HRS:03 LEC HRS:03 LAB HRS:00
Students will examine and

Course Descriptions 267
employ rhetorical strategies and techniques of argumentation in written discourse, principles of logic will be discussed, and research and documentation techniques will be applied in the process of completing a research project.

Prerequisite: A grade of “C” or higher in ENGL 1301.

◆ ENGL 2307 Creative Writing I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is for students who want to explore, discover, and develop their writing talents. The focus of this course is on the techniques and skills necessary in writing fiction, nonfiction, poetry, drama or screenwriting.
Prerequisite: None.

◆ ENGL 2308 Creative Writing II
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course focuses on writing special types of reports often used in engineering, science, and business.
Prerequisite: A grade of “C” or higher in ENGL 1302.

◆ ENGL 2321 British Literature
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course emphasizes selected readings of British literature. It encompasses the study of three literary genres which may include short stories, poetry and drama, novel or novelva, and essay. English 2321 is also designed to introduce students to the study of literary periods, terms and criticism.
Prerequisite: A grade of “C” or higher in both ENGL 1301 and ENGL 1302.

◆ ENGL 2326 American Literature
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course emphasizes selected readings of American literature. It encompasses the study of three literary genres which may include short stories, poetry and drama, novel or novelva, and essay. English 2326 is also designed to introduce students to the study of literary periods, terms and criticism.
Prerequisite: A grade of “C” or higher in both ENGL 1301 and ENGL 1302.

◆ ENGL 2331 World Literature
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course emphasizes selected readings of world literature. It will include the study of three literary genres which may include short stories, poetry and drama, novel or novelva, and essay. English 2331 is also designed to introduce students to the study of literary periods, terms and criticism.
Prerequisite: A grade of “C” or higher in both ENGL 1301 and ENGL 1302.

◆ ENGL 2341 Introduction to Literature
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course provides students an introduction to the study of a minimum of three literary genres which may include short stories, poetry and drama, novel or novelva, and essay. English 2341 is also designed to introduce students to the study of literary periods, terms and criticism.
Prerequisite: A grade of “C” or higher in both ENGL 1301 and ENGL 1302.

◆ ENGL 2342 Studies in Themes and Genres
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is designed to focus on literary works which may be unified by theme, period, subject matter, or genre. English 2342 is also designed to introduce students to the study of literary periods, terms and criticism.
Prerequisite: A grade of “C” or higher in both ENGL 1301 and ENGL 1302.

◆ ENGL 2351 Mexican American Literature
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course emphasizes selected reading in Mexican American Literature, as well as some other Hispanic American readings. It encompasses the study of three literary genres which may include short stories, poetry and drama, novel or novelva, and essay. English 2351 is also designed to introduce students to the study of literary periods, terms and criticism.
Prerequisite: A grade of “C” or higher in both ENGL 1301 and ENGL 1302.

◆ ENGL 2389 English Academic Capstone
CRT HRS:03 LEC HRS:03 LAB HRS:00
This class will include practical, hands-on work in areas related to English language and literature. In conjunction with class seminars, the academic capstone will provide opportunities for greater understanding and exposure to English through the applied study of the written word.
Prerequisite: A grade of “C” or higher in both ENGL 1301 and ENGL 1302.

INRW 0304 Integrated Reading and Writing
CRT HRS:03 LEC HRS:03 LAB HRS:01
This is a combined lecture/lab, performance-based course designed to develop students’ critical reading and academic writing skills. The focus of the course will be on applying critical reading skills for organizing, analyzing, and retaining material and developing written work appropriate to the audience, purpose, situation, and length of the assignment. The course integrates preparation in basic academic reading skills in writing a variety of academic essays. This course fulfills TSI requirements for reading and writing.
Prerequisite: Completion of READ 0100 with a grade of “C” or better or equivalent and completion of ENGL 0100 with a grade of “C” or better or equivalent.

ENGLISH AS A SECOND LANGUAGE

ESOL 0031 ESOL Oral Communication I
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course prepares speakers of other languages at the beginning or low intermediate level for oral communication in both public and academic settings. Emphasis is placed on developing listening and speaking skills through training in pronunciation, basic conversations, and listening to natural speeches or prose in short paragraphs. This course does not apply toward the Associate Degree.
Prerequisite: None.

ESOL 0032 ESOL Oral Communication II
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course prepares speakers of other languages at the intermediate or high intermediate level for oral communication in both public and academic settings. Emphasis is placed on developing listening and speaking skills through training in pronunciation, conducting classroom oral presentations or short speeches, and listening to natural speeches or prose in sustained length. This course does not apply toward the Associate Degree.
Prerequisite: None.
both public and academic settings. Emphasis is placed on developing listening and speaking skills through
listening to natural speeches or prose in sustained length and through engagement in conversations in various
communicative situations. This course does not apply toward the Associate Degree.
Prerequisite: None.

ESOL 0041
ESOL Composition for Non-Native Speakers I
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course focuses on assisting speakers of other languages at the beginning and low intermediate levels in
acquiring English proficiency in reading and writing. Emphasis is placed on building vocabulary and sentence
skills in the context of readings. Instruction will also focus on reading comprehension strategies such as
finding the main idea and the details. Training in writing strategies will focus on writing in response to reading and will also focus on paragraph construction. This course does not apply toward the Associate Degree.
Prerequisite: None.

ESOL 0042
ESOL Composition for Non-Native Speakers II
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course focuses on assisting speakers of other languages at the intermediate and high intermediate levels in acquiring English proficiency in reading and writing. Emphasis is placed on building vocabulary and sentence skills in the context of readings. Instruction will also focus on additional reading comprehension strategies such as generalization, inference, prediction and drawing conclusions. Training in writing strategies will focus on writing in response to reading and will also focus on essay construction. This course does not apply toward the Associate Degree.
Prerequisite: None.

FIRE SCIENCE

FIRS 1203
Firefighter Agility/Fitness Preparation
CRT HRS:02 LEC HRS:00 LAB HRS:05
This course focuses on physical ability testing methods. It includes rigorous training in skills and techniques needed in typical fire department physical ability tests.

FIRS 1301
Firefighter Certification I
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is an introduction to firefighter safety and development. Topics include Texas Commission on Fire Protection Rules and Regulations, firefighter safety, fire science, personal protective equipment, self contained breathing apparatus, and fire reports and records. Lab required. This course may be offered only by institutions licensed as a Fire Academy by the Texas Commission on Fire Protection.
Prerequisite: None.

FIRS 1313
Firefighter Certification III
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is a study of fire streams and pump operations as they relate to fundamental development of basic firefighter skills. Lab required. This course may be offered only by institutions licensed as a Fire Academy by the Texas Commission on Fire Protection.
Prerequisite: FIRS 1407.

FIRS 1319
Firefighter Certification IV
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is a study of equipment, tactics, and procedures used in forcible entry, ventilation, salvage, and overhaul. Preparation for certification as a basic firefighter. Lab required. This course may be offered only by institutions licensed as a Fire Academy by the Texas Commission on Fire Protection.
Prerequisite: FIRS 1329.

FIRS 1329
Firefighter Certification VI
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is an overview of Fire Inspection techniques and practices. Emphasis is on fire cause determination. Includes fire protection systems, wild land fire, and pre-incident planning. Preparation for certification as a basic firefighter. This course may be offered only by institutions licensed as a Fire Academy by the Texas Commission on Fire Protection.
Prerequisite: FIRS 1423.

FIRT 1202
Plan Examiner I
CRT HRS:02 LEC HRS:02 LAB HRS:00
This course is an examination of plans submitted for approval by businesses, industry, and other regulated entities. Includes applicable codes and/or standards that meet certification requirements of the Texas Commission on Fire Protection.
Prerequisite: FIRT 1408.

FIRT 1309
Fire Administration I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to the organization and management of a fire department and the relationship of government agencies to the fire service.
Prerequisite: None.

FIRT 1340
Fire Inspector II
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course covers fire inspection including rules, codes, and field inspection practices to meet certification requirements of the Texas Commission on Fire Protection.
Protection Commission on Fire Protection.
Prerequisite: FIRT 1408.

FIRT 1353 Legal Aspects of Fire Protection
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of the rights, duties, liability concerns, and responsibilities of public fire protection agencies and personnel.
Prerequisite: None.

FIRT 1408 Fire Inspector I
CRT HRS:04 LEC HRS:03 LAB HRS:02
This course covers fire inspection including rules, codes, and field inspection practices to meet certification requirements of the Texas Commission on Fire Protection Commission on Fire Protection.
Prerequisite: None.

FIRT 1442 Fire Officer I
CRT HRS:04 LEC HRS:04 LAB HRS:01
This course covers requirements for Fire Officer I certification as established by the Texas Commission on Fire Protection. This course may be offered only by institutions licensed as a Fire Academy by the Texas Commission on Fire Protection.
Prerequisite: None.

GEOGRAPHY
◆ GEOG 1301 Principles of Physical Geography
CRT HRS:03 LEC HRS:03 LAB HRS:00
An introductory course designed to provide a foundation of the study of geography. Emphasis is placed on weather, ocean currents and climates. Course material includes soils and vegetation types and distributions.
Prerequisite: A passing score on the Reading TSI Exam or equivalent; or completion of READ 0200 with a grade of "C" or better.

HEALTH AND MEDICAL ADMINISTRATIVE SERVICES
HITT 1166 Coding Practicum I
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:10
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: Permission from the department and completion of all course work within the specialty with a grade of "C" or better.

HITT 1167 Capstone: Practicum
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:08
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: Permission from the department and completion of all course work within the specialty with a grade of "C" or better.

HITT 1211 Health Information Systems
CRT HRS:02 LEC HRS:01 LAB HRS:04
This course is an introduction to health IT standards, health-related data structures, software applications and enterprise architecture in health care and public health.
Prerequisite: None.

HITT 1221 Health Care Delivery Systems
CRT HRS:02 LEC HRS:02 LAB HRS:00
This course teaches concepts of confidentiality, ethics, health care legislation, and regulations relating to the maintenance and use of health information.
Prerequisite: None.

HITT 1253 Legal and Ethical Aspects of Health Information
CRT HRS:02 LEC HRS:02 LAB HRS:02
This course focuses on general principles of health care statistics with emphasis in hospital statistics. Also included is skill development in computation and calculation of health data.
Prerequisite: HITT 1301.

HITT 1255 Health Care Statistics
CRT HRS:02 LEC HRS:01 LAB HRS:02
This course focuses on general principles of health care statistics with emphasis in hospital statistics. Also included is skill development in computation and calculation of health data.
Prerequisite: HITT 1301.

HITT 1301 Health Data Content and Structure
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is an introduction to systems and processes for collecting, maintaining, and disseminating primary and secondary health related information. Instruction in delivery and organizational structure to include content of health record, documentation requirements, registries, indices, licensing, regulatory agencies, forms, and screens.
Prerequisite: Completion of HITT 1301 with a grade of "C" or better.

HITT 1305 Medical Terminology I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of medical terms through word origin and structure through the introduction of prefixes, suffixes, root words, plurals, abbreviations and symbols, surgical procedures, medical specialties, and diagnostic procedures.
Prerequisite: None.

HITT 1341 Coding and Classification Systems
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course focuses on the fundamentals of coding rules, principles, guidelines, and conventions using clinical classification systems.
Prerequisite: HITT 1301 and HITT 1305, or MDCA 1221 and MDCA 1243.

HITT 1345 Health Care Delivery Systems
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is an examination of delivery systems including organization, financing, accreditation, licensure, and regulatory agencies.
Prerequisite: HITT 1301.

HITT 1349 Pharmacology
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an overview of the basic concepts of the pharmacological treatment of various diseases affecting major body systems.
Prerequisite: HITT 1305 and completion of, or concurrent enrollment in, HPRS 2301.

HITT 2166 Practicum I
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:10
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: Permission from the Department; HITT 1301 and HITT 1253.

HITT 2167 Capstone: Practicum I
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:10
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college and the student.
Prerequisite: Permission from the department; HITT 2166.
HITT 2331 Advanced Medical Terminology
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of advanced terminology in various medical and surgical specialties, including disease processes. Prequisite: HITT 1305.

HITT 2335 Coding and Reimbursement Methodologies
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course focuses on the development of advanced coding techniques with an emphasis on case studies, health records, and federal regulations regarding perspective payment systems and methods of reimbursement. Prequisite: HITT 1341.

HITT 2339 Health Information Organization and Supervision
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course focuses on the principles of organization and supervision of human, fiscal, and capital resources. Prequisite: HITT 1345.

HITT 2343 Quality Assessment and Performance Improvement
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course involves the study of quality standards and methodologies in the health information management environment. Topics include licensing, accreditation, compilation and presentation of data in statistical formats, quality management and performance improvement functions, utilization management, risk management, and medical staff data quality issues, and approaches to assessing patient safety issues and implementation of quality management and reporting through electronic systems. Prequisite: HITT 1345.

HITT 2371 Current Procedural Terminology Coding-CPT4
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course covers principles of ambulatory coding using CPT-4 procedures and the use of HCPCS (Health Care Financing Administration: Common Procedure Coding System). Prequisite: HITT 1301, HITT 1305, and completion of or concurrent enrollment in HPRS 2301.

HITT 2372 Advanced CPT Coding-CPT4
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course focuses on the development of advanced CPT coding techniques with an emphasis on case studies, health records, and methods of reimbursement. Prequisite: HITT 2371.

HPRS 2301 Pathophysiology
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of the pathology and general health management of diseases and injuries across the life span. Topics include etiology, symptoms, and the physical and psychological reactions to diseases and injuries. Prequisite: HITT 1305 or Program Chair approval.

MRMT 1307 Medical Transcription I
CRT HRS:03 LEC HRS:01 LAB HRS:05
This course focuses on the fundamentals of medical transcription with hands-on experience in transcribing physician dictation including basic reports such as history and physicals, discharge summaries, consultations, operative reports, and other medical reports. Utilizes technology compatible with industry standards. Designed to develop speed and accuracy. Prequisite: HITT 1305 or concurrent enrollment, and word processing skills.

MRMT 2166 Practicum
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:10
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student. Prequisite: Permission from the department and completion of all course work within the specialty with a grade of "C" or better.

MRMT 2167 Medical Transcription Practicum
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:10
This course provides practical general workplace training supported by an individualized learning plan developed by the employer, college, and the student. Prequisite: Permission from the department and completion of all course work within the specialty with a grade of "C" or better.

MRMT 2333 Medical Transcription II
CRT HRS:03 LEC HRS:01 LAB HRS:05
This course focuses on transcription of medical reports with increasing speed and accuracy including history and physicals, consultations, discharge summaries, operative reports, and other medical reports. Prequisite: MRMT 1307 and concurrent enrollment in HITT 1349.

POFM 1317 Medical Administrative Support
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is instruction in medical office procedures including appointment scheduling, medical records creation and maintenance, telephone communications, coding, billing, collecting, and third party reimbursement. Prequisite: None.

HEATING, VENTILATION, AIR CONDITIONING AND REFRIGERATION TECHNOLOGY

HART 1401 Basic Electricity for HVAC
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course covers principles of electricity as required by HVAC, including proper use of test equipment, electrical circuits, and component theory and operation. Prequisite: None.

HART 1407 Refrigeration Principles
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is an introduction to the refrigeration cycle, heat transfer theory, temperature/pressure relationship, refrigerant handling, refrigeration components and safety. Prequisite: None.

HART 1410 HVAC Shop Practices and Tools
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course covers tools and instruments used in the HVAC industry. It includes proper application, use and care of these tools, and tubing and piping practices. Prequisite: None.

HART 1445 Gas and Electric Heating
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is the study of the procedures and principles used in servicing heating systems including gas fired furnaces and electric heating systems. Prequisite: HART 1401, HART 1407, HART 1410.

HART 2431 Advanced Electricity
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is advanced electrical instruction and skill building in installation and servicing of air
This course is a study of the cooling, heating, humidifying or properties of air and results of this course. Prerequisite: HART 1401, HART 1407, HART 1410.

HART 2434
Advanced Air Conditioning Controls
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is a study in the theory and application of automation controls, electrical control devices, electromechanical controls, and/or pneumatic controls. Prerequisite: HART 1401, HART 1407, HART 1410.

HART 2438
Capstone: Air Conditioning Installation and Startup
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is the study of air conditioning system installation, refrigerant piping, condensate disposal, and air cleaning equipment with emphasis on startup and performance testing. Prerequisite: HART 1401, HART 1407, HART 1410.

HART 2441
Commercial Air Conditioning
CRT HRS:04 LEC HRS:03 LAB HRS:04
This is a study of components, applications, and installation of air conditioning systems with capacities of 25 tons or less. Prerequisite: HART 1401, HART 1407, HART 1410.

HART 2442
Commercial Refrigeration
CRT HRS:04 LEC HRS:03 LAB HRS:04
Theory of and practical application in the maintenance of commercial refrigeration; medium and low temperature applications and ice machines are introduced in this course. Prerequisite: HART 1401, HART 1407, HART 1410.

HART 2443
Industrial Air Conditioning
CRT HRS:04 LEC HRS:03 LAB HRS:04
A study of components, accessories, applications, and installation of air conditioning systems above 25 tons capacity will be presented. Prerequisite: HART 1401, HART 1407, HART 1410.

HART 2445
Air Conditioning Systems Design
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is a study of the properties of air and results of cooling, heating, humidifying or dehumidifying; heat gain and heat loss calculations including equipment selection, duct fabrication, and balancing the air system. Prerequisite: HART 1401, HART 1407, HART 1410.

HISTORY

HIST 1301
United States History I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government. Prerequisite: Completion of READ 0200 or equivalent.

HIST 1302
United States History II
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a survey of the social, political, economic, cultural, and intellectual history of the United States from the Civil War/Reconstruction era to the present. United States History II examines industrialization, immigration, world wars, the Great Depression, Cold War and post-Cold War eras. Themes that may be addressed in United States History II include: American culture, religion, civil and human rights, technological change, economic change, immigration and migration, urbanization and suburbanization, the expansion of the federal government, and the study of U.S. foreign policy. Prerequisite: Completion of READ 0200 or equivalent.

HIST 2301
Texas History
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a survey of the political, social, economic, cultural, and intellectual history of Texas from the pre-Columbian era to the present. Themes that may be addressed in Texas History include: Spanish colonization and Spanish Texas; Mexican Texas; the Republic of Texas; statehood and secession; oil, industrialization, and urbanization; civil rights; and modern Texas. Prerequisite: Completion of READ 0200 or equivalent.

HIST 2311
Western Civilization I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course provides a survey of the major political, economic, cultural and intellectual history of Europe through the Reformation. Emphasis will be placed on the contributions of Ancient Mesopotamia, Egypt, Greece and Rome to the Western world, the fall of Rome, the Byzantine Empire, the Middle Ages and the Renaissance. Students will be expected to show an understanding of the knowledge presented in the course, as well as proficiency in thinking critically about historical issues. Prerequisite: Completion of READ 0200 or equivalent.

HIST 2312
Western Civilization II
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is the continuation of Western Civilization I to the present. This will include momentous economic, political, social and intellectual issues and events such as the Renaissance and Reformation, European expansion, the Enlightenment, the age of democratic revolutions, the height of Western Civilization prior to World War I, and the gradual decline of western hegemony in the world in the 20th century. Students will be expected to show an understanding of the knowledge presented in the course, as well as proficiency in thinking critically about historical issues. Prerequisite: Completion of READ 0200 or equivalent.

HIST 2321
World Civilizations I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a survey of ancient and medieval history with emphasis on Asian, African, American and European cultures. Prerequisite: HIST 1301 and HIST 1302.

HIST 2322
World Civilizations II
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a survey of the social, political, economic, cultural, religious, and intellectual history of the world from the 15th century to the present. The course examines major cultural regions of the world in Africa, the Americas, Asia, Europe, and Oceania and their global interactions over time. Themes include maritime exploration and
transitional empires, nation/state formation and industrialization, imperialism, global conflicts and resolutions, and global economic integration. The course emphasizes the development, interaction and impact of global exchange. Prerequisite: HIST 1301 and HIST 1302.

**HUMAN RESOURCES**

**HRPO 1280**
Human Resource Coop
CRT HRS:02 LEC HRS:01 LAB HRS:10
This is a work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the College and the employer. Prerequisite: Approval of Internship Coordinator.

**HRPO 2301**
Human Resources Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
Behavioral and legal approaches to the management of human resources in organizations are studied in this course. Prerequisite: None.

**HRPO 2303**
Employment Practices
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of employment issues including techniques for human resource forecasting, selection, and placement including interview techniques, pre-employment testing, and other predictors. Topics include recruitment methods, the selection process, Equal Employment Opportunity (EEO), EEO record keeping and Affirmative Action Plans. Prerequisite: None.

**HRPO 2304**
Employee Relations
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an examination of employee relations, policies, practices, and issues required to build strong employee relations. Topics include communications, employee conduct rules, performance appraisal methods, Title VII, Federal Medical Leave Act, Fair Labor Standards Act, and Americans with Disabilities Act updates. Prerequisite: HRPO 1305.

**HRPO 2306**
Benefits and Compensation
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an overview of employee compensation systems. Topics include compensation systems, direct and indirect compensation, internal and external determination of compensation, benefits administration, managing and evaluating for effectiveness, legal and regulatory issues, pay equity, job analysis affecting job evaluation, and evaluating for effectiveness, legal and regulatory issues, pay equity, job analysis affecting job compensation and competencies. Prerequisite: HRPO 2301.

**HRPO 2307**
Organizational Behavior
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course includes the analysis and application of organizational theory, group dynamics, motivation theory, leadership concepts and the integration of interdisciplinary...
Concepts from the behavioral sciences. Prerequisite: HRPO 2301.

HRPO 2331 International Human Resource Management CRT HRS:03 LEC HRS:03 LAB HRS:00 This course is a study of the effects of globalization on human resource management. Prerequisite: HRPO 2301, HRPO 2303.

HRPO 2371 Human Resources Law CRT HRS:03 LEC HRS:03 LAB HRS:00 This course includes an in-depth view of laws and legal issues related to employment practices. Prerequisite: HRPO 2301, HRPO 2303.

HRPO 2372 Risk Management CRT HRS:03 LEC HRS:03 LAB HRS:00 This course is an overview of issues related to identification, assessment and prioritization of risks in the workplace. Prerequisite: HRPO 2301, HRPO 2303.

HUMANITIES

◆HUMA 1301 Introduction to the Humanities I CRT HRS:03 LEC HRS:03 LAB HRS:00 This course emphasizes an interdisciplinary, multi-perspective survey of cultural, philosophical, aesthetic, and political factors critical to the formulation of values and the historical development of the individual and society. The course may involve field trips. Prerequisite: TSI Exempt or TSI Complete or completion of READ 0200, ENGL 0202.

◆HUMA 1302 Introduction to the Humanities II CRT HRS:03 LEC HRS:03 LAB HRS:00 This course is an in-depth, multi-perspective assessment of cultural, political, philosophical and aesthetic factors critical to the formation of values, and the historical development of the individual and of society. Prerequisite: HUMA 1301.

◆HUMA 1305 Introduction to Mexican-American Studies CRT HRS:03 LEC HRS:03 LAB HRS:00 This course is an introduction to the field of Mexican-American Chicano/a studies from its inception to the present. It is an interdisciplinary survey designed to introduce students to the salient cultural, economic, educational, historical, political, and social aspects of the Mexican-American/Chicano/a experience. Prerequisite: Completion of READ 0200 or equivalent.

◆HUMA 1311 Mexican-American Fine Arts Appreciation CRT HRS:03 LEC HRS:03 LAB HRS:00 This course is an examination of Mexican-American/Chicano/a artistic expressions in the visual and/or performing arts. Prerequisite: Completion of READ 0200 or equivalent.

◆HUMA 1315 Fine Arts Appreciation CRT HRS:03 LEC HRS:03 LAB HRS:00 This course provides an understanding of the purposes and processes in the visual and musical arts including evaluation of selected works. Prerequisite: Completion of READ 0200 or equivalent.

◆HUMA 2319 American Minority Studies CRT HRS:03 LEC HRS:03 LAB HRS:00 This course will cover the historical, social, and cultural development of one or more minority groups. Furthermore, this course will have an emphasis on the historical roots and implications of current socio-cultural of minority groups in the U.S. This course may include African American, Mexican American, Asian American, and Native American issues. Prerequisite: Completion of READ 0200 or equivalent.

◆HUMA 2323 World Cultures CRT HRS:03 LEC HRS:03 LAB HRS:00 This course will focus on the study of variations among contemporary societies throughout the world. Emphasis is on the historical roots and implications of current socio-cultural diversity. Examples will come from a variety of specific societies within a regional context. (Cross-listed as ANTH 2346.) Prerequisite: Completion of READ 0200 or equivalent.

INFORMATION TECHNOLOGY

ARTC 1413 Digital Publishing I CRT HRS:04 LEC HRS:03 LAB HRS:03 This course is the study of the fundamentals of using digital layout as a primary publishing tool and the basic concepts and terminology associated with typography and page layout. Prerequisite: ITSC 1409.

IMED 1445 Interactive Digital Media I CRT HRS:04 LEC HRS:03 LAB HRS:03 This course is the exploration of the use of graphics and sound to create interactive digital media applications and/or animations using industry standard authoring software. Prerequisite: ITSC 1409.

ITDF 1305 Digital Data Storage Forensics CRT HRS:03 LEC HRS:02 LAB HRS:03 This course covers the exploration, examination, and assessment of the characteristics and details of digital storage media used in computers systems and small-scale digital devices. It includes experimenting with various tools to reinforce identification of evidentiary data. Prerequisite: ITDF 1400.

ITDF 1400 Introduction to Digital Forensics CRT HRS:04 LEC HRS:03 LAB HRS:04 This course is a study of the application of digital forensic technology to collect, analyze, document, and present information while maintaining a documented chain of custody. It contains an overview of ethics, crime, and other legal guidelines/regulations/laws and includes an overview of tools used for forensic analysis of digital devices in investigations. Prerequisite: None.

ITDF 2320 Digital Forensics Collection CRT HRS:03 LEC HRS:02 LAB HRS:03 This course is a study of acquiring digital evidence from devices, networks and logs while preserving the evidentiary chain. It includes the legal aspects of the search and seizure of computers and related equipment/information. Prerequisite: ITDF 1300.

ITDF 2325 Digital Forensics Tools CRT HRS:03 LEC HRS:02 LAB HRS:03 This course is a skills-based course in the applications of forensic analysis software. Tools used in this course may include EnCase, ILook, Forensic Tool Kit, write blockers, StegAlyzerSS, "X-Ways", ProDiscover Basic, and others. Prerequisite: ITDF 2320.
technical aspects of cases where digital forensics is employed.
Prerequisite: ITDF 2320.

ITNW 1425 Fundamentals of Networking Technologies
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course provides instruction in networking technologies and their implementation. Topics will include the OSI reference model, network protocols, transmission media, and networking hardware and software.
Prerequisite: None.

ITNW 1454 Implementing and Supporting Servers
CRT HRS:04 LEC HRS:03 LAB HRS:04
This is a course in the development of skills necessary to implement, administer, and troubleshoot information systems that incorporate servers in a networked computing environment.
Prerequisite: ITSY 1400 or ITNW 1425.

ITNW 2164 Capstone: Network Practicum
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:10
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: ITNW 2435, and ITSY 1442.

ITNW 2421 Networking with TCP/IP
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course will prepare the student to set up, configure, use, and support Transmission Control Protocol/Internet Protocol (TCP/IP) on networking operating systems.
Prerequisite: ITNW 2425.

ITNW 2435 Network Troubleshooting and Support
CRT HRS:04 LEC HRS:03 LAB HRS:04
In this course the student is provided instruction in the techniques used to troubleshoot and support networks with emphasis on solving real world problems in a hands-on environment. Topics will include troubleshooting and research techniques, available resources, and network management hard/software.
Prerequisite: ITNW 2421 and ITNW 1454.

ITNW 2453 Advanced Routing and Switching
CRT HRS:04 LEC HRS:03 LAB HRS:04
The focus of this course is on advanced concepts for the implementation, operation, and troubleshooting of switched and routed environments. It emphasizes advanced routing protocols, Multi-Protocol Label Switching (MPLS), and advanced security.
Prerequisite: ITSY 1442.

ITSC 1165 Capstone: Technology Support Practicum
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:10
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: ITSC 1425, ITNW 2421, and ITNW 1454.

ITSC 1405 Introduction to PC Operating Systems
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is a study of personal computer operating systems. Topics include installation and configuration, file management, memory and storage management, control of peripheral devices, and use of utilities.
Prerequisite: None.

ITSC 1407 Unix Operating System I
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is the study of the UNIX operating system including multi-user concepts, terminal emulation, use of system editor, basic UNIX commands, and writing script files. Topics include introductory systems management concepts.
Prerequisite: ITNW 1425.

ITSC 1409 Integrated Software Applications I
CRT HRS:04 LEC HRS:03 LAB HRS:03
In this course the student will learn integration of applications from popular business productivity software suites. There will also be instruction in embedding data, linking and combining documents using word processing, spreadsheets, databases, and/or presentation media software.
Prerequisite: None.

ITSC 1425 Personal Computer Hardware
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course is a study of current personal computer hardware including personal computer assembly and upgrading, setup and configuration, and troubleshooting.
Prerequisite: None.

ITSC 2164 Capstone: Information Security/ Digital Forensics Practicum
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:10
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: ITSC 2443 and ITDF 2420.

ITSC 2165 Capstone: Systems Administration Practicum
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:10
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: ITNW 2435.

ITSC 2346 Computer Center Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course instructs the student in assessing the needs of a computing center as well as the general principles of hardware and software acquisition, maintenance, licensing, and improving usage scheduling. Emphasis is placed on interpersonal communication and management skills.
Prerequisite: ITNW 2435 or ITSY 2441.

ITSC 2439 Personal Computer Help Desk
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course instructs the student in the diagnosis and solution of user hardware and software related problems with on-the-job and/or simulated projects.
Prerequisite: ITNW 1425 and ITNW 2435.

ITSE 1411 Beginning Web Page Programming
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course provides skill development in web page programming including mark-up and scripting languages.
Prerequisite: None.

ITSE 1431 Introduction to Visual Basic Programming
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is an introduction to computer programming using Visual BASIC. Emphasis is placed on the fundamentals of structured design, development, testing, implementation, and documentation. Topics will also include language syntax, data and file structures,
input/output devices, and files. Prerequisite: ITSE 1409.

**ITSE 2409** Database Programming

CRT HRS:04  LEC HRS:03  LAB HRS:03

In this course the student will learn database development using database programming techniques emphasizing database structures, modeling, and database access. Prerequisite: ITSC 1409.

**ITSY 1404** Introduction to Spreadsheets

CRT HRS:04  LEC HRS:03  LAB HRS:04

This course provides the student with instruction in the concepts, procedures, and application of electronic spreadsheets. Prerequisite: ITSC 1409.

**ITSW 1410** Introduction to Presentation Graphics Software

CRT HRS:04  LEC HRS:03  LAB HRS:03

This course provides instruction in the utilization of presentation software to produce multimedia presentations. Graphics, text, sound, animation and/or video may be used in presentation development. Prerequisite: ITSC 1409.

**ITSW 2434** Advanced Spreadsheets

CRT HRS:04  LEC HRS:03  LAB HRS:03

This course is designed to provide the student with advanced techniques for developing and modifying spreadsheets. The course includes macros and data analysis functions. Prerequisite: ITSC 1409.

**ITSY 1400** Fundamentals of Information Security

CRT HRS:04  LEC HRS:03  LAB HRS:04

This course is an introduction to information security including ethics, the legal environment and risk management. It covers basic information security goals of availability, integrity, accuracy, and confidentiality. Vocabulary and terminology specific to the field of information security are discussed. Identification of exposures and vulnerabilities and appropriate countermeasures are addressed. The importance of appropriate planning and administrative controls is also discussed. Prerequisite: None.

**ITSY 1442** Information Technology Security

CRT HRS:04  LEC HRS:03  LAB HRS:04

This course provides instruction in security for network hardware, software, and data, including physical security; backup procedures; relevant tools; encryption; and protection from viruses. Prerequisite: ITNW 2421.

**ITSY 2441** Security Management Practices

CRT HRS:04  LEC HRS:03  LAB HRS:04

This course provides in-depth coverage of security management practices, including asset evaluation and risk management; cyber law and ethics issues; policies and procedures; business recovery and business continuity planning; network security design; and developing and maintaining a security plan. Prerequisite: ITSY 1400 and ITNW 1425.

**ITSY 2443** Computer System Forensics

CRT HRS:04  LEC HRS:03  LAB HRS:04

This course provides an in-depth study of system forensics including methodologies used for analysis of computer security breaches. Students will learn to gather and evaluate evidence to perform postmortem analysis of a security breach. Prerequisite: ITSY 1400 and ITNW 1425.

**POFI 2431** Desktop Publishing

CRT HRS:04  LEC HRS:03  LAB HRS:03

This course includes in-depth coverage of desktop publishing terminology, text editing, and use of design principles. Emphasis is placed on layout techniques, graphics, multiple page displays, and business applications. Prerequisite: ITSC 1409.

**KINESIOLOGY**

**◆ KINE 1100** Fitness Walking

CRT HRS:01  LEC HRS:00  LAB HRS:03

This introductory physical activity course focuses on the aerobic sport of brisk, rhythmic, vigorous walking--using both machine and free-weights. Emphasis is placed on safety, developing a basic cognitive understanding of the related aspects of exercise science, enhancing psychomotor skills, reinforcing and integrating the components of health/wellness, and exploring associated educational resources. Promoting the activity as an enjoyable, practical and viable lifelong fitness or recreational endeavor is stressed. Prerequisite: None.

**◆ KINE 1101** Fitness and Motor Development I

CRT HRS:01  LEC HRS:00  LAB HRS:03

This introductory physical activity course focuses on the basic principles, concepts, fundamental skills and applications of cardiovascular training and conditioning. Students are introduced to individual aerobic fitness activities, including walking, jogging, running, biking, etc. Emphasis is placed on safety, developing a basic cognitive understanding of the related aspects of exercise science, enhancing psychomotor skills, reinforcing and integrating the components of health/wellness, and exploring associated educational resources. Promoting the activity as an enjoyable, practical and viable lifelong fitness or recreational endeavor is stressed. Prerequisite: KINE 1103 or permission from the Instructor.

**◆ KINE 1103** Weight Training and Conditioning I

CRT HRS:01  LEC HRS:00  LAB HRS:03

This introductory physical activity course focuses on the basic principles, concepts, fundamental skills, and applications of weight training and conditioning. Students are introduced to skills, and applications of weight training and conditioning. Students are introduced to individual anaerobic fitness activities, including muscle strength training, muscle endurance training, and muscle power training--using both machine and free-weights. Emphasis is placed on safety, developing a basic cognitive understanding of the related aspects of exercise science, enhancing psychomotor skills, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. Promoting the activity as an enjoyable, practical and viable lifelong fitness or recreational endeavor is stressed. Prerequisite: None.

**◆ KINE 1104** Weight Training and Conditioning II

CRT HRS:01  LEC HRS:00  LAB HRS:03

This physical activity course focuses on the advanced knowledge and applications of resistance (weight) training, including circuit training, interval training, power lifting, Olympic weight lifting, body-building and plyometrics. Emphasis is placed on safety, enhanced cognitive/skill development, advanced training/conditioning regimens, fitness evaluations, and comprehensive fitness program development. Promoting the activity as an enjoyable, practical and viable lifelong fitness or recreational endeavor is stressed. Prerequisite: None.
Promoting the activity (sport) as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed. Prerequisite: KINE 1109 or permission from the Instructor.

**KINE 1111 Flag Football I**
CRT HRS:01 LEC HRS:00 LAB HRS:03
This introductory physical activity course focuses on fundamental knowledge, skills, and strategies of the sport of flag football. Students are introduced to flag football history, terminology, rules, scoring, basic individual skills (passing, receiving, running plays, blocking, defending, kicking, punting, etc.) and team play. Emphasis is placed on safety, developing psychomotor skills, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. Promoting the activity (sport) as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.

**KINE 1113 Golf I**
CRT HRS:01 LEC HRS:00 LAB HRS:03
This introductory physical activity course focuses on the advanced knowledge and applications of the sport of golf. Basic golf skills will be addressed (proper grip, stance, posture, full swing, putting and approach shots). The course is conducted at the driving range.

**KINE 1114 Golf II**
CRT HRS:01 LEC HRS:00 LAB HRS:03
This physical activity course focuses on the advanced knowledge and applications of the sport of golf, including special shots/conditions, sand/rough play, strategies to improve the golf score/handicap, playing 18 holes of golf, and competitive play. Emphasis is placed on safety, enhanced skill development, advanced training/conditioning drills, selection of equipment, club play, sport/fitness assessments, and exploring associated educational resources. Promoting the activity (sport) as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.

**KINE 1115 Karate I**
CRT HRS:01 LEC HRS:00 LAB HRS:03
This introductory physical activity course focuses on the basic principles, concepts, fundamental skills, and applications of the discipline of karate. Students are introduced to karate history, terminology, customs, basic skills (bending, stances, blocks, falls, roles, punches, strikes, kicks, smashes, etc.) fundamental strategies/tactics, and kata. Emphasis is placed on safety, conditioning, enhancing psychomotor skills, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. Promoting the activity as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.

Prerequisite: None.

**KINE 1116 Karate II**
CRT HRS:01 LEC HRS:00 LAB HRS:03
This physical activity course focuses on the advanced knowledge and applications of the discipline of karate training, including kata, sparring, weapons, conditioning, etc. Emphasis is placed on safety, enhanced cognitive/skill development, advanced training/conditioning regimens, fitness evaluations, belt ranking requirements, and karate competitions. Promoting the activity as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.

Prerequisite: KINE 1115 or permission from the Instructor.

**KINE 1117 Racquetball I**
CRT HRS:01 LEC HRS:00 LAB HRS:03
This introductory physical activity course focuses on fundamental knowledge, skills, and strategies of the sport of racquetball. Students are introduced to racquetball history, terminology, rules, scoring, basic individual skills (strokes, serves, returns, smash, kill shot, wall/multi-wall balls, etc.)–while playing singles. Emphasis is placed on safety, developing psychomotor skills, reinforcing and integrating the components of fitness/wellness and exploring associated educational resources. Promoting the activity (sport) as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.

Prerequisite: None.
conditioning drills, sport/fitness assessments, and exploring associated educational resources. Promoting the activity (sport) as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.
Prerequisite: KINE 1129 or permission from the instructor.

◆ KINE 1125 Swiming I
CRT HRS:01 LEC HRS:00 LAB HRS:03
This introductory physical activity course focuses on the basic principles, concepts, fundamental skills, and applications of swimming. Students are introduced to basic individual skills, including various strokes and kicks, breathing, turning, etc. Emphasis is placed on safety, developing psychomotor skills, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources.
Prerequisite: None.

◆ KINE 1127 Tennis II
CRT HRS:01 LEC HRS:00 LAB HRS:03
This physical activity course focuses on the advanced knowledge and applications of tennis. Emphasis is placed on safety, enhanced skill development, advanced training/conditioning drills, sport/fitness assessments, and exploring associated educational resources. Promoting the activity (sport) as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.
Prerequisite: None.

◆ KINE 1132 Self Defense and Personal Safety
CRT HRS:01 LEC HRS:00 LAB HRS:03
This introductory physical activity course focuses on the basic principles, concepts, fundamental skills, and applications of the discipline of self-defense. Students are introduced to self-defense history, terminology, applicable statistics, basic self-defense skills, fundamental strategies/tactics, physical conditioning techniques/applications, and first aid techniques, etc. Emphasis is placed on the exploration and identification of associated self-defense resources.
Prerequisite: None.

◆ KINE 1133 Outdoor Adventure Training
CRT HRS:01 LEC HRS:00 LAB HRS:03
This introductory physical activity and adventure training course focuses on the basic principles, concepts, fundamental skills, and applications of outdoor adventure training. Concepts are introduced to various outdoor adventure training activities, such as backpacking, hiking, orienteering, camping, survival skills, competitive adventure activities, etc. Emphasis is placed on physical conditioning, exploring associated educational resources, promoting the activity as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.
Prerequisite: None.
and promoting the activities as enjoyable, practical and viable life-long fitness or recreational endeavors.

Prerequisite: None.

**KINE 1149 Team Sports I**

CRT HRS:01 LEC HRS:00 LAB HRS:03

This specialized physical activity course focuses on advanced knowledge, skills, and strategies of competitive team sports. Emphasis is placed on teamwork, leadership development, cultural growth, moral growth, physical development, social development and intellectual development. Promoting the competitive activity (sport) as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.

Prerequisite: None.

**KINE 1150 Team Sports II**

CRT HRS:01 LEC HRS:00 LAB HRS:03

This specialized physical activity course focuses on advanced knowledge, skills, and strategies of competitive team sports. Emphasis is placed on teamwork, leadership development, cultural growth, moral growth, physical development, social development and intellectual development. Promoting the competitive activity (sport) as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.

Prerequisite: None.

**KINE 1164 Introduction to Physical Fitness and Sport**

CRT HRS:01 LEC HRS:01 LAB HRS:00

This course is an orientation to the field of physical fitness and sport. It includes the study and practice of activities and principles that promote physical fitness.

Prerequisite: None.

**KINE 1210 Aerobic Dance I**

CRT HRS:02 LEC HRS:01 LAB HRS:02

This introductory physical activity course focuses on the fundamental skills and applications of aerobic dance. Students are introduced to various forms of aerobic dance, including low impact step, low impact slide, etc. Emphasis is placed on safety, developing psychomotor skills, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. Promoting the activity as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.

Prerequisite: None.

**KINE 1211 Aerobic Dance II**

CRT HRS:02 LEC HRS:01 LAB HRS:02

This physical activity course focuses on the advanced knowledge and applications of aerobic dance training, including a combination of advanced moves and the integration of various types of aerobic dance. Emphasis is placed on safety, enhanced skill development, advanced training/conditioning regimens, fitness evaluations, exploring associated educational resources, and developing choreographed routines. Promoting the activity as an enjoyable, practical and viable life-long fitness or recreational endeavor is stressed.

Prerequisite: KINE 1210 or permission from the Instructor.

**KINE 1249 Ballet Folklorico I**

CRT HRS:02 LEC HRS:01 LAB HRS:02

This introductory dance course focuses on fundamental knowledge, skill and applications of Mexican Folklorico dance. Students are introduced to Mexican Folklorico dance techniques, individual skills, and movement fundamentals. The course offers attainment of vocabulary, knowledge and skill development in classical Cecchetti ballet technique at the beginning level. It is designed to develop posture, hand positioning, feet positioning, body isolations and overall coordination. These ballet skills will be incorporated in Mexican Folklorico dance. Emphasis is placed on safety, cognitive, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. The course promotes the discipline as an enjoyable, practical and viable life-long fitness or recreational endeavor.

Prerequisite: None.

**KINE 1250 Ballet Folklorico II**

CRT HRS:02 LEC HRS:01 LAB HRS:02

This course focuses on fundamental knowledge, skill and applications of Mexican Folklorico dance. Students are introduced to Mexican Folklorico dance terminology, techniques, individual skills, movement fundamentals, improvisation, and choreography. The course will continue to offer knowledge and skill development in the basics of classical Cecchetti ballet technique at the beginning and intermediate levels. Emphasis will be placed on correct alignment, basic barre work, simple center floor work and ballet vocabulary which will be incorporated into Mexican Folklorico dance. Emphasis is placed on safety, cognitive, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. The course promotes the discipline as an enjoyable, practical and viable life-long fitness or recreational endeavor.

Prerequisite: Proof of adequate swimming ability or KINE 1126 or permission from the department.

**KINE 1251 Beginning Scuba**

CRT HRS:02 LEC HRS:01 LAB HRS:02

This advanced aquatic activity course focuses on fundamental theory, skills, and application of SCUBA training as a recreational sport. Emphasis is placed on safety, first aid, physical conditioning, reinforcing and integrating the components of wellness/fitness, and exploring associated resources. Promoting diving as an enjoyable, viable life-long fitness or recreational occupation is stressed.

Prerequisite: Swimming proficiency or permission from the instructor/Department Chair.

**KINE 1252 Scuba II**

CRT HRS:02 LEC HRS:01 LAB HRS:02

This advanced aquatic activity course focuses on advanced theory, skills and application of SCUBA training as a recreational sport. Emphasis is placed on safety, first aid, physical conditioning, reinforcing and integrating the components of wellness/fitness, and exploring associated resources. Promoting diving as an enjoyable, viable life-long fitness or recreational occupation is stressed.

Prerequisite: KINE 1251 or permission from the Instructor.

**KINE 1253 Lifeguard Training**

CRT HRS:02 LEC HRS:01 LAB HRS:02

This advanced aquatic activity course focuses on fundamental knowledge, skills, and strategies leading toward American Red Cross Lifeguard certification. Students are introduced to lifeguard training, including rescue skills, surveillance skills, first aid training, and interaction with special populations. Emphasis is placed on safety, developing swim/rescue skills, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. Promoting certification as an enjoyable, practical and viable life-long fitness or recreational occupation is stressed.

Prerequisite: Proof of adequate swimming ability or KINE 1126 or permission from the department.
◆ KINE 1301 Introduction to Kinesiology  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course provides an orientation to the field of kinesiology, its scope, organization of professional activities, vocational opportunities and professional qualifications.  
Prerequisite: None.

◆ KINE 1304 Personal Health and Wellness  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course is a survey of factors involved in human physical and psychological wellness. Disorders arising from mutagenic, teratogenic infections, environment and lifestyle behaviors will be studied.  
Prerequisite: None.

◆ KINE 1305 Community and Environmental Health  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course provides an introduction to the fundamental principles, concepts, strategies, applications, and contemporary trends related to understanding community health resources and environmental issues/safeguards. The course focuses on developing an awareness and understanding of health trends, health education opportunities, school and community health programs, public health agencies, and state/federal government resources related to public health and the environment. The breadth and seriousness of current health and environmental conditions facing U.S. communities and diverse populations is also stressed.  
Prerequisite: None.

◆ KINE 1306 First Aid and Safety  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course provides basic knowledge for safe and effective living. The essential aspects of home, work, motor vehicle and public safety will be covered. Both theoretical and practical aspects of emergency care will be included. Standard First Aid, Personal Safety and Cardio-Pulmonary Resuscitation (CPR) are covered. Certification upon conclusion of the course is based upon American Red Cross standards.  
Prerequisite: None.

◆ KINE 1308 Sports Officiating I  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course provides an introduction to the theory, strategy, terminology, rules and applications of sports officiating for team sports with certification as the intended outcome. Emphasis is placed on the importance of physical conditioning and increasing student knowledge/appreciation of basketball, football, baseball, softball, and other appropriate sports. Promoting the course as an enjoyable, practical and viable life-long fitness or recreational avocation is stressed.  
Prerequisite: None.

◆ KINE 1309 Sports Officiating II  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course provides an introduction to the theory, strategy, terminology, rules and applications of sports officiating for team sports with certification as the intended outcome. Emphasis is placed on the importance of physical conditioning and increasing student knowledge/appreciation of volleyball, soccer, tennis, and other appropriate sports. Promoting the course as an enjoyable, practical and viable life-long fitness or recreational avocation is stressed.  
Prerequisite: None.

◆ KINE 1321 Techniques of Coaching Sports I  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course provides instruction in fundamental skills of coaching, organization of practices, and handling of teams during competitive seasons of sport. Emphasis is placed on the ability of the coach to teach and exercise leadership. Topics include the history, theories, and philosophies of competitive sports.  
Prerequisite: None.

◆ KINE 1322 Techniques for Coaching Sports II  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course is a continuation of KINE 1321 and includes advanced theories and philosophies of coaching.  
Prerequisite: KINE 1321.

◆ KINE 1331 Kinesiology for Elementary School  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course covers physical education for elementary education majors. It includes an orientation to the field of kinesiology, physical fitness and sport, vocational opportunities, and a detailed analysis of fundamental principles, content, and curriculum of the elementary school kinesiology program.  
Prerequisite: None.

◆ KINE 1333 Rhythm Skills  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course covers the fundamental theory and concepts of rhythm activities with an emphasis on skill development, programs, planning, fitness and leadership. Emphasis will be on dance, martial arts, pilates, and yoga.  
Prerequisite: Kinesiology majors only.

◆ KINE 1336 Introduction to Recreation Activities  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course covers the fundamental theory and concepts of recreational activities with an emphasis on skill development, programs, planning, fitness and leadership. Emphasis will be on backpacking, cycling, orienteering, swimming, and rock climbing.  
Prerequisite: Kinesiology majors only.

◆ KINE 1338 Concepts of Physical Fitness  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course covers the concepts and use of selected physiological variables of fitness, Individual testing and consultation and the organization of sports and fitness programs.  
Prerequisite: Kinesiology majors only.

◆ KINE 1346 Drug Use and Abuse in Society  
CRT HRS:03 LEC HRS:03 LAB HRS:00  
This course focuses on the study of the use and abuse of drugs and other harmful substances in today’s society from historical and contemporary perspectives. Emphasis is placed on the physiological, sociological, economic, psychological, medical, ethical, and legal factors associated with substance abuse. Particular attention and study will be devoted to the impact of alcohol, tobacco, narcotics, and sports enhancement drugs on various segments of society. An overview of intervention and treatment programs will also be explored.  
Prerequisite: None.

◆ KINE 2249 Ballet Folklorico III  
CRT HRS:02 LEC HRS:01 LAB HRS:02  
This course focuses on fundamental knowledge, skill and applications of Mexican Folklorico dance. Students are introduced to Mexican Folklorico dance history, terminology, theory, criticism, techniques, individual skills, movement fundamentals, improvisation, choreography, and music selection. The course offers continued attainment of knowledge and skill development in classical Cecchetti ballet technique at the
intermediate level. It is designed to develop control, balance, strength, quality of movement and ballet vocabulary which will be incorporated in Mexican Folklorico dance. Emphasis is placed on safety, cognitive, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. The course promotes the discipline as an enjoyable, practical and viable life-long fitness or recreational endeavor.

Prerequisite: KINE 1250 or permission from the instructor.

◆ KINE 2250
Ballet Folklorico IV
CRT HRS:02 LEC HRS:01 LAB HRS:02
This course is a continuation of the study of Mexican Folklorico dance technique with a strong emphasis on performing skills and styles. This course is an advanced Ballet Folklorico performing class. Students taking this course are members of the South Texas College Ballet Folklorico. Membership is obtained by taking the Ballet Folklorico sequence or by invitation of the instructor. This course emphasizes Ballet Folklorico dance concert performances, as well as public and private performances. Students continue to study Mexican Folklorico theory, criticism, techniques, individual skills, improvisation, choreography, and music selection. The Cecchetti ballet technique is incorporated in the repertoire of the South Texas College Ballet Folklorico. Emphasis is placed on safety, cognitive, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. The course promotes the discipline as an enjoyable, practical and viable life-long fitness or recreational endeavor.

Prerequisite: KINE 2249 or invitation from the instructor.

◆ KINE 2255
Water Safety Instructor
CRT HRS:02 LEC HRS:01 LAB HRS:02
This advanced aquatic activity course focuses on advanced knowledge, skills, and strategies leading toward American Red Cross Lifeguard certification. Students are introduced to water safety instructor (WSI) training, including developing and mastering aquatic-related teaching skills designed to prevent aquatic accidents and save lives; learn organizational and presentation skills. Emphasis is placed on safety, teaching swim/rescue skills, reinforcing and integrating the components of fitness/wellness, and exploring associated educational resources. Promoting certification as an enjoyable, viable life-long fitness or recreational occupation is stressed.

Prerequisite: Current Lifeguard certification or KINE 1253 or permission from the department.

LAW ENFORCEMENT

CJLE 1194
Current Events in Law Enforcement
CRT HRS:01 LEC HRS:01 LAB HRS:00
This course discusses topics recently identified as current events in addition to skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.

Prerequisite: None.

CJLE 1249
Intermediate Arrest, Search, and Seizure
CRT HRS:02 LEC HRS:02 LAB HRS:00
This course discusses probable cause; detention and arrest; exceptions to search warrant requirements; principles of preparing valid search warrants; pretrial suppression hearings; and civil liability for Improper arrests, searches, and seizures.

Prerequisite: CRU 1106 or CJSA 1313.

CJLE 1259
Intermediate Spanish for Law Enforcement
CRT HRS:02 LEC HRS:01 LAB HRS:04
This course covers practical Spanish communication skills for law enforcement. It meets the requirements as established by the Texas Commission on Law Enforcement (TCLEOSE) Course #2110.

Prerequisite: None.

CJLE 1303
Basic Telecommunication Certification
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course provides information about Law Enforcement functions, history of public safety communications, federal laws regulating public safety communications, radio communication systems, radio operations, fire and EMS dispatch considerations, telephone operations, law enforcement information systems, communication records, logs and documentation, legal issues, emergency management, police emergency situations, 9-1-1/computer aided dispatch, media relations, stress management, and crisis intervention. This is also a required course for law enforcement telecommunication personnel prior to completion of 12 months of service.

Prerequisite: None.

CJLE 1325
Criminal Justice Survey
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course provides an overview of criminal justice agencies with an emphasis on preparation for law enforcement licensure.

Prerequisite: None.

CJLE 1327
Interviewing and Report Writing for Criminal Justice Professionals
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course provides instruction and skill development in interviewing, note-taking, and report writing in the criminal justice context. It also includes the development of skills to conduct investigations by interviewing witnesses, victims, and suspects properly. This course also focuses on the organization of information regarding incidents into effective written reports.

Prerequisite: ENGL 1301, SPCH Elective.

CJLE 1333
Interviewing and Report Writing for Criminal Justice Professionals
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course includes instruction in the basic principles of traffic control, traffic law enforcement, court procedures, and traffic law with an emphasis on the need for a professional approach in dealing with traffic law violators and the police role in accident investigation and traffic supervision.

Prerequisite: COSC 1301, MATH Elective.

CJLE 1345
Intermediate Crime Scene Investigation
CRT HRS:03 LEC HRS:02 LAB HRS:02
The topics in this course include objectives, preparations, procedures, and methods of crime scene search; value of crime scene sketches and their relationship to crime scene photographs; fingerprints as physical evidence, fingerprint identification and classification, types of impressions and techniques for locating and developing impressions. This course satisfies Texas Commission on Law Enforcement (TCLEOSE) Course #2106.

Prerequisite: CJLE 1249, CJLE 1333.
**Course Descriptions**

This is a supplemental course taken in conjunction with Basic Peace Officer Courses I, II, III, and IV. This course satisfies or exceeds the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Academy Course #1000.** This course may be offered only by institutions licensed as a police academy by TCLEOSE.**

**Prerequisite:** CJLE 1512.

**CJLE 1506 Basic Peace Officer I**

CRT HRS: 05 LEC HRS: 03 LAB HRS: 07

This course provides basic preparation for a new peace officer. This course should be taken in conjunction with Basic Peace Officer Courses I, II, III, IV, and V (supplement) to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. This course may be offered only by institutions licensed as a police academy by TCLEOSE.**

**Prerequisite:** None.

**CJLE 1512 Basic Peace Officer II**

CRT HRS: 05 LEC HRS: 03 LAB HRS: 07

This course provides basic preparation for a new peace officer. This course should be taken in conjunction with Basic Peace Officer Courses I, II, III, IV, and V (supplement) to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. This course may be offered only by institutions licensed as a police academy by TCLEOSE.**

**Prerequisite:** CJLE 1506.

**CJLE 1518 Basic Peace Officer III**

CRT HRS: 05 LEC HRS: 03 LAB HRS: 07

This course provides basic preparation for a new peace officer. This course should be taken in conjunction with Basic Peace Officer Courses I, II, IV, and V (supplement) to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. This course may be offered only by institutions licensed as a police academy by TCLEOSE.**

**Prerequisite:** CJLE 1512.

**CJLE 1524 Basic Peace Officer IV**

CRT HRS: 05 LEC HRS: 03 LAB HRS: 07

This course provides basic preparation for a new peace officer. This course should be taken in conjunction with Basic Peace Officer Courses I, II, III, and V (supplement) to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. This course may be offered only by institutions licensed as a police academy by TCLEOSE.**

**Prerequisite:** CJLE 1518.

**CJLE 2168 Practicum**

CRT HRS: 01 LEC HRS: 00 OFF CAMPUS LAB HRS: 07

This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college and student.

**Prerequisite:** CJLE 1345, CJLE 2345.

**CJLE 2345 Vice and Narcotics Investigation**

CRT HRS: 03 LEC HRS: 02 LAB HRS: 07

This course provides classifications of commonly used narcotics, dangerous drugs, gambling, sex crimes, fraud, gangs, and investigative techniques. It includes proper interdiction procedures and techniques.

**Prerequisite:** CRUJ 1310 or CJSA 1327, CJLE 1345.

**CJSA 1312 Crime In America**

CRT HRS: 03 LEC HRS: 03 LAB HRS: 00

This course covers American crime problems in historical perspective; social and public policy factors affecting crime; impact and crime trends; social characteristics of specific crimes; and prevention of crime.

**Prerequisite:** None.

**CJSA 1348 Ethics In Criminal Justice**

CRT HRS: 03 LEC HRS: 03 LAB HRS: 00

This course discusses ethical philosophies and issues pertaining to the various professions in the criminal justice system. It includes ethical issues emanating from constitutional conflict with public protection and individual rights, civil liberties, and correctional policies.

**Prerequisite:** None.

**MATH 0080 Basic Mathematics**

CRT HRS: 03 LEC HRS: 03 LAB HRS: 01

This course is a study of fundamental mathematics principles and concepts. Topics include performing basic arithmetic operations on integers, fractions, and decimals; performing calculations involving exponents and order of operations; estimating solutions to problems; solving application problems involving proportions, percents, and different units of measurement; simplifying algebraic expressions and solving linear equations; and solving problems involving geometric concepts and figures. The focus of lab instruction is content reinforcement.

**Prerequisite:** Placement based on assessment scores or TSI score of 335 and below.

**MATH 0085 Introductory Algebra**

CRT HRS: 03 LEC HRS: 03 LAB HRS: 01

This course is a study of introductory algebra. Topics include simplifying algebraic expressions, solutions of linear equations and inequalities in one variable, applying rules of exponents, calculations involving scientific notations, operations on polynomials, factorization of polynomials, solving polynomial equations by factoring, systems of equations, graphs of linear equations in two variables, and application problems involving linear models. The focus of lab instruction is content reinforcement.

**Prerequisite:** Placement based on assessment scores or TSI score of 340-344 or MATH 0080 with a grade of "C" or better or equivalent. Students see an advisor for special assessment if the TSI score is 336-339.

**MATH 0090 Intermediate Algebra Part I and Geometry**

CRT HRS: 03 LEC HRS: 03 LAB HRS: 01

This course is a study of intermediate algebra and geometry. Topics include factorization of polynomials, operations on rational expressions, solving rational equations, radical expressions, rational exponents, quadratic equations and inequalities and their graphs, application problems involving quadratic models, functional notation, and application problems on geometry. The focus of lab instruction is content reinforcement.

**Prerequisite:** Placement based on assessment scores or TSI score of 345-349 or MATH 0085 with a grade of "C" or better.

**MATH 0100 Developmental Mathematics I**

CRT HRS: 04 LEC HRS: 03 LAB HRS: 03

This course is a study of fundamental mathematics principles and concepts. Topics include performing basic arithmetic operations on integers, fractions, and decimals; performing calculations involving exponents and order of operations; solving application problems involving proportions, percent, and fractions; simplifying algebraic expressions and solving linear equations; application problems involving linear models; applying rules of exponents, calculations involving scientific notation, and
operations on polynomials. The focus of lab instruction is content reinforcement.

Prerequisite: Placement based on assessment scores or TSI score 336-341. Students see an advisor for special assessment if the TSI score is below 336.

MATH 0200 Developmental Mathematics II
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course is a study of introductory and intermediate algebra concepts. Topics include graphs of linear equations in two variables, factorization of polynomials, operations on rational expressions, solving rational equations, radical expressions, rational exponents, quadratic equations and inequalities and their graphs, application problems involving quadratic models, functional notation, and application problems in geometry. The focus of lab instruction is content reinforcement.

Prerequisite: Placement based on assessment scores or TSI score 342-349 or MATH 0100 with a grade of "C" or better or equivalent.

◆ MATH 1316 Plane Trigonometry
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course covers trigonometric functions, identities, equations and applications.

Prerequisite: MATH 1414 with a grade of "C" or better; or a score of 360+ on the Math portion of the TSI exam.

◆ MATH 1324 Finite Mathematics
CRT HRS:03 LEC HRS:03 LAB HRS:01
Topics include: linear equations, quadratic equations, functions and graphs, inequalities, mathematics of finance (simple and compound interest, annuities), linear programming, matrices, systems of linear equations, applications to management, economics, and business.

Prerequisite: Meet TSI college-readiness standard for Mathematics; or completion of MATH 0090 or MATH 0200 with a grade of "P" or "C" or better, or equivalent.

◆ MATH 1332 Contemporary Mathematics
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course covers modern algebra and geometry. Topics include sets, logic, number systems, functions, measurement, geometric concepts, and an introduction to probability and statistics. This course emphasizes real life applications of math.

Prerequisite: Meet TSI college-readiness standard for Mathematics; or completion of MATH 0090 or MATH 0200 or MATL 0020 with a grade of "P" or "C" or better, or equivalent.

◆ MATH 1350 Fundamentals of Mathematics I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course includes concepts of sets, functions, numeration systems, number theory, and properties of the natural numbers, integers, rational and real number systems with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4-8) teacher certification.

Prerequisite: MATH 1414 or MATH 1332 with a grade of "C" or better.

◆ MATH 1351 Fundamentals of Mathematics II
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course includes concepts of geometry, probability, and statistics, as well as applications of algebraic properties of real numbers to concepts of measurement with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4-8) teacher certification.

Prerequisite: MATH 1350 with a grade of "C" or better.

◆ MATH 1414 College Algebra
CRT HRS:04 LEC HRS:04 LAB HRS:00
This course is the study of quadratic, polynomial, rational, logarithmic and exponential functions. It includes systems of equations, progression, sequence and series, matrices and determinants.

Prerequisite: Meet TSI college-readiness standard for Mathematics; or completion of MATH 0090 or MATH 0200 or MATL 0020 with a grade of "P" or "C" or better, or equivalent.

◆ MATH 1425 Business Calculus
CRT HRS:04 LEC HRS:04 LAB HRS:00
Topics include: Limits and continuity, derivatives, graphing and optimization, exponential and logarithmic functions, antiderivatives, integration, applications to management, economics, and business.

Prerequisite: MATH 1324 or MATH 1414 with a grade of "C" or better; or a 360+ on the Math portion of the TSI exam.

◆ MATH 1442 Statistics
CRT HRS:04 LEC HRS:04 LAB HRS:00
This course is a presentation and interpretation of data, probability sampling, correlation and regression, analysis of variance, and use of statistical software.

Prerequisite: Meet TSI college-readiness standard for Mathematics; or completion of MATH 0090 or MATH 0200 or MATL 0020 with a grade of "P" or "C" or better, or equivalent.

◆ MATH 2412 PreCalculus and Trigonometry
CRT HRS:04 LEC HRS:04 LAB HRS:01
This course includes trigonometric identities, formulas and equations, inverse trigonometric functions, vectors, linear programming, applications of matrices and determinants, mathematical induction, elementary probability, conic sections, and applications of algebra and trigonometry. Students who complete this course may not receive credit for MATH 2312.

Prerequisite: Meet TSI college-readiness standard for Mathematics; or completion of MATH 0090 or MATH 0200 with a grade of "P" or "C" or better, or equivalent.

◆ MATH 2413 Calculus I
CRT HRS:04 LEC HRS:04 LAB HRS:01
This course covers functions, limits, continuity, differentiation, anti-derivatives, and the definite integral and its applications.

Prerequisite: MATH 2316 or MATH 2412 with a grade of "C" or better; or a 100+: on the College Level Mathematics ACCUPLACER.

◆ MATH 2414 Calculus II
CRT HRS:04 LEC HRS:04 LAB HRS:01
This course covers derivatives and integrals of transcendental functions, integration methods and applications, infinite sequences and series.

Prerequisite: MATH 2413 with a grade of "C" or better.

◆ MATH 2415 Calculus III
CRT HRS:04 LEC HRS:04 LAB HRS:01
This course covers the study of vectors, calculus of several variables, partial derivatives, multiple integrals and vector calculus, Divergence Theorem and Stoke's Theorem.

Prerequisite: MATH 2414 with a grade of "C" or better.

◆ MATH 2418 Linear Algebra
CRT HRS:04 LEC HRS:04 LAB HRS:00
This course covers finite dimensional vector spaces, linear transformations and matrices, quadratic forms and general eigen values and eigen vectors.

Prerequisite: MATH 2413 with a grade of "C" or better.

◆ MATH 2420 Differential Equations
CRT HRS:04 LEC HRS:04 LAB HRS:00
This course is an introduction to ordinary differential equations, emphasizing solution techniques to first order and special higher order differential equations, initial value
problems, boundary value problems, Laplace transforms, series solutions, and applications. 
Prerequisite: MATH 2414 with a grade of "C" or better.

MATL 0020 Math Supplementary Lab
CRT HRS:00 LEC HRS:00 LAB HRS:01
This course is designed as a co-requisite for freshman-level math courses taken by students who are not yet college-ready in mathematics according to Texas Success Initiative guidelines. The topics include: factoring, rational expressions, roots, and rational exponents. The topics are integrated in the college-level math course. 
Prerequisite: TSI Exam score of 342-349 in Math.
Co-Requisite: College-level Math course.

NCBM 0001 Non-Course Based Mathematics
CRT HRS:01 LEC HRS:00 LAB HRS:02
The focus of this course is content reinforcement with review of Introductory and intermediate algebra concepts. Topics include graphs of linear equations in two variables, factorization of polynomials, operations on rational expressions, solving rational equations, radical expressions, rational exponents, quadratic equations and inequalities and their graphs, application problems involving quadratic models, functional notation, and application problems on geometry. This is a self-paced two week course to prepare for the TSI exam.
Prerequisite: Placement based on TSI score of 347-349.

TECM 1303 Technical Calculations
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course is a review of specific mathematical calculations including fractions, decimals, proportions, perimeters, areas, volumes of geometric figures, and certain algebraic/trigonometric functions, as required by specific businesses, health occupations and industries for successful on-the-job performance. 
Prerequisite: None.

TECM 1371 Mathematics for Allied Health
CRT HRS:03 LEC HRS:03 LAB HRS:00
Topics in this course include common fractions, decimal numbers, percentages, ratios and proportions, systems of measurements and equivalents, drugs measured in units, intravenous drug administration, and pediatric dosages. 
Prerequisite: None.

**MEDICAL AND HEALTH SERVICES MANAGEMENT**

MHSM 3302 U.S. Health Care Delivery
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course introduces U.S. health care systems, the business of health care, the history of its development and the roles of various business entities and health care professionals in the delivery of care to the patient. 
Prerequisite: HITT 1255, ACCT 2401.

MHSM 3303 Statistics for Health Care Managers
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course expands on basic statistical knowledge by discussing unique statistics routinely used in health care, assessment and utilization of published health care research statistics and application of internal organizational health care statistics in managerial decisions. 
Prerequisite: Junior standing, HITT 1255, MATH 1414 or MATH 1332.

MHSM 3304 Communication for Health Care Professionals
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course addresses varying communication skills and strategies for interaction with patients, families, employees, other department/business representatives, and the community. It also covers basic marketing skills in the health care arena and media management during a crisis. 
Prerequisite: Junior standing and SPCH 1311 or SPCH 1315 or SPCH 1318 or SPCH 1321 or SPCH 2333 or SPCH 2335.

MHSM 3310 Legal Issues in Health Care
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course examines the various legal issues and wages, and benefits management. 
Prerequisite: Senior standing, MHSM 3310.

MHSM 3312 Ethics for Health Care Professionals
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course provides an overview of the special considerations of human resources in the health care industry, including job requirements, professional licensure, staffing ratios, job descriptions, traditional and nontraditional labor sources, legal issues and wages, and benefits management. 
Prerequisite: Senior standing, MHSM 3310.

MHSM 4304 Risk Management for Health Professionals
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course covers various health care liability for health care organizations, commonly used health care software systems, robotic and automation interfaces, basic health care information security system standards, privacy laws, and record archival. 
Prerequisite: Junior standing.

MHSM 4310 Human Resources in Health Care Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course provides an overview of the special considerations of human resources in the health care industry, including job requirements, professional licensure, staffing ratios, job descriptions, traditional and nontraditional labor sources, legal issues and wages, and benefits management. 
Prerequisite: Senior standing, MHSM 3310.

MHSM 4348 Health Care Information Technology
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course introduces the different types of information maintained by health care organizations, commonly used health care software systems, robotic and automation interfaces, basic health care information security system standards, privacy laws, and record archival. 
Prerequisite: Junior standing.

MHSM 4351 Public and Community Health Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course introduces the basic principles of public health, including epidemiology, wellness promotion,
vaccination programs, community health education programs, and funding resources.
Prerequisite: Senior standing.

MHSM 4551
Health Care Management Residency
CRT HRS:05 LEC HRS:05 LAB HRS:00
This course is a capstone learning experience that will provide onsite exposure to health care administration. Students will discuss experiences with course members and complete a project.
Prerequisite: Senior standing and consent of the program coordinator.

MEDICAL ASSISTANT TECHNOLOGY

ECRD 1111
Electrocardiography for Medical Assistants
CRT HRS:01 LEC HRS:01 LAB HRS:01
This course covers the fundamentals of cardiovascular anatomy and physiology. It includes basic electrocardiography procedures, interpretation of basic dysrhythmias, and appropriate modalities.
Prerequisite: Admission to the program or Program Chair approval.

MDCA 1166
Practicum I
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:09
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college and the student.
Prerequisite: Admission to the program or Program Chair Approval.

MDCA 1167
Practicum II
CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:08
This course is a continuation of MDCA 1166-Practicum I. It provide practical, general workplace training supported by an individualized learning plan developed by the employer, college and the student.
Prerequisite: Completion of the previous semester courses with a grade of "C" or better and permission from the department.

MDCA 1205
Medical Law & Ethics
CRT HRS:02 LEC HRS:02 LAB HRS:00
This course provides instruction in principles, procedures, and regulations involving legal and ethical relationships among physicians, patients, and medical assistants in ambulatory care settings.
Prerequisite: Admission to the program or Program Chair Approval.

MDCA 1254
Medical Assisting Credentialing Exam Review
CRT HRS:02 LEC HRS:02 LAB HRS:00
This course provides preparation for the Certified Medical Assistant (American Association of Medical Assistants), Registered Medical Assistant (American Medical Technologists) or National Certified Medical Assistant (National Center for Competency Testing) credentialing exam.
Prerequisite: Completion of the previous semester courses with a grade of "C" or better.
Note: This course may be taken by students currently enrolled in a CAAHEP (Commission on Accreditation of Allied Health Education Programs) accredited Medical Assisting Program who are preparing for the Certification exam by the American Association of Medical Assistants. See the Program Chair for details.

MDCA 1321
Administrative Procedures
CRT HRS:03 LEC HRS:02 LAB HRS:04
This is a course in medical office procedures including appointment scheduling, medical records creation and maintenance, interpersonal communications, bookkeeping tasks, coding, billing, collecting, third party reimbursement, credit arrangements, and computer use in the medical office.
Prerequisite: Admission to the program or Program Chair approval.

MDCA 1343
Medical Insurance
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course emphasizes medical office coding procedures for payment and reimbursement by patient or third party payers for ambulatory care settings.
Prerequisite: Admission to the program or Program Chair approval.

MDCA 1348
Pharmacology and Administration of Medications
CRT HRS:03 LEC HRS:02 LAB HRS:04
Instruction in concepts and application of pharmacological principles. Focuses on drug classifications, principles and procedures of medication administration, mathematical systems and conversions, calculation of drug problems, and medico-legal responsibilities of the medical assistant.
Prerequisite: Completion of the previous semester courses with a grade of "C" or better.

MDCA 1352
Medical Assistant Laboratory Procedures
CRT HRS:03 LEC HRS:02 LAB HRS:04
Emphasis in this course is on application of governmental health care guidelines and includes specimen collection and handling, quality assurance, and quality control.
Prerequisite: Completion of the previous semester courses with a grade of "C" or better.

MDCA 1409
Anatomy and Physiology for Medical Assistants
CRT HRS:04 LEC HRS:04 LAB HRS:00
This course places emphasis on normal human anatomy and physiology of cells, tissues, organs, and systems with an overview of common pathophysiology.
Prerequisite: Admission to the program or Program Chair approval.

MDCA 1417
Procedures in a Clinical Setting
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course places emphasis on patient assessment, examination and treatment as directed by a physician. It includes vital signs, collection and documentation of patient information, asepsis, office clinical procedures, and other treatments as appropriate for ambulatory care settings.
Prerequisite: Completion of the previous semester courses with a grade of "C" or better.

MDCA 2266
Capstone: Practicum III
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:16
This course provides advanced practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.
Prerequisite: Completion of the previous semester courses with a grade of "C" or better and permission from the department.

PLAB 1223
Phlebotomy for Medical Assistants
CRT HRS:02 LEC HRS:01 LAB HRS:03
This course provides instruction in the development of skills in the performance of a variety of blood collection methods using proper techniques and universal precautions. Skills and techniques include vacuum collection devices, syringes, capillary skin puncture, butterfly needles and blood culture, and specimen collection on adults, children, and infants. The emphasis is placed on infection prevention, proper patient identification, labeling of specimens and quality assurance,
specimen handling, processing, and accessioning. Topics include professionalism, ethics, and medical terminology.

**MUSIC**

**MUAP 1201**
**Applied Violin**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in violin for Music majors. Credit is based upon one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1221, 2201 and 2221.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1202**
**Applied Viola**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in viola for Music majors. Credit is based upon one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1222, 2202 and 2222.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1203**
**Applied Cello**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in cello for Music majors. Credit is based in one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1223, 2203 and 2223.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1204**
**Applied Double Bass**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in double bass for Music majors. Credit is based on one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1224, 2204 and 2224.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1205**
**Applied Flute**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in flute for Music majors. Credit is based upon one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1225, 2205 and 2225.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1206**
**Applied Clarinet**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in clarinet for Music majors. Credit is based upon one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1226, 2206 and 2226.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1207**
**Applied Saxophone**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in saxophone for Music majors. Credit is based upon one 50 minute lesson per week and one hour required daily practice. This course may be repeated as MUAP 1227, 2207 and 2227.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1208**
**Applied Trumpet**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in trumpet for Music majors. Credit is based upon one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1228, 2208 and 2228.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1209**
**Applied French Horn**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in French horn for Music majors. Credit is based on one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1229, 2209 and 2229.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1210**
**Applied Trombone**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in trombone for Music majors. Credit is based upon one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1230, 2210 and 2230.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1211**
**Applied Baritone**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in baritone for Music majors. Credit is based upon one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1231, 2211 and 2231.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1212**
**Applied Oboe**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in oboe for Music majors. Credit is based upon one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1232, 2212 and 2232.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1213**
**Applied Bassoon**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in bassoon for Music majors. Credit is based upon one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1233, 2213 and 2233.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1214**
**Applied Tuba**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in tuba for Music majors. Credit is based upon one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1234, 2214 and 2234.

Prerequisite: Declared music majors or by special permission from the program chair.

**MUAP 1215**
**Applied Percussion**

CRT HRS:02 LEC HRS:00 LAB HRS:02

This course offers private instruction in percussion for Music majors. Credit is based upon one 50 minute lesson per week and one hour of required daily practice. This course may be repeated as MUAP 1235, 2215 and 2235.

Prerequisite: Declared music majors or by special permission from the program chair.
Course Descriptions
◆ MUSI 1192 
Guitar Class

CRT HRS:01 LEC HRS:00 LAB HRS:03
This course introduces the fundamentals of playing the guitar. No prior skills are required.
Prerequisite: None.

◆ MUSI 1193 
Guitar Class II

CRT HRS:01 LEC HRS:00 LAB HRS:03
This course continues exploring the fundamentals of guitar playing.
Prerequisite: MUSI 1192.

◆ MUSI 1211 
Music Theory I

CRT HRS:02 LEC HRS:02 LAB HRS:00
This course involves the analysis and writing of tonal melody and diatonic harmony employed in Music Theory I.
Prerequisite: MUSI 1211. Corequisite: MUSI 1116.

◆ MUSI 1212 
Music Theory II

CRT HRS:02 LEC HRS:02 LAB HRS:00
This course is an extension of the analysis and writing of tonal melody and diatonic harmony employed in Music Theory I.
Prerequisite: MUSI 1211. Corequisite: MUSI 1117.

◆ MUSI 1258 
Opera Workshop

CRT HRS:02 LEC HRS:01 LAB HRS:02
This course includes the performance of portions or complete operas and the study of the integration of music, acting, and staging of an opera.
Prerequisite: None.

◆ MUSI 1286 
Composition I

CRT HRS:02 LEC HRS:02 LAB HRS:00
This course consists of individual or class instruction in music composition, including composing in small forms for simple media in both traditional styles and styles of the student's choice as employed in Composition I.
Prerequisite: MUSI 1286.

◆ MUSI 1290 
Electronic Music I

CRT HRS:02 LEC HRS:01 LAB HRS:02
This course is an introduction to the use of synthesizers, computers, sequencing and music printing software, multi-track recorders and other MIDI (Music Instrument Digital Interface) devices in the notation, arrangement, composition and performance of music.
Prerequisite: MUSI 1181.

◆ MUSI 1291 
Electronic Music II

CRT HRS:02 LEC HRS:01 LAB HRS:02
This course is a continuation of MUSI 1290 and covers the use of synthesizers, computers, sequencing and music printing software, multi-track recorders and other MIDI (Music Instrument Digital Interface) devices in the notation, arrangement, composition and performance of music.
Prerequisite: MUSI 1181.

◆ MUSI 1301 
Fundamentals of Music

CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to the elements of music theory: scales, intervals, keys, triads, elementary ear training, keyboard harmony, notation, meter and rhythm.
Prerequisite: Completion of READ 0200 or equivalent.

◆ MUSI 1306 
Music Appreciation

CRT HRS:01 LEC HRS:03 LAB HRS:00
This course introduces the student to the elements, forms, and stylistic eras in music through the study of cultural periods, major composers, and music elements.
Prerequisite: Completion of READ 0200 or equivalent.

◆ MUSI 1307 
Music Literature

CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a survey of the principal musical forms and cultural periods as illustrated in the literature of major composers.
Prerequisite: Completion of READ 0200 or equivalent.

◆ MUSI 1310 
American Music

CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a general survey of various styles of music in America. Topics may include jazz, ragtime, folk, rock, and contemporary art music.
Prerequisite: Completion of READ 0200 or equivalent.

◆ MUSI 1314 
Piano Class for Music Majors III

CRT HRS:01 LEC HRS:00 LAB HRS:03
This course continues to build more advanced keyboard techniques for piano students.
Prerequisite: MUSI 1115 or MUSI 1182.

◆ MUSI 2117 
Sight Singing and Ear Training III

CRT HRS:01 LEC HRS:00 LAB HRS:03
This course involves singing more difficult tonal music including modal, ethnic, and 20th century materials. Aural study, including dictation of more complex rhythm, melody, chromatic harmony, and extended tertian structures is also covered.
Prerequisite: MUSI 1117. Corequisite: MUSI 2211.

◆ MUSI 2181 
Piano Class III

CRT HRS:01 LEC HRS:00 LAB HRS:03
This course continues to build more advanced keyboard techniques for piano students.
Prerequisite: MUSI 1182.

◆ MUSI 2182 
Piano Class IV

CRT HRS:01 LEC HRS:00 LAB HRS:03
This course builds upon the keyboard techniques learned in the first three semesters of piano class.
Prerequisite: MUSI 2181.

◆ MUSI 2183 
Voice Class III

CRT HRS:01 LEC HRS:00 LAB HRS:03
This course offers continued instruction in the fundamentals of singing and builds upon those skills learned in Voice Class I and II.
Prerequisite: MUSI 1184.

◆ MUSI 2184 
Voice Class IV

CRT HRS:01 LEC HRS:00 LAB HRS:03
This course offers continued instruction in the fundamentals of singing and culminates the skills learned in Voice Class I, II, & III.
Prerequisite: MUSI 2183.

◆ MUSI 2211 
Music Theory III

CRT HRS:02 LEC HRS:02 LAB HRS:00
This course contains advanced...
harmony part writing and keyboard analysis and writing of more advanced tonal harmony, including chromatics and extended tertian structures. It includes an introduction to 20th century compositional procedures, survey of the traditional large forms of compositional and correlated study at the keyboard.

Prerequisite: MUSI 1212, completion of READ 0200 or equivalent.
Corequisite: MUSI 2116.

MUSI 2212
Music Theory IV
CRT HRS:02 LEC HRS:02 LAB HRS:00
This course is an extension of the study of advanced harmony and compositional procedures employed in Music Theory III.
Prerequisite: MUSI 2211, completion of READ 0200 or equivalent.
Corequisite: MUSI 2117.

OCCUPATIONAL THERAPY ASSISTANT

OTHA 1341
Occupational Performance from Birth to Adolescence
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers occupational performance of newborns through adolescents. It includes frames of reference, assessment/evaluation tools and techniques, and intervention strategies specific to this population.
Prerequisite: Acceptance to the Occupational Therapy Assistant Program.

OTHA 1349
Occupational Performance of Adulthood
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a study of occupational performance of adults. It includes frames of reference, assessment/evaluation tools and techniques, and intervention strategies specific to this population.
Prerequisite: Completion of previous semester courses with a grade of "C" or better.

OTHA 1353
Occupational Performance for Elders
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers occupational performance of elders. It includes frames of reference, assessment/evaluation tools and techniques, and intervention strategies specific to this population.
Prerequisite: Completion of previous semester courses with a grade of "C" or better.

OTHA 1405
Principles of Occupational Therapy
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course is an introduction to occupational therapy including the historical development and philosophy. Emphasis is placed on the roles of the occupational therapy assistant. Topics include occupational therapy in daily life, education and functions, occupational therapy personnel, current health care environment, and moral, legal and ethical issues.
Prerequisite: Completion of and/ or concurrent enrollment in all other OTA pre-requisite coursework and permission from the department.

OTHA 1409
Human Structure and Function in Occupational Therapy
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course is a study of the biomechanics of human motion. Emphasis is placed on the musculoskeletal system including skeletal structure, muscles and nerves, and biomechanical assessment procedures.
Prerequisite: Acceptance to the Occupational Therapy Assistant Program.

OTHA 1415
Therapeutic Use of Occupations or Activities I
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course covers various occupations or activities used as therapeutic interventions in occupational therapy. Emphasis is placed on awareness of activity demands, contexts, adapting, grading, and safe implementation of occupations or activities.
Prerequisite: Acceptance to the Occupational Therapy Assistant Program.

OTHA 1419
Therapeutic Interventions I
CRT HRS:04 LEC HRS:02 LAB HRS:04
This course offers instruction in concepts, techniques, and assessments leading to proficiency in skills and activities used as treatment interventions in occupational therapy (OT). Special emphasis is placed on the Occupational Therapy Assistant’s role in the OT process.
Prerequisite: Completion of previous semester courses with a grade of "C" or better.

OTHA 2160
Clinical-OTA
CRT HRS:01 LEC HRS:00
OFF CAMPUS LAB HRS:03
This course is health related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. This course is a method of instruction providing training and supervised beginning / developing work-based experience and direct patient care at a clinical site. Specific detailed learning objectives are developed by the faculty.
Prerequisite: Completion of previous semester courses with a "C" or better and permission from the department.

OTHA 2301
Pathophysiology in Occupational Therapy
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is a study of the pathology and general health management of diseases and injuries across the life span encountered in occupational therapy treatment settings. Topics will include etiology, symptoms, and the client’s physical and psychological reactions to disease and injury.
Prerequisite: Completion of previous semester courses with a grade of "C" or better.

OTHA 2309
Mental Health in Occupational Therapy
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a study of the promotion of mental health through occupational therapy. Emphasis is placed on theory and intervention strategies to enhance occupational performance.
Prerequisite: Completion of previous semester courses with a grade of "C" or better.

OTHA 2335
Health Care Management in Occupational Therapy
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course explores the roles of the occupational therapy assistant in health care delivery. Emphasis is placed on documentation, reimbursement, credentialing, occupational therapy standards and ethics, health care team role delineation, and management.
Prerequisite: Completion of previous semester courses with a grade of "C" or better.

OTHA 2366
Capstone: Practicum-OTA (A)
CRT HRS:03 LEC HRS:00
OFF CAMPUS LAB HRS:21
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college and the student. This course is an advanced Level II Fieldwork experience that offers intensive training and experience at the workplace leading to entry-
ORGANIZATIONAL LEADERSHIP

ORGL 3311 Issues in Organizational Leadership
CRT HRS:03 LEC HRS:03 LAB HRS:00
This competency module is an overview of issues facing organizational leaders. The module will discuss aspects of leadership as they pertain to internal and external elements facing leaders. Internal elements such as organizational change and organizational development and external elements such as dealing with external stakeholders, the global environment, and competitors will be covered as well. Students will utilize the knowledge gained in the course to develop a personal leadership theory.
Prerequisite: Core Curriculum complete and Junior Standing.

ORGL 3321 Data Driven Decision-Making I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This competency module is a survey of important and commonly used quantifiable concepts and methods. The module content is of an interdisciplinary nature; it reviews basic measurable concepts and quantitative methodologies in statistics, economics, accounting, and finance. The purpose of the module is to provide the student understanding of concepts, their measurability, and the analytical meaning of the quantitative data.
Prerequisite: Core Curriculum complete and Junior Standing.

ORGL 3322 Behavior/Ethics/Leadership I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This competency module is an examination of ethics in the workplace and the role of organizational leaders in fostering ethical behavior. Case studies, discussion, self-assessment exercises and reading assignments explore the basic frameworks of ethical and moral leadership. Students will demonstrate a competency in critical thinking skills to both identify and remedy ethical issues typically encountered in organizational settings and interactions.
Prerequisite: Junior Standing and ORGL 3311.

ORGL 3331 Data Driven Decision-Making II
CRT HRS:03 LEC HRS:03 LAB HRS:00
This competency module is a continuation of Data Driven Decision-Making I. Material for this module will emphasize applied aspects of knowledge accumulated in the first module. Students will utilize this knowledge to practice aspects of research, data analysis, and decision-making.
Prerequisite: Junior Standing and ORGL 3321.

ORGL 3332 Behavior/Ethics/Leadership II
CRT HRS:03 LEC HRS:03 LAB HRS:00
This competency module is an examination of behavior and leadership in the workplace and the role of organizational leaders in fostering behaviors within organizations. Case studies, discussion, self-assessment exercises and reading assignments explore the basic frameworks of organizational and leadership behaviors. Students will demonstrate a competency in developing strategies for driving behavior within organizations that align with organizational goals and objectives.
Prerequisite: Junior Standing and ORGL 3322.

ORGL 4341 Management Theory I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This competency module focuses on the principles and practice of management in an organizational setting. The learner demonstrates knowledge of the functions of management, the skill to analyze organizational processes and the ability to apply management theory to workplace situations. The learner can characterize organizations by their purpose, structure and activities. The learner can recognize, describe and apply common methods of operations and project management.
Prerequisite: Senior Standing and ORGL 3322.

ORGL 4342 Organizational Change
CRT HRS:03 LEC HRS:03 LAB HRS:00
In this competency module students will analyze the nature and dynamics of organizational change and the roles that individuals, technologies, and circumstances/forces play in organizational change, including being able to determine the level at which organizational change should take place.
Prerequisite: Senior Standing and ORGL 4341.

ORGL 4351 Management Theory II
CRT HRS:03 LEC HRS:03 LAB HRS:00
This competency module is a continuation of Management Theory I. Material for this module will emphasize applied aspects of knowledge accumulated in the

**PATIENT CARE ASSISTANT**

**ECRD 1211 Electrocardiography**
CRT HRS:02 LEC HRS:02 LAB HRS:01
This course covers the fundamentals of cardiovascular anatomy and physiology. It includes basic electrocardiography procedures, interpretation of basic dysrhythmias, and appropriate treatment modalities.

Prerequisite: Completion of NURA 1401, NURA 1160 and a current registration with Texas Department of Aging In good standing (current CNA); and Concurrent enrollment in NUPC 1360 and NUPC 1320.

**NUPC 1320 Patient Care Technician/Assistant**
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is designed to provide the student with the necessary training, skills, and knowledge needed to gain employment as a Patient Care Technician in a hospital setting.

Prerequisite: Completion of NURA 1401 and NURA 1160 and a current registration with Texas Department of Aging In good standing (current CNA).

**NUPC 1360 Capstone: Clinical II**
CRT HRS:03 LEC HRS:00 OFF CAMPUS LAB HRS:10
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

Prerequisite: Completion of NURA 1401, NURA 1160 and a current registration with Texas Department of Aging In good standing (current CNA); and Concurrent enrollment in NUPC 1320.

**NURA 1401 Nurse Aide for Health Care**
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course is designed to prepare entry level nursing assistants to achieve a level of knowledge, skills, and abilities essential to provide basic care to residents of long-term care facilities. Topics include resident's rights, communication, safety, observation, reporting and assisting residents in maintaining basic comfort and safety. Emphasis is placed on effective interaction with members of the health care team.

Prerequisite: Concurrent enrollment in NURA 1160.

**NUPC 1323 Phlebotomy**
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course provides instruction in the development of skills in the performance of a variety of blood collection methods using proper techniques and universal precautions. Skills and techniques include vacuum collection devices, syringes, capillary skin puncture, butterfly needles and blood culture, and specimen collection on adults, children, and infants. The emphasis is placed on infection prevention, proper patient identification, labeling of specimens and quality assurance, specimen handling, processing, and accessioning. Topics include professionalism, ethics, and medical terminology.

Prerequisite: Completion of NURA 1401, NURA 1160 and a current registration with Texas Department of Aging In good standing (current CNA); and concurrent enrollment in NUPC 1360 and NUPC 1320.

**PHARMACY TECHNOLOGY**

**PHRA 1202 Pharmacy Law**
CRT HRS:02 LEC HRS:02 LAB HRS:00
This course is a survey of federal and state laws governing the practice of pharmacy. The legal and ethical constraints governing pharmacy technicians and pharmacists' responsibilities in practice settings will be described.

Prerequisite: Completion of the previous semester courses with a grade of "C" or better.

**PHRA 1207 Ethics and Texas Pharmacy Law**
CRT HRS:02 LEC HRS:02 LAB HRS:00
This course will cover the role of the pharmacy technician and the pharmacist and their associated responsibilities. It will include state laws governing the practice of pharmacy, Code of Ethics, patient confidentiality, and a comparison of legal and ethical aspects, including criminal and civil statutes.

Prerequisite: Completion of the previous semester courses with a grade of "C" or better.

**PLAB 1323 Certification Review**
CRT HRS:02 LEC HRS:02 LAB HRS:00
This is an overview of major topics covered on the National Pharmacy Technician Certification Examination.

Prerequisite: Completion of the previous semester courses with a grade of "C" or better.

**PHRA 1268 Capstone: Practicum**
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:20
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student.

Prerequisite: Completion of the previous semester courses with a grade of "C" or better and permission from the department.

**PHRA 1301 Introduction to Pharmacy**
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an overview of the qualifications, operational guidelines, and job duties of a pharmacy technician. Topics include definitions of a pharmacy environment, the profile of a pharmacy technician, legal and ethical guidelines, job skills and duties, verbal and written communication skills, professional resources, safety techniques, and supply and inventory techniques.

Prerequisite: None.

**PHRA 1305 Drug Classification**
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introduction to the study of disease processes, pharmaceutical drugs, abbreviations, classifications, dosages, actions in the body, and routes of administration.

Prerequisite: Admission to the Pharmacy Technology Program.

**PHRA 1309 Pharmaceutical Mathematics I**
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course covers pharmaceutical mathematics including reading,
interpreting, and solving calculation problems encountered in the preparation and distribution of drugs, conversion of measurement within the apothecary, avoirdupois, and metric system with emphasis on the metric system of weight and volume. Topics will include ratio and proportion, percentage, dilution and concentration, millequivalent, units, intravenous flow rates, and solving dosage problems.

Prerequisite: None.

PHRA 1313 Community Pharmacy Practice
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is an introduction to the skills necessary to process, prepare, label, and maintain records of physicians’ medication orders and prescriptions in a community pharmacy. It is designed to train individuals in supply, inventory, and data entry. Topics include customer service, count and pour techniques, prescription calculations, drug selection and preparation, over-the-counter drugs, inventory management, record keeping, stock level adjustment, data input, editing, and legal parameters.

Prerequisite: Admission to the Pharmacy Technology Program.

PHRA 1315 Pharmacy Terminology
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of origins and structure through the introduction of prefixes, suffixes, and root words as it relates to a pharmaceutical setting. It focuses on translation and recognition of commonly used pharmacy abbreviations.

Prerequisite: Admission to the Pharmacy Technology Program.

PHRA 1340 Pharmacy Third Party Payment
CRT HRS:03 LEC HRS:03 LAB HRS:01
This course is an overview of the third party payment systems and its impact on health care and the impact of managed care on pharmacy reimbursements. It includes the principles and practices of managed care pharmacy, Medicaid and Medicare, payment plans, reimbursement methods, and formularies.

Prerequisite: Completion of the previous semester courses with a grade of “C” or better.

PHRA 1345 Compounding Sterile Preparations and Aseptic Technique
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a study of the process of compounding sterile preparations within legal and regulatory guidelines specified by USP <797> standards, hand washing techniques, pharmaceutical calculations, references, safety techniques, aseptic techniques in parenteral compounding, proper use of equipment, preparation of sterile products, and safe handling of antineoplastic drugs.

Prerequisite: Completion of the previous semester courses with a grade of “C” or better.

PHRA 1347 Pharmaceutical Mathematics II
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course will cover solving basic math problems and demonstrating conversion between various systems of measurement; perform advanced dosage calculations including alligations, body surface area, formula enlargement/reduction, and IV flow rate calculations.

Prerequisite: Admission to the Pharmacy Technology Program.

PHRA 1349 Institutional Pharmacy Practice
CRT HRS:03 LEC HRS:02 LAB HRS:04
This is an exploration of the fundamentals of the diverse roles and practice of pharmacy technicians in an institutional pharmacy with emphasis on daily pharmacy operation. Topics include in-depth coverage of hospital pharmacy organization, work flow and personnel, medical and pharmaceutical terminology, safety techniques, data entry, packaging and labeling operations, pharmaceutical compounding, inpatient drug distribution system, unit dose chart fills, continuous quality assurance, drug storage, and inventory control.

Prerequisite: Completion of the previous semester with a “C” or better.

PHRA 1404 Pharmacotherapy & Disease Process
CRT HRS:04 LEC HRS:04 LAB HRS:00
This course is the study of disease state and the therapeutic properties of the drugs used in pharmaceutical therapy.

Prerequisite: Completion of the previous semester courses with a “C” or better.

PHRA 1541 Pharmacy Drug Therapy and Treatment
CRT HRS:05 LEC HRS:04 LAB HRS:02
This is a study of therapeutic agents, their classifications, properties, actions, and effects on the human body and their role in the management of disease. It provides detailed information regarding drug dosages, side effects, interactions, toxicities, and incompatibilities.

Prerequisite: Completion of the previous semester courses with “C” or better.

PHIL 1301 Introduction to Philosophy
CRT HRS:03 LEC HRS:03 LAB HRS:00
This is a study of major issues in philosophy and/or the work of major philosophical figures in philosophy. Topics in philosophy may include theories of reality, theories of knowledge, theories of value, and their practical applications.

Prerequisite: Eligible for ENGL 1301.

PHIL 1304 Introduction to World Religions
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a comparative study of world religions, including but not limited to Hinduism, Buddhism, Judaism, Christianity, and Islam. Emphasis will be placed on Hinduism and Buddhism, and may also include Taoism, Confucianism, Jainism, Sikhism, Shinto, and/or other related religions.

Prerequisite: Eligible for ENGL 1301.

PHIL 1316 History of Religions I
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a comparative study of world religions, including but not limited to Hinduism, Buddhism, Judaism, Christianity, and Islam. Emphasis will be placed on Hinduism and Buddhism, and may also include Taoism, Confucianism, Jainism, Sikhism, Shinto, and/or other related religions.

Prerequisite: Eligible for ENGL 1301.

PHIL 1317 History of Religions II
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a comparative study of world religions, including but not limited to Hinduism, Buddhism, Judaism, Christianity, and Islam. Emphasis will be placed on Judaism, Christianity, and Islam, and may also include other related religions.

Prerequisite: Eligible for ENGL 1301.

PHIL 2303 Introduction to Logic
CRT HRS:03 LEC HRS:03 LAB HRS:00
The purpose of the course is to introduce the student to symbolic logic, including syllogisms, propositional and predicate logic, and logical proofs in a system of rules.

Prerequisite: Eligible for ENGL 1301.

PHIL 2306 Introduction to Ethics
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a systematic evaluation of classical and/or contemporary ethical theories concerning the good life, human conduct in society, morals, and
PHYSICAL SCIENCE

◆ GEOL 1403 Physical Geology
CRT HRS:04  LEC HRS:03  LAB HRS:03
This course includes the study of the principles of physical and historical geology. It includes the study of the earth’s composition, structure and internal and external processes, as well as the geologic history of the earth and evolution of life.
Prerequisite: TSI complete in Reading or equivalent.

◆ GEOL 1404 Historical Geology
CRT HRS:04  LEC HRS:03  LAB HRS:03
This course is a continuation of Physical Geology covering the principles related to the deformation of the earth, glaciology, history of the universe and the practical applications of geology in areas such as oil and mining exploration, hydrogeology, pollution and the conservation of our ecosystem.
Prerequisite: GEOL 1403 with a grade of “C” or better.

◆ GEOL 1445 Oceanography
CRT HRS:04  LEC HRS:03  LAB HRS:03
This course will explore the physical, chemical, geological, and biological processes operating in the marine environment. The dynamic processes that affect the ocean water, sea floor, and abundant life forms will be studied, as will the methods and techniques scientists use to investigate the ocean. Topics for discussion will include, but will not be limited to, the origin of ocean basins, properties of sea water, wind circulation, waves and tides, coastal and ocean habitats, ocean resources, and human presence in the ocean and related environmental challenges. It is recommended, but not required, that students take this course in sequence with Meteorology (GEOL 1447).
Prerequisite: TSI complete in Reading and in Math or equivalent.

◆ GEOL 1447 Meteorology
CRT HRS:04  LEC HRS:03  LAB HRS:03
This course is an introductory study of energy, temperature, moisture, precipitation, and winds that combine to create weather. Topics include, but are not limited to, the causes of the seasons, forms of moisture, atmospheric stability, cloud development, precipitation process, pressure, storm systems, thunderstorms, lightning, tornadoes, hurricanes, and world climate. Labs include, but are not limited to, reading and preparing weather maps, making weather measurements, and seasons. It is recommended, but not required, that students take this course in sequence with Oceanography (GEOL 1445).
Prerequisite: TSI complete in Reading and in Math or equivalent.

◆ PHYS 1404 Introduction to Astronomy II-Solar System
CRT HRS:04  LEC HRS:03  LAB HRS:03
This second part of a general introduction to astronomy covering classical and modern topics including: naked eye observation; classical views of the Solar System; planetary exploration; tools (spacecraft and landers); origins of the Solar System; planetary geology; planetary atmospheres; moons; comets; asteroids; meteorites; extra-solar planets; and the search for life beyond the earth and Solar System.
Prerequisite: PHYS 1403.

◆ PHYS 1415 Physical Science I
CRT HRS:04  LEC HRS:03  LAB HRS:03
This course introduces the concepts and principles of Physical Science for non-science majors, surveying astronomy, meteorology and physics.
Prerequisite: TSI complete in Reading and in Math or equivalent.

◆ PHYS 1417 Physical Science II
CRT HRS:04  LEC HRS:03  LAB HRS:03
This course introduces the concepts and principles of Physical Science for non-science majors, surveying geology, chemistry and physics.
Prerequisite: PHYS 1415 with a grade of “C” or better.

PHYSICAL THERAPIST ASSISTANT

PTHA 1266 Practicum I
CRT HRS:02  LEC HRS:00  OFF CAMPUS LAB HRS:14
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student. This course is a basic type of health professions work-based instruction that helps students gain practical experience in physical therapy, enhance skills and integrate knowledge. The emphasis is on
practical work experience in acute or outpatient settings for which the student has already acquired the necessary theoretical knowledge and skills in basic patient care and physical agents. Direct supervision is provided by the clinical instructor. A health practicum is an unpaid learning experience.

Prerequisite: Completion of previous semester courses with a grade of "C" or better.

PTHA 1321 Pathophysiology for the PTA
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course is a study of the pathogenesis, prognosis, and therapeutic management of diseases/conditions commonly encountered in physical therapy.

Prerequisite: Completion of previous semester courses with a "C" or better.

PTHA 1405 Basic Patient Care Skills
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course is an introduction to the theory and application of basic patient handling, communication and functional skills. It includes selected data collection techniques.

Prerequisite: Acceptance to PTA Program.

PTHA 1409 Introduction to Physical Therapy
CRT HRS:04 LEC HRS:03 LAB HRS:02
This course is an introduction to the profession of physical therapy and the role of the physical therapist assistant. It includes the application of basic patient handling, functional skills, communication, and selected data collection techniques.

Prerequisite: Departmental Approval Required.

PTHA 1513 Functional Anatomy
CRT HRS:05 LEC HRS:03 LAB HRS:06
This course is a study of the musculoskeletal and neuromuscular systems and their relationship to normal and abnormal movement.

Prerequisite: Acceptance to PTA Program.

PTHA 1531 Physical Agents
CRT HRS:05 LEC HRS:03 LAB HRS:06
This course is a study of the biophysical principles, and application of therapeutic physical agents with specific emphasis on indications, contraindications, medical efficacy and physiological effects.

Prerequisite: Completion of previous semester courses with a grade of "C" or better.

PTHA 2201 Essentials of Data Collection
CRT HRS:02 LEC HRS:01 LAB HRS:04
This course is a study of data collection techniques used to prepare the physical therapist assistant to assist in patient/client management.

Prerequisite: Acceptance to PTA Program.

PTHA 2205 Neurology
CRT HRS:02 LEC HRS:02 LAB HRS:00
This course is a study of neuroanatomy and neurophysiology as it relates to commonly encountered neurological conditions.

Prerequisite: Completion of previous semester courses with a grade of "C" or better.

PTHA 2266 Practicum II (6 weeks)
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:15
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student. This course is an intermediate type of health professions work-based instruction that helps students gain practical experience in physical therapy, enhance skills and integrate knowledge. The emphasis is on practical work experience in rehabilitation or inpatient settings for which the student has already acquired the necessary theoretical knowledge and basic skills in orthopedic, neurological, or general medical management. Direct supervision is provided by the clinical instructor. A health practicum is an unpaid learning experience.

Prerequisite: Completion of previous semester courses with a grade of "C" or better.

PTHA 2267 Practicum III (6 weeks)
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:15
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student. This course is an advanced type of health professions work-based instruction that helps students gain practical experience in physical therapy, enhance skills and integrate knowledge. The emphasis is on practical work experience in rehabilitation or outpatient settings for which the student has already acquired the necessary theoretical knowledge and basic skills in orthopedic, neurological, geriatric, or pediatric management.

Direct supervision is provided by the clinical instructor. A health practicum is an unpaid learning experience.

Prerequisite: Completion of PTHA 2266 with a grade of "C" or better.

PTHA 2339 Capstone: Professional Issues
CRT HRS:03 LEC HRS:03 LAB HRS:00
This is a capstone course which engages the student in the discussion of professional issues and behaviors related to clinical practice. It prepares the student for transition into the workforce.

Prerequisite: Completion of previous semester courses with a grade of "C" or better.

PTHA 2431 Management of Neurological Disorders
CRT HRS:04 LEC HRS:02 LAB HRS:06
This is an advanced course integrating previously learned and new skills/techniques into the comprehensive rehabilitation of selected neurological disorders.

Prerequisite: Completion of previous semester courses with a grade of "C" or better.

PTHA 2435 Rehabilitation Techniques
CRT HRS:04 LEC HRS:02 LAB HRS:06
This is an advanced course integrating previously learned and new skills/techniques into the comprehensive rehabilitation of selected long-term pathologies/diseases such as musculoskeletal, neuromuscular, cardiopulmonary, and integumentary disorders.

Prerequisite: Completion of previous semester courses with a grade of "C" or better.

PTHA 2509 Therapeutic Exercise
CRT HRS:05 LEC HRS:03 LAB HRS:06
This course will offer critical examination of concepts, principles, and application of techniques related to therapeutic exercise and functional training.

Prerequisite: Completion of previous semester courses with a grade of "C" or better.

 PHYSICS

PHYS 1401 College Physics I
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course covers principles and application of mechanics, wave and heat with emphasis on fundamental concepts, problem solving, notation and units.

Prerequisite: TSI complete in Reading and completion of MATH 1414 and MATH 1316 with a "C" or better; or completion of MATH 2412 with a grade of "C" or better, or equivalent.
Course Descriptions

**PHYS 1402 College Physics II**
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course covers principles and application of electricity, magnetism, light, and sound with emphasis on fundamental concepts, problem solving, notation and units.
Prerequisite: PHYS 1401 with a grade of “C” or better.

**PHYS 2425 University Physics I**
CRT HRS:04 LEC HRS:03 LAB HRS:03
This is a calculus-based study of mechanics, including vibrations and wave, heat and thermodynamics.
Prerequisite: MATH 2413 with a grade of “C” or better.

**PHYS 2426 University Physics II**
CRT HRS:04 LEC HRS:03 LAB HRS:03
This is a calculus-based study of electromagnetic theory and applications, electromagnetic waves, solid state and modern physics.
Prerequisite: PHYS 2425 with a grade of “C” or better.

**GOVT 2311 Mexican-American Politics**
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course provides a study of Mexican-American/Chicano politics within the American political experience. It presents both a historical and a topic-based approach to the Mexican-American political experience. Topics to be studied include the Mexican-American civil rights movement, Mexican-American political participation, Mexican-Americans and political parties, Mexican-American interests groups, Mexican-Americans in the executive and legislative branches and Mexican-Americans and the courts.
Prerequisite: Completion of GOVT 2305 with a grade of “C” or better and completion of ENGL 0200 or equivalent.

**GOVT 2304 Introduction to Political Science**
CRT HRS:03 LEC HRS:03 LAB HRS:00
This is an introductory survey of the discipline of political science focusing on the history, theory, scope and methods of the field, and the substantive topics in the discipline.
Prerequisite: Completion of READ 0200 with a grade of “C” or better or equivalent.

**GOVT 2305 Federal Government**
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course covers the origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties, and civil rights.
Prerequisite: Completion of READ 0200 with a grade of “C” or better or equivalent.

**GOVT 2306 Texas Government**
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course covers the origin and development of the Texas Constitution, structure and powers of state and local government, federalism and inter-governmental relations, political participation, the election process, public policy, and the political culture of Texas.
Prerequisite: Completion of READ 0200 with a grade of “C” or better or equivalent.

**PRECISION MANUFACTURING TECHNOLOGY**

**DEM R 1301 Shop Safety and Procedures**
CRT HRS:03 LEC HRS:03 LAB HRS:00
A study of shop safety, rules, basic shop tools, and test equipment.
Prerequisite: None.

**DFTG 1313 Drafting for Specific Occupations**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a discussion of theory and practice with drafting methods and the terminology required for non-drafting majors to prepare working drawings in Precision Manufacturing.
Prerequisite: DFTG 1425.

**DFTG 1425 Blueprint Reading and Sketching**
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course is an introduction to reading and interpreting the working drawings for manufactured products and associated tooling. Students will utilize sketching techniques to create pictorial and multiple-view drawings.
Prerequisite: None.

**MCHN 1301 Beginning Machine Shop**
CRT HRS:03 LEC HRS:02 LAB HRS:02
This course covers the fundamentals of machine shop safety, math, and measurement.
Prerequisite: None.

**MCHN 1319 Manufacturing Materials and Processes**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a basic study of various materials used in the manufacturing industry and the chemical, physical, and mechanical properties of various materials. Emphasis is placed on manufacturing processes, including casting, forming, and machining.
Prerequisite: MCHN 1301, MCHN 1438, DFTG 1425.

**MCHN 1320 Precision Tools and Measurement**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is an introduction to the modern science of dimensional metrology. Emphasis is placed on the identification, selection, and application of various types of precision instruments associated with the machine trade. Students will gain practice of basic layout and piece part measurements while using standard measuring tools.
Prerequisite: None.

**MCHN 1326 Introduction to Computer-Aided Manufacturing (CAM)**
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is a study of Computer-Aided Manufacturing (CAM) software which is used to create part programs, transfer programs to the machine control unit and machine parts.
Prerequisite: DFTG 1313, DFTG 1425.

**MCHN 1382 Capstone: Cooperative Education I**
CRT HRS:03 LEC HRS:01 OFF CAMPUS LAB HRS:20
In this course, career related activities encountered in the student’s area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the work experience.
Prerequisite: None.
MCHN 1438 Basic Machine Shop I
CRT HRS:04 LEC HRS:03 LAB HRS:04
This is an introductory course that assists the student in understanding the machinist occupation in industry. The student begins by using basic machine tools such as the lathe, milling machine, drill press, power saw, and bench grinder. Machine terminology, theory, math, part layout, and bench work using common measuring tools is included. Emphasis is placed on shop safety, housekeeping, and preventative maintenance. Prerequisite: None.

MCHN 1452 Intermediate Machining I
CRT HRS:04 LEC HRS:03 LAB HRS:04
This course covers the operation of drills, milling machines, lathes, and power saws, and provides an introduction to precision measuring techniques. Prerequisite: DFTG 1425, MCHN 1438.

MCHN 2341 Advanced Machining I
CRT HRS:03 LEC HRS:02 LAB HRS:04
This is an advanced study of lathe and milling operations. Emphasis is placed on advanced cutting operations of the lathe and milling machines, including the use of carbide insert tooling, bench assembly and metals metallurgy. Prerequisite: MCHN 1452.

MCHN 2344 Computerized Numerical Control Programming
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course is an introduction to G and M codes (RS271-D) necessary to program Computer Numerical Controlled (CNC) machines. Prerequisite: MCHN 2342.

MCHN 2345 Advanced Machining II
CRT HRS:03 LEC HRS:02 LAB HRS:04
This course covers advanced milling, drilling, grinding and lathe operations to close tolerance dimensions. Emphasis is placed on job planning and advanced uses of precision measuring instruments. Prerequisite: MCHN 2342.

MCHN 2382 Capstone: Cooperative Education II
CRT HRS:03 LEC HRS:01 OFF CAMPUS LAB HRS:20
In this course, career-related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the work experience. Prerequisite: MCHN 1382.

MCHN 2403 Fundamentals of Computer Numerical Controlled (CNC) Machine Controls
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course is a study in the programming and operation of Computer Numerical Controlled (CNC) machine shop equipment. Prerequisite: MCHN 1452, DFTG 1313, MCHN 1438.

MCHN 2547 Specialized Tools and Fixtures
CRT HRS:05 LEC HRS:03 LAB HRS:06
This is an advanced course in the designing and building of special tools, such as jigs, fixtures, punch press dies and molds. This course covers the machining and assembling of a production tool, using conventional machine shop equipment. It includes the application of production tool theory, care and maintenance. Prerequisite: DFTG 1313, MCHN 2341, MCHN 1452.

PLTC 1445 Plastic Processes I
CRT HRS:04 LEC HRS:03 LAB HRS:03
This course covers identification and examination of thermoplastic processes. Emphasis is on safety, selection, and preparation of raw materials, machine functions, mold setup and the use of auxiliary equipment associated with injection molding. Prerequisite: None.

PLTC 2346 Plastic Processes II
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is a continuation of Plastic Processes I with further emphasis on injection molding techniques. Examination of thermoset molding utilizing both compression and transfer processes is included. A survey of vacuum forming, extrusion, and blow molding is also provided. Prerequisite: PLTC 1445.

QCTC 1305 Teaming
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study in group dynamics, synergy, team building, consensus decision making, work place communication skills, active listening skills, win/win resolution, confrontation skills, creativity, and brainstorming. Students will examine team presentation skill, overall team communication, and resolving personality conflicts. Prerequisite: None.

Psychology

Psych 1300 Learning Framework
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of the research and theory in the psychology of learning, cognition, and motivation, factors that impact learning, and application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned. Prerequisite: None.

Psych 2301 General Psychology
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a survey of the major topics in psychology. It introduces the study of behavior and the factors that determine and affect behavior. Prerequisite: Completion of READ 0100 with a grade of "C" or better or equivalent.

Psych 2306 Human Sexuality
CRT HRS:03 LEC HRS:03 LAB HRS:00
This is a social behavioral science course in which topics will include the genesis of sexuality, psychosexual development, role identity, sexual behavior and physiology. Prerequisite: Completion of READ 0100 with a grade of "C" or better or equivalent.

Psych 2307 Adolescent Psychology
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of the physical, emotional, social and cognitive factors affecting growth and development of adolescents. Prerequisite: Completion of READ 0100 with a grade of "C" or better or equivalent.

Course Descriptions 297
**PSYC 2308**

**Child Psychology**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course is a study of physical, cognitive, emotional and social growth from conception through childhood.

Prerequisite: Completion of READ 0100 with a grade of “C” or better or equivalent.

**PSYC 2314**

**Lifespan Growth and Development**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course is a study of the relationship of the physical, emotional, social and cognitive factors affecting growth and development throughout the life span.

Prerequisite: Completion of READ 0100 with a grade of “C” or better or equivalent.

**PSYC 2315**

**Psychology of Adjustment**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This is an examination of the psychological dynamics underlying personal and social adjustment and maladjustments; including frustration, conflict, anxiety, adjustment mechanisms and psychotherapy.

Prerequisite: Completion of READ 0100 with a grade of “C” or better or equivalent.

**PSYC 2316**

**Psychology of Personality**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course covers the development of personality. It focuses on contributions of various theorists and their work on the understanding of personality and techniques for measuring personality.

Prerequisite: Completion of READ 0100 with a grade of “C” or better or equivalent.

**PSYC 2317**

**Statistical Methods in Psychology**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course is a study of statistical methods used in psychological research, assessment and testing. It includes the study of measures of central tendency and variability, statistical inference, correlation and regression as they apply to psychology.

Prerequisite: Completion of READ 0100 with a grade of “C” or better or equivalent.

**PSYC 2319**

**Social Psychology**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course is a study of the effect of society on the individual, with emphasis on the interaction between the individual and the various groups of which she or he is a member. Emphasis is placed on group dynamics.

Prerequisite: Completion of READ 0100 with a grade of “C” or better or equivalent.

**PUBLIC ADMINISTRATION**

**PBAD 1301**

**Principles of Transportation**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course is a comprehensive study of the principles, organization, and other major functions of transportation management. Topics include all aspects of import-export transportation including methods and follow-up production status.

Prerequisite: PBAD 1321 with a minimum of “C” or better.

**PBAD 1311**

**Municipal Management**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course covers the skills development in managing municipal government, coordination of services, organizational structure, and relationships with other local governments. Topics include transportation, public safety, and public utilities.

Prerequisite: PBAD 1321 with a minimum of “C” or better.

**PBAD 1321**

**Public Administration**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course is an introduction to the organization and management of the public sector. Topics include intergovernmental relations, overview of different levels of government program management, and management of non-profit agencies.

Prerequisite: None.

**PBAD 1341**

**Governmental Agencies**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course is an overview of governmental agencies and their interrelationships; goals and objectives; and organizational structure of each agency. Topics include grants-in-aid, revenue and expenditure patterns, and global influence on governmental agencies.

Prerequisite: PBAD 1321 with a minimum of “C” or better.

**PBAD 2301**

**Public Relations for the Public Sector**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course covers the skill development in dealing with the public and the media for public sector employees, managers, and public relations specialists. Topics include maintaining positive public image, relating organizational policies to the public interest, and conducting public information programs.

Prerequisite: PBAD 1321 with a minimum of “C” or better.

**PBAD 2305**

**Public Sector Management**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course covers general principles of public management and strategies of dealing with internal and external systems. Topics include planning, decision-making and leadership models, organizational behavior, and resource management.

Prerequisite: PBAD 1321 with a minimum of “C” or better.

**PBAD 2311**

**Public Sector Supervision**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course covers skills development in supervisory techniques in public management. Topics include organizational structure, motivation, planning, control, delegation, and leadership. Instructional techniques may include case studies, role playing, and teamwork.

Prerequisite: PBAD 1321 with a minimum of “C” or better.

**PBAD 2331**

**Budgeting in the Public Sector**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course covers the examination of revenue-producing activities and sources of funds; construction and implementation of budgets; and basic terminology, concepts, and mechanics as they relate to fiscal factors. Topics include budget cycle, taxation, bonds, indebtedness, and fund accounting.

Prerequisite: PBAD 1321 with a minimum of “C” or better.

**PBAD 2335**

**Ethics in the Public Sector**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course covers the examination of reconciling the practice of public administration with provisions of law. Topics include codes of conduct, financial disclosure, conflict of interest, nepotism, and ethical dilemmas.

Prerequisite: PBAD 1321 with a minimum of “C” or better.

**PBAD 2339**

**Human Resource Management in the Public Sector**

CRT HRS:03 LEC HRS:03 LAB HRS:00

This course covers an examination of human resource management in the public sector with an emphasis on strategies and methods for recruitment, hiring, training, and performance management.
on civil service, merit systems, and labor law. Topics include recruiting, selecting, training, compensating, and appraising employees.

Prerequisite: PBAD 1321 with a minimum of "C" or better.

**PBAD 2341**

*Legal Aspects of the Public Management*

CRT HRS:03  LEC HRS:03  LAB HRS:00

This course is a study of the organizational structure of the judicial systems, conducting legal research, and interpreting legal decisions. Topics include administrative law, contract law, civil procedures, and the regulatory process.

Prerequisite: PBAD 1321 with a minimum of "C" or better.

**PBAD 2347**

*Urban Planning*

CRT HRS:03  LEC HRS:03  LAB HRS:00

This course covers an examination of urban and regional planning. Topics include environmental analysis, growth and redevelopment strategies, planning, zoning, and subdividing.

Prerequisite: PBAD 1321 with a minimum of "C" or better.

**PBAD 2380**

*Capstone: Co-op in Public Service Administration*

CRT HRS:03  LEC HRS:01  OFF CAMPUS LAB HRS:14

This course covers career-related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.

Prerequisite: PBAD 1321 with a minimum of "C" or better.

---

**RADIOLOGIC TECHNOLOGY**

**RADR 1267**

*Practicum II*

CRT HRS:02  LEC HRS:00  OFF CAMPUS LAB HRS:16

This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student. The emphasis is to build upon acquired clinical skills and is simultaneously related to theory in the classroom.

Prerequisite: Admission to the Radiologic Technology Program; RADR 2301 with a minimum of "C" or better, RADR 1466 with a minimum of "B" or better, and concurrent enrollment in RADR 2431.

**RADR 1309**

*Introduction to Radiography and Patient Care*

CRT HRS:03  LEC HRS:03  LAB HRS:00

This course includes an overview of the historical development of radiography, basic radiation protection, an introduction to medical terminology, ethical and legal issues for health care professionals, and an orientation to the program and to the health care system. Patient assessment, infection control procedures, emergency and safety procedures, communication and patient interaction skills, and basic pharmacology are also included.

Prerequisite: Must be ACT complete; preferred ACT of 19 composite, 16 in all sections and Departmental Approval Required.

**RADR 1311**

*Basic Radiographic Procedures*

CRT HRS:03  LEC HRS:02  LAB HRS:03

This course includes an introduction to radiographic positioning terminology, the proper manipulation of equipment, positioning and alignment of the anatomical structure and equipment, and evaluation of images for proper demonstration of basic anatomy.

Prerequisite: Admission to the Radiologic Technology Program and concurrent enrollment in RADR 1313 and RADR 1460.

**RADR 1313**

*Principles of Radiographic Imaging I*

CRT HRS:03  LEC HRS:02  LAB HRS:04

This course is an introduction to radiographic image qualities and the effects of exposure variables upon those qualities. Photographic versus geometric properties, radiographic film types and development, film construction, section and systems of the processor and quality control are also included.

Prerequisite: Admission to the Radiologic Technology Program and concurrent enrollment in RADR 1311 and RADR 1460.

**RADR 1460**

*Clinical*

CRT HRS:04  LEC HRS:00  OFF CAMPUS LAB HRS:24

This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. This course includes basic fundamental clinical instruction performed in the Diagnostic Radiology Department at the clinical education centers, and is simultaneously related to theory presented in the classroom.

Prerequisite: Admission to the Radiologic Technology Program and concurrent enrollment in RADR 1313 and RADR 1311.

**RADR 1466**

*Practicum I*

CRT HRS:04  LEC HRS:00  OFF CAMPUS LAB HRS:32

This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student. The emphasis is to build upon acquired clinical skills and is simultaneously related to theory in the classroom.

Prerequisite: Admission to the Radiologic Technology Program; RADR 1313 and RADR 1311 with a minimum of "C" or better, RADR 1460 with a minimum of "B" or better, and concurrent enrollment in RADR 2301.

**RADR 2166**

*Capstone: Practicum V*

CRT HRS:01  LEC HRS:00  OFF CAMPUS LAB HRS:10

This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student. The emphasis is to build upon acquired clinical skills and is simultaneously related to theory in the classroom.

Prerequisite: Admission to the Radiologic Technology Program; RADR 2217 and RADR 2213 with a minimum of "C" or better. RADR 2267 with a minimum of "B" or better, and concurrent enrollment in RADR 2235.

**RADR 2213**

*Radiation Biology and Protection*

CRT HRS:02  LEC HRS:02  LAB HRS:01

This course is a study of the effects of radiation exposure on biological systems, typical medical exposure levels, methods for measuring and monitoring radiation, and methods for protecting personnel and patients from excessive exposure.

Prerequisite: RADR 2309 and RADR 2431 with a minimum of "C" or better. RADR 2266 with a "B" or better, and concurrent enrollment in RADR 2217 and RADR 2267.

**RADR 2217**

*Radiographic Pathology*

CRT HRS:02  LEC HRS:01  LAB HRS:02

This course is a presentation of the disease process and common diseases and their appearance on medical images. Special image procedures and modalities used for diagnosis and treatment are also included.

Prerequisite: RADR 2431 and RADR
RADR 2235
Capstone: Radiologic Technology Seminar
CRT HRS:02 LEC HRS:01 LAB HRS:02
This capstone course focuses on the synthesis of professional knowledge, skills, and attitudes in preparation for professional employment and lifelong learning. Prerequisite: RADR 2217 and RADR 2213 with a minimum of "C" or better, RADR 2267 with a minimum of "B" or better, and concurrent enrollment in RADR 2213 and RADR 2267.

RADR 2266
Practicum III
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:20
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student. The emphasis is to build upon acquired clinical skills and is simultaneously related to theory in the classroom. Prerequisite: Admission to the Radiologic Technology Program; RADR 1267 with a minimum of "B" or better, and concurrent enrollment in RADR 2301 and RADR 2309.

RADR 2267
Practicum IV
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:20
This course provides practical, general workplace training supported by an individualized learning plan developed by the employer, college, and the student. The emphasis is to build upon acquired clinical skills and is simultaneously related to theory in the classroom. Prerequisite: Admission to the Radiologic Technology Program; RADR 2401 and RADR 2309 with a minimum of "B" or better, and concurrent enrollment in RADR 2217 and RADR 2213.

RADR 2301
Intermediate Radiographic Procedures
CRT HRS:03 LEC HRS:02 LAB HRS:03
This is a continuation of the study of the proper manipulation of radiographic equipment, positioning and alignment of the anatomical structure and equipment, and evaluation of images for proper demonstration of anatomy. Prerequisite: RADR 1313 and RADR 1311 with a minimum of "C" or better, RADR 1460 with a minimum of "B" or better, and concurrent enrollment in RADR 1466.

RADR 2309
Radiographic Imaging Equipment
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course is a study of the equipment and physics of x-ray production, basic x-ray circuits, and the relationship of equipment components to the imaging process. Prerequisite: RADR 2267 with a minimum of "B" or better, and concurrent enrollment in RADR 2431 and RADR 2266.

RADR 2431
Advanced Radiographic Procedures
CRT HRS:04 LEC HRS:03 LAB HRS:04
This advanced course is a continuation of positioning; alignment of the anatomical structure and equipment, evaluation of images for proper demonstration of anatomy and related pathology. Non-Routine radiographic positioning, introduction to cross-sectional anatomy and trauma radiography are also included. Prerequisite: RADR 2267 with a minimum of "B" or better, and concurrent enrollment in RADR 2309 and RADR 2266.

READING
READ 0100
Developmental Reading I
CRT HRS:03 LEC HRS:03 LAB HRS:01
The READ 0100 course is designed to help students develop reading strategies in an accelerated format. Emphasis is placed on hands on activities, read aloud, silent sustained reading, and the integration of college success skills. This course has a required one-hour lab. Prerequisite: Placement based on TSI placement score of 342-347; or equivalent.

READ 0200
Developmental Reading II
CRT HRS:03 LEC HRS:03 LAB HRS:01
The READ 0200 course is designed to build on the foundation of the READ 0100 course. Emphasis is placed on critical thinking, deductive and inductive reasoning, advanced analysis, and synthesis. This course has a required one-hour lab. Prerequisite: Completion of READ 0100 with a grade of "C" or better or a TSI placement score of 348-350; or equivalent.

RESPIRATORY THERAPY
RSPT 1137
Basic Dysrhythmia Interpretation
CRT HRS:01 LEC HRS:01 LAB HRS:00
A comprehensive study of the electrical conduction system of the heart, electrophysiology, and characteristics of the common atrial, junctional, and ventricular dysrhythmias including atrioventricular blocks. Prerequisite: Completion of all previous semester courses with a minimum grade of "C".

RSPT 1141
Respiratory Home Care/Rehabilitation
CRT HRS:01 LEC HRS:01 LAB HRS:00
This course is a study of respiratory home care/rehabilitation equipment, procedures, and patient education. It emphasizes treatment of patients in home care and alternate settings. Prerequisite: RSPT 1267 with a grade of "B" or better and completion of all previous semester courses with a minimum grade of "C".

RSPT 1266
Practicum I
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:14
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisite: Completion of all previous semester courses with a minimum grade of "C".

RSPT 1267
Practicum II
CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:14
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisite: RSPT 1266 with a grade of "B" or better and completion of all previous semester courses with a minimum grade of "C".

RSPT 1325
Respiratory Care Sciences
CRT HRS:03 LEC HRS:02 LAB HRS:02
Physics, mathematics, and chemistry as related to respiratory care. Prerequisite: Completion of all previous semester courses with a minimum grade of "C".

RSPT 1331
Respiratory Care Fundamentals II
CRT HRS:03 LEC HRS:02 LAB HRS:03
This course provides a foundation for the continued development
Respiratory Therapy courses with a prerequisite: Completion of all previous exam content areas for selected examinations. Test matrices and respiratory care credentialing Comprehensive review for selected preparation.

Capstone: Examination

RSPT 2230
Capstone: Examination Preparation

CRT HRS:02 LEC HRS:02 LAB HRS:00

Comprehensive review for selected respiratory care credentialing examinations. Test matrices and exam content areas for selected exams will be presented.

Prerequisite: Completion of all previous Respiratory Therapy courses with a minimum grade of "C" and completion of RSPT 1266, RSPT 1267, and RSPT 2266 with a grade of "B" or better.

RSPT 2231
Simulations in Respiratory Care

CRT HRS:02 LEC HRS:01 LAB HRS:04

Theory and history of clinical simulation examinations. Includes construction types, scoring, and mechanics of taking the computerized simulation examination.

Prerequisite: Completion of all previous Respiratory Therapy courses with a minimum grade of "C" and completion of RSPT 2266 with a grade of "B" or better.

RSPT 2266
Practicum III

CRT HRS:02 LEC HRS:00 OFF CAMPUS LAB HRS:14

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

Prerequisite: RSPT 1267 with a grade of "B" or better and completion of all previous semester courses with a minimum grade of "C".

RSPT 2267
Practicum IV

CRT HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:20

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

Prerequisite: RSPT 2266 with a grade of "B" or better and completion of all previous semester courses with a minimum grade of "C".

RSPT 2305
Pulmonary Diagnostics

CRT HRS:03 LEC HRS:02 LAB HRS:02

The theories and techniques involved in pulmonary function testing diagnostics with emphasis on blood gas theory and analysis, quality control, oximetry, and capnography.

Prerequisite: Completion of all previous semester courses with a minimum grade of "C".

RSPT 2310
Cardiopulmonary Disease

CRT HRS:03 LEC HRS:03 LAB HRS:00

A discussion of etiology, pathogenesis, pathology, diagnosis, history, prognosis, manifestations, treatment, and detection of cardiopulmonary diseases.

Prerequisite: Completion of all previous semester courses with a minimum grade of "C".

RSPT 2314
Mechanical Ventilation

CRT HRS:03 LEC HRS:02 LAB HRS:04

In-depth coverage and application of therapeutic procedures to achieve adequate, spontaneous, and artificial ventilation. Includes the study of mechanical ventilation with emphasis on ventilator classification, methods, principles, and operational characteristics. Includes indications, complications, and physiologic effects/principles of mechanical ventilation. Emphasizes initiation, management, and weaning of ventilatory support.

Prerequisite: RSPT 1267 with a grade of "B" or better and completion of all previous semester courses with a minimum grade of "C".

RSPT 2419
Mechanical Ventilation for the Neonatal/Pediatric Patient

CRT HRS:04 LEC HRS:03 LAB HRS:03

In-depth coverage and application of therapeutic procedures to achieve adequate spontaneous and mechanical ventilation of the neonatal and pediatric patient. Includes indications, complications, and physiologic effects of ventilatory support.

Prerequisite: RSPT 2266 with a grade of "B" or better and completion of all previous semester courses with a minimum grade of "C".

RSPT 2453
Neonatal/Pediatric Cardiopulmonary Care

CRT HRS:04 LEC HRS:03 LAB HRS:04

A study of cardiopulmonary care covering advanced concepts of acute care, monitoring, and management as applied to the neonatal and pediatric patient.

Prerequisite: RSPT 1267 with a grade of "B" or better and completion of all previous semester courses with a minimum grade of "C".

SIGN LANGUAGE (AMERICAN)

◆ SGNL 1301
Beginning American Sign Language I

CRT HRS:03 LEC HRS:03 LAB HRS:01

This is a comprehensive first semester Beginning American Sign Language course. This course will include an introduction to American Sign Language, Deaf culture, and a brief history of sign and culture. Furthermore, students will also develop and learn expressive and receptive sign skills, together with the learning of numbers, sign vocabulary, and the manual alphabet. Class is conducted primary without voice.

Prerequisite: None.
Course Descriptions

**SOCIAL WORK**

**SGNL 2302 Beginning American Sign Language II**

This is a comprehensive second semester Beginning American Sign Language course. This course will include study of sign vocabulary, numbers, finger spelling, and Deaf culture. Furthermore, this course emphasizes on further development of receptive skills, expressive skills, application of rudimentary syntactical and grammatical structures, and an understanding of Deaf and Hearing cultures. Class is conducted primary without voice.

**Prerequisite:** SGNL 2301.

**SGNL 2301 Intermediate American Sign Language I**

This is a comprehensive Intermediate American Sign Language course. This course includes the integration of ASL expressive and receptive skills using bilingual techniques. Furthermore, a study of vocabulary, idioms, culture, literature, ASL linguistics, manual and non-manual aspects of ASL, and cross-cultural communication techniques will be an integral part of this course. This course is highly interactive, centering on lab exercises, peer critiques, guest speakers, and on the application of basic ethical behavior. Class is conducted primary without voice.

**Prerequisite:** SGNL 1301 and SGNL 1302 or departmental placement exam.

**SGNL 2302 Intermediate American Sign Language II**

This is a comprehensive Intermediate American Sign Language course. This course will include further application of introductory level interpreting and transliterating skills with appropriate RID guidelines governing ethical behavior. Furthermore, students will also be exposed to the literature and culture of the Deaf culture. In addition, this course provides students the opportunity to interpret for guest speakers. Class is conducted primary without voice.

**Prerequisite:** SGNL 2301.

**SOCIOLOGY**

**SOCI 1301 Introduction to Sociology**

This is an introduction to the scientific study of human group behavior. Major areas of study in sociology including basic structure of human society and of smaller groups, transmission of culture and regulating behavior, acquisition of the social self, violation of norms, stratification by class, race-ethnicity, gender, age, major social institutions, population dynamics, and socio-cultural change.

**Prerequisite:** Completion of READ 0100 with a grade of “C” or better or equivalent.

**SOCI 1306 Contemporary Social Problems**

This course studies specific contemporary topics in sociology in depth. Emphasis is on increasing student awareness of major social problems in the United States, and of possibilities of social action in dealing with problems such as sociobiology, urban society, aging, or sex roles.

**Prerequisite:** Completion of READ 0100 with a grade of “C” or better or equivalent.

**SOCI 2301 Marriage and the Family**

This course studies marriage and family life in the United States with emphasis on social and cultural changes affecting the structure of the family, courtship and mate selection, sexual norms and relationships and marital and family relationships throughout the family cycle.

**Prerequisite:** Completion of READ 0100 with a grade of “C” or better or equivalent.

**SPANISH**

**SPAN 1300 Beginning Spanish Conversation I**

This course is the first part of an introductory course that emphasizes the acquisition of comprehension, pronunciation, and reading skills of the Spanish language. The primary objective of the course is to develop the student’s competency in communicating through the spoken medium. Class time will be spent in conversation and discussion of material read outside of class. Furthermore, emphasis on idiomatic expressions used in daily speech, pronunciation, and vocabulary building will be placed in this course.

**Prerequisite:** None.

**SPAN 1311 Beginning Spanish I for Spanish Speakers**

Spanish 1311 is a comprehensive first semester Spanish course designed for students who have previous knowledge of Spanish or have learned Spanish in the home environment but need formal training to improve their communicative skills. This course focuses on enhancing the oral and comprehension skills by focusing on aspects of the Hispanic culture and literature. Furthermore, students will also improve their Spanish speaking ability through active class discussion and presentations. In addition, writing skills will be enhanced and developed in this course.

**Prerequisite:** None.
Beginning Spanish II for Non-Spanish Speakers

This course is designed for students who have little or no previous knowledge of Spanish. This course includes instruction and practice in all four basic language skills of speaking, reading, writing, and listening with attention to selected aspects of the Hispanic culture. While one of the goals of this course is to learn the basic grammatical structures of the Spanish language, the emphasis will not be on isolated structures but rather on integrating grammar into proficiency-oriented activities.

Prerequisite: None.

Intermediate Spanish II

This course is a comprehensive Intermediate Spanish course designed to provide students with the linguistic and learning skills required for successfully completing upper division courses in Spanish. This course includes review of literature, culture and grammar. Furthermore, this course will develop and enhance all language skills through reading of short stories, presentation/discussion, vocabulary expansion, and writing analytical literary reviews.

Prerequisite: SPAN 1411 and SPAN 1412, or SPAN 1311 and SPAN 1312; or SPAN 1505; or departmental placement exam.

Introduction to Speech Communication

This course introduces basic human communication principles and theories embedded in a variety of contexts including interpersonal, small group, and public speaking.

Prerequisite: Completion of READ 0200 or equivalent.

Public Speaking

This course covers the application of communication theory and practice to the public speaking context, with emphasis on audience analysis, speaker delivery, ethics of communication, cultural diversity, and speech organizational techniques to develop students' speaking abilities, as well as ability to effectively evaluate oral presentations.

Prerequisite: Permission from the department.

Beginning Spanish I for Non-Spanish Speakers

This course is designed for students with little or no previous knowledge of Spanish in the home environment but need formal training to improve communicative skills. This course focuses on enhancing the oral and comprehension skills by focusing on aspects of the Hispanic culture and literature. Furthermore, students will also improve their Spanish speaking ability through active class discussions and presentations. In addition, writing skills will be enhanced and developed in this course. While one of the goals of this course is to learn the basic grammatical structures of the Spanish language, the emphasis will not be on isolated structures but rather on integrating grammar into proficiency-oriented activities.

Prerequisite: SPAN 1311.

Intermediate Spanish I

This course is a comprehensive Intermediate Spanish course designed to provide students with the linguistic and learning skills required for successfully completing upper division courses in Spanish. This course includes review of literature, culture and grammar. Furthermore, this course will develop and enhance all language skills through reading of short stories, presentation/discussion, vocabulary expansion, and writing analytical literary reviews.

Prerequisite: SPAN 1411 and SPAN 1412; or SPAN 1311 and SPAN 1312; or SPAN 1505; or departmental placement exam.

Business and Professional Speaking

This course is the study and application of communication within the business and professional context. Special emphasis will be given to communication competencies in presentations, dyads, teams and technologically mediated formats.

Prerequisite: Completion of READ 0200 or equivalent.

Discussion and Small Group Communication

This course studies discussion and small group theories and techniques as they relate to group process and interaction.

Prerequisite: Completion of READ 0200 or equivalent.

Argumentation and Debate

This course emphasizes theories and practice in argumentation and debate including analysis, reasoning, organization, evidence and refutation.

Prerequisite: Completion of ENGL 1301.

Academic Cooperative

This course is an instructional program designed to integrate on-campus study with practical hands-on work experience. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of speech.

Prerequisite: Permission from the department.
Course Descriptions

TECHNOLOGY MANAGEMENT

TMGT 3302 Business and Economic Statistics
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course introduces descriptive statistics (measures of central tendency, variances, and graphic representation of data) and statistical inferences. Statistical inferences will involve sampling techniques, estimation, testing of hypotheses and regression analysis.
Prerequisites: Junior standing and MATH 1414 or MATH 1442.

TMGT 3303 Managerial Rapport and Documentation
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a hands-on approach to procedures and techniques that enhance inter and extra organizational relations. Internally, the purpose is to improve people relations; externally, the purpose is to improve community perception of the organization. The course emphasizes all kinds of professional communication skills such as business presentations, technical reports, research reports, oral presentations and business etiquette.
Prerequisite: Junior standing and ENGL 1302.

TMGT 3305 Organizational Theory and Practice
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an examination of contemporary theory and practice of management. It provides an overview of the management process and functions of planning, organizing, leading, and controlling to accomplish goals. Emphasis is placed on the study of organizational structure and managing organizational change.
Prerequisite: Junior Standing and BUSI 1301 or LMGT 1319, and BMGT 1301 or HRPO 2301.

TMGT 3310 Decision Making
CRT HRS:03 LEC HRS:03 LAB HRS:00
Analytic and systematic approach to the study of decision making through management science processes and techniques. Topics include quantitative analysis and decision-making relationships, simulation and risk analysis, and decision analysis using various criteria.
Prerequisite: Junior standing and MATH 1414 or MATH 1442.

TMGT 3311 Technology in Enterprise Management
CRT HRS:03 LEC HRS:02 LAB HRS:02
The use of technology in commercial and industrial enterprises. Topics include the use of computers and software in communication, inventory management, production, automation, sales, and financial forecasting.
Prerequisites: Junior standing.

TMGT 3312 Resource Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
An examination of the tools and methods used to manage the physical and personnel assets of an enterprise. Topics include inventory techniques, asset allocation, human resources, and financial management.
Prerequisite: TMGT 3302, TMGT 3303, TMGT 3305, and TMGT 3310.

TMGT 3321 Supply Chain Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
The purpose of this course is the overview of the entire supply chain: manufacturers, service providers, distributors, sales channels, e.g. retail, e-commerce, and consumers. Students will study and analyze interaction among purchasing, materials management, logistics, warehouse/distribution center management, and contracts in developing an efficient and effective supply chain. Emphasis is placed on the dynamic nature of supply chain management of products and services given the impact of the global economy.
Prerequisite: TMGT 3312.

TMGT 3322 Logistics Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
The course studies the flow of raw material, energy, information, products, services, and people in a business. The course provides a system approach to managing activities associated with traffic, transportation, inventory management and control, warehousing, material handling, packaging, order processing, and information. Special attention is given to production logistics.
Prerequisite: TMGT 3312.

TMGT 3336 Management and Law
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is an introductory study of local, state, federal, and international laws affecting organizational practices. The course focuses on the legal framework that is considered in managerial and entrepreneurial activities. Emphasis is given to the basic principles of law that shape managerial and entrepreneurial behavior.
Prerequisite: Junior standing.

TMGT 3337 Decision Making Economics
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a study of the role of economics in entrepreneurial and managerial decision making. The course includes the application of macro and microeconomics concepts in managerial problem solving. Emphasis is given to economic public policies and to the evolution of the global economy.
Prerequisites: ECON 2301, ECON 2302, TMGT 3302, and TMGT 3310.

TMGT 3338 Accounting for Managers
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course studies the role of accounting in the management of organizations. The focus is on the use of accounting information by non-financial managers. The emphasis of the course is on interpretation rather than construction of accounting information.
Prerequisites: ACCCT 2401, TMGT 3302 and TMGT 3310.

TMGT 3340 Quality Assurance, Management and Improvement
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course examines the primary tools and methods used to monitor, improve and control quality in organizations. Topics include the historical development of quality management, the tools for quality improvement, and management strategies and contemporary quality strategies.
Prerequisite: TMGT 3312.

TMGT 4304 Safety and Risk Management
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course studies proactive management in addressing operation uncertainties in organizations. Topics include risk assessment, safety analysis and management methods and techniques used in business operations to minimize and control risks and safety. Emphasis is given to the costs as well as to the legal, ethical, and cultural environments surrounding risk and safety considerations.
Prerequisites: TMGT 3312.

TMGT 4320 Organizational Design and Management Seminar
CRT HRS:03 LEC HRS:03 LAB HRS:00
This course is a critical study of specific organizational structures
and operations. The course uses a case study approach based on real and significant cases. Thereafter, students work in teams on instructor-approved specific case projects. Teams identify problems and formulate, plan and implement actions using technology management problem solving approaches.

Prerequisites: TMGT 3322, TMGT 3336, TMGT 3337, and TMGT 3338.

TMGT 4341
Purchasing and Supply Management

CRTL HRS:03 LEC HRS:03 LAB HRS:00
Examines management issues affecting the inflow and outflow of materials and services into organizations. Topics include purchasing activities, global sourcing, bidding, contract administration, and materials management.

Prerequisite: TMGT 3312.

TMGT 4342
Supply Chain Security

CRTL HRS:03 LEC HRS:03 LAB HRS:00
The course studies the security of the supply chain. The course combines traditional practices of supply chain management with the security requirements of the system. The purpose is to study the creation, development, and enhancement of security practices that deal with concerns driven by threats such as terrorism, piracy, and theft. Special emphasis is given to transport and logistics systems in a global economy.

Prerequisites: TMGT 3312.

TMGT 4347
Capstone: Technology Management Practicum

CRTL HRS:03 LEC HRS:03 LAB HRS:00
This course immerses students in the workplace of a technology manager. The course work implies the construction of an e-portfoio that demonstrates the professional profile of the student. The portfolio has two components; one, the personal professional profile of the student based on the course work and extra academic work experiences. The second component is the execution of a hand-on case project related to technology management, e.g., operational management, inventory control, supply chain management, logistic, information management. The main factor in evaluating student performance is the input from outsiders to the academia.

Prerequisite: Senior standing and consent of the program coordinator.

TMGT 4353
International Business Seminar

CRTL HRS:03 LEC HRS:03 LAB HRS:00
This course provides an overview of the international business environment. The course addresses economic, technological, political, social, and cultural factors shaping the evolution of the global economy. Special emphasis is placed on changes in managerial functions and elements of the management process as a result of current global business evolution.

Prerequisite: TMGT 3337.

TMGT 4355
The Manager and Civic Engagement Seminar

CRTL HRS:03 LEC HRS:03 LAB HRS:00
This course uses seminar methodology studying the nature of management and its role in civic and community engagement. The course work emphasizes the role of the manager in shaping the setting of an organization in its environment considering social, political, technological, economic, ethical, cultural factors. Case studies give special attention to the cultural and ethical dimensions of the managerial functions in global community.

Prerequisite: TMGT 3312, TMGT 3336.

VOCA TIONAL NURSING

HPRS 1106
Essentials of Medical Terminology

CRTL HRS:01 LEC HRS:01 LAB HRS:00
This course is a study of medical terminology, word origin, structure, and application.

Prerequisite: Admission to the Vocational Nursing Program.

VNSG 1160
Clinical I-A

CRTL HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:06
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

Prerequisite: Admission to the Vocational Nursing Program.

VNSG 1161
Clinical I-B

CRTL HRS:01 LEC HRS:00 OFF CAMPUS LAB HRS:06
This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

Prerequisite: Concurrent enrollment in VNSG 1162 and VNSG 1261.
### Course Descriptions

#### VNSG 1234 Pediatrics

**CRT HRS:02**  
**LEC HRS:02**  
**LAB HRS:00**  

This course is a study of the care of the pediatric patient and family during health and disease from infancy through adolescence. Focus is on the growth and development needs utilizing the nursing process.  
Prequisite: Concurrent enrollment in VNSG 1261.

#### VNSG 1238 Mental Illness

**CRT HRS:02**  
**LEC HRS:00**  
**LAB HRS:00**  

This course is a study of human behavior with an emphasis on emotional and mental abnormalities and modes of treatment incorporating the nursing process.  
Prequisite: Completion of or concurrent enrollment in VNSG 1362 and VNSG 1432.

#### VNSG 1261 Clinical II-B

**CRT HRS:02**  
**LEC HRS:00**  
**OFF CAMPUS LAB HRS:12**  

This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.  
Prequisite: Completion of or concurrent enrollment in VNSG 1330, VNSG 1334, VNSG 1429, VNSG 2331 and permission from the department.

#### VNSG 1304 Foundations of Nursing

**CRT HRS:03**  
**LEC HRS:00**  
**LAB HRS:00**  

This course is an introduction to the nursing profession including history, standards of practice, legal and ethical issues, and role of the vocational nurse. Topics include mental health, therapeutic communication, cultural and spiritual diversity, nursing process, and holistic awareness.  
Prequisite: Admission to the Vocational Nursing Program.

#### VNSG 1323 Basic Nursing Skills

**CRT HRS:03**  
**LEC HRS:02**  
**LAB HRS:04**  

In this course the student will master entry level nursing skills and competencies for a variety of health care settings. They will utilize the nursing process as the foundation for all nursing interventions.  
Prequisite: Admission to the Vocational Nursing Program.

#### VNSG 1331 Pharmacology for Vocational Nursing

**CRT HRS:03**  
**LEC HRS:03**  
**LAB HRS:00**  

This course focuses on the fundamentals of medications and their diagnostic, therapeutic, and curative effects. Also included are nursing interventions utilizing the nursing process.  
Prequisite: Admission to the Vocational Nursing Program.

#### VNSG 1362 Clinical III

**CRT HRS:03**  
**LEC HRS:00**  
**OFF CAMPUS LAB HRS:18**  

This course is a health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.  
Prequisite: Completion of or concurrent enrollment in VNSG 1136, VNSG 1138, and VNSG 1432 and permission from the department.

#### VNSG 1420 Anatomy & Physiology for Allied Health

**CRT HRS:04**  
**LEC HRS:04**  
**LAB HRS:00**  

This course is an introduction to the normal structure (anatomy) and function (physiology) of the human body including an understanding of the relationship of the neuroendocrine, integumentary, musculoskeletal, digestive, urinary, reproductive, respiratory, and circulatory systems in maintaining homeostasis.  
Prequisite: A passing score of 251+ on the Reading TSI Exam or equivalent; or completion of READ 0090 with a grade of "C" or better.

#### WELDING

#### WLDG 1313 Introduction to Blueprint Reading for Welders

**CRT HRS:03**  
**LEC HRS:02**  
**LAB HRS:04**  

This course is a study of industrial blueprints. Emphasis is placed on terminology, symbols, graphic description, and welding processes. Includes systems of measurement and industry standards. Also includes interpretation of plans and drawings used by industry to facilitate field application and production.  
Prequisite: None.

#### WLDG 1323 Welding Safety, Tools and Equipment

**CRT HRS:03**  
**LEC HRS:03**  
**LAB HRS:00**  

An Introduction to welding careers and safety practice, including welding safety; OSHA and the Hazardous Communication Act; Material Safety Data Sheets (MSDS); basic mathematics; measuring systems; shop operations; use and care of precision measuring tools; and the use and care of hand and power tools. Instruction on various types of welding equipment and processes, basic welding gases, fluxes, rods, electrodes, symbols and blueprints.  
Prequisite: None.

#### WLDG 1412 Introduction to Flex Cored ARC Welding (FCAW)

**CRT HRS:04**  
**LEC HRS:02**  
**LAB HRS:06**  

This course is an overview of terminology, safety procedures, and equipment set-up. Practice in performing T-joints, lap joints, and butt joints using Flux Cored Arc Welding (FCAW) equipment.  
Prequisite: WLDG 1313, WLDG 1323, WLDG 1428, WLDG 1430.

#### WLDG 1417 Introduction to Layout and Fabrication

**CRT HRS:04**  
**LEC HRS:02**  
**LAB HRS:06**  

A fundamental course in layout and fabrication related to the welding industry. Major emphasis is on structural shapes and use in construction.  
Prequisite: WLDG 1313, WLDG 1323, WLDG 1428, WLDG 1430.
WLDG 1428
Introduction to Shielded Metal ARC Welding (SMAW)
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course is an introduction to shielded metal arc welding process. Emphasis is placed on power sources, electrode selection, oxy-fuel cutting, and various joint designs. Instruction provided in SMAW fillet welds in various positions.
Prerequisite: Completion of or concurrent enrollment in WLDG 1313 and WLDG 1323.

WLDG 1430
Introduction to Gas Metal ARC Welding (GMAW)
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course is a study of the principles of gas metal arc welding, setup and use of Gas Metal Arc Welding (GMAW) equipment, and safe use of tools/equipment. Instruction covers various joint designs.
Prerequisite: Completion of or concurrent enrollment in WLDG 1313 and WLDG 1323.

WLDG 1434
Introduction to Gas Tungsten ARC Welding (GTAW)
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course is an introduction to the principles of gas tungsten arc welding (GTAW), setup/use of GTAW equipment, and safe use of tools and equipment. The course covers welding instruction in various positions on joint designs.
Prerequisite: WLDG 1313, WLDG 1323, WLDG 1428, WLDG 1430.

WLDG 1457
Intermediate Shielded Metal ARC Welding (SMAW)
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course is a study of the production of various fillets and groove welds. Focus is on preparation of specimens for testing in all test positions.
Prerequisite: WLDG 1312, WLDG 1323, WLDG 1428, WLDG 1430.

WLDG 2406
Intermediate Pipe Welding
CRT HRS:04 LEC HRS:02 LAB HRS:06
This is a comprehensive course on the welding of pipe using the shielded metal arc welding (SMAW) process. Position of welds will be 1G, 2G, 5G, and 6G using various electrodes. Topics covered include electrode selection, equipment setup, and safe shop practices.
Prerequisite: WLDG 1312, WLDG 1317, WLDG 1434, WLDG 1457.

WLDG 2443
Advanced Shielded Metal ARC Welding (SMAW)
CRT HRS:04 LEC HRS:02 LAB HRS:06
Advanced topics based on accepted welding codes. Training provided with various electrodes in shielded metal arc welding processes with open V-groove joints in all positions.
Prerequisite: WLDG 1312, WLDG 1317, WLDG 1434, WLDG 1457.

WLDG 2452
Advanced Flux Cored ARC Welding (FCAW)
CRT HRS:04 LEC HRS:02 LAB HRS:06
This course covers advanced concepts of flux cored arc welding of structural and fabricated steel products. Focus is on skill development in multi-pass fillet and V-groove welding.
Prerequisite: WLDG 1412.
ADMINISTRATORS
AND FACULTY
EXECUTIVE OFFICERS

Shirley A. Reed, M.B.A., Ed.D.  
President  
A.A., St. Petersburg Jr. College  
B.A., University of South Florida  
M.S., University of Hawaii  
M.B.A., Western International University  
Ed.D., Illinois State University
